Sent to Main Lib. for cataloging + return Carnegie Foundation for the Adv. of teaching Bul. 21 - Present day law schools in the U.S. and Canada by Reed. Dusted out some of drawers of desk. I see the linoleum on top has been scrubbed – good work! Man phoned to find out whether, being a college grad (Ky Univ.) with some law courses could he attend U. of T. and Neal's law school both and finish in one year! Told him to call up Dean McDermott. Thought he'd say impossible. Could not give him address of Neal Law School. Does HHT know who could give information about it? Measured shelves in students' rest room + moot court room + various spaces in library. Haven't asked Miss Baker about shelving yet and wanted to be posted about what is here first. Nobody in.

H. H. Turner

Mr. Isaiah Fowler of K.B.L.A. came.

1:30 - 4:25

[E. L. Ogden]

Mr. Fowler all afternoon. Got Mr. Baker to bring Mr. Witham's typewriter up + put in CFH's desk. Wrote to him + answered letter from Mo. State Lib. re Proc Mo State Bar Ass'n. Yesterday Miss Bergen phoned that a page in Tenn. State Bar Ass'n Proc.1909 is missing. E. L. O. offered to type if machine could be had. Mr. W's not as nice type as Tenn. Law Rev. machine but that has been taken away. If this is cleaned up, think can do a good enough job. Truck man came with lots of cards and a 5 drawer section for cat. case. Spread cat. cards, and transferred to case from desk (1) Biography and portrait indexes (H. H. T. please note); (2) Subject headings and library procedure (3) "Author list" which is only place list showing location of each vol. Some cards rather too long to slide easily – perhaps will be best to copy some of them. Talked to Mr. Baker about estimating weight of waste paper before disposing of it. Man to see S.W. at 4:05. He stayed till 4:25

Friday Sept.7, 1928

9 - 12.15 H. H. Turner
Mr. Carter called.

1:30 - 4:30 [E. L. Ogden]
Found man with vacuum cleaner waiting to be admitted. Said he had been here since 1:15. Worked on cards sent from Main Lib. yesterday. Cleaner worked till 4:30. Will keep his record on calendar. Miss Baker phoned there was no money for shelves. ELO said some in the building would do. Miss B. will be down to look over things some afternoon next week. Man took away glass in broken transom + inspected window cords +c.

Monday Sept.10, 1928

9 - 12.15 H. H. Turner
J. E. Atkins came and said he had taken over some stock of the K.B.L.A. belonging to Mr. Robert Young, and that Miss Heiskell had made arrangements for him to begin using library at once. Called up C. F. H. to ascertain if this were correct and found that it was so. Dean McDermott telephoned in regard to sending books and typewriter to Mr. Payne. Miss Baker had already done so. Man came at 9.05 and cleaned books until 12.15.

1:30 - 4:15 E. L. Ogden
Mr. Rochelle cleaning books 1:30 till after E. L. O. left. He has noted time on calendar 1:30 - 5:45. Expected to stay longer but was notified that a caller was at home. Miss Baker by phone authorized allowing Mr. Rochelle to continue cleaning on condition no one was to be admitted to Library by him and E. L. O. locked up when she left. Cards again. A Mr. Miller, prospective student who had used Lib. when CFH was here came to use Library.

Tuesday, Sept.11, 1928

9 - 12.15 H. H. Turner
Found Mr. Rochelle here hard at work when library opened.

1.30 - 4.30

E. L. Ogden

Asked Main Lib. for supplies - (1) serial check cards, numbers, + dates. 25 each (2) Guide cards (3) pen points, fine + stub; (4) Hand blotters, (5) ink for desk use (6) cat. cards (asked by note, to go when truck man comes).

A part time instructor Min. Univ. Law College passing through K on way to Asheville saw our sign and came in for a hurried view of Lib. Says Min. is starting a Law Rev. this year in connection with Min. Bar Ass'n. Mr. Armstrong in - wondered if Mr. Carter knows there is mail for him in Law Rev. Room. Calculated at 4:30 cleaning done and to be done -

Bar Lib - to be done 84 sec.

Univ. Lib. to be done 33 ½ sec.

done 23 sec. taking 17 ½ hrs, an average of 45 minutes. Count of time was taken on two sections at different times, resulting average 45 also - so this must be pretty safe basis for calculation. Finished cards.

On way out Tues. Mr. Baker said he had been told Mr. Witham would be here some time this week so he is putting Mr. W's mail in his office instead of bringing it to Library for forwarding. No one in - miscellaneous work. If truck man comes, see that he takes the notes in desk box. Different man came last time and I am not sure he realizes that he is to look there every time he comes.

H. H. Turner

Message from Miss Baker, that brushes were wearing out in vacuum cleaner, that new brushes had been ordered but she didn't know when they would arrive, but if these weren't doing good work, cleaning had better stop. Friday, Sept. 21. 1928

9 - 12.15

H. H. Turner

Attended freshman lecture in Jefferson Hall last night by Miss Baker on "How to use the library." Among other valuable information learned that library assistants were not to ask students to sign registration pledge cards. Something similar is pinned to their Univ. registration cards and attended to at the beginning. Later Miss Baker will send a copy of names and addresses to branch libraries for reference. H.H.T. spoke to her later to be sure that she had heard correctly. Mr. Houston, '28, came to use law library. Mr. Witham brought new schedule which was posted. Mr. Warner took 4 vols. down to his office. Mr. Miller prospective student asked advice authorities on legal history. Dean McDermott called up to inquire about a case in Vt. reports.

1:30 - 4:00

E. L. Ogden

Worked with cards and book brought yesterday. Started Mo. Bar Ass'n. Proc. 1927 to Main Lib. for binding. Also book Miss Bergen phoned was sent here by mistake. Asked Mr. Baker if he couldn't hire a man to help him bring up small shelf-section to Library office - E. L. O. will pay. Do not approve of taking such action myself but no place to put books just received until shifting is done except to use odd corners. Prefer to exceed my authority than to mix sets up more than they are already. Mr. B. said he would attend to it. Mr. Miller, Mr. Warner. Told latter about the Bar Libr.

Sat. Sep. 22, 1928

9 - 12:15

[E. L. Ogden]

Shifted everything in Library office and some in sec. 3 and 5. Mr. Baker had shelves in place. U.S. Bankruptcy law reported lost last year turned up with U.S. Code (Sec. 3). Measured for curtain to hide duplicates and pamphlets. Read shelves Bar Lib text books through railways.

Monday, Sept. 24. 1928

9 - 12.15

H. H. Turner

Heard from Miss Williams at Main library Saturday that Miss Baker had said that law library was to use ink from filling station bottle for ordinary purposes, as is being done in the other libraries. Also that, when a student has registered he is to turn over his library slip to the library of the dept. to which he belongs. This is her understanding. The ink is "official."

1 - 4:45

E. L. Ogden

Put up curtain over lower shelves in Library Office - shifted. No student, no faculty except Mr. Warner.

Tuesday, Sept. 25. 1928

9 - 12.15

H. H. Turner

Finished shifting in R.R. - all that can be done before we get new shelves. Read shelves in alcove Mass to end of digests, also Sec. 7 down to Ala. bar ass'n. Judge McKinney in. Mr. Witham brought Phi Delta Phi scholarship cup. Thinks he will ask Mr. Baker to put up a bracket where fire extinguisher is now, put extinguisher where Supreme Court picture is and put picture under clock and over cup. Mr. Baker will try to find linoleum for top of catalog case.

Wednesday, Sept. 26. 1928

8 - 1

H. H. Turner

Mr. Witham brought freshman class and told them how to use the library, giving a brief lecture on each section, including vols. in office and K.B.L.A. Mr. Albright, alumnus, used the library. Another alumnus, name unknown, looked up a case in Nat'l reporter.

1 - 5:30

E. L. Ogden

One judge, two lawyers, besides Mr. Albright and a few students. Read shelves in Lib. Office and in R. R. Sec. 2 - 5. Judge wanted to know when Lib. would be opened at night and what hours. Tried to phone L.M.G. Baker about book due - three times phone busy so couldn't get central. Asked Mr. Baker to stain base of short shelves near desk when he does end of case in Lib. office and to scrub ink in washroom - also to take in CFH's plants for fear of frost. Truck man brought supplies, pens, cards, etc.

Thursday, Sept. 27. 1928

8 - 1

H. H. Turner

Conference room used 8.55 -9.55. Worked on slips as yesterday many visitors, and a few users of library.

1 - 5:30

E. L. Ogden

Finished reading all of Bar. Lib. shelves that had been cleaned. ~~Read~~ Finished reading RR. except Sec. 1 and 6. Art-metal man came. Only one student (Mr. Frazier) so took opportunity to do Bar. shelves. Made report of vacuum cleaner's time for Miss Baker.

Same as yesterday's work. Conference room used 8.35 - 9. Telephone inquiry for "Questions and answers in parliamentary law" by Robert. Mr. N. B. Morrell used law library.

