### **TENNESSEE DEPARTMENT OF AGRICULTURE 2005 URBAN FORESTRY FUNDING**

**Warren Nevad, Municipal Management Consultant**

#### **I. PROGRAM INTRODUCTION**

The Tennessee Department of Agriculture, Division of Forestry is accepting urban forestry project proposals from local governments, private and non-private organizations, and educational institutions. Project categories for 2005 are urban forestry personnel, program development or educational/training, and tree planting.

The Division of Forestry provides financial assistance in the form of urban and community forestry grants to local governments, educational institutions, communities, and non-profit groups. Grants provide the opportunity for local communities to develop or expand their urban forestry programs and build lasting capabilities to manage their urban forests. Examples of projects that have been recently funded by the grant include

- 1) Tree inventories;
- 2) Urban forest management plans;
- 3) Outdoor classrooms;
- 4) Urban forestry brochures, publications, or videos; and
- 5) Educational conferences and seminars.

#### **II. PROGRAM REQUIREMENTS**

The proposal is required to match the grant award 50-50 with non-federal dollars, in-kind services, and/or materials. The grantee is required to keep accurate records for reporting,

invoicing, and project documentation. Project proposals must be received in the Nashville office of the Division of Forestry by 4:30 p.m. on April 1, 2005.

#### **III. PROGRAM PURPOSES**

In order to adequately demonstrate the need for funding urban forestry programs, the Tennessee Department of Agriculture recommends that grant applicants provide one or more of the following purposes for funding:

- 1) Public understanding of economic, environmental, social, and psychological values of urban and community forests;
- 2) Education and technical support for proper tree maintenance and management;
- 3) Community sustainability with urban forestry programming; and
- 4) Development and maintenance of an urban and community forestry information network that is supported through examples of accomplishments in technology and partnerships with research.

#### **IV. PROGRAM MATERIALS**

To request a 2005 grant information package or to get more information about the urban forestry grants, contact Bruce Webster at (615) 837-5436, Tom Simpson at (865) 908-4434, or Christy Pepper at (901) 754-5185.

The Municipal Technical Advisory Service (MTAS) is a statewide agency of The University of Tennessee Institute for Public Service. MTAS operates in cooperation with the Tennessee Municipal League to provide technical assistance services to officials of Tennessee’s incorporated municipalities. Assistance is offered in areas such as accounting, administration, finance, public works, ordinance codification, and wastewater management.

MTAS Hot Topics are information briefs that provide a timely review of current issues of interest to Tennessee municipal officials. Hot Topics are free to Tennessee local, state, and federal government officials and are available to others for \$2 each. Photocopying of this publication in small quantities for educational purposes is encouraged. For permission to copy and distribute large quantities, please contact the MTAS Knoxville office at (865) 974-0411.
