The University of Tennessee
MUNICIPAL TECHNICAL ADVISORY SERVICE
in cooperation with The Tennessee Municipal League

MTAS LIBRARY
UNIV. OF TENN.

MAR 1 5 1989

The Municipal Technical Advisory Service (MTAS) is a statewide agency of The University of Tennessee's Institute for Public Service. MTAS operates in cooperation with the Tennessee Municipal League in providing technical assistance services to officials of Tennessee's incorporated municipalities. Assistance is offered in areas such as accounting, administration, finance, public works, ordinance codification, and wastewater management.

The DIRECTORY, published annually, is available free of charge to Tennessee local, state, and government officials and to others for \$35 each.

ABSTRACT

This *Directory* is an alphabetical listing of incorporated municipalities in Tennessee. The address, telephone number(s), election dates, and names of officials are given for each municipality. Appendices provide a brief description of the Municipal Technical Advisory Service, the Tennessee Municipal League, governmental agencies, and selected population data.

Dear City Official:

The *1989 Directory of Tennessee Municipal Officials (Directory)* is an annual publication compiled by The University of Tennessee's Municipal Technical Advisory Service (MTAS). The purpose of the *Directory* is to provide the most current information on municipal officials and staff in each of the 336 Tennessee towns and cities. The *Directory* presents pertinent municipal information which includes: telephone numbers, addresses, populations, forms of government, and election dates for each of Tennessee's municipalities.

Over the years MTAS has attempted to refine and improve the *Directory* to better meet the needs of the cities. It is the cities and towns themselves that have provided most of the information in this publication and given us feedback on what types of information they want to see in the *Directory*. We are grateful for all of the input provided by city officials, and hope that all of you continue to give us your comments and suggestions on the *Directory*.

I would like to recognize the MTAS staff members who have put significant amounts of time into the publication of the *Directory*. Their efforts and dedication have helped ensure that the information is accurate and complete. These employees are Deborah K. Linn, Senior Editorial Assistant; Anne F. Hawkins, Information Management Consultant; Christina Goode, Graduate Assistant, and W. Joseph Walsh, Assistant to the Executive Director.

Copies of the *Directory* are available on a complimentary basis to officials of all Tennessee municipalities and on a limited basis to state and federal government offices. Others wishing to obtain the *Directory* may do so on a pre-paid basis. An order form can be obtained by calling our Knoxville office at (615) 974-5301.

We at MTAS hope you find this *Directory* of assistance to you, and look forward to receiving your comments and suggestions.

Sincerely,

A handwritten signature in black ink, appearing to read 'C. L. Overman', written over a horizontal line.

C. L. Overman
Executive Director

CLO:dkl

ACKNOWLEDGEMENTS

During the course of compiling all of the information for the *1989 Directory of Tennessee Municipal Officials*, many people had an opportunity to provide assistance and input. Anytime a publication of this nature is produced a considerable amount of time and effort is required to ensure that the names, facts, and figures are as accurate and current as possible. Our *Directory* was no exception.

We would like to thank all of the cities and towns of Tennessee for their continued support in this annual effort to share information with the hundreds of individuals who receive our publication.

In addition to the cities of Tennessee, we also would like to acknowledge the following individuals and groups for their input into the *MTAS Directory of Tennessee Municipal Officials*: Judith Forkner of the Local Planning Office in East Tennessee; Barbara Margiotta of Barge, Waggoner, Sumner, and Cannon; Roger Campbell with the City of Maryville; Judy Hously with the TML Risk Management Pool; the staff of the Tennessee Municipal League; Deborah Phillips Elder of the Institute for Public Service; the Reference Department of the Tennessee State Library and Archives; and Carol Hewlett from the Knoxville MTAS office. Their contributions and efforts are greatly appreciated.

W. Joseph Walsh
Deborah K. Linn
Municipal Technical Advisory Service

HOW TO USE THIS DIRECTORY

Below is a sample entry from the *Directory of Tennessee Municipal Officials*. For those individuals who are unfamiliar with the *Directory*, a description of each entry is outlined in the box near the entry. For example, directly above "City of Adams" is a box pointing to the city name.