1 - 5:30

E. L. Ogden

In a.m. took Bar rept. of time of cleaning books. Gibs Rochelle, Agr. student did it. They sent a card to grade his work as to interest, reliability, speed, conduct. Reported to Miss Baker not the kind of work one could be "enthusiastic" about - speed, average, thoroughly reliable, conduct perfectly satisfactory. In short a very steady, conscientious, thorough worker. In reading shelves I found some books out of place order but had cautioned him only to be careful, but if uncertain not to take time to straighten out as I would read shelves later. If he does same kind of work again where shelves are not to be read, should be told to be careful. Books cleaned were: Reading room, including tops of stacks; Library office, bound vols. only; N.E. stack room, 165 Miss to end, not including wall section between windows or books on top of stacks. Miss Baker sent word his schedule would not permit him to continue. Will see what can be done about the rest. Can't go on anyway until receipt of new brush which has been ordered. E. L. O. suggested do rest Sat. afternoons or wait till after court adjourns. Too noisy - and have had a judge or judge's sec. or a lawyer - or several of them every day. In first place Miss B. said begin Reading room so that what was left over (if any) would be furthest away and least disturbing. A number of students and others - very busy, very quiet. One freshman coming into empty room wanted key to conference room. Told him it was not for that kind of use. Later when another joined him asked to use it to study together so let them in about 2 - 4. Mr. Witham said he would give Lib. his cop. of Jour. Amer. Bar. Ass'n. when he finishes each number. Asked Dean McD. if he could get us a newer Martindale - said yes. Also asked if it would be all right to ask Senator Tyson if he could get more vols. of statutes at large (He gave Lib. the U.S. Code vol) + Dean said all right, if proper appreciation of vol rec'd were expressed. Several freshmen wanted Code Canon of ethics. Got several vols. containing it + put on shelves near desk. Finished reading RR shelves exc. Tenn. statutes. Miss Baker says use last year's schedule until further notice.

E. L. Ogden

Inventory list + miscellaneous work. Showed several freshmen how to use abbreviation tables, etc. Lawyer wanted book on extradition. By use of card catalog found it ~~in Bar Lib.~~ ~~book~~ was in books on Habeas corpus + got him Bar Lib. book by Bailey on that subject. Wanted also some reports of Ohio inferior courts - not in Lib. Forgot to note the other day that Mr. Wicker wants his class to read Wigmore - Principles of Judicial Proof - now charged Mr. Frazier. but thinks we can lend on 2 weeks limit as card is marked, as it needs that long to read it. We'd best not renew, I think and told Mr. F. To try to finish on time. Have clipped note to charge card not to renew. Mr. Witham will see HHT + CFH tomorrow about evening hours.

6:30 - 9

[C. F. Heiskell]

Helped students - all seemed very busy and studious. Room full.

Thursday, Oct. 4. 1928

8 - 12

H. H. Turner

Started bibliographical slips for Lives of the Lord Chancellors, Campbell (reccomended [sic] for students' reading by Prof. Pound) and urged by Mr. Wicker as reading for his classes. C. F. H. and H. H. T. assisted Mr. Witham in conducting intelligence test for freshmen. Mr. Witham stated hereafter evening hours for opening law library would be 7 - 9.30. Miss Baker telephoned that truck man would come for vacuum cleaner and all its accessories.

9 - 12

C. F. Heiskell

Miss Baker telephoned about vacuum cleaner saying truck man would call for it also about schedule for library hours would be sent down. Helped Mr. Witham with freshmen.

12 - 530

E. L. Ogden

By now schedule should have come at 11 but as we had conference Monday, did not come till 12. Prepared various notes for Main Lib. including book statistics for September and report of finding pam on U.S. Bankruptcy law, reported lost last June. Also note telling Miss Baker of Dean McD giving Mr. John Hudson permission to borrow 62 SE. to take to court. Told her it was the only time I could remember such a loan was made + might not occur again. Told Mr. Witham about transom found broken yesterday - the new one, both frame and glass cracked across. In the meantime suggested to Mr. Baker it be closed and the cord removed as loose glass was ready to fall. Mr. W. said he would report to Mr. Kirkman right away. Another transom glass cracked on west side. Left note in Mr. Wicker's room asking suggestions for display case ~~and~~ to be given HHT or E. L. O. Told him HHT was looking over Lord Chancellor' reports for selections. With CFH's approval put Ed. 2 of Osborn's problems of proof Bar. Lib. copy. Got Mr. Baker to put linoleum on top of catalog case where students' attendance register is kept. Truck man came. Worked on inventory lists some + took care of new books.

7 - 9.30

Friday, Oct. 5, 1928

8 - 11

H. H. Turner

Worked on slips of Campbell's Live of the Lord Chancellors. Consulted Mr. Wicker who heartily approves of the plan but says he advises listing all as one can't tell their real importance. Thinks it a wonderful book. Found Mr. Baker had replaced transom. He says carpenter had only glued it and that the dampness had done the rest by loosening it. Went over inventory list of display case. (Should one begin reading shelves regularly?) Miss Baker called up, said she had received Miss Ogden's note and wanted staff to call him up and remind him of promise of swift return of 62 SE. Tried three times in vain. Fourth time succeeded in getting a message delivered in his office (with Mr. N. B. Morrell).

9 - 1

C. F. Heiskell

The usual morning routine in helping new students. C. F. H. forgot to note that on Wednesday morning last when Miss Baker was here she spoke of "Loving Cup" and said she did not approve of its being placed in Library, that it should be put in students rest or [__y]ing room downstairs. No students in library from 11:30 - 12:15. Then Mr. Carter came in. At 12:45 they began coming for afternoon. Messrs Ladd and Baughman asked to use conference room 12:15 - .

C. F. Heiskell

Mr. Steinmetz had his class in Legal Bibliography in Library from 8 - 9 A.M. Said he could not teach this subject without being where the book hence could not use room 102. All freshmen class present. 10 - 11 seniors worked in Library. 11 - Three second year men.

9 - 1

H. H. Turner

Mr. Witham told those on duty in evening that on leaving at 9.30 they should put out all lights in building (except those in top floor and faculty offices), locking library and both outside doors, leaving vestibule light burning. Worked upon Lives of lord Chancellors.

11 - 5:30

E. L. Ogden

Room full (16 maximum) most of afternoon and rather restless. Turned Morgan + McPherson into conference room 3 - 4:10 for sake of peace. Not much business for conference other than suggestions for changes of schedule. Will try 12 - 12:30 for conference next week, this being chapel hour. Copied display case + Sec. 5 inventory lists making some changes in arrangement of list. Hope HHT + CFH will approve. Miscellaneous work. Mr. Witham says a longer questionnaire than last year has come from Amer. Bar Ass'n. Is now in hands of Univ. officers to fill in financial data.

7 - 9:30

C. F. Heiskell

8 students very studious and quick for which C. F. H. was most grateful as she developed a raging toothache at the opening hour which kept up all during the evening period.

Thursday, Oct. 11. 1928

8 - 12

H. H. Turner

Examined C.J. v. 10 - 13. Worked on slips as yesterday. Miss Baker brought Miss Northrup to see the library, and later went over schedule with C. F. H. She had expected to find Staff in conference!

9 - 1

C. F. Heiskell

On account of mixup about Conference hour change it became necessary for C. F. H. to put in an extra hour this A.M. hence will leave earlier this afternoon. Miss Baker came over with changes in schedule which she had found necessary to make - hence this changed the hours of us law Librarians. C. F. H. explained to her as we thought the present copy of schedule sent down to us from Main Library was the permanent one we had arranged our hours accordingly. She left her copy of C. F. H. + E. L. O. hours here for them to copy and return to her. C. F. H. will explain all to E. L. O. when she returns from lunch. Very few students in from 11 - 12 A.M. [sic] so Conference can be changed back to that day.

1 - 5:30

E. L. Ogden

Attended to new pamphlets, book advts and miscellaneous. Thurs. P.M. appears to be about the busiest afternoon for freshmen. Miss Clark paid fine for Caruthers. Readers quiet and studious. ELO + C. F. H. discussed reading shelves. E. L. O. thinks once a week would probably be enough + suggests C. F. H. + HHT take turns at it Sat. mornings. E. L. O. will not read with lists but will improve quiet intervals by straightening book on shelves with an eye to gaps.

Finished R.C.L. for mending +c. Mr. Huddle tried to find statute concerning practice before Justice of Peace – Couldn't. Mr. Witham came in and did. On examination found this is in Thompson's Shannon but not in Shannon's annotated, which gives only a note referring to section by number (without stating what they are about) saying "Probably repealed by implication in 1903." Helped Mr. W. + Mr. H. to trace it from original act through codes and in citation books resulting in decision that no repeal has been recognized. Mr. Myers, when requested, said he would type these sections on interleaving paper to insert in Shannon's code annotated. Mr. Ladd and ___ in conference room 3:00. Good by till Tuesday! Mr. Wells came to borrow portable light from K. Bar Lib. Ass'n. Got down U.S. Statutes (see this diary C. F. H. Oct. 20) - ready to be called for. Told Mr. Wells man with truck hadn't been here for long time. He said he would remind him. Dean McD. said Miss Baker had called attention to Pres. (or somebody) that Law Lib. would have to have bigger book appropriation to meet Ass'n requirements + was answered that they supposed Bar Lib. expenditures would be counted. She wrote Dean McD to find out and he said it wouldn't be counted by ass'n. Dean McD. is writing Miss B. to that effect.

7 - 9.30 H. H. Turner

A freshman (Haas) complained of bad lights and said he had had to have oculist treat his eyes since he had been using the library at night which he has to do as he works in the afternoons. Mr. Witham has put up notice of a holiday on Friday on account of the E.T. Educational Ass'n. - Query in regard to library closing?

Said Miss Baker asked if rearrangement of tables would help. E. L. O. said would take it up at conference tomorrow and get data and suggestions. Mr. W. also said Miss Baker has taken up matter of moving radiators with Mr. Kirkman. Asked Mr. Baker to move stepladder (he did not promise) and to put up shelf labels Sat. (Did not say yes to that either.

