1990 Directory of Tennessee Municipal Officials

January 1990

The University of Tennessee
MUNICIPAL TECHNICAL ADVISORY SERVICE
in cooperation with The Tennessee Municipal League

The Municipal Technical Advisory Service (MTAS) is a statewide agency of The University of Tennessee's Institute for Public Service. MTAS operates in cooperation with the Tennessee Municipal League in providing technical assistance services to officials of Tennessee's incorporated municipalities. Assistance is offered in areas such as accounting, administration, finance, public works, ordinance codification and wastewater management.

The DIRECTORY, published annually, is available free of charge to Tennessee local, state and government officials and to others for a fee. Contact MTAS for information on fees.

1990 DIRECTORY OF TENNESSEE MUNICIPAL OFFICIALS

compiled by

W. Joseph Walsh and Deborah K. Linn

1990

MUNICIPAL TECHNICAL ADVISORY SERVICE
The University of Tennessee
Knoxville, Tennessee

in cooperation with the Tennessee Municipal League

ABSTRACT

This *Directory* is an alphabetical listing of incorporated municipalities in Tennessee. The address, telephone number(s), election dates, and names of officials are given for each municipality. Appendices provide a brief description of the Municipal Technical Advisory Service, the Tennessee Municipal League, governmental agencies, and selected population data.

THE UNIVERSITY OF TENNESSEE
MUNICIPAL TECHNICAL ADVISORY SERVICE

891 Twentieth Street
Knoxville, Tennessee 37996-4400
(615) 974-5301

Dear City Official:

The *1990 Directory of Tennessee Municipal Officials (Directory)* is an annual publication compiled by The University of Tennessee's Municipal Technical Advisory Service (MTAS). The purpose of the *Directory* is to provide the most current information on municipal officials and staff in each of the 336 Tennessee towns and cities. The *Directory* presents pertinent municipal information which includes: telephone numbers, addresses, populations, forms of government, and election dates for each of Tennessee's municipalities.

Every year MTAS attempts to refine and improve the *Directory* to better meet the needs of the cities. It is the cities and towns themselves that have provided most of the information in this publication and have given us feedback on what types of information they want to see in the *Directory*. We are grateful for all of the input provided by city officials, and hope that all of you continue to give us your comments and suggestions.

I want to recognize the MTAS staff members who have put significant amounts of time into the publication of the *Directory*. Their efforts and dedication have helped ensure that the information is accurate and complete. These employees are Deborah K. Linn, Senior Editorial Assistant; Anne F. Hawkins, Information Management Consultant; and W. Joseph Walsh, Assistant to the Executive Director.

Copies of the *Directory* are available on a complimentary basis to officials of all Tennessee municipalities and on a limited basis to state and federal government offices. Others wishing to obtain the *Directory* may do so on a pre-paid basis. An order form can be obtained by calling our Knoxville office at (615) 974-5301.

We at MTAS hope you find this *Directory* of assistance to you, and look forward to receiving your comments and suggestions.

Sincerely,

Robert P. Schwartz
Executive Director

ACKNOWLEDGEMENTS

During the course of compiling all of the information for the *1989 Directory of Tennessee Officials,* many people had an opportunity to provide assistance and input. Anytime a publication of this nature is produced, a considerable amount of time and effort is required to ensure that the names, facts, and figures are as accurate and current as possible. Our *Directory* was no exception.

We want to thank all of the cities and towns of Tennessee for their continued support in the annual effort to share information with the hundreds of individuals who receive our publication.

In addition to the cities of Tennessee, we also want to acknowledge the following individuals and groups for their assistance in assembling the MTAS *Directory of Tennessee Municipal Officials*: Judith Forkner and Kyle Lawson of the Local Planning Office in east Tennessee; staff of the Tennessee Municipal League; the Reference Department of the Tennessee State Library and Archives; Barbara Benson, Armintha Loveday, Claudia Wolfenbarger, Schylon Yates, Michelle Joines, Sid Hemsley, Carol Hewlett, and Judy Updegraff of the MTAS staff. Their contributions and efforts are greatly appreciated.

HOW TO USE THIS DIRECTORY

Below is a sample entry from the *Directory of Tennessee Municipal Officials*. For those individuals who are unfamiliar with the *Directory*, a description of each entry is outlined in the box near the entry. For example, directly above "City of Adams" is a box pointing to the city name.

For assistance with any of the officials' title abbreviations, there is a key on the inside of the back cover of the *Directory* that lists all of the titles and all of the corresponding abbreviations.

A typical entry in the *Directory of Tennessee Municipal Officials* includes many items, providing important information about each Tennessee municipality.

