SEPTEMBER, 2010

Dr. Carole Myers Appointed Fellow for Health Policy at the Howard H. Baker, Jr. Center for Public Policy.

Carole R. Myers, PhD, FNP, APN has been appointed as a Fellow for Health Policy at the Howard H. Baker, Jr. Center for Public Policy at the University of Tennessee in the newly created Health Policy Program. **This is an outstanding recognition for her expertise in health policy!**

Dr. Myers is an Assistant Professor in the College of Nursing at Knoxville. She currently coordinates health policy courses for Masters and PhD students and conducts research that centers on policymaking and health services with an emphasis on public health programs, access to services, disparities, and program evaluation. Her doctoral dissertation was on the TennCare program, followed by a study on the Tennessee Safety Net and a Robert Wood Johnson Foundation-funded study on how public health programs affect the level of health care across the United States. Dr. Myers is a Family Nurse Practitioner who founded and operated a rural primary care clinic in the early 1980s. Following this, she established herself as a managed care expert developing, implementing and improving a variety of managed care initiatives throughout the United States as a business consultant to the Aluminum Company of America (ALCOA), and as a founder and principal of a benefits consulting company, Risk and Performance Management.

Drs. Myers and Dr. Cheryl Stegbauer (UTHSC) are currently collaborating on the development of a state summit on the role of nurses in primary care in a reformed health care delivery system that will be held in the state capital November 4, 2010. (Adapted from a recent UTK news release). See the nice article about Dr. Myers in the August 30, 2010 edition of *The Beacon*.

Dr. Lora Beebe

Dr. Beebe will be honored at the 50th Anniversary Celebration of the University of Kentucky College of Nursing. The alumni association will be recognizing 50 outstanding alumni and their outstanding contributions to the profession of nursing at their annual Homecoming Brunch on October 23, 2010.