7 - 9:30

C. F. Heiskell

Ask a student who said he had been to the doctor about his eyes just what it was that seemed to hurt them when he used Library at night. He said was the glare and reflection on tables.

Conference chiefly on lights. Each giving data on complaints received and suggestions for possible remedy. ~~Noted~~ Gave Mr. Witham a memo. of facts brought out, suggesting drop lights for southern most room of tables and possibly one east table, cutting out all ceiling lights except two in N.W. corner, one each in S.E. + S.W. corners for sake of shelves. Mr. W. said we hadn't the money for so many and decided on two goose neck or one central [small drawing of "T" shaped light fixture with two globes] for middle of table in conference room for sake of Seal? + Beasley especially and others if as far as space permits. Said those two seemed most seriously in need of help in lighting. Mended. Mr. Witham brought Amer. Bar Ass'n. questionnaire but said no hurry. Says need only bring last year's figures to date, note them on his carbon of last year's replies and he will have copy made. Mended. With exception of a few half-finished vols. inspection + mending is done from treatises in alcove through Amer. digest system.

8 - 12 C. F. Heiskell
Very few in Library at opening hour.

10 - 1

H. H. Turner

Worked on "Lord Chancellors." Mr. Robinson says that the Dean has asked Seniors to read Life of Marshall, Beveridge, especially v.1, which leads up to the use of the Digests, and he wondered if it could not, under the circumstances, be temporarily borrowed from the Carnegie until the Seniors have complied with Dean's request. Many like himself, work in town, and have little time to get ~~the~~ books from Main library. H. H. T. promised to report this to E. L. O.; Dean is anxious to have class read it.

1 - 5:30

E. L. Ogden

Truck man came. Mr. Witham brought double socket + two goose neck drop lights which he substituted for ceiling light in conference room. Mr. Wicker brought list of Lawyers' co-op books ~~with sug~~ to get information about the most desirable – as list did not give dates. He decided on Williams, Federal appellate procedure – Bowers Civil Process and Hicks, Material + methods. Said Mr. Witham had been notified by Miss Baker that money is so short it may not cover current subscriptions. English repts rec'd in Main Lib. through 1927. — occupy 9 shelves, Mr. Wells says.

E. L. Ogden

Miss Baker here when I came. Said she wanted a note of all items in room, separately described, framed pictures, new lights in conference rooms, +c. Suggested tables might be moved to stand between lights instead of under + so eliminate shadows. Said U.S. docs on top Bar Lib. shelves ~~might~~ not needed in Law Lib. Might be sent to Main Lib. for Mr. Wells to pack up + send back to ~~Sup~~ publishers. Said brushes for vacuum cleaner had come + work could be resumed when student would be available to do it. Can't get the one we had before and one other did not want so dirty a job. Mentioned frat. cup. E. L. O. suggested either a definite message given her to repeat or else direct communication between her + Mr. W. She said she would speak to him. She said Mr. Kirkman told her he would probably come this P.M. to see about radiator. Mr. Witham wants to see him if when he comes. Mr. Witham brought a thermometer - hung it over fire extinguisher after considering end of stacks. Miss Baker said Mr. Kirkman would take charge of displaced globe from conference room. E. L. O. mentioned shelves stored in Mr. Baker's supply room. E. L. O. told Miss Baker that questionnaire was coming to her soon. Students numerous after moot court and restless so E. L. O. did not attempt property list of pictures, etc. Investigated U.S. Bur. Labor Buls in library with a view to disposing of stored file on Bar Lib. stacks. Wrote Main Lib. for nos. 417 and 423 and information about later nos. of which they may have dups. To farm tomorrow - Good by Law till Friday.

8 - 11

C. F. Heiskell

So glad to have thermometer to test heat. Students complain about the Reading-room being cold in afternoons. Truck man came.

9 - 1

H. H. Turner

Miss Baker also said yesterday that students were not to be allowed to lean tip back their chairs so that their weight came on the rear legs, as chairs had been cracked across the back in the Main libr. and that attendant should tell them that all such injuries should be paid for by student responsible. (Thanks for adding this--was afraid I might omit something. ELO)

1 - 5:30

C. F. Heiskell

Library very cold. No heat on at 4 P.M.

7 - 9.30

8 - 11 H. H. Turner

Worked on Lord Chancellors.

9 - 1 C. F. Heiskell

The thermometer is found to do no good as it stands at same mark all the time.

1 - 5:30 E. L. Ogden

Worked on Amer Bar Ass'n questionnaire. Did not finish. Mr. Witham brought another thermometer to compare with first one. Mr. Baker probably believes with Mr. Emerson in compensation in the matter of heat, having had it cold for a few days, piped it up till windows had to be kept open by request. Had 17 in at once. Got opinions from about 8 of them who said hadn't been too cool here afternoons – rather too hot. Maybe I asked the wrong ones. Wouldn't it be a good plan for us to note names of those who are not suited with date and perhaps hour and what part of room? That is, of course, not when condition is general, everybody + everywhere. Does C. F. H. remember who said it was generally cool afternoons?

7 - 9:30 C. F. Heiskell

Miss Ogden rang up to say that, when she was leaving she found the truck man had been here and left some books from Main Library downstairs in place of bringing them up to Library desk. E. L. O. instructed C. F. H. to note this in record book.

Saturday, Nov. 3. 1928

Ther. 61 when library opened. Reporter for Orange + White came for material about Law Library. Collected 25¢ from Mr. Miller for delayed return of Anson on Contracts. He felt that he shouldn't pay as he was only 7 min. overtime but it had been asked for. Freshmen needed more help than usual.

1 - 5:30 C. F. Heiskell

Messrs Baughman and Ladd conference-room 2:30 - 4. Mr. Witham phoned to say Library would be closed on Monday, the 12th from 10:00 until Tuesday morning 13th on account of Monday being Armistice Day.

1 - 5:30 E. L. Ogden
Worked on Amer. Bar Ass'n questionnaire marking Mr. Witham's copy of last years to be copied for 1928 and Law Lib. cop. to correspond – not quite finished.

7 - 9.30 H. H. Turner

Wednesday Nov. 7th 1928

8 - 12 C. F. Heiskell
Mr. Steinmetz did not come for his Bibliography class this A.M. tho all first year men and also seniors were in Library making the largest crowd ever using Library at one time – every table filled.

9 - 1 H. H. Turner
At Mr. Witham's request put up sign notice of Armistice Day holiday, from 10 A.M. until following morning at 8.

1 - 5:30 E. L. Ogden
Not as restless as on former moot court days – nor so many students. Worked with Mr. Armstrong over a citation to "Code" in encyclopedic digest. After examination of various codes decided 1858 code was meant but that section cited was a misprint. Noted proper sec. no. in margin. Mended Tenn Ann. Code. Not quite finished. Mr. Beasley in conference room for lights 4:30+. N.B. Morrell looked up citations in Reporters in stacks some of the time, said easier to read there than at table.

Sent Main Lib replies to questionnaire Amer. Bar Ass'n., a note about cat'lng Am. repts. Interstate commerce com'n 1888, 1889, 1890, 1894-1903, and 2 vol. of Labor laws of U.S. (ie 2d Spec. Rept Com'n of Labor 1896, + 22d Am. Rept. 1907) for cataloging. These formerly loaned by owners to Bar Lib and now not wanted by either party. Spoke to Mr. Baker again about mail on newel post. Said he had been "at court house" since Sat. but would caution person who is doing some of his work. Dr. Carrick C. Cloud, Dentist called and left his card wanting to find something on dentistry in its legal phases for a paper. Said he'd be back next week, probably Tues. evening. Miss Heiskell thought it admissible to let him use medical jurisprudence in Bar Lib. E. L. O. made no definite promises to look it up for him. Several wanting Sehouler's personal property at once + and not liking it when they got it. It seems possession ~~and not~~ rather than property was what was wanted - found it in Cyc, R.C.L. and Mr. Miller put them on track of a passage in Holland's Jurisprudence of use to them. Had a lawyer looking up trusts for Mr. Green. Mr. Saxton looking up sales - making 3 visitors counting the dentist! Between 3 and four came nearer to being busy finding things + putting up books without intermission than ever had in a law library yet. Not what other kinds of libraries would call busy, of course, but coming near it! All at work very quietly and steadily from four on with no questions to speak of. ELO suggests that anybody who has a little spare time between now and Tues. eve. might investigate dentists and law.

He brought Wood on Public utilities -- gift of Tenn. Law Rev. ELO sent this to Main Lib. for cat'ing. Spoke to Mr. Baker on arrival asking him to come up and pack U.S. Labor Buls this P.M. to send to Main Lib. That was the last seen of Mr. Baker. E. L. Mr. Steinmetz had his Biblio. class this A.M. C. F. H. found the 5 boxes of English Rept. in hallway. Do not know when they were put there – if truck man came he did not come in Library to report or get things to be sent to Main Library. On Saturday Nov. 17th C. F. H. left notice saying 70 Maryland St. Repts. was missing. This A.M. when at opening hr. 8 A.M., found it on desk and on speaking to H. H. T. about it she responded it was not there when she closed Library Tuesday night. (Something strange about its disappearance, glad tho its back). H. H. T. + C. F. H. emptied boxes of English Repts. putting some on long tables. Called up E. L. O. to ask if this should be done – failed to get her. Do hope this was not the wrong thing. Kings Bench Div. 1911 - 27 – Ala. Ch. Div. 1911-27 – App Cases 1911-27 – Probate Div. 1912 - 27 vols. 1911 + 1920 of Probate Div. were sent over last week. Asked Mr. Baker when the truck man brought over these boxes of books and he said he didn't know. Called up Main Library and asked them to see that hereafter all things from Main Library be repositied in Law Library to clerk attendant. Miss Baker said she would see to this problem of not repositing to us when bringing things over. Later in morning Mr. Baker brought a man in to measure the radiation he said.

