James Carr

12:45 - 5:00

E. L. Ogden

Read reply from Mr. Larson – he has with him select essays on Const'l law v. 4 – and French Antonible[?] +c + is working on them. He gave directions for locating his desk key + getting out Harv. L. Rev. May 1940 no. which was wanted for binding. It was easily found. Sent Miss Baker for her information copies of correspondence with J.C. Thomason and RR Kramer about fines. Kept a memo of contents of these letters. Miss Walsh phoned Sat. that binding to Southern would be sent off July 8. Sent report of book + circulation statistics to Miss Baker + gave Mr. Thomson (who works at Main) cash (11¢ ink money, no fines). Campus mail.

E. L. Ogden

2:15 - 5

A.M. – Miss Baker phoned that she had notified Mr. Hess that if Mr. R.R. Kramer wants to pay fee for future use of Law Lib. he must wait until the matters if fines due + a book not yet returned are attended to. Asked about Southern binding, she said they had showed no judgment about placing indexes. Better place them properly before sending or give specific directions where they should go. Campus mail. Mr. J.W. Baker came for Mr. Kramer, with check for fee. Told him circumstances + that I couldn't let him have books anyway because Mr. K. hadn't authorized him to sign. Said I would write it out – but found it so complicated thought best to wait + get it typed. By time I got it ready to be copied, near closing time, Mr. McNabb phoned explanation of the matter. I asked him to write it out + have it typed + I would hold any letter till his came. He said he would do it first thing tomorrow. Mr. Dunlap of Frantz McConnell + Seymour (contract) used Lib.

8 - 1

E. L. Ogden

Mr. McNabb (of Kramer's) phoned he would come + bring letter giving substance of what he said yesterday by phone. Mr. Burnett (for C.H. Smith, contract) used Lib. I suspended rules and lent him a recent no. of Law q. rev. which gave information about a recent Engl. case, too long to be copied here. He is to return it "as soon as possible." Worked on binding – with special attention to directions for indexes.

12:45 - 5

James Carr

Made record of books being sent to bindery. Two students from the "Hill" wanted certain citations and statutes on "emancipation of women" and on unfair trade acts. I found them for them. Someone called Mr. Ailor, saying it was important, but I was unable to locate him. Mr. Young used the library, and Mr. John Rountree (assignee of contract) came and took out two books. Made new labels for 3 or 4 shelves.

7 - 9:30

James Carr

Straighten chairs and shelved books used up until 5:00. Shelved books in the "return to shelves" shelves. Helped student locate some early N.Y. cases. Routine work.

Friday July 5, 1940

8 - 12:30

E. L. Ogden

Finished revising bindery slips + packing vols. Phoned Mr. Perrin to get the boxes this P.M. or tomorrow morning. Mr. Rountree (contract) used Lib. J. Armistead (for Egerton +c. contracts) phoned to ask if he could take Ky. code to sessions court this P.M. for about ½ hr. I said yes – state codes sometimes lent for limited periods.

12:30 - 3

James Carr

Shelved few reviews, marked boxes for binding. Straightened chairs and shelved books left on table. Cut cards from scraps. Read over rules under "Circulation." Gave Mr. Armitage Ky. code to use in Sessions Court.

2 - 5

E. L. Ogden

Cleared up various left-over items postponed because of binding. Had reply from Mr. Kramer which I am mailing to Miss Baker tonight with comments. Joe Wagner, recent graduate, used Lib. for his father in Chattanooga.

7 - 9:30

James Carr

Did several "little" things – straightened room; shelved a lot of books left on table; tied up gov. (Atty-Gen'l Ctt [?] on Admin Law) monographs; put reviews and journals on shelves; stamped, recorded, shelved adv. sheets.

8 - 12:30

E. L. Ogden

Miss Baker phoned that national organizations to which statistics must be reported require additional data ~~rather~~ and a different division of data we now give. For circulation, under "other" count students + faculty separately and count as "faculty" any member of Lib. staff or univ. officer ~~incl.~~ Keep statistics of reference questions from today. Telling where a book is, isn't ref. and doesn't count. Getting information readily at hand in a few minutes is "General reference;" questions requiring search for 15 minutes or more, ~~bibli~~ compiling bibliographies is "Search." Miss Baker will probably be here Monday with samples of blanks showing what facts the statistics are to show. Campus mail brought among other things 8 C.J. which disappeared from our shelves about July 20 1939. Mr. Thomson will ask at Main Lib. where it came from. Joe Wagner used Lib. again.

Monday July 8, 1940.

8 - 1

James Carr

Check in overnight books, and cleared the tables – especially the faculty table which was somewhat loaded. Talked to Mr. Davis about the Ballantine (90305) which he reported lost. While hitch-hiking, he laid the book on the fender of a stranger's car and went off leaving it. Little hope of returning it. Will pay cost plus cat. fee. Collated + shelved books left for that purpose. Looked for "Equitable Relief from Torts;" could not find author's name, but located book just back of desk! Wrapped Fed. Dig., and put in balcony. Student wanted the 2 vol. Mechem's Agency later for review. Are they the old ones in balcony? Mr. Stair thinks he left his corp case book in the library Sat. Can't find it. Several bks. came in campus mail. Am leaving them. Put up reviews and journals which came via mail. Shelved books on "back to shelves" shelves.

12:45 - 5:00

E. L. Ogden

Routine matters – Mr. Wagner again.

7 - 9:30

(James Carr)

Routine – lots of books to shelve before evening was over. Mr. Wagner + Mr. Mears both present. Mr. Seymour (in school?) here for 1 ½ hrs.

(rec'd from Dean's Off.) to be cat'd as cops 2 + 3. Reported again Earl Bradley's unpaid fine. Worked on binding. Had rec'd from Mr. Kramer last Sat. a letter explaining delay in returning books and enclosing check to U.T. Treas. for fee so knew it was paid, though notice from U.T. treas. not yet rec'd.

Student from "Hill" wanted material on common law marriage for a thesis. (Research no. 1) Found several books which she borrowed. Letter from Dict. Amer English asked extract from Tenn. Sen. J. 1841 - 42 on John A. Gardener's resolution about state "Jacksoniana." We hadn't the vol. but looked up Gardner - 2 short biogs. found but not the information wanted. Counted this as Research (2). Phoned Mr. McNabb, who said the day he promised Pomeroy to be ret'd, found Mr. K had taken it home with him to Maryville + had forgotten to bring it back. Mr. McN will go there himself + get it. Campus mail.

12:45 - 5 James Carr
Copied Library Office Inventory list. Found it very hard on eyes! Mr. Ely used library.

Posted notice on Lib. bul. board + gave Mrs. Morris one to post in 2^d floor calling attention to closing at 12:30 tomorrow. Mrs. Morris to be away till Monday A.M. Lib. will look out for phone when Dean not in office. Looked over copied sheets of RT inventory. Asked Judge Jones if he knew anything of missing vol. of Jones on Ev. or Smith - Inadequacy of the constitution. He said no.

12:30 - 3

James Carr

Started copying on the "Library Office Inventory" but didn't get far. The phone kept ringing. Wanted Mr. Blackard. He wasn't in. Did some reference work for student from hill (emancipation - § 8460 '32 Code) and started on research for "birth control" laws for another.

3 - 5

E. L. Ogden

7 - 9:30

Rearranged schedule for personal preferences. Worked on binding. "ReSearch" question to find a list of states having birth control laws was unsuccessful but took lots of time.

Saturday July 13, 1940

8 - 12:30

James Carr

Did regular morning routine chores. Dean requested that I take phone calls. Exams started today, and I opened library 10 minutes early, so the students could get in that last-minute cram. Changed the class schedule, and looked over blanks sent by Miss Baker through Mrs. Walker. Dated calendar [sic] for next week, noting suggestion for more space. Wrapped the N.Y. Times Book reviews. Couldn't locate the N.J. Journals. Checked in books returned by Miss O'dell (student on Hill). Left 2 books returned by a lawyer (Smith, I think) on desk for Miss Ogden, per instructions. Helped Miss Lowery find "Motion to Quash Summons" in Hist of Law Suit. Listed it as "gen'l ref." Dr. Greene, Prof. on "hill" used library. Mr Headman (J. Pike Powers) used library, and took a book out.

Monday July 15, 1940

8 - 1

James Carr

Routine work. Checked in books, dated due slips, changed calendar [sic]. Helped Miss Lowery find distinction between actual and nominal damages. Found a form for bill of lading for Mr. Garthwright. Copied the inventory list from Crimes to Legal ethics. Stamped reviews or journals that mail brought and left them for Miss Ogden.

12:55 - 5:10

E. L. Ogden

Among waiting mail rec'd was a "campus" envelope addressed RR. Kramer, Law Lib. Started to mail it to him but on second thoughts opened it and found, as I anticipated, a receipt for fee for use of Lib. July - Dec. 1940, or rather, "½ year," not specifying months. As his check for this was enclosed in a letter I left on Miss Walsh's desk a week ago last Friday, I presume the letter was attended to at Main, though have heard nothing about it. Later - learned Miss Baker gave check to Mr. Hess who probably put it in his drawer, probably without noting Mr. K's address. She is returning his letters ~~with~~ and suggested form of reply. She said to send receipt back to Mr. Hess and give him Mr. K's address. N.B. Morrell used lib.

7 - 9:30 James Carr
Shelved numerous books left on tables. Collated A.L.R. on table. Looked up N.J. L.J. but found June missing, and did not tie them up. Shelved journals + reviews.

Wednesday, July 17, 1940

8 - 1 James Carr
No one came in for some time, so I decided to see if I could type a page of the index. Got one page typed O.K., I believe. Shelved books, and advance sheets. Started to copy on inventory list, but discovered we were practically out of "Law College" stationery. The office had closed. Some people from Alabama wanted a Law College record, but I told them they would have to get it at the office or reg. off. Let them see ours. Mark as reference? No [ELO's hand]

1 - 5 E. L. Ogden
7 - 9:30
Campus mail. Mr. Headman (for J. P. Powers, contract) used Lib. Worked with RR 4 a + b current periodical files + cleaned type on typewriter with Mrs. Morris' equipment. Mr. Stair only user of Lib. in afternoon - helped him find law + other material on Nat'l Labor Relations Act. Did not consider it really "reference." At night, while working with periodicals, inspected bar pubs. for those having communications from bar ass'n presidents + gave Mr. Wicker a list of those found. Presume this might be "reSearch" + guess it took more than 15 min. - counted it as such. Mr. Headman only user of Lib. in A.M.

