The University of Tennessee, Knoxville
Undergraduate Council
Minutes of Meeting
September 7, 2010
3:40pm – University Center Ballroom

MEMBERS PRESENT: Elias Askins, Chuck Collins, Don Cox, Rebekah Page (for Steve Dandaneau), Ruth Darling, Jeff Fairbrother, Tom George, Joan Heminway, George Hoemann, Betty Hong, Gregory Kaplan (Vice Chair/Chair Elect), John Koontz (Chair), Jon Levin, Catherine Luther, Norman Magden, Mark Moon, John Mount, Michael Palenchar, Masood Parang, Bill Park, Fred Pierce, Randal Pierce, Chris Pionke, Harold Roth, Nancy Rutherford, Lisi Schoenbach, Matthew Theriot, Dixie Thompson (Past Chair), Scott Wall, Suzanne Wright

OTHER ATTENDEES: Fadia Alvic, Monique Anderson, Sarah DeYoung, Sally McMillan, Missy Parker

The meeting was called to order at 3:40pm by John Koontz, Chair. Members were introduced and welcomed to the committee.

The minutes of the April 13, 2010, meeting of the Undergraduate Council were approved.

Joan Heminway, Faculty Senate President, thanked the Undergraduate Council for its work, stressed the importance of the Council's role in Faculty Senate, and outlined areas of focus for the year. One goal is to focus on the faculty collectively to underscore their value. Dr. Heminway requested feedback/faculty success stories related to teaching or outreach/service that could be shared with the community, grant funding sources, and others. She also noted three major agenda items for the Senate this year:

- Presidential Search—Dr. Heminway asked the faculty to get involved in the process by contacting their colleagues at the candidates' institutions to get feedback on a number of issues.
- Vol Vision 2015—Elements of the Governor's "Top 25" initiative were incorporated into the current strategic planning process to create a revised "Vol Vision." Dr. Heminway asked faculty to provide feedback on the plan by the end of the month. Two discussion sessions will be held in the UC Shiloh Room, one on September 13th (1:00pm-2:30pm) and one on September 16th (10:00am-11:30am). More information is available at: http://www.utk.edu/strategic-planning/.
- Discontinuance Review Process—Dr. Heminway notified faculty that two programs are being reviewed for discontinuance in the Provost's Office (Italian major and Russian major) and indicated that these proposals may later come before the Council for consideration.

Sally McMillan, Vice Provost for Academic Affairs, discussed progress on the "Serving Better Students Better" initiative. Many of the project's goals were incorporated into the Vol Vision 2015 strategic plan. Five key areas were outlined:

- Retain and graduate a diverse body of well-educated undergraduate students.
- Produce increasing numbers of diverse graduate students who earn Master's and Doctoral degrees.
- Strengthen capacity and productivity in research, scholarship and creative activity.
- Attract and retain stellar faculty and staff.
- Continually improve the resource base to achieve campus priorities.

Dr. McMillan also mentioned that several new universal articulation agreements were hammered out over the summer. The agreements will be brought before the Council for review at the next meeting. She asked the Council to carefully review the proposals but in a timely manner in order to comply with recent legislation.

Committee Reports

- Academic Policy (Magden) – see page U1809
- Advising (Darling) – see pages U1810-1811
- Appeals (NO REPORT)
- Curriculum (Theriot) – see pages U1812-1830
- General Education (NO REPORT)

A catalog revision regarding the effective date of the new advising policy was noted for documentation purposes – see page U1831.

John Koontz encouraged members to consider a more expeditious process for approving changes brought before the Council. The Vol Vision 2015 project, for example, may result in a number of proposals affecting academic policies, general education, and other areas.

The meeting was adjourned at 4:20pm.

ACADEMIC POLICY COMMITTEE REPORT

The Academic Policy Committee met at 1:30pm on September 1, 2010, to review the high school entrance requirements policy passed by the committee and the Council in 2009. The language in the natural science requirement needed to be more specific to better match the recommendations of the state board. The revision was passed by the committee.