Decided not to shelve Eng. Rpts until after we find whether radiators are to be moved right away. Mr. Witham said he did not know but would inquire. Said his radiators had been measured too. Truck man came while E. L. O. was busy with Mr. McFee so did not stop to question him. Called his attention to boxes ready to go back. In one of them got Mr. Baker to pack Labor bulletins and got him to put box packed a few days ago also in hall – ready to go. Phoned Main Lib about these, made list of contents for outside of each box so Main would know what they were for. No court, room fuller than usual afternoons. Counted 23 at one time. Concerning Md. reports, on leaving Tuesday putting away last book in Bar Lib looked at Md. shelves – found v. 70 where 51 should have been and 51 elsewhere. Was locked up, lights out, ready to go, so did not leave note for Miss Heiskell. Did not go over any other shelves than the two holding the vols. named. Am leaving books on table where Mr. Joroulman worked yesterday. Am not sure these are the same books but thought best to leave them. Colored boy brought a package for Law Lib – turned out to be for Bar – opened it, thinking they were borrowed books returned but found they were some more McClung's. Brought Waterman's fountain pen ink – ½ pint – 45¢ bought with ink money.

Questionnaire + miscellaneous. Moot court brief and apparently not exciting. Staff please observe notice E. L. O. has put on Beveridge's Marshall. Received no notice as to length of time Law Lib. is to have this but asked for it "till end of term or longer." Afraid I did not specify end of Law College term but think if Main Lib. does not so understand that the difference can be adjusted in our favor. Would lend for 2 weeks.

7 - 9:30 C. F. Heiskell
A nice lot of studious boys. Library very cold - so had students move close to radiator on east side of room.

Conference: Agreed that no ~~reserve~~ requests for reserves should be accepted by Lib staff for exam. period before date of exams announced (Posted notice of bulletin board as to this). Demonstrated ink-filling station peculiarities for secure locking - exchanged information on puzzling citation forms + the like. Discussed need of cleaning - general for Lib. + for building and special for books. Agreed as to latter perhaps best to wait till near ~~exam~~ Xmas holiday time. As to general, all feared nothing could be got from Mr. Baker but E. L. O. will try. Gave Mr. Witham his copy of Amer Bar Ass'n questionnaire replies 1927/28 corrected for library matters by ELO + Miss Baker for 1928/29 replies. Talked over need of cleaning with him. Also he said Miss B. had told him she could get nothing definite so far from Mr. Kirkman about the radiators so ELO said she would go ahead and see to ~~Engl~~ shelving Engl. reports. He said "guessed so - very discouraging to try to get anything done." Worked on data for annual report.

Students wanting "Persons" - turned out to be "Husband + wife" - Not very well pleased with anything but 13 R.C.L. and 1 Sehouler Domestic relations and Tiffany Dom. relations fairly popular. Student from Main Lib. wanted "Wheaton's cases on international law." Turned out to be 10 Wheaton (or 23 U.S.) 66 - case of Antelope. Others may ask for it so I mention it. This A.M. Miss Baker phoned to ask whether Law Lib would like a set of U.T. Registers back to founding of Law College. ELO said Yes - from 1890. Miss Bergen phoned she is collecting a set of U.T. Got list of material still awaiting cataloging for Miss. Bergen. Listed and combined with Law Library set of U. of T. records sent from Main Lib. Miss Heiskell reports a nameless visitor – old gentleman from Ky who said he had heard of this library as one of the best in the South so came in to see and admire – which he did. At closing found conference room floor a mess with papers – chewing gum + candy. How about putting a sign on the table asking to take all papers to waste basket when leaving – or would it be better to speak to the last occupants? Papers may have been there when they went in –

On Sat. took Miss B. the July nos of Law Library Journal and asked if Law Lib. in person of HHT could undertake to make ~~biographical~~ index to biographical material in Tenn. Repts. and in Tenn. Bar Ass'n Proc. as asked by Mr. Wire of Mass. Worcester, Mass, County Library. Miss B. said yes – she was writing to Mr. Wire about it. She would be glad to have it done. Doesn't staff think it would be well for anyone using last slip in scratch paper box to put more in immediately so it will be ready for charging at any minute? Also Mr. Witham on being asked about temperature said about 70 never over 72 – Cool it off when it gets as high as that.

Mr. Steinmetz held class. Mr. Steinmetz brought a copy of Scottish Law Review and said he got it every month and would try and bring it to Law Library (if he could remember).

Student from U.T. using U.S. Rept.

Apropos of heat in Library — Mr. Witham of his own volition has spoken to H. H. T. and C. F. H. about the library being cold. Those of us that open Library these cold mornings usually find the thermometer slanting a little above 60. Later it gets up to the 70 mark about noon but at no time that C. F. H. has looked at it as it been above. Made out card for Scottish Law Review. Truck man came accessioned books.

9 - 1

H. H. Turner

Took care of advance sheets of Natl. rep. left by truck man. Collated. In regard to much discussed question of temperature of library, those who have early and late hours have very little occasion to consider the thermometer rising to seventy or over, and Mr. Baker does not propose, or is unable, to add extra heat in the afternoon to care for the library at night, therefore it would seem wise in cold weather to go very carefully with the cooling off process during the afternoon hours. Those who work at different hours have different problems to settle and will have to decide them for themselves.

Mr. Huddle brought Mr. Anderson Circuit Court Clerk of Bristol, Kingsport and Bluff City and introduced him to staff.

1 - 5:30

E. L. Ogden

Very quiet and studious for moot court day. Found more U. of T. records had arrived. Revised list, stamped all nos rec'd. Discovered some have accession nos though unbound – a very unusual thing. Shall have to ask Main Lib. how to count them (or not to) in this month's report of books added. Also shall have to find what nos are still needed to complete as occasional extra nos. were issued and no. of regular issues varies from year to year.

Too cold and noise for anyone to study here. Five workmen including Mr. Kirkman, took charge of things. As C. F. H. was working on her task for Miss Baker, took charge of desk. Went back to indexing Lord Chancellors.

1 - 5:30 E. L. Ogden
Radiators in place when ELO arrived – man sweeping in place of Mr. Baker who is at court house. Radiators set on ledge again as ELO thought they would not be. Looks ugly but shelf space is improved. Spent most of PM measuring and planning new location of shelves and sets. Mr. Witham brought a copy of Library section answers to Amer. Bar Ass'n ~~library~~ questionnaire. E. L. O. will compare with original before filing. Miss Baker phoned will try to come tomorrow P.M. to look at radiators + shelving. Made book statistics rept. for Miss Baker.

Conference - Demonstrated U. of T. Record set, U. of T. Register set and cards showing location of the registers + reports in U.T. Record. Discussed re-arrangement of shelves and books. Miss Baker came in P.M. Intends to protest against way work has been done on registers so arrangement of ~~shelves~~ cases and shifting books will have to wait. Shifted Amer. + Engl. R.R. cases to top of stacks. If possible will bring down U.S. Claims + Appeals instead. C. F. H. will inquire of officers of Bar Library Ass'n concerning opening during Xmas holidays. Concerning register of box numbers, Miss Baker says each student is to write his box no. as well as his signature ~~when~~ on book card when he borrows a book. If he hasn't, can be obtained from Dean Massey's office. This applies to Law students as well as to regular Univ. students who ask to borrow.

9 - 12:30

C. F. Heiskell

I trust there will be no objection raised as to placement of vase, as after rescuing it several times from being knocked off of card-index case when students came to sign register. C. F. H. decided to avoid its being broken or scared it had fallen by removal. Two U.T. students wanting case of Cunard Steamship Co. v. Mellon. Found in 262 U.S. Sup. Ct. Repts. At 10:15 a meeting was held in Stack-room alcove purporting towards a law for county library extension. Ther. at not quite 60 when lib. opened. Miss Baker (after conversing with Mr. Kirkman and Mr. Witham) called up to consult staff about moving radiators – 3 alternatives for staff to settle; each one to express opinion. 1. Let them stay as they are. 2. Let them be straightened and nearer the floor (Mr. K. won't be responsible for this in way of heat.) 3. Return to former situation. Miss B. favors last and so does H. H. T. She said to consult E. L. O. and C. F. H. + she would call up again tomorrow a.m. Helped student look up Chancery rept. case. Mr. Bass called, complained of cold. Library almost deserted for obvious reasons. Mr. John Hudson came.

1 - 5:30

C. F. Heiskell

Think Mr. B. must be back on the "firing line" as at no time has the thermometer been quite up to seventy. I vote we ask for the continuation of Leroy(?) for he did keep us comfortable. Let the jury take Mr. Baker. Apropos of heat — C. F. H. votes to put radiators back to former position if there is some doubt of the heat if put down on the floor. As it is the room is none too comfortable especially to those of us having early morning and late evening hours. C. F. H. spoke to Mr. Powers about the Christmas vacation and she will explain to rest of staff at conference on Thursday. Truck man came.

7 - 9:30

C. F. Heiskell

Ink bottle was empty in filling station so gave a student ink from desk as C. F. H. was fearful to try filling station by herself.

