Library closes at 10 for dedication of Ferris Hall (part of home-coming celebration). Corpus juris secundurn v. 1-2 came yesterday. Noted that in pocket of v. 1 is a pamphlet explanation of the set. When a few more vols. come will take off the old vols. of C.J. (the new ed is to be cited as C.J.S.) and will depend on the set in N.W. stack for any use of the old ed. The text is new but early citations are not included, so that if any one wants these, the old ed will have to be used. Also notice list of abbreviations is in roman paging preceding text in both of the vols. rec'd – do not know whether this will be continued. Also I took some vols of Encycl. digest of Tenn. off the shelves + substituted new ed. as far as it goes. Will keep these on bottom shelf of RR-6 until we find how much they are asked for. Mr. Oliver said he would not use McCormick on Damages for some time so put it back in Balcony. Also moved Mr. Badgett's books to another table. Hereafter we will not let any "hold for future use" books accumulate on tables on west side of room. Middle tables better. W.W. Piper (for Cates, Smith + Long, members) used Lib.

Two ladies, Mesdames Gillian and McCoy, came to use Library saying they were with W.P.A. but not working with the group that are working thru U.T. Said they were directly employed by Gov. Called up the Dean and gave him their status and the information given at desk – he said send them down to his office and he'd talk further to them – did so – and he returned the two – saying all satisfactory and to give them all needed help. The work they are engaged in is regards courts, the first established in the State also Counties. Another New Deal project, I suspect, to give employment to those on relief.

1934 Martindale - Gift Mr. Steinmetz (He got Tenn. Acts in exchange) sent Main for cataloging. From conversation with Mr. Warner I think it probable that Lib. staff may be asked to state about how many use the Lib. evenings – whether many upper classmen do – + whether they seem to go as soon as they can take out books for overnight. I called attention to the fact that if open Sat. afternoons books cannot be taken from the Lib. until an hour before closing time whenever that may be.

My experience has been that 1<sup>st</sup> year students are chief using the Library evenings, with very few exceptions. They come usually in large numbers by 7.15 and sign out at about 9. About half a dozen linger until 9:30, tho often Libr. is deserted by 9.15. Mr. Caraway, Newport lawyer, used Library. On Monday, in speaking of petition being prepared to increase open hours of Libr, Miss Baker asked if we did not formerly keep open continuously from afternoon to evening – I said I thought not but would look up record. Did so today + sent note: Evening opening began in Ayres Hall Apr. 11, 1922, Tues. + Wed. only, 7 - 10; 1922/23 Tues. + Wed. 7 - 9; 1923/24 Wed + Thurs. 7 - 9; Sep. '24 - Jan '25, Wed + Thurs. 7 - 9; Feb. '25 - June 27, not open; Sep. '27 - June '28, open Mon - Fri. 6:30 - 9. Sep. 1928 to date hours as at present close 5:30 - 7 open 7 - 9:30. Sat. in Ayres Hall began to close at 4, then at 3; then Sep. 1925, 12:30 as at present. Miss Goehring says they (Main Lib.) keep open till 6 but let students take out reserved books at noon – try to manage by keeping some cops. in + letting others go or otherwise varying to meet the demand as well as they can.

Yesterday Miss Baker showed petition from 42 law students asking that the Lib. be kept open Sat. afternoons, sent her with Dean's recommendation that it be given a trial. She said at Main reserved books are allowed to go out at noon just as they were before time was extended. This tests the use of the Lib. for books that cannot be taken overnight. Said she would tell Dean we could do it but it must not interfere with weekly mopping of the Lib. some time each week - left that to him to arrange. I said hours could be managed by present staff by overlapping less + she said make out schedule + send her. HHT offers to take next Sat. P.M. so we can wait till Thurs. to settle new schedules. In the meantime suggestions are welcome. Sat hours will be 8 - 5:30. Worked on some binding statistics for Miss Baker - need to check over the lists once more before sending it to her.