Freshman Admission (Effective 2013)
The University of Tennessee calculates a core GPA based upon a four-point grading scale in high school courses in sixteen areas:

4 units of English

2 units of algebra

1 unit of geometry, trigonometry, advanced math, or calculus

1 unit of advanced algebra and trigonometry, statistics, discrete mathematics with statistics and probability, pre-calculus, calculus, capstone, senior math or quantitative decision making

3 units of natural science. Students must complete Biology I, Chemistry or Physics, and a third lab science.
~~to include at least 2 units from Group A~~
~~Group A: Biology I, II; Biology for Technology; Chemistry I, II; Earth Science; Physics; Principles of Technology I, II~~
~~Group B: Anatomy and Physiology; Ecology; Environmental Science (AP only); Geology; Nutrition Science; Physical Science; Agriscience; Conceptual Physics~~

1 unit of American history

1 unit of European history, world history, or world geography

1 unit of additional social science (e.g., government/economics)

2 units of a single foreign language

1 unit of visual or performing arts

Courses in the list above that were taken as Honors or Dual Enrollment are given an additional half-quality point, and courses that were taken as Advanced Placement or International Baccalaureate are given an additional quality point in the calculation of the core GPA. The core GPA is used as a factor in determining eligibility for admission, scholarships, and participation in the Chancellor's Honors Program.

ADVISING COMMITTEE REPORT

The Advising Committee met at 3:00pm on August 31, 2010.

Anderson, Monique	Granger, Vern	Pierce, Fred
Barret, Beth	Gregory, Teressa	Reece, Anton
Boulet, J.A.M.	Holcomb, Tom	Roberson, Laurie
Bradley, Betty	Hoskins, Mary Anne	Russell, Brian
Brey, Eric	Johnson, Jada	Russell, Margie

Carlson, Dan	Magden, Norman	Shey, Phyliss
Cox, Gina	Page, Rebekah	Theriot, Matthew
Darling, Ruth	Park, Bill	Warden, Kathy
DeYoung, Sarah	Parker, Missy	West, Fernandez
Drinnon, George	Peccolo, Dulcie	Wood, Pia

1. Ruth Darling reminded the committee of the delay in the new Advising Policy implementation to Fall of 2012 due to Banner implementation and programming. The current catalog has the previous policy listed but also lists the policy effective 2012 (will include all pre-major, undecided and undeclared as also required to meet with an advisor each term).
2. Undergraduate Admissions Update – Vern Granger distributed freshman enrollment data and the schedule of fall Admissions events.
3. Registrar Update – Monique Anderson distributed important dates regarding Banner implementation. Banner will be used for registration for spring 2011; any other function for fall 2010 will continue in SIS (change address, fall schedule manipulation, fall grades, etc.) Banner training content and schedule was discussed.
4. Overloads – Missy Parker opened a discussion about overloads. The issue may be broader than just those students seeking overloads because unless a student is attempting more than 19 hours, no overload request is necessary. Outline of the situation below:
    - Student takes a course or internship/coop in a prior term but does not register at that time. Student now seeks overload for current term to add the course to their record. Consequently, the student does not show registration in the proper term and fees are not paid in the proper term.
    - Other colleges are experiencing the same issue. Discussion followed and as there is no policy, a subgroup of Missy Parker, Fred Pierce, Monique Anderson, and Ruth Darling will research the issue to ascertain proper channels for clarification and possible policy and/or process implementation proposals.
5. Each College Advising Director or Faculty Advising Director gave a brief update on new staff, curricular changes, program updates and new initiatives for the coming year.
6. Anton Reece provided program updates from the Student Success Center.
7. Program announcements were made by Career Services staff.
8. Notes from Academic Advising Leadership Group (AALG) meeting on August 26, 2010 regarding Banner were distributed to all members via meeting minutes.

CURRICULUM COMMITTEE REPORT

The Curriculum Committee met at 3:30pm on August 24, 2010.

Members Present: Don Cox, Jeff Fairbrother, Tom George, Jon Levin, Catherine Luther, Mark Moon, John Mount, Michael Palenchar, Chris Pionke, Gary Ramsey, Matthew Theriot (chair), Dixie Thompson, Suzanne Wright
Other Attendees: Monique Anderson, Cheryl Norris

Curricular proposals from the following units were approved:

- College of Agricultural Sciences and Natural Resources
- College of Arts and Sciences

Cheryl Norris distributed charts to each of the colleges that outline how undergraduate courses will be enforced in Banner and documented in the catalog. Any prerequisites and corequisites enforced in Banner will carry an (RE) designation; those not enforced in Banner will carry a (DE) designation. Registration restrictions and registration permissions will be enforced in Banner. Comments and recommended background will not be enforced. The charts will be included in the UG Council minutes.

Monique Anderson discussed the upcoming transition to the Banner system. If departments want to remove what is enforced in Banner after "go live," an email should be sent to Cheryl Norris (cnorris4@utk.edu), and the restriction will be removed immediately. Colleges will still need to submit curricular proposals to update the catalog with these enforcement changes.