MTAS REGIONAL OFFICES

MTAS has offices located in **Knoxville, Nashville, Jackson,** and **Martin.** The main office is located in Knoxville on the campus of The University of Tennessee. With a management staff of eighteen consultants and eleven support individuals, this office handles a majority of the administrative responsibilities of the organization, and provides technical support to the cities of East Tennessee.

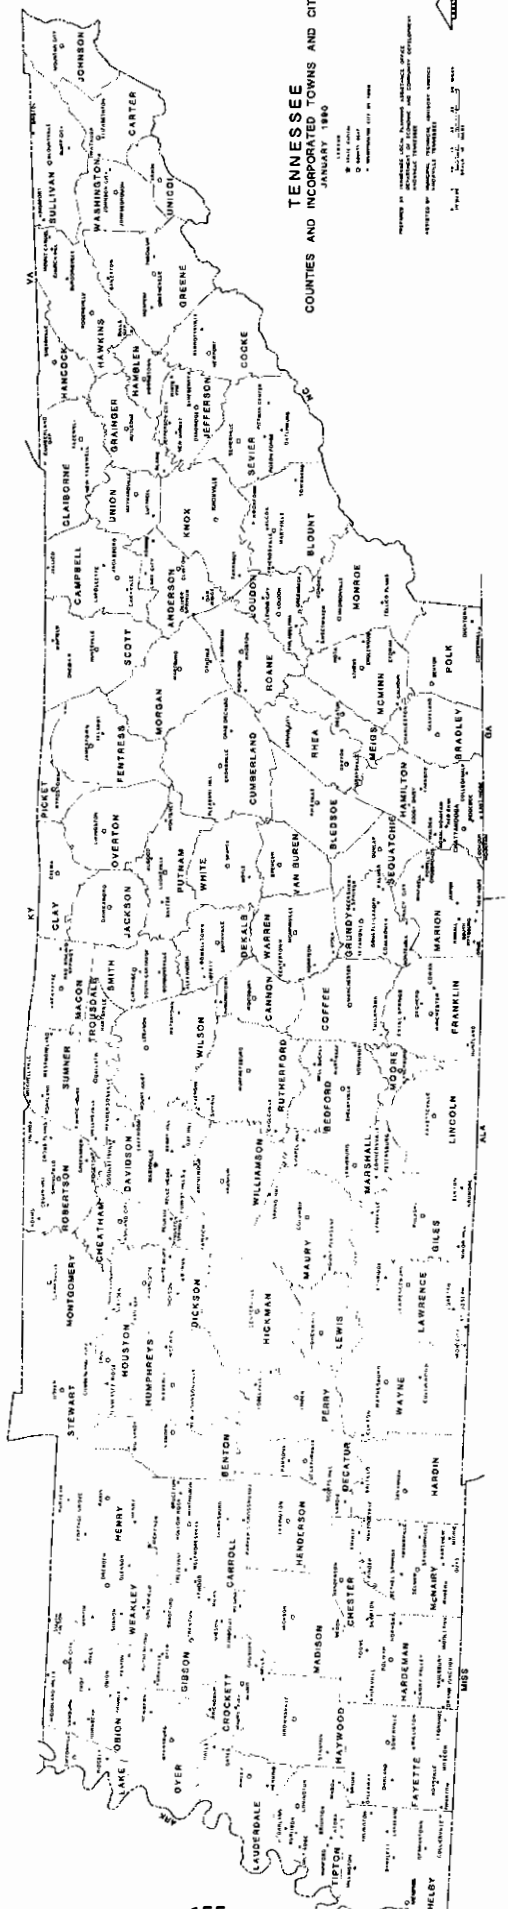

The Knoxville Office is staffed by the Executive Director, three attorneys who handle legal issues and questions, three Municipal Management Consultants responding to the general needs of the client cities, the MTAS Library and its staff, and consultants in the specialized areas of finance, public works, special projects, and wastewater management. In addition, the Knoxville Office staff provides for the production and distribution of MTAS publications, the updating and revision of municipal codes and charters, organization and management of pertinent information, and general organizational upkeep of MTAS.

The Nashville MTAS Office is located in the Capitol Boulevard Building close to both the Office of the Tennessee Municipal League and the Legislative Plaza. The management staff there is made up of five consultants with two support people. The specialty makeup of this office includes two municipal management consultants, along with consultants in finance, personnel, and wastewater management.