Thursday, July 18, 1940

8 - 1

E. L. Ogden

Composed reply to Mr. Kramer's letter of July 3, which Miss Baker returned yesterday by campus mail. Miss Baker phoned yesterday about a pam. on comparison of political + other rights of men + women in U.S. (Sen. Doc. 1936) which she will have cat'd for Law if not in our pam. collection. ~~Friday~~ Saturday, July 20, 1940

8 - 12:30

E. L. Ogden

One of Judge Jones class in statutory construction asked to have Black + DeSlovere (Cases) put in R.R-5 from RT. Did so – after counting on that class not wanting such books as Judge Jones' classes almost never do. Overlooked the fact that DeSlovere is the case book he is using + so did not put it out of sight at beginning of term. See no help for putting it on Lib. shelves in RR-5. Will have to be watched for ink marks and for loss. Worked with current periodical files – corrected inventory list for nos. ready to go to B. Notified Sigma Nu Phi to discontinue sending the "Owl" as authorized by Dean Witham. Campus mail. E.L.O. owes Lib. an hr. + $\frac{3}{4}$.

Mr. Cowan (Knoxville resident, not lawyer) used Lib. said HHT had let him do it before. Had hoped to see her – has high regard for Miss Helen – whom he knows quite well – supposed she had gone to Rugby +c. Compared copied parts of R.T. inventory + put in place of old sheets. Began to check lists of books offered for payment for advt. in Tenn. L. Rev. Campus mail. Thermom. under clock 92° at 4:55.

Worked on accumulated work on desk – rather, table behind desk. Read book reviews. Shelved books left at 5 P.M.

Tuesday, July 23, 1940

8 - 12:30

E. L. Ogden

EE. Fischer for C.M. Seymour (contract) used Lib. + said he was leaving for Calif. in about a week to work on a horse ranch – a thing he had always wanted to – intimated that health had something to do with his decision + his desertion of law might not be permanent. I said I hoped his successor in dealing with the Lib. would take pattern by him. Checking lists of books offered in payment for advts. in T.L.R. took all morning.

2:05 - 5

E. L. Ogden

Continued checking advertisers' lists. Campus mail.

12:30 - 3 James Carr
Boxed & shelved numerous pamphlets. Talked with Miss Ogden about future work to be done, typing, etc.

Wednesday, July 24, 1940

8 - 1 E. L. Ogden
A man putting last touches on his thesis wanted "name of pub." of Tenn. Acts 1935, ch. 32 – on Bradley Co. – couldn't find it at Main. He said someone in Nashville got the ref. + the fac text of the part he wants. I looked up all lists I knew of here + sent him to Main – ref. room this time – to see if they could find more. Had discovered years ago that county matters are not in the Acts we have for 1835/36, which we have + U.S. Dept. Justice Lib. lists a "Pub" + a "Loc" vol and a "called" sess – so citation should distinguish between these. I call it a research question – is it? Washed up desk linoleums left over from last Sat. A young woman, Miss Crox, working for Dr. Dunford wants to bring her typewriter and work in Conf. room.

12:45 - 5 James Carr
Collated several reporters (listed them). Typed the page 2 of list over since it could not be corrected very well. Started to fix cellophane & cork back & cover, when "the rains came!" Rushed to lower bottom windows and raise top ones – all were open. Books in the stacks (Ala. etc.) got quite wet before I got to them. (Dried them with cloths). Mrs. Morris came up and helped. Bob was not here (so far as I know). In the rush the eradicator was turned over. Top slightly loose and bloter [sic] soaked it up.

7 - 9:30 Carr
Night. Continued same.

Thursday, July 25, 1940

8 - 1 E. L. Ogden
Mr. Cowan (see Mon Jl 22, 12:55 entry) used Lib. Also Mr. Burnett (for Cates, Smith + Long, contracts). Consulted Dean Witham as to location of Code of Fed. Regs. and decided on N.E. stack after U.S. Stat at Large. Noted form of citation to be typed for insertion in Uniform form of citation pam. Got cop. of Mr. Meares prize copyright essay to put with Tenn. prize-winning ones + made record. Told Miss Crox using typewriter at lawyers' table she could leave it there on condition that she would move whenever a lawyer came there. We promised that table free for their exclusive use whenever it was wanted.

12:30 - 5 [James Carr]
Mr. Cowan also here in afternoon. Helped Miss Crox look up date on state Civil Service laws. Did the typing of index cards and page for "Citations." Read several book reviews, and looked up reference for a student, and got a citation for TVA over telephone. Moved the Statutes to make room for Fed. Code. Looked & felt like a Negro digging a ditch before I finished! Mr. Ely returned books.

7 - 9:30 [James Carr]
Continued to clear shelves, and shelved Fed. Code. Read book review. I added and re-added my hours already worked and to be worked in July. Total 137 (see note).

[Note inserted at this page]

Miss Ogden:

I have figured my hours up and this is what I get:

Total hours worked thru July 25 -	112 $\frac{3}{4}$
Hours scheduled for rest of July -	<u>24 $\frac{1}{4}$</u>
Total for July -	137

This gives me $\frac{1}{2}$ hour more than I was originally scheduled for.

Saturday, July 27, 1940

8 - 12:30

E. L. Ogden

At opening, found two young men waiting to get in to get something on Colo. extradition laws – wanted Colo. code (which we haven't). Found some of what they wanted in Wharton's Crim. procedure + books on Habeas Corpus. Counted as "general reference." Phoned Mr. Kramer – spoke to him in person. He said he could not find Pomeroy Code remedies – what could he do? I said replace it + gave title, ed, +c. + said previous requests had been ignored + I wanted answers when books were recalled. He said yes, + would return books now but not right away. Mr. Cowan, J. Harry Price used Lib. Campus mail. Wrote for past, pres. + future no. of Housing Legal Digest to complete file + cleared out some of accumulation in basket. Dr. White (U.T.) in Lib. at closing time. Told him he could stay on till he finished.

Monday, July 29, 1940

8 - 1

James Carr

Talked to Miss Ruth Walsh about my time. Gave her the number of hours for July. She suggested that I turn (or have Miss Ogden) my time in on the 8th to include the hours to be worked through the 15th, and turn in on the 20th hours to be worked through rest of month. Regular morning routine. Worked on accumulations in the basket. Mr. Davis had the unusual good luck to have the copy of Ballantine's Priv. Corp. returned to him. Mr. Pearman returned books for his firm. Mr. Price used the library again. Campus mail. Had to leave most of it for Miss Ogden.

12:45 - 5

E. L. Ogden

Brought more cat + shelf cds to date. A Pol. econ. student came to find out how to use Shep Tenn. Citations. Gave some help – didn't call it ref. At Mr. Powell's suggestion closed all west windows + pulled down shades to see if room would be cooler. Don't know how much hotter it would have been – put both thermoms. at N end of room. One stayed at 98 the other rose to 96.

7 - 9:30

[James Carr]

Went through all "sample copies" to find one wanted at Main Library. It was the last one, of course. Index cards. Book reviews. Miss Crox here.

Tuesday, July 30, 1940

8 - 12:30

E. L. Ogden

W.H. Peters (contract) used Lib. Campus mail was delivered in Office + our mail for Lib. not taken by Mr. Perrin's substitute, Mr. P. on vacation. Asked Miss Walsh about next binding. Shed said to be sent next week, to N.L.B. Did some mending + examined RR-5 for candidates for rebinding. Mended some of them. Yesterday discovered two cops. of 1939 Tenn. Pub. Acts hadn't been recorded in daily record accessions, nor added to cat. - so not counted in statistics!

12:30 - 3

James Carr

Wednesday, July 31, 1940

8 - 1

E. L. Ogden

Sent Miss Baker a memo of Law Lib. hours Aug. 22 - Sep. 24 as observed in former years. Rec'd exam schedule yesterday. Miss Baker replied as to fine for book lost by Davis, if he reported loss at time book was due, no fine. Told Mr. Davis her decision. She said would try to find someone to substitute Aug. 27 so E. L. O. could get back from vacation Sep. 24 instead of Sep. 25 - to call Mrs. Clemens about it about 23^d as Miss B. would be away, that substitutions have been especially difficult to arrange this year. Mr. Cowan used Lib. - also Mr. Burnett (for Cates, Smith + Long, contract), Mr. White (contract) and Mr. Baker for RR Kramer, fee. Miss Crox worked on state civil service laws. Mr. McNabb phoned that he would look after all Kramer loans hereafter, that Pomeroy could be found [n]either at Mr. K's home or Office after extended search. Mr. K. said he had never taken a Lib. book home before + regretted to have impression made he was careless with them. I ~~phoned~~ wrote Miss Baker as to how to be ordered for replacement. 8 - 12:30

E. L. Ogden

Lib. used by Mr. Cowan and R. Young (for W.W. Kennerly, City Director of Law). Mr. McNabb phoned to ask if 2^dhand cop. of Pomeroy would be accepted – Callaghan offers used cop. good condition for \$7.50, new \$15.00. Miss Baker says regulations call for new. I asked if he had inquired at ct. house – the judge might have it. He said he had done so by phone and would do so in person + if not there would mail check. Did more work on cards + measuring shelves + books preparatory to shifting.

Monday August 5, 1940.

8 - 1

James Carr

Dusted off current period's and shelf. Collated reporters and digest. Mr. Cowan here again. Read shelves and corrected Codes. Had to do some shifting. Routine. Stamped books (reviews, etc) and left same for Miss Ogden.

12:45 - 5

E. L. Ogden

Mr. Cowan and Hugh DeLozier of Maryville who wanted something on systems of municipal government – spent some time making sure we had nothing he wanted, counted it as "general reference" query. Is this fair when search is negative? + time spent demonstrates good will only and gets no results of value to anyone? One of non-legal students brought typewriter to use in conference room, Mr. Privette (for Mr. Tapp) phoned that check for July - Dec. fee was being mailed and would I renew vols. due today – which I did.

7 - 9:30

James Carr

Filled out calendar [sic] for rest of summer. Tied up journals on table, recorded advance sheets, etc. Shelved them. Shelved books on table, after students using them had left.

Tuesday Aug. 6, 1940

E. L. Ogden

2 - 5

In morning Mr. Cowan + Mr. Burnett (for C.H. Smith, contract) and Mr. Young for Knoxville city director of law, W.W. Kennerly used Lib. Mr. Strauss phoned for renewal of charge of 1 v. and Mr. Privette – 3. Counted these in circulation statistics as new statistics forms authorize. Got Mr. McClure to move some sets from Conference room to make room for Halsbury's laws from alcove which may give enough space for expansion in alcove. One ref. – helped Mr. Burnett find material on malicious prosecution.