Tuesday, December 11, 1928

8 - 12

C. F. Heiskell

Library cold. Mr. Baker said that putting radiators down on floor would not make any difference in heat if anything they should heat better. The only thing was to have them correctly connected. Am having students put their ink money in station then let them fill pen from desk inkwell.

C. F. Heiskell

A number of studious students. Spoke to Miss Baker in regard to Christmas holiday conversation with Mr. Powers (as C. F. H. was the one who did the deed thought she was the proper one to report on it). Miss Baker acquiesced in all arrangements fully except she made this change – if Mr. Witham agreed – namely – not to keep the library open on Dec. 31st (the day before the new year) said she thought Thursday, Friday, + Saturday noon of Dec. 27, 28, + 29 enough as all courts are disbanded until Jan. 2nd. Hours of opening and closing 9 A.M. to 4 P.M. 12:15 - 1:30 lunches.

Thursday, Dec. 13, 1928

8 - 11

C. F. Heiskell

A good crowd this A.M. Saw Mr. Witham about keeping library open on Monday Dec. 31 – He agreed with Miss Baker and said not to keep it open on that date.

9 - 1

H. H. Turner

Worked on slips as yesterday. Miss Baker called up to say that 1 boy was being sent down – maybe not until this afternoon, with brush to clean books – that record was to be kept of his time and how well he worked. On investigation found Missouri and all Mississippi were very dirty so found it necessary to have these done over again. At 11 Mr. Patterson came to see about this but went away to get on old clothes. Started 11.50 a.m.

1 - 5:30

C. F. Heiskell

Neglected to tell Miss Baker in reporting Christmas conversation what Mr. Powers said about heat in library if for any reason there was a [hitok ??] in it, but told Mr. Witham when C. F. H. spoke to him and he also said if for any reason the library was not heated comfortably the staff was not to stay – too much flu abroad to take any risks. Mr. Patterson seems to be a steady, faithful worker and to C. F. H. observation is doing a very painstaking job. Stopped cleaning at 5:30.

7 - 9.30

[H. H. Turner]

Carried out Miss Baker's instructions about posting holiday notice after C. F. H. had reported Mr. Witham's concurrence. Quite a number of students left library at 9.30 and adjourned to freshman recitation room. H. H. T. put out lights and fixed locks as agreed.

Friday, Dec. 14. 1928

8 - 11

H. H. Turner

Found Mr. Patterson at work with vacuum cleaner. Said that he began work at 7.20. Many in library but everyone very subdued. Worked as yesterday, collated and made slips. 2,3 Tenn. found some very interesting cases tho' not bearing on this particular task.

9 - 1

Mr. Patterson stopped at 12 noon for lunch. Several visitors from K.B.L. Ass'n in. Mr. Patterson returned to work at 12:30.

Filled in Dec. 18. Don't remember anything to mention. Phoned C. F. H. data on confusing citations encountered. Did not make record because Mr. Wicker came in with last no. (I think) of N.C. Law Rev. telling how much was spent for it in their Law Lib. in the past two yrs. + he + E. L. O. joined in wishing U.T. Lib same kind of Merry Xmas + happy new yr as N.C. had.

7 - 9:30

C. F. Heiskell

Helped a student find Eng. Rept. in Elizabeth reign form in Crake Eds. [?]

Saturday, Dec. 15. 1928

8 - 10

H. H. Turner

Read shelves. Worked on Tenn. repts. Found that Mr. Patterson had come at 6.50 a.m. Evidently Mr. Baker (or his understudy) hadn't been in library as there were some papers + dirt on floor near desk, + waste basket hadn't been emptied. Also library office.

9 - 12:30

C. F. Heiskell

C. F. H. heartily agrees with H. H. T. as to Library condition and Mr. Baker's use of same. No Library C. F. H. has ever seen is as badly kept when it comes to janitor service. Mr. Witham said for one of us to remind him Monday to speak to Miss Baker as regards Saturday Dec. 22 Lib. hours.

Monday, Dec. 17. 1928

8 - 1

[H. H. Turner]

Usual Monday atmospheric condition but radiators were banging merrily. As above temp. discouraged students, H. H. T. took advantage of (near) solitude to labor on Mr. Wire's task. Truck man came. Helped another student look up Pullman Car case in U.S. Supreme Ct. reports. Helped 2 students look up cases in English reports. Many students but all very studious and quiet. Mr. Patterson hasn't been here.

1 - 5:30 [C. F. Heiskell]
Mr. Patterson finished his book cleaning at 4:30 P.M. Saturday.

7 - 9:30 [C. F. Heiskell]
Hunted up some Tennessee Laws for Judge of County Court of Knoxville, boundary line of Knox + Loudon Co. Said he'll come down after Christmas and see. Counted up Mr. Patterson's hours for Miss Baker. C. F. H. later found the County of Loudon was first established as the County of Christians then changed to Loudon – hence the judge's difficulty in location.

Tuesday, Dec. 18th 1928

1 - 5:30 E. L. Ogden
Mended Williston on Sales – phoned Miss Williams to send slips + ball of twine – spent about two hours cutting leaves and collating Mr. Wicker's copy of Wigmore Panorama of the world's legal systems. Leaves ELO inspired and healthless – oppressed with a sense of her ignorance and a longing to read the whole page by page – began shifting periodicals. Lent Mr. Witham ELO's cop. of Law Lib. Jour. which has been partly checked for Univ. sets + treatises. Showed Mr. Wicker an ad of legal periodical index. Says we must find some way to get it – greatly needed.

7 - 9.30 H. H. Turner
Conference room used 7.15 - 8.30 by Messrs Brown and Chitwood.

8 - 12

C. F. Heiskell

Mr. Steinmetz did not meet his class this A.M. Conference room Messrs Baughman and Ladd. Truck man came for cleaner.

9 - 1

H. H. Turner

Worked as usual.

[E. L. Ogden]

Nobody said anything about posting a notice on bulletin board – about holidays – so ELO asked Miss Baker about it again when she came. Would have been glad to have had the information noted so as not to appear ignorant of Law Library business.

1 - 5:30

E. L. Ogden

Miss Baker came, inspected cases and radiators again and finally decided to have two at North end straightened, the others left where they are and the two cases downstairs brought up and put between the windows in wall space beyond ferns and opposite. These cases are low so she suggests a row of books on top to make them look higher. Will give Mr. Kirkman instructions to that effect. Finished checking Law Lib. Jour. recent no. with Law Lib sets and Bar Lib. + gave to Mr. Witham. Did a few odds + ends.

7 - 9:30

C. F. Heiskell

Evidently E. L. O. hadn't either looked at bulletin board or read H. H. T. record of Dec. 13th where she so clearly states the posting of holiday notices after Miss Baker gave the instruction. The notice has been posted ever since Dec. 13th on bulletin board. Also Mr. Witham has one on his downstairs.

8 - 12

H. H. Turner

As Judge Jones didn't conduct class had many freshmen in library. In regard to E. L. O.'s notes for Wednesday concerning holiday schedule and notice thereof, H. H. T. carefully recorded her responsibility on p. 116 [December 13 entry], and merely carried out instructions in regard to posting schedule on bulletin board. She made only one copy as Mr. Witham had taken care of the matter on the second floor. Owing to the fact that E. L. O. isn't as often as formerly in the library this winter and is hard to reach over the telephone the daily record seems to require more careful reading than in former years.

Conference room used by Messrs. Ladd and Baughman 8.15 - 9.45.

Before overlapping read N.C. Law Review, current no. H. H. T. has for years cherished the idea of a collection of legal novels for our law library + evidently N.C. shares this opinion.

9 - 12 C. F. Heiskell

Worked on bills – Conference later.

1:30 - 5:30 [C. F. Heiskell]

This afternoon was devoted to cleaning – desk, drawers, +c. so the New Year would find that part of Library affairs in good condition.

1 - 5:30 E. L. Ogden

Also desk cleaning, filing pamphlets, book advts., +c. Apropos of recent conversation with Mr. Wicker about financial status of Tenn. College of Law, E. L. O. suggested that Lebanon's one year course had something to do with lack of state-wide interest in U. of T. College. He answered that undoubtedly it was a great drawback – that the situation was peculiar to Tenn. that other state law colleges did not have to face. The competition for students and the number of Lebanon graduates in Tenn. bar both had an effect. One of last year's students is there. His father wanted him to hurry up + get through. He writes that he feels he is wasting time although he will be able to pass the bar exam – that he gets 100 right along but is prouder of a C at U. of T. than all his high marks now. Mr. Witham says we have about 60 students this year.

7 - 9.30 H. H. Turner

Only 5 in library. None too hot! Mr. Wicker came in + talked of Wigmore's Panorama of the World's Legal Systems, his Christmas present.

Friday, Dec. 21. 1928

8 - 11 H. H. Turner

The last regular schedule for 1928. Worked on Tenn. repts.

9 - 1 C. F. Heiskell

Nothing doing in Library circles. 3 students came in and asked to have some books left on the table as they were coming back after dinner and get some work done for January 2nd 1929.

1 - 5:30 E. L. Ogden

Three students, Fac. + Mr. Hudson who phoned (or tried to) to Main Lib. + Dean McD. for permission to borrow 2 Atl. vols. Finally located Dean who said yes. Mr. H. will return them tomorrow if he finishes, otherwise on Thurs. Dec. 27. ~~Lent 2 v. of~~ Truck man came after about 5 bringing 2 packs of slips, ball of twine (which ELO attended to) and various pubs which she left over. Phone calls twice for Mr. Morton, last of which said when found tell him to call Maryville. Made new box for scratch paper. Revised cat. alphabeting to end of E.