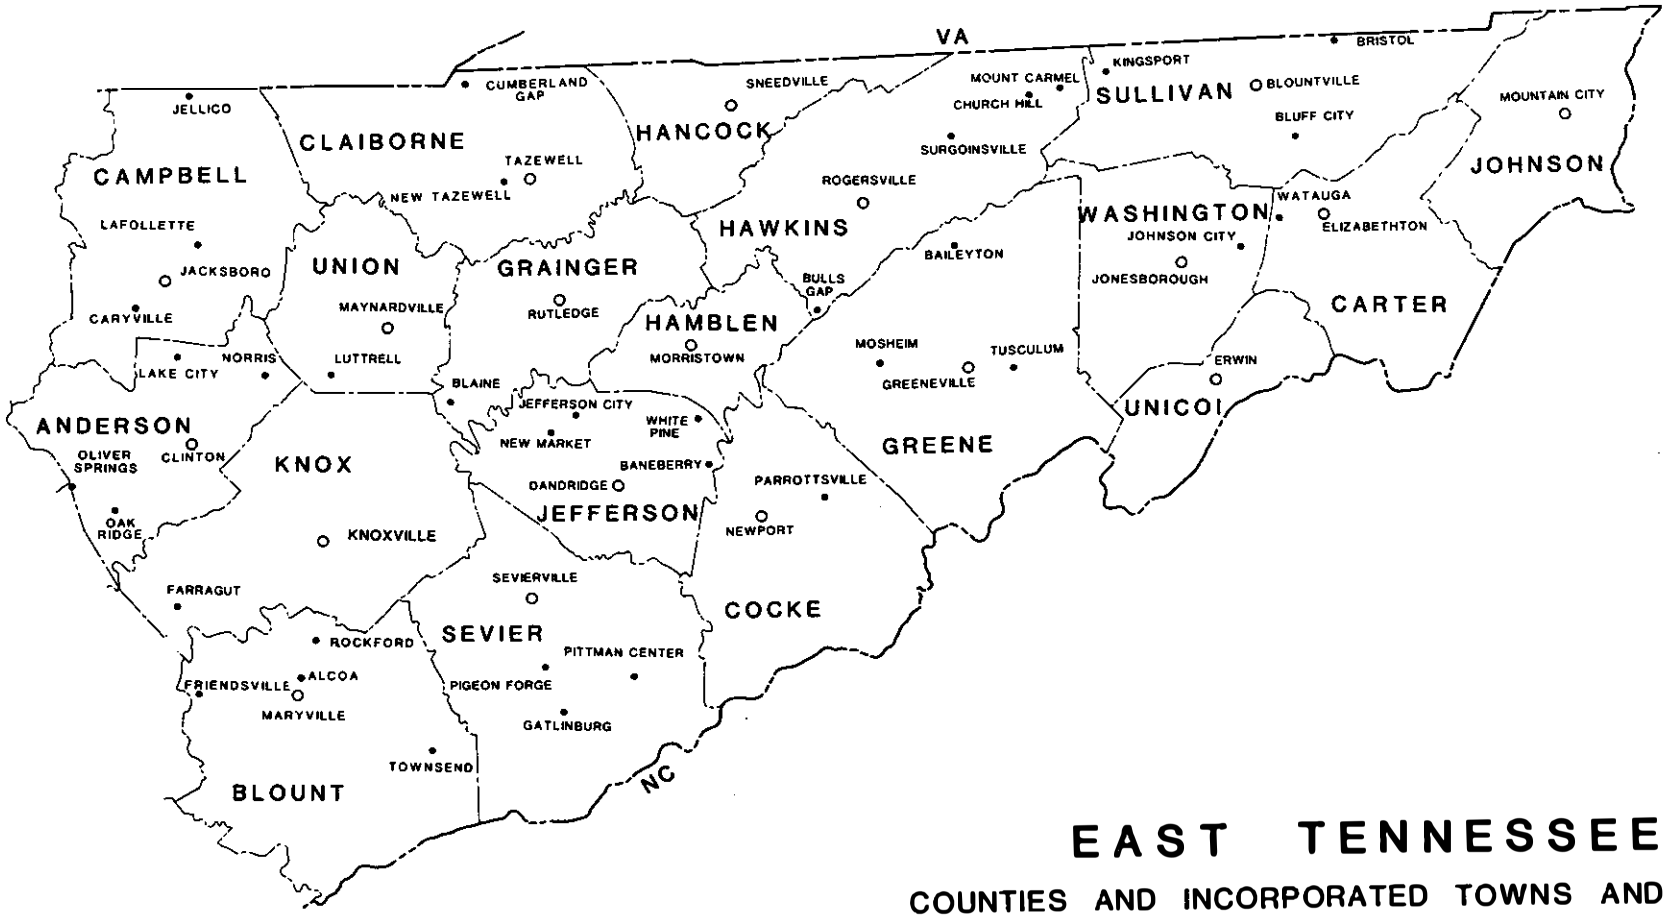

There are two MTAS Offices in West Tennessee. The primary one is located in Jackson, while a secondary office is located in Martin. The West Tennessee offices are staffed by five individuals. There are two general management consultants, a public works consultant, a wastewater technical assistance consultant, and a finance and accounting consultant.