12:30 - 3 James Carr
Discussed the plans for shifting of books and went over the details of spacing in the Conference Room with Miss Ogden. Shelved the books to be returned to stacks. Looked up (but did not find) reference on Fla. Law.

7 - 9:30 James Carr
Had hope of getting lot accomplished but did not. Mr. McConnell Campbell (Webb, Green, Bass, McC) did lots of reference work on brief and asked several questions in re location of reports, Shepherd's [sic], etc. Thought it best not to leave desk to do typing or measuring while he was here. Mr. Wm Kries joined him. Shelved books and listed periodicals for binding. Found case for Ellison.

Wednesday Aug 7

8 - 1 E. L. Ogden
Corrected records for change of sets from Conf. room to Balcony + straightened sets on B-shelves. Wrote Miss Walsh for rubber bands, manila envelopes for campus mail and reserve book cards. 7 - 9:30 James Carr
Shifted books.

Thursday Aug 8

Read + noted book review. Worked on Trust Service and CCH. Mr. Cowan here. Mr. Blackard also. Mr. Morrell phoned to see if library was open, and then came down.

7 - 9:30

James Carr

Shifted books. Had to change several shelves and probably lost one due to difference in size of U.S. Repts. and the Atlantic Rept. Mr. Cowan and Mr. Headman used the library. Shifting books and shelves at times made quite a bit of noise, but no one complained. Will have to bring change of clothes, since the ones I work in become soaked and may give cold after "cooling off."

Fri. Aug. 9, 1940

8 - 12:30

8 - 12:30

E. L. Ogden

Mr. Cowan again. Miss Helen Kittrell, Libr'n at Norris came to ask what law books we could suggest purchasing for Norris Lib. - to satisfy a group who wanted law books added. They had suggested Blackstone and books on special subjects such as torts + criminal law. I suggested the set Nat'l Law Lib - 6 v. as probably appropriate, thought Blackstone not especially desirable. Lent a West pub. co Law school cat. to give an idea of prices + subjects and suggested the persons who want the books added might come here + look over what we have + what Lawson McGhee has that would fit what they have in mind. Campus mail. Finished checking catalog work on books rec'd through June 30 - but will find more adjustments, probably when filing cards. Missed opportunity for having a nice ref. question to report - Mr. Cowan wanted to find something about Nat'l Ctte for mental hygiene. I could suggest only World Almanac for address + officers. Later he told me he found a great deal in Encycl. of Social Sci. which hadn't occurred to me for that subject. Must try to remember next time.

Monday, Aug 12, 1940

8 - 1

James Carr

Routine – Mr. Cowan here again. Mr. R. Young (Kennerly) used library and took 2 books. Mr. Vander Brugge wanted to reserve Dobie “Fed. Pro.” for next Saturday night (week-end), and another wanted it for the night of the 19th. Accepted conditional reserves. Worked on accumulation in basket, book reviews, etc. Campus mail.

12:45 - 5:00

E. L. Ogden

Filed cat. cds. Mr. Cowan here. Mr. Warner came to see sample bibliogs. to advise Mr. Jack Morgan, whose thesis had been marked “citations incomplete”. He said they wanted publisher and date of pub in such entries as ‘Tenn Pub. Acts 1933 ch. 32 83 U.S. L. Ed. 851 +c. I went with Mr. Warner to his office to look over the citations + was shown a paragraph in directions for preparation of theses that advised following professional methods of citation. I suggested if he conform to “Uniform system” a letter from Law College saying citations complete in accordance with it, they might be allowed to stand. He + Mr. Warner agreed + Mr. W. continued to advise him after I came back to Lib.

7 - 9:30

[James Carr]

Two students from “hill” used the library. Also Mr. Cowan. Shelved books, and shifted the Northeastern Reporters.

8 - 12:30

12:30 - 3

Shifting. Made new cards for books. Mr. Cowan here.

Wednesday, Aug. 14 1940

8 - 1

E. L. Ogden

Began work on statements of extra-Univ use of Lib. – overdue nearly a year. Express brought three good sized packages of Shepard's Citations with Univ. order no. Marked them to go to Main Lib. – opened only 1 pck. to see what they contained.

12:45 - 5

James Carr

Went down to see Mrs. Morris about ribbon (typewriter). She said that it had to go through offices on the "hill" and be requisitioned. It will probably be the 1st of Sept before it will be available. Tried to type schedule and cards on old ribbon with questionable success. Other routine work. Two lawyers. Mr. Cowan.

7 - 9:30

James Carr

Mr. Cowan again. Measured alcove shelves, and find I am just about breaking even now. Don't know what to do about new Shepard's Collated book for binding. Shelved Register, etc.

Thursday, Aug. 15, 1940

8 - 1

E. L. Ogden

Mr. Cowan here. Phoned F. Apperson to send Law the amt. shelf space needed for each set of Shepard's citations rec'd in order sent Main Lib. yesterday. She thinks she is scheduled to come to Law Lib. ~~May Sep~~ Aug. 27 instead of 29th as I had understood. Worked on some more "extra-univ. users" statements. A 2^dhand book dealer from Nashville asked if we had Baxter's Legal Reporter (Tenn.) We have 2v. but not 3^d. He has same – took note of some other things we might need. Thinks if he gets them he may be able to exchange with Tenn. Law Rev.

12:45 - 5

James Carr

Typed several copies of extra-U Users. Also copied cards. Student from the "Hill" worked on cases. Mr. Olin Henderson (TVA) came and wanted Pomeroy on Bankruptcy. It was in the balcony. Told her 37 through 15th and 28 ½ 15th through 22^d. That means 2 ½ not now scheduled to be made up for hours reported ~~through~~ for yesterday evening for which E.L.O. substituted. Said to Mr. McClure that it would be a good thing for him to practice getting through with his work in the Lib. before opening time – that I thought the Lib. deserved as much attention as a classroom and if he could not do it early enough in A.M. to do it between 5:30 + 7. + I did not think he left classrooms chairs not set in straight rows. A. Seymour (for C.M. Seymour, contract) and R. Young jr (for W.W. Kennerly) used Lib.

Found for him passages cited and substituted Amer. jurispru. for Glenn which was out. Mrs. Kittrell, Norris Lib'n ret'd West's cat. and ~~said~~ asked more about law books. Asked Mr. McClure if there was any available shelving in building with shelves 11-12 in. apart. He said he would ask on the Hill. Showed him possible rearrangements discussed yesterday with Mr. Carr to make what we have go further – also possibility of having RR-6 shelves taken out and put back more widely spaced. Washed desk linoleum.

Monday, August 19, 1940

8 - 1

James Carr

Regular Monday routine. More students than usual used the library, and seemed to want about the same books. Mr. Powell asked if he might take Brennon's NIL out at about noon, but I said I was afraid it would be needed here. He will come back tonight after one. Schulenberg wanted to reserve McCormick on Damages for Tues. night. Mr. West had it reserved. Pointed out that West had it over weekend. I said Miss Ogden would probably let Mr. Schulenberg have it then. He also put in a reserve. Mr. Cowan here. Also Blackard, Warner, and John Bough.

E. L. Ogden

Mr. Myron Ely (for L.C. Ely, contract) used Lib, also Mr. Cowan. Herbert Davis phoned to ask if we had anything that would show whether a certain insurance co. had offices in Tenn. I am not sure what Mr. Davis status is, but understood from HHT that he had spoken to Dean Witham and there was some agreement. Dean W. not here to ask so looked up the matter Mr. D. wanted + reported nothing found. Mr. Cowan also had a question as to stock holder's liability but Lib. had nothing. Did not count either one of these as "gen. reference." Finished "Extra Univ" statements Oct. 1939 - June 1940 + sent cop. to Main Lib. Read shelves RR-5.

12:45 - 5

James Carr

Shifted remaining books in alcove. Also moved rest of 2nd D's into alcove, but stopped there because of uncertainty of plans. Do all the decennials go in alcove - that is, as many as will go? If so, I will move them Saturday. Think space held out well. Didn't loose [sic] any more shelves. Mr. Warner, Mr. Wicker and Mr. Young used library. Mr. Cowan didn't return. Mr. Burnett, for Mr. C.H. Smith, contract, used Library. Mr. McClure mopped floor. Took telephone messages for Mrs. Morris whose husband was sick. Mr. Meares with Mr. Bird came at closing time and Mr. Meares said if he could see Dean he was sure that he would let him in as he has been doing (see Sep. 23 – postscript). Mrs. Morris insisted that such was not the case, and Mr. McClure locked doors. During this time, someone removed libr. key from desk drawer. (See Mrs. Morris for further information on subject!)

1:30 - 4

Mr. Burnett for Mr. C.H. Smith (contract), Mr. Herbert Davis for Mr. Winick (contract). Mr. Meares is supposed to have carried key to Maryville by mistake! Later Mr. Bird telephoned to Mr. Meares who said he had left key in an empty locker, where Mr. Bird found it. Mr. Wicker had given Mr. Meares permission to work in Law Library Friday night + had unlocked door and admitted him to building, but did not remain here, neither did Mr. Bird. Mr. Meares left outside door open and night watchman reported it. No one knows whether any books have been removed but probably not.

[Postscript mentioned on Friday, Sept. 20]

Later learned that after refusal of permission to come back Fri. night Bird + Meares lingered around and after 9:30 called up Mr. Wicker who came to let them in Meares representing that Dean W. had given Mr. M. permission to use Lib. at any time (Dean said he never had or would). They took the Lib. key to see if it would fit Law Rev. room where Mr. B. had left some things he wanted.

Apropos of the above, Mrs. Morris later explained that Mr. Wicker had come from his home on Mr. Meares request to let him in the building, representing that Dean Witham had given him (Meares) permission to use Lib. at any time, which Dean said he hadn't. John Baugh used Lib. for Donaldson (contract). Disposed of routine on desk and dusted chair seats, + some other spots while HHT got ready a display collection for new students + old. Dean W. said about 30 freshmen registered – other classes about same as usual in numbers. Campus mail. Dean Witham sent up a list of books to be checked – offered by Hugh or Alfred? Sanford – through Harry Price – giving impression the whole lot was to be disposed of + would he be willing to take \$150.00. I gave Mrs. Morris Miss Heiskell's Lib. key which had been kept in Lib. desk as a convenience.

