TERRITORIAL ASSIGNMENTS OF EXPANDED MTAS STAFF

Because of a reduction in State funding MTAS has had to terminate three district consultant positions in the past two years. As a result of increased funding by the 1977 session of the General Assembly, two of these positions are being restored (for a total of eight district consultants) and a third consultant on finance and accounting is being added, effective in July. The territories of these consultants are shown on the two maps below.