MTAS is part of The University of Tennessee's Institute for Public Service. The Institute for Public Service consists of a group of related agencies established by state legislation that draws on the broad resources of the University to provide expert services to business, industry, government, and the professions. The operating units of the Institute are MTAS; County Technical Assistance Service (CTAS); Center for Government Training (CGT); and Center for Industrial Services (CIS). Additional information on the Institute is presented in the Appendix C of the Directory.

APPENDIX B

TENNESSEE MUNICIPAL LEAGUE

APPENDIX B

TENNESSEE MUNICIPAL LEAGUE

The Tennessee Municipal League (TML) is an organization that works closely with MTAS to provide general improvement and advancement of municipal administration in Tennessee. It is an organization governed by the cities, for the cities, with municipal officials serving as board members, giving constant input in determining what the League policy is going to be. TML has a full-time staff of 32 employees. Their offices are located in Nashville near the State Capital. TML works with both city administrators and state lawmakers to ensure that the interests, rights, and privileges of municipalities are safeguarded. TML also specializes in monitoring state and federal legislation that could impact city governments. TML stimulates communications among city officials through such means as holding an annual conference for discussion of current municipal affairs, and by publishing a biweekly newspaper, *Tennessee Town and City*, that has a statewide circulation.

In 1979 the Tennessee Municipal League expanded its operation to include risk management with the establishment of the TML Risk Management Pool. The purpose of the Pool is to provide reasonably priced insurance coverage for cities and towns that may have had difficulty obtaining insurance coverage. It also assists cities in developing a risk management program as a means of decreasing claims and premiums.

In 1985 the Tennessee Municipal League Board of Directors, in response to the interest expressed by its members and the recommendations of a special study committee, authorized the creation of a pooled financing program for cities and towns in Tennessee. The TML Municipal Bond Fund, as it was called, was established to provide low-cost medium-term financing to municipal governments for capital projects.

APPENDIX C

THE UNIVERSITY OF TENNESSEE

APPENDIX C

THE UNIVERSITY OF TENNESSEE

The University of Tennessee spreads from the banks of the Mississippi to the mountains of upper East Tennessee.

Four Campuses - at Chattanooga, Knoxville, Martin, and Memphis - and two statewide institutes - agriculture and public service - extend UT to within easy reach of all Tennesseeans. The University is a higher education "system" with a president headquartered in Knoxville and chancellors and vice presidents in charge of the campuses and institutes.

UT is one of the nation's oldest higher education institutions, tracing its beginnings to the founding of its forerunner, Blount College, in 1794 - two years before Tennessee became a state. The first coeducational college in the nation, Blount College became East Tennessee College in 1807, East Tennessee University in 1840, and the University of Tennessee in 1879. The University was designated as Tennessee's federal land-grant institution in 1869.

INSTITUTE FOR PUBLIC SERVICE

The Institute for Public Service extends UT beyond the boundaries of its academic campuses. The Institute's primary goal is to help Tennessee cities and counties, state government, and small industries. This help is provided through technical assistance and training programs, as well as through state-of-the-art information services such as teleconferences and video production.

Principal divisions of the Institute for Public Service are:

- Municipal Technical Advisory Service, which helps cities;
- County Technical Assistance Service, which helps counties;
- Center for Government Training, which conducts training and professional development activities for city, county, and state government employees;
- Center for Industrial Services, which helps small business and industry; and
- Center for Telecommunications and Video, which uses satellite communications and video production to deliver information to statewide and national audiences.

APPENDIX D

COUNTY, STATE, FEDERAL, AND OTHER GOVERNMENT AGENCIES

APPENDIX D

COUNTY, STATE, FEDERAL, AND OTHER GOVERNMENT AGENCIES

Municipal governments do not operate in a vacuum, but rely on many outside sources for information and direction. These outside sources include county and federal offices, state agencies, and various other government entities.

Following is a section of the *Directory* that lists all 95 County Executives, various state government agencies, including most departments and commissions; federal offices such as the Department of Labor, Environmental Protection Agency, and the Department of Housing and Urban Development; and other agencies including TVA and the Local Government Data Processing Corporation. The list also includes the name of a contact person in the agency, an address, and a phone number.