Judge McKinney of Tenn. Sup. Ct. came to see 2 v. of Amer. dec. saying this set not in Sup. Ct. Lib. in Courthouse. He said Legislature 1939 neglected to make an appropriation for the Lib. when it met last but that it would do so in Jan. at its next meeting. I wonder if we could sell them the 2d set of Amer. Dec. and L.R.A. which he says they lack. Saw E. Anderson a recent grad. in Park Nat'l Bank. She said she is in office of Egerton + Clarke doing legal work. I suggested she get authorization to use our Lib. from members of her firm entitled to do so. Took back list of Metcalfe books to Dean saying I thought we ought not to buy the books for \$100 to \$150 as the money was needed more for other things. Called up Main Lib. to ask if shop had made any statement about chairs, tell her they are here and ask what to do with them. Asked students not to study at dictionary table but to take vol wanted to some other table. Only a few in Lib. Miss B. answered about chairs at 5:32. ELO will see to them tomorrow.

7 - 9:30

Same T.V.A. lady afternoon (Mrs. Bayless). Very few students - a freshman football game going on. As to chairs, Miss Baker said yesterday that in the first place she had asked the Lib. Bur. agent about them and he had suggested tightening the screws of blocks that brace the corners of the seats underneath + if screws cannot be tightened to hold, to take them out, put glue in the screw holes + put the screws back. Today I tried this on one or two, couldn't turn screws one way or the other they are so tight and couldn't see how any of these screws could affect the trouble. Called Mr. McClure to look + he agreed this wasn't the remedy + suggested asking the opinion of the man in U.T. shops who used to work in a furniture factory what to do. Miss Baker had advised we try to follow instructions of the Libr. Bureau agent ourselves + then see what further was needed. Asked Mrs. Morris to get Dean W. to look at them too to corroborate my + McClure's opinion. Mr. Pugh, U.T. auditor used Lib. - about a doz. students. Had to get Restatement Torts from Mr. Larson's desk for use of students. Mrs. Morris lent her bunch of fac. office keys for Lib. to use while she is away week end.

Campus mail. Dean W. looked at chairs – said better ask Miss Baker for a statement from the shop as to what method could be used to tighten them. Football today so close at 12:45. Couldn't find 4 Tenn. App. cop.1 and last years U.T. Register. Discovered that the new register under "Catalog of students" gives only names of "degrees conferred" and not those attending all classes. Visitor (G.I. Tour) from Mass. to see Mass. laws. Began sorting book advts. with a view to immediate purchase suggestions. Yesterday Mrs. Morris brought up register for freshman libr attendance to be begun Monday. Still no heat, waiting for furnace repairs to be finished. Mr. G.I. Tour came on personal business to see Mass. laws which he couldn't find elsewhere + took too long to write to his lawyer in Mass.

Began work on book advts but Dean W. came up in haste and after a few minutes work asked if I could help on looking up dates of appointment of trustees of U.T. – as stated in Tenn. Acts. He had dates of confirmation by Senate but not of Governor's appointment. In our list of acts +c. affecting U.T. 1929 was last listed for resolutions containing resolutions concerning trustees, and a check up on subsequent vols. discovered nothing previously overlooked so had to turn back his list with little done + afternoon gone! I understood it was all for the purpose of checking up on expiration of terms for present trustees. Campus mail; heat on at noon.

Made official list cards for books to be brought from TLR (selected for advt. credit). A grad. student from Hill - a lawyer but studying for Master's degree (not law) wanted to write his thesis on hist. of legal ed. in Tenn. Showed him Mr. Blackard's art in 14 TLR + suggested he look in TLR for others and in Tenn. Bar Ass'n Committee reports for more. Gave him a cop. (had 2) of typed refs to hist. of U.T. College of Law and said he could see all pubs. referred to in Main Lib., probably. He has a carrel there. He read some of the material here, + took some citations and said he'd prob. be back Monday. This would have been a "search" question if I hadn't hunted out most of it years ago + put notes + lists of refs. +c in folders in vertical file and if Mr. Blackard hadn't made so many footnotes. At night about 12 students (fewer in afternoon) although the Tenn. Football game to morrow + a dance to night were counter attractions.

Janitors mopped stacks + Library Office at 9 a.m. Very damp and messy. Gave library very superficial treatment at 7.50, concluding at 8, leaving chairs "every which way." Mr. McClure doesn't know when he will leave here. Later, ground floors are being waxed so no one allowed in for hour or so, then outer hall with entrance thro stacks. Collated vols. to be bought from T.L.R. Mrs. Morris says janitor won't deliver mail but she will see that we get it. Miss Baker phoned that Mr. McNabb should pay fine only between date when book was due + date when reported lost.

12:45 - 5:30

E. L. Ogden

Neglected to note Sat. that Miss Walsh phoned a message had come to Miss Baker from Mr. Walker (or was it Mr. Hess?) that J. Harry Price (original) contract was being transferred by C.S. Badgett, jr. to J. Harry Price, jr. and Lib. was to act upon this information, dropping Badgett and adding Price to active list. Campus mail. Spent most of PM looking over new dealers cat + N.Y. Times book revs. – afraid that I do not limit myself to legal interest in the latter. N.B. Morrell (contract) used Lib. – Wanted names of Deans of other law schools in Tenn. Got them from Mrs. Morris so it wasn't ref.

Mr. Cowan back again. Man trying to repair windows back of desk. Dean has given Herbert L. Vesser permission to use Library for the next few days. At noon, when janitor was absent, Mr. Young, 1 yr. student, investigating disagreeable smell back of desk, discovered a mouse in trap which "had evidently been there several days," and kindly removed same to hall. Did various odd jobs, straightening vols. of sec. 5, 1, + S. + W. Told Mrs. Morris I would go down for mail if she would notify when it arrived, as she oughtn't to have it to do herself. Put cds. in vols. sent down from Main Lib. (i.e., selected by HHT at Main as of interest for circulation in Law College).

12:45 - 5:30

E. L. Ogden

Mr. Frank Fowler (contract). Mr. R. Young (for City Dir. of Law) and Mr. Cowan used Lib. Mr. Bird brought list of cases for comment in TLR. to be kept at desk for circulation. Wrote Catalog dept. to send book statistics for Aug. + Sep. + to Mrs. Clemens to ask if Main Lib. rec'd reports for admin. boards of U.S. Govt. + to send sample (if any) of State Law Index. Otherwise didn't get past routine of looking over days receipts of periodicals + book lists and doing circulation, clearing table +c. About 20 to 25 readers. Packed books to be bought from TLR + cat'd at Main.

Wednesday, Oct. 9, 1940

8 - 12:45

E. L. Ogden

Mr. Herbert Vesser used Lib. – with note from Dean Witham authorizing his use “today + tomorrow.” Yesterday, driving me home, Mr. Cowan asked if there was any objection to his continued use of the Library – that his case was coming up in a few weeks and he wanted to get information on a few more points – but if not OK he wouldn’t. I told him I would speak to Dean W. to make sure – had meant to do so before ~~Dean~~ but had thought it permissible. Dean said a chance it might establish an undesirable precedent but on the ground he is not a lawyer + working for personal interest, no tax on lib. service (I pointed that out) and need for use will be over before long, all right to continue. Arthur Seymour brought address of place where Mr. Garthright roomed last. Phoned her – said book (Snyder – Great speeches) not there + gave G’s home address – 558 East Parkway, Louisville, Ky. McClure here at 8 helping clean – but at 9 Mrs. M said he had gone + wouldn’t be back. Campus mail. W.E. Badgett, Dist. Atty. U.S.

12:45 - 5:30

H. H. Turner

Wrote to Mr. Garthright asking for information about book he failed to return Aug. 26. Accessioned + collated vols. received in Campus mail. Moot court quickly dismissed so large crowd in Library. Had to call down a new student for having a chat over phone, also group congregating on and around Faculty table. I think there should be notice on telephone as new students may not know rule. Helped two new students find State reports. Number of students about 26.

Helped another student find citation in U.S. Supreme Ct. Reports. Janitor works in afternoon, but not at night. Did Circulation. Straightened chairs, put away a great quantity of books. Straightened Tenn. Repts., and section 5. All routine, but take time. Advised student about books on display.

E. L. Ogden

7 - 9:30

John Baugh used Lib. either for business law teaching (U.T.) or for Donaldson (contract). Campus mail. Yesterday a.m. found chairs that had been brought back from shop had been placed at table. Today janitor said he was keeping separate the one that was broken. I hope to remove from tables the noisiest chairs as they are detected by use and store them somewhere. Not all in Reading room now are needed. Room more orderly when chairs spaced further apart so it won't be inconvenient to have them out of use for a while + RR will be quieter. Mr. Wicker brought a 1939 ed. of Uniform system of citations. Mr. Bird brought a "schedule of student activities" for posting.

Janitor was on 2d floor cleaning offices when I came at 7 P.M. last nights, + lights on for stairways + halls. He came to Lib. to close promptly at 9:30 and this A.M. came up with mail so it appears restrictions about his duties are not as previously stated. This A.M. I selected 9 chairs which seemed most squeaky and asked him to put them in B. which he did promptly and asked if that was all. Good records so far. I did not succeed in getting desks locked before he came up last night as the top drawer in main desk stuck + could not close it far enough for key to catch before it was time to go. Will try to manage better next time. Mr. Wicker says the Pres. of Tenn. State bar ass'n (I forget his name) is to be in K. before long to give an address and while he is here will be interested to see what presidents of other state bars do for their official pubs. I gave Mr. Wicker half a dozen samples of state bar pubs. having president's page or the like.

3 Univ. students (girls) to see U.S. reports. Said they did one case today – have 23 to do. Spent some time getting data on subjects of etched portraits that have been kept in desk now turned over to Law College for framing. With aid of World almanac deciphered autographs + got dates of service in U.S. Sup. court for all but H Maynard. Got his biographical details from “Tenn. – volunteer state” Ref – general? Consisted mostly in copying data on back of portraits – could hardly call it search but took more than 15 min. Dean wanted prices on Can. repts because he is making an estimate of needs of Lib. in books – he set it down as about \$9000.00 in all – would include some gen. ref. as new dictionaries, encycl. +c. Made some notes on sets of Canada repts – complicated! No visitors – maybe it was rain prevented? (Dean did bring in an important-looking one but did not introduce him). Wrote Mrs. Clemens to send a vol of state law index for inspection.