Saturday, Dec. 22. 1928 -

9 - 12

[H. H. Turner]

Found that Mr. Baker had misunderstood schedule and had thought library would be closed today so was in the act of giving library a big cleaning. H. H. T. induced him to hang up for the present. Took care of Advance Sheets. Worked on slips for Tenn. rept. Read a most interesting article in Dec. Harvard Law Rev. on "The Higher Law" background for Am. Constitutional law. ~~Robert~~ Warren Kennerly came for a reserved book.

Dec. Thursday 27, 1928

9 - 12

C. F. Heiskell

Found Library a bit cold and janitor Mr. Baker had not dusted or cleaned up in here since the students left. Had him get to work on it. Also found Mr. Kirkman and carpenter here at work on Moot Court platform so C. F. H. took occasion to speak about the lock that wouldn't work in door leading from Library to dressing room so that carpenter worked on it. Will show E. L. O. + H. H. T. how he said to operate it.

Warren Kennerly brought Foundation of Legal Liability back and wanted to take it out again, so as 'tis a book not often called for and K.B.L. had copy C. F. H. let him take it until Jan. 2. Mr. Witham looked in. Mr. Miller worked a little while in library.

1:30 - 4:00

E. L. Ogden

Attended to pubs brought from Main Lib. Dec. 21. Sent to Main Lib. 30 N.C. Bar Ass'n Proc. for cataloging. Mr. Miller nearly whole period. Mr. Seal to borrow two books. E. L. O. took Library key to have handy tomorrow.

Friday, Dec. 28. 1928

9 - 12

H. H. Turner

Miss Clark, Mr. Miller, Mr. Carter. Truck man came with vols. sent by express to K.B.L.A.

1:30 - 4:00 (really 4:25)

E. L. Ogden

Took new books from display case. Put "Hicks, Material + Methods" in sec. 4 preceding Dictionaries. Put "Frankfurter Business of the Supreme Ct." on display case next to "Warren - The Supreme Ct." Put "Williams Federal Practice" and "Wood Public Utilities" in sec. 5 with their subjects. Started note to Miss Bergen that cards for Hicks, Material + Methods have not come. E. L. O. gave herself the pleasure of installing the new calendar pad - not that she wants 1929 to hurry up! Comes too fast as it is! Judge Hicks + Mr. Carter almost whole time. Mr. Elmore, Frank Fowler short while. Happy New Year to staff!

Saturday, Dec. 29, 1928 -

9 - 12

C. F. Heiskell

The last Library day of 1928 opened with a few visitors which C.F.H. helped find the subjects wanted. Thermometer standing at 60° - fortunately it was not so cold or would have acted on advice given for this event and closed up shop.

Mr. Baker and carpenter came in bringing two small cases from downstairs up to Library. Said Mr. Kirkman said bring them. C. F. H. read in record to others what E. L. O. wrote on Dec. 19th as to where they were to be placed. They had no moulding for the top and bottom. Said Mr. Kirkman gave no orders as to putting them up. They look a mess to C. F. H. way of seeing but she could not stop the work done otherwise as she had no authority over workmen.

Wednesday, Jan. 2, 1929

8 - 12

C. F. Heiskell

Mr. Steinmetz came but no students and he left. Later ~~several~~ one came in and C. F. H. Asked the whereforeness of this late arrival and he said "you know classes do not begin today until 9 A.M." C. F. H. Was truly sorry she did not know this as she would have rushed to get here at 7:50 A.M. Have a new furnace man who had the Library nice and warm when C. F. H. got here early this A.M. showing if properly looked after there is no reason why this should not be the case every morning. Judge Jones will not be here today and Mr. Witham reported both Dean McDermott and Mr. Wicker were sick - flu seems to have them all three. Busy morning getting Library work started for the year 1929 -

9 - 1

H. H. Turner

Worked on Tenn. rept. memorials. Conference room used by Messrs. Frazier and Reichling 12.40 - 2.30.

1 - 5:30

E. L. Ogden

Man (Mr. Parrott?) who was here last year to lecture on West Co. Pubs. reappeared - lectured at 2: 30. Sent Miss Bergen the pam. "A uniform system on citation" given the Law Lib. by Mr. Carter for inspection - or cat'g if she wants to. Took money from ink station which was empty and paid self \$1.00 for ink, brought today. Got Skrip [sic] this time. Will fill station next overlap, which is Tuesday. Have filled desk ink well with same and students can use that.

7 - 9:30

C. F. Heiskell

Several students came in about 8 P.M.

Thursday Jan. 3, 1929

C. F. Heiskell

Library cold – Old janitor back on job – hence the coldness – not 60°. Messrs Morgan + Kennerly and Miss Turner used Conference room 8:30 – . Students complaining of ink bring brown black in place of blue black that is usually the ink used in fountain pens – Think Schaffers or Natemans[?] best for general use –

Hunted up some Session Laws for Miss Baker. Mr. Andrews of K.B.L.A. using Library during morning hours.

1 - 5:30

E. L. Ogden

Miss Williams phoned that new copy of Ballantine has come. Mr. Witham was anxiously inquiring for it before holidays – perhaps he'd better be notified when it arrives. Mr. F. Fowler in Bar Lib. most of afternoon – wanted to see book catalogue to find what recent works had been pub. on insurance. Looked over Insurance pamphlets and put a few near top of pile which he would ask for later when a certain case is coming up. Messenger to get books for Judge Hicks said something about having been asked concerning 8 Fed (2 ser.) charged to Judge Hicks which he thought the Judge did not have. E. L. O. said he'd better speak to Miss Heiskell about it. Made notes of book reviews in law journals. As to ink, it is Schaeffer's, black. As it has to serve double use did not want blue on cat. cards, which seemed more necessary to consider than use for notebooks.

7 - 9:30

1 - 5:30

C. F. Heiskell

Judge Jones hopes to be able to meet his classes tomorrow. Several students coughing and sneezing in the roomful of students this afternoon – I hope those are not to be victims of flu.

7 - 9:30

C. F. Heiskell

Quite a good crowd of students.

Tuesday Jan. 8, 1929

C. F. Heiskell

Stayed this A.M. and tonight in H. H. T. place as she is under the weather with 'flue. Much using of books by students this A.M.

1 - 5:30

E. L. Ogden

Counted books sent to bindery and retired charge cards for them to drawer where binding slips are kept. Useful to keep as a record of how long they were away for binding. There were 37 v. of periodicals + serials, and one vol for rebinding (Thompson's Shannon's Code). Attended to bound vols + adv. Sheets of reporters, notified Messrs Witham + Wicker of Ballantine's receipt + posted notice to effect it must be asked for at desk. Also put note in pocket of book which might be kept where it is now, on shelves near desk. Looked after notes sent by Miss Bergen + c. Students numerous + restless and wanting rather more help than is usual afternoons. Mr. Ladd + Mr. Baughman in conf. room – 2 - 4:30.

7 - 9:30

C. F. Heiskell

A roomful of students and like the morning crowd wanted much help and kept C. F. H. busy.

January Wednesday 9, 1929

Back again. Worked on mems. in Tenn. repts.

1 - 5:30

E. L. Ogden

First two nos. of Public Utilities letter rec'd. Mr. Witham would like to see each no. before it is filed. Write editor of Law Lib. notes "enclosing check" (have to wait till I get home to enclose it and saying we hoped next year's budget would include it. []) Mr. Witham saw this and thought it very good. Students restless, had to squelch Mr. McPherson + make him change his seat. Was inclined to argue, be innocent, + plead "it wasn't me" but was stern, told him would listen to no argument + meant to have quiet at once. Effect good for rest of P.M. on him + others. Prefer his sulks to his facetiousness + giggles of his companions. Ladd + Baughman in conference room 2:30 - on. Mended Williston on Contracts v. 2 Made list of refs. to juries found in Holdsworth's history of law and added them to reference card in catalog. Mr. Beasley wanted them. – others may later on. A Mr. Goodman who came asked to borrow some reporters seemed not to know how to find corresponding state reports – and had to be helped. E. L. O. hasn't often had to do this for a lawyer. [Margin note: Grad of Lebanon law sch.! H.H.T.] Help given to students about as usual. In helping find case in adv. sheets U.S. Sup. Ct. (Bar Lib.) Found no. 7 Mar. 1, 1928 missing. Did not look to see if it was charged. Hope it is.