APPENDIX F

OTHER DIRECTORIES OF INTEREST TO TENNESSEE CITY OFFICIALS

APPENDIX F

OTHER DIRECTORIES OF INTEREST TO TENNESSEE CITY OFFICIALS

This *Directory of Tennessee Municipal Officials,* for use by Tennessee city officials each year, includes key state offices and other organizations of interest to city officials. However, no one directory can possibly list every resource, individual, or office of potential interest. Below are some other directories recommended as useful resources for city halls and other offices. The title, publisher, frequency of publication, and a brief description are included for each resource listed. If you see items you would like additional detail on, please contact the MTAS Library at (615) 974-1008.

Directory of Tennessee County Officials. Published by The University of Tennessee County Technical Assistance Service. Nashville, TN. Annual.

This is the county counterpart to the directory you have in hand. A thorough listing of the varied officials involved in Tennessee county government, this directory is an excellent resource for locating some of your colleagues in local government.

Encyclopedia of Associations. Published by Gale Research. Detroit, MI. Annual.

Included in this resource is information of use to many city officials, and it is often used by the MTAS library staff to locate sources of information for Tennessee city officials. Some sample entries with full contact information and descriptions of potential interest include:

The National Center for Municipal Development
Association of Metropolitan Water Agencies
National Association of Towns and Townships
Rural Governments Coalition
National Association for City Drug and Alcohol Coordination

Information U.S.A. Published by Viking Penguin. New York, NY. Annual.

Completely updated and expanded, this "essential guide for direct access to U. S. government experts," lists names, addresses and phone numbers for information on various subjects. This book is dedicated to all "federal bureaucrats" and is written in a casual, almost comical style. An inexpensive source of valuable information.

National Directory of Addresses and Telephone Numbers. General Information, Inc. Kirkland, WA. Annual.

This directory lists the "most important corporations and organizations in the U.S." Complete contact information is given, including fax numbers when available. This is a relatively inexpensive resource used heavily by the MTAS Library staff.

State of Tennessee Telephone Directory. Published by the Tennessee Department of General Services. Nashville, TN. Annual.

In addition to a listing of telephone numbers and other contact information arranged by state government agency or department, this directory has an alphabetical listing of each state employee and official.

Designed for use by state employees, this directory is also useful to local government employees and officials. For availability and price information, contact the Department of General Services at (615) 741-5555.

Tennessee Blue Book. Published by the Tennessee Secretary of State. Nashville, TN. Biennial.

The *Tennessee Blue Book* "serves as a manual of Tennessee State Government." It provides useful information on the branches of government, government officials and their duties, and various state agencies and departments. There is also a section on general information about the state. This publication is available free of charge to city halls and all other public buildings across the state.

Tennessee Government Officials Directory. Published by M. Lee Smith. Nashville, TN. Updated annually.

This directory provides a comprehensive listing of state government offices, city and county officials, institutions in Tennessee's higher education systems, chambers of commerce across the state, lobbyists, a directory of Tennessee media, and other useful information.

Tennessee Statistical Abstract. Published by The University of Tennessee Center for Business and Economic Research. Knoxville, TN. Annual.

"The *Tennessee Statistical Abstract* attempts to provide, in a single convenient reference, the most useful of the available current data as well as some historical time-series data." Source notes at the end of each table provide the source of data included and the methodology used to collect the data.

U. S. Government Manual. Published by the Office of the Federal Register. Washington, DC. Annual.

The "official handbook of the Federal Government," this manual provides comprehensive information on the executive, legislative and judicial branches, as well as boards, commissions, and international organizations. The *Manual* includes useful organizational charts for various federal departments and a comprehensive index.

World Almanac and Book of Facts. Published by Newspaper Enterprise Association, Inc. New York, NY. Annual.

A resource available in almost all libraries, the *Almanac* is a great reference for "accurate and up-to-date information" on everything from astronomy to zip and area codes.

The University of Tennessee does not discriminate on the basis of race, sex, color, religion, national origin, age, handicap, or veteran status in provision of educational opportunities or employment opportunities and benefits.

The University does not discriminate on the basis of sex or handicap in the education programs and activities which it operates, pursuant to the requirements of Title IX of the Education Amendments of 1972, Pub.L. 92-318; and Section 504 of the Rehabilitation Act of 1973, Pub.L. 93-112; respectively. This policy extends to both employment by and admission to the University.

Inquiries concerning Title IX and Section 504 should be directed to Ms. Mary H. Taylor, Assistant to the Vice President, 109 Student Services and Administration Building, Knoxville, Tennessee 37996-0212, (615) 974-6621. Charges of violation of the above policy should also be directed to Ms. Taylor.