6.40 - 9:30

H. H. Turner

In afternoon Lib. used by Mrs. Philip Smith – personal use (she is Lebanon grad. not practicing – wife of a Knoxville doctor) + at night by Andrew Pugh U.T. auditor to see books on bankruptcy and fed. practice – asked if he was preparing for fed. bar exam + he said yes. Spent quite a little time locating text of U.S. judicial code and “Orders in bankruptcy,” both up to date + briefer than U.S.C.A. (4 v. for code) – but hardly think it justifies calling “ref” – maybe ought to have known. Recorded death of Henry Hudson (Oct. 18) holder of Lib. contract. Grad student working on hist. of legal ed. in Tenn. again (has been here several times – not noted) + wanted names of grads of U.T. Law School who have been outstanding in prof. as judges +c. I said that was one of our occupations. "Miss Walsh" called up to enquire if Mr. Carr were still working down here, and if so, ~~what were his~~ how many hours?

12:45 - 5:30

E. L. Ogden

Campus mail. Dean Witham wants to get TLR paid by Lib. for subscriptions as soon as possible so that Law Inst. can borrow from TLR if cash runs short. Told him I'd see about it as soon as meeting was over. He said might have to change date of meeting to Wed. - 3:30 as soon as Moot court is over. Asked him to let me know as soon as possible so HHT + I could change our schedules (already changed). He said he would. The grad. student looking for earliest Tenn. divorce laws proved to be a neighbor of Mr. Wickers. He happened in + gave her a cop. of TLR with an article by Mr. Warner that I didn't know about. Classes dismissed, 9.30 - 10:30 for "Assembly" at Univ. Main Library to be closed during this time. Asked Dean what I should do about closing + he replied that if I wanted to hear it, I could shut up, but otherwise keep open. Decided in favor of latter, as he seemed to favor it, and it would have meant hurrying back. Mr. Frank Fowler, (contract) used Library. The usual large numbers in Library during time supposed to be closed, proved wisdom of decision.

Discovered that yesterday's two-weeks stamp was set Dec. 21 instead of Dec. 3. Can't remember what charges were made. We can keep it in mind when looking over charges. Phoned Lib. as to question of keeping open Sat. A.M. OK'd keeping open till 12:45 usual hour. Mrs. Morris asked again as to Xmas holidays. I said a good deal depends on how much time janitor's get. She says she has to get up exam questions + Dean leaves Dec. 26 so she is obliged to be here then + was wanting to be sure building would be open and heated. She would like to count on being here Dec. 23 till noon, + Dec. 26. I said I thought we would be open at that time, short hours unless other hours arranged for janitors. Law holidays begin noon Sat. Shelved in Balcony. Last night at staff meeting the question of Xmas meeting came up and it had been noticed that Law holidays did not begin as soon as Main. I was asked whether we could not begin to close at night on Wed. 18th as Main will do. I said it might be possible if every one notified in time. That just before holidays some students were always trying to make up work at the last minute and we ought to let them know in time if Lib. wasn't going to be open. Besides daily classes would be going on. It might be possible to close Fri. night if fac. were not counting on full class work Sat. 21st. I think this wouldn't help as Lib. staff members going home for holidays would be gone before Friday. Mr. Wicker said that at a Lib. committee meeting yesterday Miss B. said something about a Lib. symposium she + TVA tech. libr'n were planning to show what technical literature was available in the state, to include resources of law libraries. Dean Smith had approved the plan if it could be done without cost to Univ.

J. W. Arnold again. He asked to use phone and talked to "Williams" about the things he was looking in. I told him afterwards that the only grounds for his use of the Lib. was that he was working for or with Mr. Steinmetz + didn't entitle him to do work for others who hadn't contracts with U.T. He said he would get a letter from Mr. S. before coming again. I did not ask but wonder whether it was H.K. Williams jr. he talked to whom we found unsatisfactory in the Guy Webb matter and have no reason to trust nor wish to serve. Have an idea Arnold would do most anything he could to his own advantage.

Only 5 users and all but one left before 5. Did various odd jobs around Library.

Discovered Law classes begin after holidays on ~~Dec.~~ Jan. 6 + exams a week later. Hectic days ahead for reserving books! Worked on binding. Temp. at 8 AM 78° - had to cool it off a little.

Finished packing binding + making list. Miss Baker phoned that Lib. meeting will be Wed. 18th and would it be all right for Mr. Thomson to take charge that night. I said yes. Sent Mrs. Walker my contribution for Lib. family. Campus mail. Asked Mrs. Morris about typewriter being brought from Law Rev. room. She said she could do nothing to control it that it was being carried all around the building. I said I was going to prevent its being used in Lib. + being left there for any student's use. We couldn't help permitting typewriting being done there some times on personally owned machines but do not want it (Conf. room) equipped + ready for every one. Wrote Mr. Wicker asking him to tell TLR board typewriter isn't to be brought here and I would try to tell individual members.

7 - 9:30

H. H. Turner

Mr. Templeton (memb. Law Rev. Bd.) said type writer in Conference Room did not belong to Law Rev. but was used by students preparing Moot Court cases and that it was very necessary to keep it in Conf. Room for that purpose - + that he would speak to Miss Ogden tomorrow.

In Mr. Wicker's absence all three classes used Library for a while.

E. L. Ogden

7 - 9:30

At closing 5:30 found confusion in books + cards for Harper on Torts - one book + one card missing + the card + book for cop. 3 not a match. Mr. Templeton said the typewriter had been sometimes in Moot Court room + sometimes in Law Rev. room + did not really belong to Law Rev. I explained that it really did not do to have it in conference room to be used by anyone who chose. He said papers for moot court were required to be typewritten - that many books were needed when they were being done. Nevertheless I asked the janitor at night to take typewriter down to Law Rev. room and leave it there. In putting U.S.C.A. pams. sup. in their respective vols, did not find the ones numbered 45 + 46. The only bd vol skipped was Title 35 - Patents. Wonder if this will be replaced with 2 bd vols. to [sic] new to need sups? If not rec'd soon, will inquire.

E. L. Ogden

Shifted in Lib. Off. to make room for new ed. of Wigmore, Evidence, 10 fat vols. A young woman to find what laws have been passed in northern states about reading Bible in schools. Couldn't find a list. Lent her a vol. on school law - pretty old. Sent report of statistics for Nov. to Miss Baker. Counted work of preparing material for Law Institute on two days as "search." Presume if those were justified as such, others might be too - couldn't decide so left them out. A man using Pub. Util. Rpts. Mr. Babcock in Conf. room working on case note.

Ther. 64° at 8A.M. quite an improvement. Law College has been officially informed by Mr. Hess that all Univ. buildings are to be closed Dec. 23, 24, 25, and Jan. 1. Mr. Frank Fowler contract, Mr. J. Pike Powers, do. used Library. Mr. Bruce Foster for RM. McConnell (contract). Mr. Gass (U.T. instructor) used library. He is doing research in regard to Loudon Co.

12:45 - 5:30

E. L. Ogden

Referred to Miss Baker for reply, a questionnaire on titles + no. cops of state pub. assigned U.T. for use or exchange, SIGNED Marian Gould, Law Libr'n, Univ. Utah, Salt Lake City - dated Dec. 3, 1940. Didn't shelve any books in RR-5 until 2:45 - then in putting equity books away, noticed the missing cop. of Harper on Torts lying on its side near equity books on top shelf. Reported to Dean Witham, Mr. Blackard wasn't here. Yesterday, Miss Baker said Univ. was giving every body Dec. 23 + 24 off. She was giving besides to each member of Lib. staff 2½ days more - so that whether taken before or after Xmas each would have 1 week free, including a Sunday. Law Staff is authorized to arrange for equivalent time for each member. Jan. 1 is to be a holiday too. David Pope used Lib. for B.C. Ogle (contract) and B. Foster (for RM McConnell) (contract).

A T.V.A. man to use Tenn. Repts. Dean said he would lend cop. in his office, but man only wished to use in Library, it turns out. Dean came up to find hunt janitor as building is cold. He also asked if "Cardozo" by Hillman had come, and when it does, he wants to see it right away.

12:45 - 5:30

E. L. Ogden

Campus mail. Mr. Gass used Lib. - also R. Young (for WW Kennerly) City Atty Director of law. Wrote Mrs. Clemens to send U.S. Sen. Docs. corresponding to mimeographed monographs of Atty Gen'l's Ctte on Admin. Procedure so we could see if all available in printed form. Wrote Miss Ringo as to Pocket sup. to U.S.C.A. Patents, pam. 45-46 (see Dec. 6 entry). Also gave Dean W. a note of proposed holiday schedule for his OK. Mr. Wicker says he is agreeing with Marquette LR to exchange. He is just back from a meeting of law rev. boards of law school where he went with 4 students (Wilson, Bird, Matherne, Byrne).

7 - 9:30

Miss Walsh phoned apropos of a long deferred inquiry of mine as to 1933 entries of Acts relating to U.T. It seems we have one more entry than she has so it is being sent for copying (?). Most of morning spent in receiving requests for reserving books for holidays not much headway in sorting + deciding. Mr. Burnett used Lib. for C.H. Smith (contract). Asked members of fac. what they would let us have in Lib. Dec. 21 - 26. Mr. Larson will want to use all books on admin. law for an article that has to be in Jan. 1 so none can be promised. Safest to ask town students to call up Jan. 2 or later + find whether he has turned any in + what.

12:45 - 5:30

H. H. Turner

Mr. Boswell, former student but now city attorney in Oakdale, paid us a visit. Wrote + put up notices of holiday openings of Library. Mr. Gass again. Helped a U.T. student to hunt up an Ala. Case in A.L.R. Dean asked if Cardozo had come today as he is in a great hurry for it - wants to review for Irving Club. Campus mail. Collated + accession vol. rec'd. Large crowd more or less restless.

Worked on R.M. McConnell charge cards. Mr. Gass, working on his county lines, Robert Young Jr. for W.W. Kennerly, City Director of Law.

12:45 - 5:30

E. L. Ogden

Another day of scramble! All yesterdays left overs still left over and reserve requests not in full order either – worked on practically nothing else. Mr. Blackard said members of his class are saying not enough copies of Atkinson (though one said it was possible to get at them at night). I asked no. in his class (he said about 30) + asked if use in Lib. could be limited to 1 hr. at a time, would it help? He said not to start doing it now – he would see what other fac. members thought about that + about buying extra cops. – the complaint did not refer to Xmas holidays but to the reg. work + he said they really ought to buy their own.