7 - 9:30

C. F. Heiskell

Glad E. L. O. sat down on Mr. McPherson as C. F. H. has to call him to a point of order more frequently than any student using Library. As to March advance sheet of U.S. Sup. Ct. belonging to K.B. L.A. – it was on the shelf when C. F. H. went to look for it after reading E. L. O. report of not finding it. I expect when it was being looked for some one of the students had it in use as C. F. H. found a case that was reported in U.S. Reporter in this no. 7 for one of the second years – "Burley Tobacco Growers Market Ass'n & Liberty Warehouse— "

Reports "Tenn Circuit Court Reports 5 v. 1913." Mr. Johns Hudson came in + I asked about them. Said he thought it a mistake. Had never heard of them. Said Smithson was a good book for a young lawyer - better than Campbell's forms though that was good too. Put back in place on shelves all material that was listed for debate on jury. We can get it out when called for. All refs are listed + starred on colored cards in cat. under "juries." Mr. Myers canceled reservation in 1 Fletcher Cyc. Corp. — finished this P.M. R. if anyone was using the 1925 Ed. of Pound on P.U's one student brought it to desk claiming he did not hear it being asked for – poor excuse. Not having many in Library C. F. Heiskell took an hour to look up the case referred to by Hodges - So far the only reference found was in "Lives of Lord Chancellors" v. 5, p. 93. Also found that the date 1693-1694 corresponded to the reign to William and Mary - When H. H. T. came on duty she also helped. Made some fresh numbers for stacks and corrected inventory lists in accordance with shifting finished yesterday. Judge Hicks in Bar side; 4 student debaters used conference room 3 - 4:15. Looked over pubs. after they left and found all unharmed - some pencil marks noted on lists. A student - not law - asking Wheaton's digest and Story's Conflict of laws really wanted 4 Wheaton. Query - Is she making up lost work or are they beginning all over again? Changed Harper's Latin Dic. to Sec. 5 as approved by staff at conference yesterday. All circuit ct reports + Claims reports are not together in case 6; changed Federal reports to follow U.S. and come before state material instead of after sets. Allowance for 2 years growth + a space left for Statutes at Large which we have asked for, + some periodicals we want to order when funds are available. Truck man came.

Mr. Baker had dropped back to old habit, only about 60°. Some inquiring for a pamphlet on Zoning Laws – left, so they said, by Dean McDermott on Library desk. This has never reached desk during C. F. H. administration of same. C. F. H. looked thru all pamp. both in R. R. and office (may not have looked as carefully as she might have on account of other calls waiting). When H. H. T. came on duty enquired of her and H. H. T. Said she had had the same request but could not find it. [Margin note by H.H. T.: Mr. Chambers who didn’t say what class had been assigned it.] Does E. L. O. know anything of such a pamphlet?

[E. L. Ogden]

Saw Miss Baker Thurs. – She asked for report of cash on hand. Said Main Lib. now had ink and would send some – so we might send what money we had on hand. Therefore, sent fine money, \$3.65 (leaving 50¢ in change); also ink money \$2.70 (leaving 54¢ in change) also 41¢ waste paper money, on hand since Sep. 18. That is I packed it up to take to Main Lib. tomorrow when I go. Also got a memo. ready for Mr. Witham to OK asking if part of the money could be used to complete Jour. Amer. Judicature Soc. 29 nos @ 10¢ + postage. By time memo was ready Mr. W. was gone so slipped it under his door for him to send, instead of taking it. Apropos of the pam. on zoning – As I recall it, it was left with the Lib. staff two successive years by Dean McD. and returned to him after using. Also thought I remembered that it was either a number of a periodical we do not have or a reprint from one. He did not remember author or exact title and said it was separate – not a periodical no. I thought I might be able to recognize title if I saw it so searched through the Indiana law Rev. number by number where it lists important periodical articles in other journals. Found many articles on subject but thought (and Dean McDermott corroborated it) Constitutionality of the zoning law by Newman D. Baker must be the paper wanted. – pub. in Ill. Law Rev. Nov. 1925 which we do not have. Searched for a possible reprint in some other journal but did not find one. Dean McD. will look among his things. Looked under “Constitutional law” so well as zoning in pam. file. After Armstrong, Freas + others came out of conference room noticed smell of tobacco smoke. Same group went in later + one claimed to have noticed it when he went in. Told them best for their protection to report such occurrence when they go in hereafter. Also talked to Mr. Freas about leaving a book in there on a shelf so he could have it when he went back in. He was very nice about it and saw such practice would not do. Asked Miss Williams to send ink. Dean McD says he told his office to bring back 243 Mass + 1 Williston on Sales long ago. Will look them up.

What about Monday. She said she would get someone else to take my place at Main Lib. Monday if I should be needed at "Law Lib." She had heard from HHT to same effect as CFH's report this A.M. but thought she would call up the doctor. Said at Main Lib. some were doing overtime because others were sick. For E. L. O. + C. F. Noted book review in periodicals. Univ. Student ~~from main lib - cam~~ came to find "state constitutions" – especially compared for their defects. Pored over Cooley's Constitutional limitations, which was best I could do for him + while E. L. O. Looked up general indexes of various periodicals for other material he kept bringing Cooley to ask "what he meant by this" + similar questions till E. L. O. Told him he would have to apply to faculty if he wanted information of that sort. Then he camped down by Mr. Woodlee who is apparently on the same debate. After a little, reminded him that it was most closing time and we could not have long continued conversations here. Very apologetic. All this related because he may come back, though he did not say so. Young man from Dean McDermott's office used 1928 Martindale. Came at 7:50, as I may want a few extra minutes sometime! A man (sent by Mr. John Hudson) came to see about repairing vols. of K.B.L.A. and made a list of those which needed it. Said he would come back + see Miss Heiskell. He has a process of oiling +c. Complimented Miss Heiskell's work on books very highly, asking who did it and saying he had seldom seen such a good piece of work, right material only ~~being~~ lacking. Mr. Ladd, freshman, wanted to take Cal. law rev. to his room to write case notes. Told him had no authority to allow it to be taken out. Large, studious crowd using library.

Certainly amazed to see from H. H. T. Notes that my talk to Directors in reference to their books and my having all the mending to do of same has (possibly) brought forth some fruit. I also thank H. He said no, Mr. Kirkman would have to attend to it. Miss Baker says this is so. Mr. B. said all our chairs would have to be fixed which seems exaggerated to E. L. O. - will examine chairs + tables (sometime when room is vacant or nearly so) for shaky legs and report to Miss Baker. Brought new no of Law Lib. Glad to say Mr S. did not have class in Library this A.M. A large number of students all morning.

9 - 1

H. H. Turner

Telephoned Miss Baker in regard to students taking out periodicals. She said to abide by printed rules contained in little book relating to University, subject to modifications agreed on as relating to conditions in law library; that only faculty can take out unbound nos. and they, only during hours library is closed; the only exception in regard to students is: when members of Law rev. staff wish to use periodicals which have been given in exchange, out of consideration to convenience of others, to use in building where they can easily be recalled if necessary. If this ruling should in future work a hardship, the situation could then be discussed; and that H. H. T. should record this in book.
This is verbatim !!

[E. L. Ogden]

Put a binder on the new Canon of Ethics and put old one in pamphlet file. Am sending the reports of the R. I. Judicial Council to Main Lib for disposal. Asked Mr. Wicker's advice about filing them here + he did not think they would be used. Am sending Main Lib a note calling attention to jury material in them. Man called to look at books again needing mending. Wanted to know what kind of paste we used, what kind of cloth, how much they cost. Said his material for oiling was a certain formula neat's foot oil, linseed (I think) and petrolatum. The first two sink in and the last coats surface, then back is varnished. Said it takes about 60 hours to dry after treating. Said Bar Lib. Ass'n was conferring with Univ. Lib to share cost + he had hoped to have an answer here. Said he could fix them up for 5¢ a volume (Wonder what he pays his assistant for her time?) and make them "look like a million dollars." Hoped to be allowed to work Sat. Afternoons + Sundays. Mopst of his questions as to cost of materials + Sat + Sunday work couldn't answer. Said fabrikoid (that the way to spell it?) Is better to use than cloth. Also had a visit from Lib Bur. men to look at disabled chair. Two men examined them here + then through the room. Also tables - said they could tighten everything up in about an hour and not be very disturbing. Would come some afternoon next week. ~~Rec'd a pam~~ Said we had two kinds of chairs - the ones like the ~~old~~ ones that gave way not so good. At first said must be imitations - then said probably Library Bur. chairs but old style not so good as they make now. Pam. rec'd on Mexican federal zoning enclosed letter that it was sent on approval. Showed it to Mr. Witham who said he would attend to it. Next, Mr. Morris + Mr. Kirkman who went over nearly all chairs + tables as the other men had done. Did not find pam. descriptive of Amer. Digest + Nat'l Reporter systems - nor "Descriptive word index for 3d Decennial (pam). Sent note to Miss Williams to ask West Pub. Co. to send tables to paste in bound vols. of Reporters telling her of last rec'd -

Man from Mr. Kirkman's office to see about chairs. Said he was to leave tables for Lib. Bureau people to see to. He only looked at chairs, saying there pretty good, those in class rooms "dropping to pieces." Probably that's what Mr. Baker meant when he said "all" needed attention. Then came Library Bureau people (two men) a little later but found the wrench they brought was too small. Left, saying they would come some afternoon next week and would take the chair that needed glue to the factory to see to. So E. L. O. looked at tables chairs in R. R. Lib. Office, + Conference room + picked out + labeled 4 where "rounds" (squares?) turn in their sockets. Think I missed none - had to skip those occupied + go back to them later. Finished preliminary review of index through W (nearly). Mr. Wicker borrowed paste.

Miss Baker phoned this A.M. saying she will tell Mr. Riley no more restoration of vols can be paid for now, but if he will call next time he is town she may have some Univ. Books treated. E. L. O. told her treatment was desirable for some books but not urgent. E. L. O. lent a Bar Lib. man an advance sheet U.S. Supreme Ct. - Was that allowable? Maybe this will give books a chance to dry – sorry I did not attend to it before. Several asked how to find N.Y. Supplement citations for cases where N. Y. Sup. Ct., Appeals Div. citations were given. Did not occur to them to use N.Y. Sup. Blue book. Showed them also that by looking up title of case in Amer. digest tables could get all citations for any case. They ~~did~~ had not remembered that either. Tried shellac before writing on labels and could do nothing with it so went back to gummed paper for the few I did. Also mended (or rather reinforced hinges) on a few Mass. vols. Mr. Hudson to use Bar Lib. Mr. Buhl + one other to use Reporters. Helped Mr. Huddle with ref. to "Finch" and L.J. citation. Found the 1st by looking up in Chancery reports in reprint by date (which he had). Then hunted to see why Finch wasn't in blue bound chart - Found it under R, "Rep. Temp. Finch." The L.J. case was found by looking up in Jacob's digest which gave another citation located in Reprints. Clock stopped ~~twice~~ three times. Found window stick hanging from picture molding back of desk.