For assistance with any of the officials' title abbreviations, there is a key on the inside of the back cover of the *Directory* that lists all of the titles and all of the corresponding abbreviations.

A typical entry in the *Directory of Tennessee Municipal Officials* includes many items providing important information about each Tennessee municipality.

APPENDIX A MTAS BACKGROUND

APPENDIX A MTAS BACKGROUND

The Municipal Technical Advisory Service is an agency of The University of Tennessee and the Institute of Public Service with the responsibility of providing technical assistance to municipalities across the state. Established in 1949, MTAS has had the ongoing directive of assisting mayors, city managers, municipal governing bodies, and other city officials in Tennessee. MTAS aids cities in keeping abreast of changing needs by evaluating programs, improving operations, assisting in establishing goals and objectives, and devising means for obtaining effective citizen participation, to name just a few.

Working in cooperation with the Tennessee Municipal League, MTAS strives to provide technical assistance in almost every area of municipal government. The MTAS organization is divided into several functional areas to best handle the specific requests made by cities and towns. These functional areas include: Finance & Accounting, Law, Engineering/Public Works, Resource and Information Management, General Municipal Management, Personnel, Wastewater Technical Assistance, and Environmental Technical Assistance.

Finance & Accounting: Consultants in this specialty area assist city officials in effective management and utilization of available fiscal resources as well as help develop additional revenue sources. They can provide assistance in the areas of accounting, purchasing, budgeting, debt service, and several other finance-related subjects.

Law: In the area of municipal law, MTAS attorneys assist city officials in dealing with the legal complexities of today's environment. The services provided by the legal staff include writing legal opinions, preparing and revising city charters, providing copies of sample ordinances from other cities, and updating codes of ordinances from existing ordinances. MTAS attorneys also write technical bulletins and reports for distribution to cities keeping them abreast of new laws and court decisions that may have an impact on them.

Engineering/Public Works: Consultants in this area provide Tennessee city officials with information, technical assistance, and public works operational know-how. The work done by these consultants is intended to supplement services of private consultants and/or city engineers. They offer suggestions, helpful information, and advice on many municipal engineering problems which generally would not warrant the attention of a private consultant. Areas of assistance include refuse collection and disposal, drainage management, street and pavement management, and snow and ice control.

Resource and Information Management: MTAS has a library with the largest collection of reference materials on municipal government in the state. This library acts as a clearinghouse for information produced by and about cities, and provides reference and research services to all aspects of municipal government. The library provides all types of reference support, does telephone surveys and written questionnaires, utilizes electronic mail searches for city officials to provide information, and assists in organizing materials found in municipal officials' offices, to name but a few.

Municipal Management: Usually a city's first point of contact with MTAS is through one of the Municipal Management Consultants. These professionals work one-on-one with city administrative officials in helping them solve problems and answer questions. Each Management Consultant is responsible for serving a group of cities within a specific geographic area. Through field visits and telephone conversations, these consultants attempt to keep in close contact with their cities. When necessary, they will call on MTAS specialist consultants with more in-depth experience in a particular area. Just a few of the areas that municipal consultants provide assistance are: risk management, financial planning, annexation, strategic planning, municipal organization, and municipal utilities.

Personnel: There is a significant need for personnel management capability in all Tennessee cities, large and small. MTAS attempts to address this need by providing assistance in job description development, helping city officials determine the most feasible approach to employee performance evaluation, and, assisting in development of personnel rules and regulations utilizing models developed by MTAS. In addition MTAS annually makes available information on current salaries of municipal officials statewide. There is now one personnel management consultant who works closely with cities and other MTAS staff members to provide these necessary personnel needs.

Wastewater Management: As a result of the Wastewater Treatment Construction Act of 1984, as authorized by the Commissioner of Health and Environment, MTAS received a contract from the state to provide for the development and implementation of a Wastewater Management Technical Assistance Program. The role of MTAS is to provide assistance and guidance to cities that would be receiving funding under federal and state initiatives.