7 - 9:30

Mr. Gass tried to visit the Law College at 9.35!

Robt. Young Jr. for W.W. Kennerly City law director, used Library. Mr. Rountree (contract). Read National Reporters + straightened vols. Didn't quite finish as volumes are scattered about + when people are working at tables it is hard to locate. Mr. Burnett for Mr. C.H. Smith (contract) used Library. Helped student get material on Statute of limitations in this state.

12:45 - 5:30

E. L. Ogden

Campus mail brought 1941 desk cal., some slips + a small scratch pad. Learned exam schedule was posted down stairs so made a copy on the back of a card for Lib. desk. Southern, leaning back in chair, broke back clean off. Don't see why he didn't fall – saved himself by holding on to table I suppose. Many students in the room I took occasion to publicly ask all of them to remember that chairs are perishable + made to sit in, not to lie in + to use them gently for the purpose for which they were made. Had several consultations with students about changes in requests for reserves – settled a few.

7 - 9:30

E. L. Ogden

Sent to Utah Univ. Law Lib. Miss Baker's replies to questionnaire on state pubs. assigned by statute to Law College – I had referred letter to Miss B. for reply. She filled in questionnaire + returned it with letter to me with note that I might like to answer. Sent also pocket sups. to Huddy which came addressed to Law College – + sent to Miss Walsh Heiskell list of Tenn. Acts + c. relating to U.T. in answer to a phone question about them some days ago.

Campus mail. Phone call from Mrs. Stafford of Tenn. League of women voters to ask whether N.C. has a literacy law for voting. Didn't have time to look it up. Conferred with several students on their reserves for holidays. Rec'd letter from mother of James Garthright that book we asked about Oct. 9 was found + mailed + that he had joined the army. Dean Witham brought up a letter from Mr. Laurent (formerly of TVA) offering a set of Law + contemporary problems to Lib. I said we could use for exchange - if not other purposes. Mr. L. ~~is in~~ wrote from Alexandria Va.

12:45 - 5:30

Not a very large attendance, (mostly 1st yr.s) but quantity of books used, especially Tenn. Public Acts. More or less noisy but good tempered. Missed Madden's Dom. Rel. cop. 3, at 1.30.

Spent much time hunting for a case which was wanted by 2 U.T. students. It was only briefly reported in U.S. Repts and they wanted more details. Found in A.L.R. Mr. Gass, again. Straightened shelves.

12:45 - 5:30

E. L. Ogden

A student reported some one was plotting to "borrow" Brown as Madden was "borrowed" + offered to take it out himself for use in Lib. every afternoon + evening + hand it over to any one who wanted it + watch them while it was in use. I suggested as a substitute keeping it at desk and giving it out only on request. Lindsay (?) Young came to see if 107 Fed (2) had been ret'd here instead of Green Webb + Bass where it belonged. I promised to report to him if it should turn up here. Got Judge Jones cop. of Underhill and McClintock to keep in Lib. for holidays.*

Showed Mr. Larson an announcement of a 1940 pam. on bankruptcy, (Bender-Collier - of which we have the 1940 ed.) he thinks it should be ordered for class to begin next term. Also got Judge Jones' expression of approval of ordering Antus Law Office sec. manual. Mr. Jameson will write for a review cop. + we might wait to see this before requesting Antus. Mr. Larson approves its purchase judging from reviews. Mr. Thomson came to ask instructions for taking my place tomorrow night.

"Voters in N.C. must be able to read + write any section of the constitution. . . .in order to register"

N.C. Code 1931 sec. 5939. Also N.C. Constitution Art V sec. 4 (p. 2333 of code). ELO couldn't find this changed in sess laws through 1939.

Reported to Mrs. Stafford, Tenn. League of women voters, Dec. 16. She says keep this ref as she may want to copy whole section.

P.S. There are other sections relating to registration and to (over) marking ballots for illiterates that might be of interest.

~~Last~~ Yesterday almost home, on Bridge St. about 6:20 a jerk from behind snatched my bag. Not much in it but keys - Law Lib. key + home front + back door keys. Did it so neatly + noiselessly that for a minute did not realize what had happened. Campus mail about 12. Miss Ringo phoned about Dean's request for inquiry about supplements to Michie's 1938 Code. Said the Co. replied we were entitled to 1939 + 1940 free - but the latter not quite ready for distribution. Mr. Boaz asked if he did not finish before holidays could he leave them out till after. He was notified so late to do a case note that he hadn't had time. I said I wouldn't if it meant giving same permission to anyone else - otherwise maybe - might wait + see. Mr. Stair remarked how hard it was to find a Tenn. Report - so many on tables. I think we will have to insist on use of S.W. or else get out vols when wanted and not leave them out.

12:45 - 5:30 H. H. Turner
Took care of books received in Campus mail. Collated +c. 13 vols. Mr. Gass.

7 - 9:30 [E. L. Ogden]
Badgett again. Gave first aid mending to cops reserved for tomorrow. Mr. Wicker will be away most of holidays. Told him workers on case notes have so many books out it creates confusion - other students wandering around room and hunting esp. for Tenn. Reports. Could we except Tenn. reports, CJ (2) + Tenn Digest from the vols to be kept on tables - these to be left on shelves when not actually in use. He said it would be a good idea - that having 2 nos. of T.L.R. pub. without case notes, the students this time had too long a time to prepare them + so put it off - thought hereafter books will not be needed so long.

Saturday, Jan. 11, 1940

8 - 12:45

E. L. Ogden

Mr. Dye used Lib. for Roscoe Word (contract). Learned from Mrs. Morris that only change in next term schedule is that the course on future interests will not be given. Also said (maybe not yet announced, so confidential) that substitutes for Mr. Warner will be James Meek, Insurance, John Armistead + Ivan Privette for other subjects. Asked Dean Witham if OK to send Mr. Laurents "Law + contemp. problems" to Main for exchange. Or if Main Lib. wants to keep, to ask Dean Witham about compensation, if any. Mr. Wicker says Duke Univ. told him that last year 2300 copies of single numbers had been sold at \$1.00 a piece because of wide interest in the subjects – each no being a symposium. Dean said OK so wrote A. Mounger to that effect and sent packages to Main Lib.

Began to rearrange RR5 taking out vols for courses not to be given this year. Miss Baker said schedule proposed Jan 15 OK. Asked F. Wilson whether students bar ass'n still existed. I would like it to undertake to watch odd corners where the missing cop. of Madden might turn up. He said he would speak to Mr. Worley, pres., about it.

Rec'd from Main 3 cops of pam sups to Michie's Tenn. Dig. v. 1 - 18. Mrs. Morris said she had got the extra sets of William's Code and Michie's digest unwrapped – 1 cop. of Williams sent Main Lib as requested + others put in Law Rev. Room next her office. Miss Baker phoned that to get the allowance on price of new Williams Code, 5 cops of Michie's 1932 Code are to be marked "credit allowance has been allowed against purchase of new code by the Michie Co." and asked me to locate them and verify ~~vol~~ accession nos of those so marked + see whether the vols are to be kept where they are. Got data for all except whether Witham, Wicker, or Warner want to keep theirs. Didn't mark them because wasn't sure Miss Baker preferred the ones with Lib. book plates or those without to be marked. Miss Baker also wants a list of periodicals (exclusive of newspapers) rec'd by gift or exchange. Barely touched the work planned for interim between sessions!

A few students studying for bar exam. At last got started on work RR-5. Think till bar exams is over, we'd better keep on RR6 extra cops. of books for courses not given 2^d term instead of taking them to B right away. Mr. Powell got Child on Suretyship to return himself to Judge Jones. A. Seymour telephoned to ask whether the Minn L. Rev. vol he wanted yesterday could be borrowed if they keep it only a few hours. As we close at 12:30 today told him they could have it till Monday A.M. Got mending done only from Agency partly through Contracts. Campus mail.

Yesterday Miss Baker went over data on various cops. of Michie's 1932 Code. Will send word which ones are to be marked "credit allowed" +c. She also discussed with Dean W. who happened in a difference in calculation of discounts on original offer by Michie and subsequent statement, the allowance being greater on last than on first. Dean advised calling Michie's attention to difference. As to shelves for current periodicals, she will ask for six - thinks 3 on each side can be fitted in. Says they probably will be very slow in filling order - same for keys. Mr. Kirkman is carrying on since Mr. Nunally was taken into military service but there is now a foreman of janitors. As to statistics of loans to new fac. members, asked if really fac. as not all teachers are counted as fac. I said I thought they were and had to have loans anyway for the subjects they teach. She said then count all loans to them as "fac." After she left I phoned to ask about data wanted on periodicals - she said give her the number now - and make up list later. A man (TVA?) to ask about tax law in Oregon + another state on pub. utilities. Suggested Tax Mog [?]. He asked for ind. to legal period. As to closing hour we may hear from her again as to close Lib. at 9:20 + building at 9:30. Phoned A.G. Seymour about Corp. manual 1940 and Martindale 1940 brought by mistake + learned Mr. Seymour (sr) wants Lawson-McGhee to have the cop with his firm's name in it being a trustee, so phoned Main Lib to bring it back. Also told A.G. Seymour that in future Univ. would send truck to collect bulky gifts - (no prompt service guaranteed, however) if notified they were ready for us. Campus mail brought one cop (cop. 2) of Williams Code - ~~to~~ ~~go~~ from Main Lib, cat'd. This is one of five cops bought from Law College funds. Miss Baker phoned about the other cops + asked if they could be pasted where they are or brought to Lib. I said I thought we could manage to get them done there - maybe Mrs. Morris' N.Y.A. helper? - but would need paste. I put in campus mail a glass asking for enough, but not too much, as it dries out and wastes, and said we had enough plates. Finished examining doubtful titles of serials to see whether they are to be counted as "magazines" or not for Miss Baker's purposes. A.M. Fowler, Loudon(?) used Lib. A man phoned asking where students bought their "white legal pads." On further inquiry said he was from Nashville + wanted pad for tomorrow's bar exam. Mr. Powell says, no definite kind required but he could get legal cap at Newman's a School supply. Mr. Gass used Lib. Forgot to say that some one will come to mark Codes + Michie's Dig. + stamp accession nos. when pasting is done. I am listing them as "accessions" but presume they are not to be counted in statistics of books added to Law Lib.

