Dear Luke and Betsey,

During the year I have appreciated your willingness to meet with me following the regular meetings of the Commission for Women. These meetings have made it possible to review with you the issues which have been discussed by Commission members. In my opinion, the lines of communication have been open and you have listened to our honest questions and genuine concerns. I am including suggestions and recommendations, some of which you may wish to discuss with Chancellor Reese, which were discussed during the year.

Public Relations - Communication continues to be a problem for the Commission for Women, as well as for most groups and organizations. We recommend that Dr. Jane Dunlap, Assistant Professor in the Department of Advertising in the College of Communications be appointed to the Commission for Women as the individual responsible for publicity and communication between the Commission for Women and the University community.

AAUW Corporate Member from UTK - The Commission for Women recommends that the designated corporate member from UTK to the Knoxville's Chapter of AAUW be the past chairperson of the Commission. This arrangement is satisfactory to both groups and should provide for a continued cooperative relationship between AAUW and the University. In addition, the corporate member of AAUW would be in an advantageous position to facilitate cooperative planning which would be of interest to UTK women.

Suggested Commission for Women members for 1981-82 - The attached sheets include current Commission for Women members and names of those suggested for membership in 1981-82.

Sincerely,

Madge Phillips
