TENNESSEE MUNICIPAL
OFFICIALS 1952

Prepared by the
MUNICIPAL TECHNICAL ADVISORY SERVICE
THE UNIVERSITY OF TENNESSEE

Mary E. Bush, Editor

IN COOPERATION WITH THE TENNESSEE MUNICIPAL LEAGUE

FOREWORD

This 1952 Directory of Tennessee Municipal Officials, the eighth issue in the directory series, is published by the Municipal Technical Advisory Service, in cooperation with the Tennessee Municipal League, for distribution to all towns and cities of the state.

Information about the names, titles, and expiration of terms has been compiled from questionnaires sent to all cities. Although every effort has been made to make the entry for each city complete and correct, for some forty cities that did not return questionnaires it was necessary to rely upon latest information available in our files.

Comments and suggestions as to how future issues of the directory can be further improved will be appreciated. To all city recorders and other city officials in Tennessee who have contributed information for this 1952 Directory of Tennessee Municipal Officials, we are deeply grateful. Without the willing and prompt cooperation of these officials, publication of the directory would have been difficult if not impossible.

Victor C. Hobday, Executive Director
Municipal Technical Advisory Service

GUIDE TO USE OF THIS DIRECTORY

After the name of each city is the county name, in parenthesis, in which the city is located. After the county name is a letter showing in which grand division of the state the city is located, East, Middle, or West. The figure shown after the capital letter is the 1950 population of the city. The last entry on this line is the month and year of the next city election.

For each city that furnished the requested information, on the second line is shown the dates, time, and place of the meetings of the governing body.

The entries after the names of the city officials in the columns headed "Term" indicate (1) for elected officials the month and year in which their term of office expires and (2) the letter "A" indicates that the official is appointed rather than elected by popular vote. These entries are omitted for some cities because they failed to furnish the requested information.

A key to the abbreviations used for position titles is given below.