REVISE CREDIT HOURS

493 Independent Study (1-3)
Formerly: (6)

Subject: Catalog correction

Cheryl,

We have discovered an error in the AEE to ALEC course changes that were made for FA-10. The former AEE 493 Independent Study had variable credit of 1-3 hours, repeatable up to maximum of 6 hours. The intent was for ALEC 493 (which is listed as equivalent in the Equivalency Table) to have the same "hour characteristics." However, in the CASNR submission ALEC 493 had 6 hours credit, repeatable up to maximum of 6 hours (which of course, doesn't make sense). Do you think this is something that can be treated as an editorial correction? A faculty member wants a student to enroll in ALEC 493 this fall, but not for six hours credit.

PART I: COURSE CHANGES

DEPARTMENT OF EARTH AND PLANETARY SCIENCES

(424) (GEOL) Geology

ADD

461 Organic Geochemistry (3) Fundamentals of organic geochemistry; primary production, diagenesis, and preservation of organic matter in the sedimentary rock records; and reconstruction of ancient geologic environments using biomarker compounds.
Credit Restriction: Students cannot receive credit for both 461 and 561.
Recommended Background: Chemistry 130 or consent of instructor.

DROP

451 Planetary Geomorphology (3)

REVISE DESCRIPTION, REVISE RECOMMENDED BACKGROUND AND DROP (RE) PREREQUISITE

460 Principles of Geochemistry (4) A survey of fundamental geochemical principles as applied to sedimentary minerals, organic matter, and natural waters, with focus on conditions of weathering, deposition, diagenesis, and hydrothermal alteration in lacustrine and oceanic environments. Topics include activity-concentration relations, mineral solubility and stability, chemical speciation and redox state of natural waters, organic geochemistry, stable isotopes, and the geochemical signatures of depositional and post environments. Course will emphasize geochemical modeling to test hypotheses, explore assumptions, approximations, and equilibria in natural geochemical systems.
Recommended Background: 310 and 340 and Chemistry 130 or consent of instructor.

Formerly: Applications of chemical principles to geologic systems with emphasis on problem solving techniques. Topics to include plase diagrams, partitioning of trace elements, thermodynamic principles for evaluating stabilities of mineral assemblages, aqueous solutions, and applications of radiogenic and stable isotopes to geologic systems.
(RE) Prerequisites: Chemistry 130 and Mathematics 142.
Recommended Background: 330.

- Change GEOL 204 to GEOL 206 (Sustainability: Reducing Our Impact on Planet Earth).

REVISE INTERDISCIPLINARY PROGRAMS MAJOR/LANGUAGE AND WORLD BUSINESS CONCENTRATION (CHINESE)

- Revise introductory text (1st paragraph)
  - Students who wish to prepare for careers in international business may complete a special major in Chinese, French and Francophone Studies, German, Italian, Japanese, Portuguese, Russian Studies, or Hispanic Studies; a professional emphasis in international business, international retail merchandising, or international agricultural economics; and some form of practical experience related to the concentration. Admission is by permission of the program director.

Admission is by permission of the program director.

- Revise introductory text (3rd paragraph)
  - Students interested in the language and world business program should contact the director of advising as early as possible in their college careers. The academic record presented will be assessed by the Director of Language and World Business. Minimum requirements for entrance and progression to the major are a 2.7 cumulative average in all courses and a 3.0 average in language courses. Students must meet these requirements for progression prior to the completion of 75 hours. MFLL 199 is a requirement for the program. Program standards are adjusted periodically, and current requirements are available from the Director if the Language and World Business Program.

Department of Modern Foreign Languages and Literatures

SUBJECT: Revision of names of majors in French, Russian, and Spanish

DATE: February 26, 2010

The Department of Modern Foreign Languages and Literatures proposes changing the ***names*** of three majors that it offers. All proposed changes substitute 'area studies' names for the current names, which connote a more narrow focus on literature. These proposed new names of the majors more accurately reflect the major curricula, and they are consistent with similar name changes that have been made at peer and peer-aspirant programs in foreign languages and cultures. A more detailed rationale for each proposed change follows. These new names would also appear in the correlate L&WB majors.

From "Spanish Major, Hispanic Studies Concentration or Literature Concentration" to "Hispanic Studies Major." The latter title for the major more accurately represents the curriculum, which integrates language study, linguistics, literature, history, cultural formations, socio-political issues, artistic productions, etc. In the particular case of Spanish, this view is reinforced by the identification of "Spanish" with Spain, the country in which it originated, loosing perspective that 21 countries in the world have Spanish as their official language, and that there is a large number of immigrants from Spanish speaking countries exerting their cultural and linguistic influence in Europe and in the United States. The new name will help to address these concerns.