MTAS wastewater consultants can provide help in dealing with state wastewater treatment regulations and in planning, managing, and financing wastewater treatment facilities. In the three years of this program's existence, the MTAS wastewater consultants have effectively served as intermediaries between the Tennessee Department of Health and Environment, with its regulatory responsibilities, and those cities facing wastewater-related problems.

Environmental Technical Assistance: The Environmental Technical Assistance Group (ETAG) is a cooperative effort by The University of Tennessee Institute for Public Service, MTAS, and the County Technical Assistance Service (CTAS). Its purpose is to provide Tennessee cities and counties with technical assistance on hazardous waste cleanup projects. The goal of the University in pursuing this project is to assist in the general enhancement of the environmental quality of local communities.

MTAS REGIONAL OFFICES

MTAS has offices located in Knoxville, Nashville, Jackson, and Martin. The main office is located in Knoxville on the campus of The University of Tennessee. With a management staff of eighteen staff and eleven support individuals, this office handles a majority of the administrative responsibilities of the organization, and provides technical support to the cities of East Tennessee.

The Knoxville Office is staffed by the Executive Director, three attorneys who handle legal issues and questions, three Municipal Management Consultants responding to the general needs of the client cities, the MTAS Library and its staff, and consultants in the specialized areas of finance, public works, special projects, wastewater management, and environmental technical assistance. In addition, the Knoxville Office staff provides for the production and distribution of MTAS publications, the updating and revision of municipal codes and charters, organization and management of pertinent information, and general organizational upkeep of MTAS.

The Nashville MTAS Office is located in the Capital Boulevard Building close to both the Office of the Tennessee Municipal League and the Legislative Plaza. The management staff here is made up of eight staff with two support people. The specialty makeup of this office includes two municipal management consultants, along with consultants in finance, personnel, computer management, public works, wastewater management, and environmental technical assistance. MTAS also has an attorney who works closely with TML on monitoring legislation introduced through the State Legislature.

There are two MTAS Offices in West Tennessee. The primary one is located in Jackson, while a secondary office is located in Martin. The West Tennessee offices are staffed by five individuals. There are two general management consultants, a public works consultant, a wastewater technical assistance consultant, and a finance and accounting consultant.

MTAS is part of The University of Tennessee's Institute for Public Service. The Institute for Public Service consists of a group of related agencies established by state legislation that draws on the broad resources of the University to provide expert services to business, industry, government, and the professions. The operating units of the Institute are MTAS; County Technical Assistance Service (CTAS); Center for Government Training (CGT); and Center for Industrial Services (CIS). Additional information on the Institute is presented in the Appendix of the *Directory*.

APPENDIX B TENNESSEE MUNICIPAL LEAGUE

APPENDIX B TENNESSEE MUNICIPAL LEAGUE

The Tennessee Municipal League (TML) is an organization that works closely with MTAS in attempting to achieve the goal of providing general improvement and advancement of municipal administration in Tennessee. It is an organization that is governed by the cities, for the cities, with municipal officials serving as board members, giving constant input in determining what the League policy is going to be. TML has a full-time staff of 32 employees. Their offices are located in Nashville near the State Capital. TML works with both city administrators and state lawmakers to ensure that the interests, rights, and privileges of municipalities are safeguarded. TML also specializes in monitoring state and federal legislation that could impact city governments. TML stimulates communications among city officials through such means as holding an annual conference for discussion of current municipal affairs, and by publishing a biweekly newspaper, *Tennessee Town and City*, that has a statewide circulation.

In 1979 the Tennessee Municipal League expanded its operation to include risk management with the establishment of the TML Risk Management Pool. The purpose of the Pool is to provide reasonably priced insurance coverage for cities and towns that may have had difficulty obtaining insurance coverage. It also assists cities in developing a risk management program as a means of decreasing claims and premiums.

In 1985 the Tennessee Municipal League Board of Directors, in response to the interest expressed by its members and the recommendations of a special study committee, authorized the creation of a pooled financing program for cities and towns in Tennessee. The TML Municipal Bond Fund, as it was called, was established to provide low-cost medium-term financing to municipal governments for capital projects.