Every table filled both last evening and this A.M. Many books used fortunately the K.B.L. Ass'n vol are fixed. When they were as first with all this handling they would have been in worse shape than ever. Put up only 25 volumes this A.M. Cleaned desk but could not get ink spots off with soap and warm water, don't see how so many spots get dropped on it. Also cleaned shelf and dressing room accessories. There are two things I want next year. Will find as an addition to Law Library a new clock that will keep time and an efficient new janitor. Helped find many citations in addition to book finding. Mr Reichling in Conf.-room 9:30.

As it was "camicus" day and a parade RR was not as popular as front porch for first part of P.M. + afterwards all very quiet + studious - so shifted most of afternoon. Sets now arranged are: Alabama, Fla. to Mich., Nebraska to Federal Reporter inclusive. Perhaps others C. F. H. has done but ELO doesn't know about. Phoned Main Lib about clock - was told to phone Hope to come for it. Told them either before 5:30 today or 8 - 12:30 tomorrow. They said tomorrow. Echo C. F. H's wish, but it is hardly a hope.

Went to Staff meeting at Miss Bergen's Saturday night and as much time was given to reports, perhaps H. H. T. should make some record for benefit of E. L. O. and C. F. H. Miss Moreland described new library at Lenoir City which she and Miss Harris were sponsoring. Also meeting at Dandridge in connection with county libraries; Miss Baker told of her recent visit to the new library at Chapel Hill, Univ. of N.C., with the 2 architects who are to design the new U. of T. Library; also their visit to Duke Univ. Durham, where the very costly library is just begun.

She also discussed the question of: who shall go to the T.L.A. in Murfreesboro and, who shall go to A.L.A. Washington? Miss Moreland offers four seats in her car for the former, and Miss Baker may have room for one or two, tho' 3 Lawson McGhee ladies are counting on her for transportation!

In N.E. room did not finish texts on east wall nor shelves on side wall nor stored volumes on top of stacks which were alphabetically arranged by authors. Think these can be left till later. Miss Baker phoned – CFH reported – about book statistics + incidentally asked about results of treating Bar Libr. books. Mr. Witham asked suggestions about book purchases for the coming year – said he thought best not to specialize this year but fill gaps instead + to make the list up to \$500.00. Asked if he could do anything about getting radiators attended to, he said he doubted it but better ask Miss Baker. Asked if he had ever got moot court attended to – he said about half done, waiting for money to complete. Law College had no money for it + had to beg what they did get. E. L. O. echoes C. F. H's wish about staff meetings – know that one or two others agree with us. Miss Baker asked Sat. if I could take Eng. Lib Thurs. P.M., so went over ~~Tues~~ Mon A.M. for instructions.

9 - 12:30

C. F. Heiskell

Located v. 206 Mass – had been put in wrong place in Stack. On reading shelves in Stack room found all volumes belonging to K.B.L. Ass'n accounted for – hence up to date their books are in place. Yes, E. L. O. – the Amer. Law School Rev. is quite interesting. Also the last no. of Am. Judicature Society Journal that came to K.B.L. Ass'n and C. F. H. put in university periodical files. Also the Handbook of Ass'n of Am. Law Schools.

Mr. Blackard, former student, now practising in Jacksonville Fla to visit - admired library. Talked to Mr. Witham about Assn' Law Libraries - When he looked at program her said right away that Mr. Steinmetz would be interested. Afterward it occurred to me that Mr. S. might go to represent both Univ. + Bar sides of Lib. Went back to Mr. W. who finally said he would talk to Dean McD. + see whether Law College could do anything about sending anybody. Included members of library staff in his discussion. By that time ELO's program was mislaid so gave Mr. Witham HHT's program to show Dean McD. Hope she does not mind. Phoned Miss Baker this A.M. about tomorrow. She says "Farm." Put on some more vol. nos. + used up all C.F. H's varnish.

Miss Maker called up to get the circulation of U.T. Library from April 1, 1928 - Mar. 30, 1929. C. F. H. gave her the last as left by E. L. O. and added the two days of Mar. 29 - 30 as she stated in note of Mar. 29. Started to fix nos. for Pa. St. Rp.'s as they seem to need more nos. than any others since the Mass were fixed. Have a can of varnish this time.

1 - 5:30 E. L. Ogden

Mr. Witham returned program of Law Lib. meeting - said he certainly would be glad if some one could go. Dean McD. said nothing could be done by Law College to help pay expenses + he did not think K. Bar Lib. Ass'n. had any money. E. L. O. thinks Mr. Steinmetz might be interested in seeing the program. Mr. Blackard in again. Asked if there was a chance to buy a 2d hand Caruthers, ELO suggested a notice on Mr. Witham's board. Mr. B. said he would not do anything about it now. He may return to Tenn. to practice. Did a few more vol nos.

E. L. Ogden.

Conference: Suggest rule next year restricting reserving of books to prevent same person taking same book too often to give others a chance. Ballantine Problems brought it up. We think it too late to make rule now. Experience of staff has been that whole conference room is in demand, it does not seem to be because of lights that were put there because of complaints in R.R. Messrs Beasley + Haas use RR and so does Mr. Seal when he comes which isn't often. Rec'd from author Cork on Amer. Institutions – Mr. Witham dictated letter of thanks + will send it up for ELO's signature when written. Copied exam schedule on card to keep at desk with reserves. Missed Woodward's Quasi-contracts cop. 2. Perhaps Mr. Wicker has it. Have let Mr. Morgan reserve it for May 21. Put on a few more vol. nos. Elmore in Conference rm 2 - 5.

More vol nos. Discovered (what rest of staff may have known) that citations to Cox CC (meaning Cox Criminal Cases) and to crown cases reserved may be found by looking in King's bench reports for the corresponding year. Do not know whether all criminal or crown cases are in King's bench or not.

7 - 9:30

C. F. Heiskell

Yes, E. L. O., I've found a few crown cases of Criminal nature in Kings bench when have looked for some that could not be located even by correspondent year date – to wit – the one Dr. Hodges was interested in.

H. H. Turner

Finished nos. left by E. L. O. Read "Lord Chancellors," received the large collection of law books loaned out by C. F. H. on Saturday. Mr. N. B. Morrell worked all a.m. He doesn't like the way the K.B.L. vols. are arranged. Thinks it very blind. This refers to treatises + nos. on top of stacks, not to State rept. Practically all freshman using library at one time. During thunder storm they exhibited splendid power of concentration, scarcely raising eyes when elec. lights went out and building for a moment only seemed struck! Mr. Corrie Smith alumnus dropped in, "to see Miss Helen" he said. Showed him conference room, with regret that such facilities had not been provided in his time. He said he knew he had given a great deal of trouble but had mended his ways. Messrs Baughman + Ladd in Conference room 12.30 - .

1 - 5:30

C. F. Heiskell

H.H. T. should have told the gentleman who was displeased with Stack room arrangement that books had not been properly placed, and would not be, until they had dried out - this by orders of the K.B.L. Directors. Mr. Witham brought up the lovely ruler that is found on desk "as a present to the Librarians" he said. An unusually large crowd using Library and many books to put away. The weather being so stormy guess students thought it a good time to do some reviewing for the near Exams. Worked on Pa. St. Repts. - some job as they nearly all have to be reinforced between back and leaves.

Such a comfort to have clock back. I move that all[?] of Library staff keep it wound as Janitor was so neglectful of it before! Numbered volumes and arranged Pa. St. Repts. correctly on shelves. Truck man came.

1 - 5:30 E. L. Ogden

Miss Baker came - said she would phone Lib Bur. man about chairs - said if bill for clock came here to send it to Main Lib. Looked at bar books for results of mending + oiling work - thinks she will have Univ. books rebound rather than treated, whenever it is necessary to do something to them. Mr. Baker brought nice supply of clean rags. Looks like its pretty nearly good-bye Law for me next week! Fare-ye-well!

C. F. H. not at conference, last conference of 1928/29 – making up for last week's overtime, so H. H. T. + E. L.O. reviewed year's work + recalled what we could of thing to be considered before opening next year. If any new regulations are necessary wioll be better to have them decided before opening: (1) Should use of conference room be regulated? Used so much by the same efw and so long at a time. (2) To check practice of students leaving books on tables while absent an hour at a time. (3) To prevent one person reserving same book several successive evenings. Discussed possibility of cooperating with Main Lib. Ref. Lib'n. in looking up refs. on wanted subjects. HHT thinks she can do this in connection with her work in Main Lib. HHT will read shelves Friday instead of Sat. Wrote a note to Miss Baker regarding Sat. hours, chairs + radiators, + register of box numbers. ELO will read part of shelves daily. Read sec. 2 - 5.

Note card from Miss Baker dated Apr 30 1929:

Miss Ogden

In making up your statistics for Jan. you carried over 6170 from Dec. when it should have been 6172. Then total at end of Jan would be 6189; Feb. 6206; March 6227. I have revised the slips you gave me. Please correct yours.