12:45 - 5:30

Although Lib. closes at 9:20, the extra 10 min. is allowed for Lib. staff to finish shelving books + leave Lib in order so I think it is accurate to state our evening hours in this record as 7 - 9:30 as heretofore. Campus mail brought letter from Miss Baker with regard to recently purchased sets of Williams' Code + allowance made for them on Michie's 1932 Code. Also brought the Frantz McConnell + Seymour cops of Martindale (2 v) + Corp. manual (1 v.) for return to the firm. Mr. Gass used Lib. also Mr. White (contract). Marked some of the cops of Michie's Code on which allowance is to be ~~made~~ given. Mr. Wilson asked if he could take from B to Law Rev. Room - 1st floor - the set of Patent. . . + Copyright cases 11 v. to keep while he prepares for essay competition. I said yes - for the present if he could assure the door being kept locked. He wants to use typewriter with them. I put other copyright material on top shelf of RR-6.

Wrote in parallel citations for English cases cited from pubs we haven't and wrote Mrs. Clemens to ask if U.S. Copyright Office Buls. 14 (ed. 1939), 18, 21 +22 could be lent us till essays are done. Marked Mr. Larson's cop. of Michie's 1932 Code to show allowance given for Michie's purchase of new code + phoned Miss Baker this had been done so she could write Michie + pay his bill in time to get discount. Wrote Lucile Elliott, Libr'n U. of N.C. Law school Chapel Hill that we haven't SW digest she wants to borrow for Mr. Mangum author of book on negroes. Mr. Wicker brought free + exch. mailing list of TLR for comments on whether or not pubs. of valued rec'd.

A young girl (freshman, she said) came to make a "survey of the Lib" – assigned work. She made notes from "Guide to Law Lib" and I showed her around afterwards. Hope she got it right. The "Guide" isn't up to date. Mr. Gass here. I asked his status "for statistical purposes." He said WPA Historical Research project. No connection with U.T. but had Miss Baker's permission to use Lib. Counted cash + book statistics and extra Univ users + Ref. statistics. Mrs. Blakely used Lib. Campus mail just before 12 – Mrs. M. gone, Dean just going, janitor out, so couldn't get books from down stairs to start pasting. Rang for janitor 3 times between 12 (when Dean said he was due) and 12:30. No response.

Mr. Gass used Lib. - also the grad. student working on legal ed. thesis came to verify a few facts + citations. We did not have all the data he wanted. Did not note that Fri night the janitor asked if he could wash venetian blinds while students were here. Said "he" wanted them done + there was no place in building he could do it if he took them down. I said he might try + if it proved too disturbing it could be stopped + done some other way. He thinks it will take a good while to do each one. After noons, I think he said, beginning Tuesday (that would be tomorrow).

7 - 9:30

Mr. Thomason used Lib. in afternoon and Mr. O'Neil at night. Mr. Wicker cleaning up his office brought down several vols of S.C. code supplements and session laws + a few small books + pamphlets as gifts as well as a number of pubs. that were charged to him. I got his cop. of Michie's 1932 Code + 1937 suppl. as he doesn't want it now that a cop. of Williams is in his office. Selected + addressed to Miss Baker 2 cops of this code + sup., one of which she will keep at Main Lib + the other to go to Mr. Hess. I gave Mr. Wicker's cop to one of Tenn. L. Rev. Bd to put in TLR room as Dean Witham directed. Mr. Larson + Mr. Warner's office each kept a cop of this code + its 1937 sup. Lib. has 2 cops of code + 3 cops of sup. (one of which has lost the insides of its pocket part). Students very restless - one said they couldn't make out just what Mr. Steinmetz expected them to do. Missed suppl. to Shepard's Tenn. Citations. Some students say it couldn't be found yesterday, also missed pam. table of key nos. General digest. Did a little more mending. [arrow to "key nos." above] covered by bd vol. Pam not kept.

Mr. Thomason again. Dexter Christenberry phoned to ask price of Michie's code + whereabouts of Raleigh Harrison's books. For latter referred him to Dean Witham. Tried to straighten out cards for new eds of U.S.C.A. – sent some of the cards back to Miss Bergen with questions. Hunted some for Tenn. Shepard's citations – asked janitor + some students to look out for it down stairs. Mr. Larson is using Mr. Warner's office for the present – old trouble with back makes stairs difficult for him. Campus mail.

Janitor had overslept and only just arrived (tooth ache + sick baby) ther. 56 as he had just started up furnace. Tel. Mr. Seymour for 200 S.E. which has been out since Nov. '40 as Mr. Matherne needs it for his case notes.

12:45 - 5:30

E. L. Ogden

Janitor spoke about temperature. He remarked Miss Turner had to sit in the hall this morning. He didn't see why it didn't warm up faster – or words to that effect – but said (about 2 PM) it was "warming up now." I pointed out that in building so loosely constructed, a windy day was bound to need much earlier attention than on other days + he'd have to watch the weather + consider that. Also pointed out that the Lib. staff + students had work to do and ~~ought to be able~~ had a right to do it in the Lib. where the books are and that the time when they couldn't, was a waste of their time. Doubt if my words made any impression. Wm. Wilson used Lib. for J. Fowler (contract) Richard Douglass came but to see Mr. Garland, not us. E. Bradley came to get two books for Kramer. Took them + left without unnecessary words. Campus mail. I sent Main Lib. a list of 2hand books quoting Law Q. Rev. v. 1 - 54 at \$400.00 also a Toledo Univ. Exchange List – saw no items we wanted. Mr. Wm Kreis used Lib for Leslie Bass (contract).

Not very many students + most of them quiet but took occasion to reprove several (Nigro-Hokman especially) for visiting around before they settled down to work + Swafford before he left - told him to "go along outside + wait for any body else he wanted to talk to." Was mending so better able to watch their ways. Also told Mr. Bird + Miss Lowry they were setting a bad example, steady talking or studying together all evening.

Said some one had inquired at his store here, in his absence, about a set of Encycl. Brit. I said we would want a Modern Amer. cycl. if any, + had too hard a time getting law books to be buying one now. Students making hectic efforts to work with Amer. dig. ten or so at a time, getting Mr. Steinmetz assignment for his brief writing class to morrow. I sent some to lawyers' table as a partial relief + suggested they begin on his next assignment on Monday.

12:45 - 5:30

E. L. Ogden

Inspected shelves for changes to be made in making room for vols. of L.Q. Rev. just rec'd. Miss Baker phoned to ask if we really want Fed. Reg. - subscription price has gone up \$2.00 a year. I said as far as I know the Reg. is the only place where exec. orders regarding administrative boards are pub. + as they have the effect of Fed. law we ought to have them available. Spent (wasted) considerable time looking for W.A. Henderson's record as appointed to committees participating in discussion +c about the time he was elected pres. of Tenn. Bar Ass'n. Found nothing of importance.

Mr. Davis (of W. Pub. Co.) asked who decided what court opinions in Tenn. should be pub. I did not know where to find it - and suggested some fac. member. He found out himself it is in court rules. Lib. staff might try to remember for future use. I suggested to Mr. Wicker the list of ref. material in his instructions for case notes need revision. He said he'd probably revise the whole by Fall. I said I'd ask HHT to look over the old one + add or take out what she thought best + I would look it over afterward + try to be ready when his revision was.

H. H. Turner

Mr. Gass, Mr. Davis (lecturer) + helper?. Large crowd and many calls for service. Dusted + changed labels of current periodicals RR. 4b. but too many interruptions from Mr. Davis + various students.

Laura Luttrell - As Sec. East Tenn. Historical Soc. to get material for 1940 Tenn. bibliography. Campus mail. Asked Mr. Wicker if he had heard anything about the Nat'l Conf. of judicial councils papers he borrowed + sent away some time ago. He said after passing from one to another they are now in Mr. Coffey's hands in Chatta. + he had just been granted an extension of time on the article he wanted them for. Mr. W. thinks they are quite safe. L. Luttrell thinks A. Fanz isn't sufficiently critical of the accuracy of W.A. Henderson's statements about Farragut + the Dardis Spring - that dates +c. should be checked more carefully than W.A.H. had habit of doing.

62° at 8 AM. Told janitor he had still a good deal to learn about managing heat. He said he didn't know what happened to stoker last night but it "didn't work" Told him temp. was 10° below what it should be and ought to be hurried up – too cold for readers to use. 66 at 9 AM. Spoke to him at 9:30 as he was washing windows. Asked "Can't you hurry up the heat? It is 9:30 and still below 70°." It was just 70° at 10:30. Got Hart "Admin law" from Mrs. Morris to send Main as requested yesterday by phone for loan to TVA. It was charged to Mr. Larson who (Mr. Wicker said) "has moved all his things to Mr. Larson's Warner's Office." But she Mrs. M. had some of his books ~~lock~~ in cupboards in her office + found this there + gave it to me. I did not ask Main Lib. to return it to Law + Mr. L. doesn't know it is gone. P.S. Said later that he has a cop of his own. Sent Feb. statistics reports – circ., books, ref. to Main. Am still puzzled to find Main Lib count of books rec'd sent Law is always a little larger than Law Lib count of books rec'd. I think we list all that come – so what causes the difference? It has copyright dates variously from 1929 to 1940 but examining statistical tables in Agr. + latest dates in Bibliographies in Air craft and a few other subjects saw none more recent than 1928 so suspect the earliest copyright date is the true date of revision. Expressed to Dean my disappointment that it wasn't an Amer. encycl. instead. Cost \$139.00. Didn't find "Norris" on Tenn. map - though other small places given. Maps are in index vol. Asked Mrs. Morris about Martindale - whether it couldn't be left in Lib. when not actually in use. She said it was "all marked up." I said wouldn't Dean Witham be willing to ask some alumnus for another cop as it is inconvenient to have a directory not accessible. She said she would ask him. Later brought the Lib. cop. back asking that no marks be erased + saying "the girl will need it every afternoon."

Last night attended a supper staff meeting - to which members of the Faculty Library Committee had been invited to speak + lead a discussion of the "Library and the Univ." Of the 4 invited speakers Dean Smith (Univ.), Mr. Glocker (Business) Mr. Fitzgerald (Agriculture) couldn't come so Mr. Tarboux (engineering) started with what he had prepared + the other faculty members present were asked to comment + add other suggestions. Dr. Thaler, Miss Essary, Miss Day, + Mr. Wicker were there. One of the things discussed was "orientation courses" + some thought it ought to be spread over more time. Mr. Wicker was asked his opinion. He said the Law College faculty was agreed in wanting no orientation; that law being a professional school, they thought it ought to start on a higher plane of instruction method than ordinary undergraduate work + the object being to teach students to think (emphasis his) they fac. plunged students at the start into water too deep where they ~~were forced to think their way~~ found the only way out of the maze was to think it out. The fac. purposely did not try to make things easy. Miss B. asked if there wasn't an introductory course in legal bib. He said it wasn't introductory - students were set to working on cases from the first day + no textbooks were used by fac.