APPENDIX C THE UNIVERSITY OF TENNESSEE

APPENDIX C THE UNIVERSITY OF TENNESSEE

Founded in 1794, the University's Knoxville campus has professional and graduate education in 300 fields and offers 106 undergraduate and 280 graduate degree programs in its 19 colleges and schools. In addition, the campus ranks as one of the nation's major research and public service universities.

INSTITUTE FOR PUBLIC SERVICE AND STATEWIDE DIVISION OF CONTINUING EDUCATION

The Institute for Public Service and the Division of Continuing Education extend The University of Tennessee beyond the bounds of its academic campuses. The Institute principally assists local governments and small industries, while Continuing Education provides both credit and non-credit courses by correspondence and television, runs the University's National Public Radio station in Knoxville, and does video productions. Both the Institute for Public Service and Continuing Education are headquartered at Knoxville.

The principal divisions of the Institute for Public Service are:

- * Municipal Technical Advisory Service, which assists municipalities.
- * County Technical Assistance Center, which helps county governments.
- * Center for Government Training, which offers professional development opportunities for government employees.
- * Center for Industrial Services, which helps small businesses and industries.

The Statewide Division of Continuing Education includes:

- * Center for Extended Learning, which offers independent study, educational programs on videotape, the College Level Examination Program, and other extension efforts.
- * Radio Service, which operates WUOT-FM at The University of Tennessee Knoxville and provides programming for WUTC-FM at The University of Tennessee Chattanooga, as well as producing and distributing educational radio programs by tape.
- * Center for Educational Video and Photography fulfills the photography, television, and video telecommunication needs of the university state wide. CEVP provides commercial-type photographic services, video tape recording and duplication, and script-to-screen development of audio-visual programs ranging in complexity from television broadcasts to synchronized slide presentations. CEVP also offers a video equipment repair service and technical consultation in video systems design.

APPENDIX D COUNTY, STATE, FEDERAL, AND OTHER GOVERNMENT AGENCIES

APPENDIX D COUNTY, STATE, FEDERAL, AND OTHER GOVERNMENT AGENCIES

Municipal governments do not operate in a vacuum, but rely on many outside sources for information and direction. These outside sources include county and federal offices, state agencies, and various other government entities.

Following is a section of the Directory that lists all 95 County Executives, various state government agencies, including most departments and commissions; federal offices such as the Department of Labor, Environmental Protection Agency, and the Department of Housing and Urban Development; and other agencies including TVA and the Local Government Data Processing Corporation, to name just a few. The list also includes the name of a contact person in the agency, an address, and a phone number.

APPENDIX F OTHER DIRECTORIES OF INTEREST TO TENNESSEE CITY OFFICIALS

APPENDIX F OTHER DIRECTORIES OF INTEREST TO TENNESSEE CITY OFFICIALS

MTAS attempts to provide a comprehensive *Directory of Tennessee Municipal Officials* for use by Tennessee city officials each year. However, no one directory can possibly list every resource, individual or office of potential interest. The task of running a city has become more complex over the years and the need for additional resources and access to those with expertise in specialized fields has also increased.

Below are some other directories recommended as useful resources for city halls and other offices. The title, publisher, frequency of publication, a brief description and approximate price are included for each resource listed. If you see items you would like additional detail on, please contact the MTAS Library at (615) 974-1008.

Directory of Tennessee County Officials. Published by The University of Tennessee County Technical Assistance Service. Nashville, TN. Annual.

This is the county counterpart to the directory you have in hand. A thorough listing of the varied officials involved in Tennessee county government, this directory is an excellent resource for locating some of your colleagues in local government.

Encyclopedia of Associations. Published by Gale Research. Detroit, MI. Annual.