10:30-12 E. L. Ogden  
12:30-5:30  
At conference discussed changes in schedule when Sat. P.M. opening begins. Dean has had no official statement from Miss Baker – consensus of opinion was that staff members might alternate on Sat. afternoons, E. L. O. + C. F. H. taking compensating time as far as possible on Tuesdays + HHT taking hers on Wed + Fri. Suggested asking Miss Baker whether closing at noon hour 12:30 - 1:30 or 12:15 to 1:15 would be advisable as first year classes are over at 12, 2d year at 10 and 3d at 11 + Lib is usually deserted after 12 – would simplify the compensating time.

7 - 9:30 H. H. Turner  
Mr. Cohen (member) used Library. Dr. Combs (fac.) 4 3<sup>d</sup> year men + about 10 firsts. 4 + the 2 visitors stayed until closing. Put up notice about Saturday afternoon's opening. Will take off 2 hrs compensating time tomorrow a.m. + the remaining 1½ hr. next week.

Have just learned why Library is so deserted this A.M. Seems there are to be no more classes after noon today on account of Vanderbilt-Tennessee game tomorrow. Yesterday Dean Witham said he had received Miss Baker's reply to request for opening Sat afternoons. On Thurs. after staff meeting I learned from Miss Baker that she had put it in the mail that afternoon + that the Lib. was to stay open Sat. p.m. – until the usual closing time 5:30 – hours of service of staff members to be arranged among themselves. If necessary, ELO to give up her duty at Main Lib. on Mondays. I said I thought we could cut out overlapping time at Law. Spoke of possibility of closing at noon on Sat. but she made no comment + I inferred that she did not wish to take up the question now. The whole plan, of course, is on trial. She said she would ask Miss Walsh to type the list of signers of the petition for us to check as to attendance. Mr. McClure says he can mop RR on some weekdays (exc. Mon + Tues) from 5:30 - 7. Dean remarked Lib. likely to be little used today because of Tenn-Vanderbilt game at Nashville but Miss Baker had said begin today so we will. HHT volunteered to take this Sat.

Miss Baker called + asked about present schedule and no. of extra hours each was putting in and asked if we could continue on present schedule – I answered for myself that I could. She discussed various ways for arranging some overlapping time – asked if we would mind putting in full time – 40 hours. I said I could do that. Discussed possible provision for vacation – paying some one – student or libr. assistant for a month in summer. This all tentative to be arranged temporarily, permanent arrangement, if any needed, to wait till June for submission to trustees. Dean Witham says the table isn't what he thought it + we can do what we please with the "blooming thing" – he doesn't like it here either. Took from RR-5 books on subjects not to be taught next term + put back books that were – did some stiffening of hinges, putting in book plates, +c. Miss B. says better continue to keep open Sat. A most confused morning. Mr. McClure and helper mopped in stack + came in to start in RR about 9 – Told him not to, while Lib. was open. Meantime I rearranged desks – lifted low shelves on table put in screws to hold it firm, replaced Tentative restatements + other material, moved cat. case, screwed pencil sharpener on RR-6 and removed ink station – location to be settled later. By the time Mr. Blackburn was well established in Conf. room with cards + books all over table, the mended table was brought back and there was considerable hammering + sawing; at same time Mr. Wicker, Mr. Warner + later Dean + Judge Jones very busy and hurrying and clamoring for 1929 pub. acts Tenn. charged to Dr. Combs – which after much telephoning and long waiting was located + sent by Mr. Hammings who is working for Dr. C. it seems. Miss Baker came to talk about how to spend \$53.00 credit that Phenister gives her for Tenn. Reports – whether for other state reports or for state codes or what. She looked at my notes on summer schedules – said OK about Sat P.M. closing; remarked as to short hours between exam and registration that we were due to put in as many that week as any other but seeing we had done so much over time she didn't like to say – I gather, it would be granted this time – then said they might want some of my time at farm – Miss Currell getting worn out and some of HHT's at Main for filing. So I sent my notes about June 11 - July 1 for her to consider further. She will send an N.Y.A. boy for shifting – Wed. P.M. or Thurs. A.M. She will send “some one from cat. room” to take HHT's place when she goes. Mr. Flynn (for J.C Thomason, member used Lib.

P.S. Miss Baker is going to send us a rack to run from end to end of table near digets to help hold the digest indexes +c. She will send “some one from cat room” to take Miss Turner's place July 1.