From "Russian Major, Area Studies Option or Literary Emphasis Option" to "Russian Studies Major." The latter title for the major more accurately represents the curriculum, which targets the comprehensive study of culture. Literature, the arts, linguistics, alongside the political and socio-cultural history of Russia are integrated with language study in the Russian program.

From "French Major" to "French and Francophone Studies Major."

This proposed change would more accurately reflect the existing curriculum, which covers a wide variety of cultural phenomena, including linguistics, literature, history, cultural studies, socio-political issues, artistic production, etc. More importantly, this change would demonstrate to both students and those outside the program that our interests are not limited to the borders of France itself, but take in the entire francophone world, from Québec to those many African countries where French is the official language, and where the history of French colonialism has left a profound cultural legacy.

CATALOG REVISION

Because the Banner system will not be fully equipped to enforce the revised advising policy passed by the academic policy committee last year, an effective date of Fall 2011 was added to the online catalog (see below).

ACADEMIC ADVISING AT THE UNIVERSITY OF TENNESSEE, KNOXVILLE
The University of Tennessee recognizes academic advising to be a critical component of the educational experience and student success. Faculty, administrators, and professional staff promote academic advising as a shared responsibility with students. Academic advising serves to develop and enrich students' educational plans in ways that are consistent with their personal values, goals, and career plans, preparing them for a life of learning in a global society.

At the time of application for admission to UT Knoxville, students are asked to indicate whether they have already identified a preferred college. Students who are admitted as University Students and have not yet declared an interest in a specific college are advised by the College of Arts and Sciences Advising Center with assistance of advisors in other colleges and Career Services. Advising centers and designated offices in each college handle all freshmen and a substantial amount of sophomore advising; major advisors within the college, working closely with the advising center, guide advanced students. At all levels, campus wide guidelines for good advising are supplemented by specific college standards, guidelines, and evaluation.

Prior to advanced registration, all students who have earned fewer than 30 hours at UT Knoxville~~,~~ or are on Academic Probation~~, or have not declared a major within a specific college (undecided, pre-major, interest, undeclared)~~ are required to meet with an advisor during each main term of the academic year (i.e., during fall and spring). All other students are required to consult with an advisor for a substantial conference during a designated term each year. However, students are encouraged to consult with a college or major advisor at any point during a term or academic year. Students whose ID numbers end in an even digit are required to meet with an advisor during fall semester. Students whose ID numbers end in an odd digit are required to meet with an advisor during spring semester.

> **Effective Fall 2011**
> Prior to advanced registration, all students who have earned fewer than 30 hours at UT Knoxville, are on Academic Probation, or have not declared a major within a specific college (undecided, pre-major, interest, undeclared) are required to meet with an advisor during each main term of the academic year (i.e., during fall and spring). All other students are required to consult with an advisor for a substantial conference during a designated term each year. However, students are encouraged to consult with a college or major advisor at any point during a term or academic year. Students whose ID numbers end in an even digit are required to meet with an advisor during fall semester. Students whose ID numbers end in an odd digit are required to meet with an advisor during spring semester.

All students at the University should review carefully the prescribed curricula of the respective degree-granting units and should choose courses in accordance with their college preference. The student, not the advisor, bears the ultimate responsibility for educational planning, selecting courses, meeting course prerequisites, and adhering to policies and procedures. Assistance to students with academic problems or questions is provided by professors, advisors, department heads, and college deans or advising centers. Numerous other sources of academic, career, and personal counseling exist on the UT Knoxville campus and are available to admitted students. These are described in this catalog under Academic Services and Student Affairs and detailed information is available on the Student Success Web site http://studentsuccess@utk.edu.

BANNER ENFORCEMENT CHARTS

Banner Enforcement of Undergraduate Courses

Some of the prereqs/coreqs/restrictions in the course descriptions section of the catalog had to be rearranged to better delineate what is and is not enforced in Banner. The goal was to make the catalog more precisely reflect what is programmed in Banner (based on departments' Banner enforcement forms). This will make it easier to assist students who encounter prerequisite blocks or other restrictions and have questions. Any fields that were adjusted since the catalog's release are highlighted in yellow below. If you have questions, please contact Cheryl Norris at cnorris4@utk.edu or 974-1466.