Included in this resource is information of use to many city officials. Some sample entries of potential interest include:

- The National Center for Municipal Development
- Association of Metropolitan Water Agencies
- National Association of Towns and Townships
- Rural Governments Coalition
- National Association for City Drug and Alcohol Coordination

This encyclopedia is often used by the MTAS Library staff to locate sources of information for Tennessee city officials. Price: \$228.00.

Information U.S.A. Published by Viking Penguin. New York, NY. Annual.

Completely updated and expanded, this "essential guide for direct access to U. S. government experts," lists names, addresses and phone numbers for information on various subjects.

This book is dedicated to all "federal bureaucrats" and is written in a casual, almost comical style. An inexpensive source of valuable information. Price: \$23.00.

National Directory of Addresses and Telephone Numbers. General Information, Inc. Kirkland, WA. Annual.

This directory lists the "most important corporations and organizations in the U.S." Complete contact information is given, including fax numbers when available.

This is a relatively inexpensive resource used heavily by the MTAS Library staff. Price: \$35.00 for two years' editions.

State of Tennessee Telephone Directory. Published by the Tennessee Department of General Services. Nashville, TN. Annual.

In addition to a listing of telephone numbers and other contact information arranged by state government agency or department, this directory has an alphabetical listing of each state employee and official.

Designed for use by state employees, this directory is also useful to local government employees and officials. For availability and price information, contact the Department of General Services at (615) 741-5555.

Tennessee Blue Book. Published by the Tennessee Secretary of State. Nashville, TN. Biennial.

The *Tennessee Blue Book* "serves as a manual of Tennessee State Government." It provides useful information on the branches of government, government officials and their duties, and various state agencies and departments. There is also a section on general information about the state.

This publication is available free of charge to city halls and all other public buildings across the state.

Tennessee Government Officials Directory. Published by M. Lee Smith. Nashville, TN. Updated annually.

This directory provides a comprehensive listing of state government offices, city and county officials, institutions in Tennessee's higher education systems, chambers of commerce across the state, lobbyists, a directory of Tennessee media, and other useful listings. At \$21.00, this is an inexpensive and handy desktop resource.

Tennessee Statistical Abstract. Published by The University of Tennessee Center for Business and Economic Research. Knoxville, TN. Annual.

"The *Tennessee Statistical Abstract* attempts to provide, in a single convenient reference, the most useful of the available current data as well as some historical time-series data." Source notes at the end of each table provide the source of the data included and the methodology used to collect the data.

The University of Tennessee Institute for Public Service and Division of Continuing Education Staff Directory. Published by the Institute. Knoxville, TN. Loose-leaf with periodic updates.

A listing of the staff who provide technical assistance and other services to local governments and others across Tennessee, this directory also includes maps outlining service areas assigned individual staff members. A useful resource for city officials interested in the services available to them from The University of Tennessee. Price: Free.

U. S. Government Manual. Published by the Office of the Federal Register. Washington, DC. Annual.

The "official handbook of the Federal Government," this manual provides comprehensive information on the executive, legislative and judicial branches, as well as boards, commissions and international organizations.

The *Manual* includes useful organizational charts for various federal departments and a comprehensive index. At \$20.00 this is a useful and inexpensive resource.

World Almanac and Book of Facts. Published by Newspaper Enterprise Association, Inc. New York, NY. Annual.

A resource available in almost all libraries, the *Almanac* is a great reference for "accurate and up-to-date information" on everything from astronomy to zip and area codes. Price: \$6.00.

The University of Tennessee does not discriminate on the basis of race, sex, color, national origin, age, handicap, or veteran status in provision of educational opportunities or employment and benefits.

The University does not discriminate on the basis of sex or handicap in the education programs and activities which it operates, pursuant to the requirements of Title IX of the Education Amendments of 1972, Public Law 93-112; respectively. This policy extends to both employment by and admission to the University.

Inquiries concerning Title IX and Section 504 should be directed to Mrs. Mary H. Taylor, assistant to the director, Institute for Public Service and Statewide Division of Continuing Education, 109 Student Services and Administration Building, Knoxville, TN 37996-0212, (615) 974-6621. Charges of violation of the above policy should also be directed to Mrs. Taylor.