Mr. Larson said he couldn't work on his article until after summer school so his books could be shelved. I meant to count them for curiosity but forgot at the time. I guessed at about 100 but maybe that is overestimated (75 when I counted last wk. - HT). Showed him our collection of advts. of books on labor and slips noting reviews. He took some of these last. Said he had rec'd from Univ. of Mich. a list of their books on labor + asked if Main Lib would be likely to furnish a list - or check up his + report which of them were in Main. I said they might do that. He asked whether Main Lib permitted a group of books to be brought here for use during the course. I said it had been done but might depend on the need for some books in other courses. He asked whether I had seen the list he had given Dean Witham. Hadn't. Mrs. Morris says the list he spoke of had items marked for "preference" and Miss Baker advised to "use her discretion" in ordering so it was all indefinite. Mr. Blackard brought up mimeographed outline of lectures given by Judge Jones at U.T. Police training school. Lib. already had a cop. of Mr. Blackard's outline. Man from TVA to see Tenn. Acts. I told him of some + wasn't sure about wants. Mr. Neal doesn't handle periodical sets but Dean W said he probably would state reports. I asked what Dean thought of completing Statutes at Large. Finally Dean asked for a list of all dups we would be willing to get rid of and all of our wants! or at least a list of wants. Dean would like to exchange Amer. state repts. for a set of Tenn. Quite an excitement last night. At closing time janitor hadn't appeared, but assuming he was downstairs I left Library for him to close up. Not finding him anywhere I should have retraced my steps but instead stayed down there until about 9.35. Messrs Babcock +c. were outside and promised to stay around until janitor showed up. As soon as I reached home called up Mr. Witham who had gone to bed, but went down to investigate and by that time found everything OK. This A.M. Mr. Davis was late with cleaning. Said he asked a friend to shut up building for him and thought he had done so at usual time, but if he wasn't here at closing time hereafter he wished we would close library ourselves!! He is quite upset by Dean's being informed. I told him that I had no way of knowing that he wasn't some where in building, (and I don't think we should have to hunt him up,) and if he felt at liberty to get a friend to take his job, I thought he should notify us. I admit I should have locked library, and maybe closed windows, but until I was actually out of the building and didn't see him on sidewalk, it didn't really occur to me that he ~~was absent~~ wouldn't be back until this a.m. Mr. Babcock said someone came at 9:50. Miss Baker phoned to ask about bills for Ky statutes service– said she couldn't find Lib. had ever paid any + now bill comes for 1940 and 1941. She asked if a list could be sent her of all pubs. having supplement service so she could know what to expect. I said I could give a list of all we had recorded 1940 - 41 but wasn't sure it was complete. Spent rest of afternoon + evening working on this list.

In A.M. Mr. Prescott Taylor of Kingsport bar, recent U.T. Law School Grad. visited Lib., wishing especially to give his regards to Miss Turner – is much pleased with his work and prospects; 2 students preparing for bar exam. at end of June. In P.M. R. Stair came with note from Roscoe Word for Va. Code. Lent it for 1 day. Mr. Stair expects to be with Word + Dye regularly but note only authorized the one loan. Mr. Venable wanted to borrow Gore Real Prop. for some work he is doing for RR Kramer on draft board. Told him technically the right of a student to have a book out ceased with commencement but allowed him to take this for 1 week counted it as a student loan. Mr. Larson said Main Lib has answered very nicely his inquiry about books on labor + that some could be sent here for use in his courses. Finished listing pocket supplements for Miss Baker. Mr. Wicker said he would like to have a cop. of the list to illustrate the need of Law Lib for spending so much on books when there are so few students.

An early call from Mr. Baskett, Libr'n. Univ. of Ky Law Libr'n - spent more time than he had intended, because of rain. Said he had stopped at Main Lib. - was interested in material for exchange. Went up to B to see what we had there. His wife (bride) who was with him said he had practiced 8 yrs. in Nashville, had a remarkable private Lib, especially on different forms of government everywhere - in fact his home was about all library. He said books not circulated in his Lib. - treatises arranged by author. Most books not on open shelves. That Ky law reporter v.1 - 11 as well as Ky opinions were needed to complete Ky up to reporter - that when books were kept on tables for writing case notes two days was the limit - that there was a (locked) typing room with one typewriter where a book could be taken but brought back as soon as copying finished. While I was busy with him M.L. Kupfer brought in a group of new students + showed them about. Fay Poore was one of them.

Finished reading R.R. shelves. Dean says summer school smaller than last year. Only 2 taking contracts.

12:45 - 5

E. L. Ogden

Dean Witham asked about books offered on Michie's list for advt. credit TLR. I suggested Va. Code 1936 with 1940 sup. + to ask for reduction for the 1930 code with 1932 + 34 sups. - also inquired about possibility of arranging for paying for the new v. 4 of William's Code, combining old text and subsequent pocket supplements. He said Miss B. had phoned him about it + he had misunderstood + thought it was a vol. of Michie's digest replaced because of error which should not be charged for. He asked me to phone Miss B. I did + told her 5 cops. of the vol. were here. She said hold them until we rec'd from her a cop. of Michie's letter which said something about all material in this volume to be included in a sup. - which made her wonder why it need be bought now. She said anyhow the Lib. would pay for only 1 cop. + couldn't pay anything till July 1 - more bills waiting than could be paid as it is. Main Lib. said Mr. Larson hadn't asked for any books to be sent over for his labor class. I wrote him a note to ask Main or tell me what would be needed. Mr. Ely used Lib. for father, (L.C. Ely contract).

7 - 9.30

H. H. Turner

Mr. Matherne came to talk about substituting other books offered by Little Brown for his prize which war conditions prevent their bestowing. He borrowed 2 offered, for inspection.

Started reading and straightening shelves in stacks when R.R. didn't require supervision. Mr. Larson brought list of books on Labor requested from Main Library.

12:45 - 5:30

E. L. Ogden

Instead of preparing vols for binding as I had intended, made out reports on circulation + ref. statistics + sent Miss Baker. Checked over bindery records for vols. not to be sent till Labor course is finished. Got list of registered students from Mrs. Morris. Looked up material for Mr. Harris - Public Relations Dept. who wanted a "transcript of record - short - of some case that a student in journalism could read + get a story from. Found some samples in a few books on trial practice + cross examination + phoned him to come + look at them (counted general reference). Campus mail brought one of the books Mr. Larson's class wants. I cleared out some books after Insurance in RR-5 to put labor books in. Mr. R. Meares (of Maryville bar) used Lib.

7 - 9:30

[E. L. Ogden]

Mr. Headman used Lib. (for J.P. Powers contract). This P.M. rec'd from Dean Witham's Office a notice of transfer of contract from J.C. Wilburn to James Carr. Mr. Matherne ret'd books borrowed Thurs. Still regrets he couldn't have the vols. originally offered as a prize by Baker Voorhis + Co. instead of substitutes offered because the others "not in stock."

Saturday, June 14, 1941

8 - 12:30

E. L. Ogden

Mrs. Morris brought schedule of classes. Campus mail brought all but two of the books asked by Mr. Larson. Tuesday, June 17, 1941

8 - 1

H. H. Turner

Worked on Book Reviews and read shelves in stacks. Scarcely anyone in Libr. Campus mail. Added vols. rec'd to accessions. Dean sent up Williams' Code + Michie's Tenn. Digests. Mr. ~~Scott~~ Southern came to hunt up his Scott on Trusts, and Mr. Garland wanted to borrow it as it had been promised him (for loan). Amusing situation!

12:45 - 5:30

E. L. Ogden

Miss Baker phoned she couldn't do anything much with William's Code v. 4 till after July 1 so it might stay here. Asked if we could put book plates in Judge Jones set of Michie's Dig. + Williams Code brought by Dean Witham this A.M. She said when that was done she would ask Miss Bergen whether cataloging was to be done here or whether the books should be sent to Main Lib. Dean Witham brought a copy of Mrs. Hamer's "Cameos of the South" - author's gift to Law Lib.

7 - 9:30

Miss Baker phoned to make up schedule for Mr. Thomson 20 hrs + Miss Adams 15 hrs. Worked on binding. Miss B. said she would need Mr. Fischer only in case "anything happened to Mr. Thomson" or in case Mr. T. couldn't continue after 1st term. Mr. T. says he can't come any day 12 - 1:30. Wrote Miss Adams to ask her preference for free time + tell if I got data correct for her busy hours at Main Lib. Wrote note for Mr. Fischer to tell what Miss Baker said.

12:45 - 5:30

H. H. Turner

Mr. Wayne Parkey (contract) used Library. Pasted book plates in Judge Jones' Michie's Digest + Williams' Code. In between times continued reading shelves in stacks. A Univ. student used U.S. rept. H. H. Turner

Finished collating vols. rec'd yesterday near closing time. Continued reading shelves in stacks.

12:45 - 5:00

E. L. Ogden

Have finished all periodicals vols. for binding that can be prepared to date, straightened out some unverified items of price +c on bindery records. Dean stopped at desk to ask how things were going. I said difficult to arrange summer schedule for 3 when one couldn't be here at noon + the other two ought to overlap. He said why not close Lib 12 - 1:30. I said that would help, but it seemed rather long, students whose classes stop at 12 might find it inconvenient to wait so long - but maybe it would do. Asked him about janitor's absence at night. He said he would ask Mrs. Morris. She phoned his hours as 7:30 - 11, 12 - 2, 5:30 - 9:30 but seemed to think he wasn't required to be here if he could do the work in less. She seemed to think it did not matter + janitor not responsible to Law College anyhow. A.G. Seymour brought back a lot of books. E. Bradley brought one. N.B. Morrell (contract) used Lib. ~~J.P. Powers~~ F. Headman will be away for a week - his stenog. knows where to get them if needed. B. McAulay is using one for Mr. H. If Mr. H. doesn't "get back in time please renew."

Looked over RR-5 to see what needs rebinding. Allowed R. Stair + S. Davis to put a case book on vertical file under protest. They seemed inclined to leave it in some odd corner otherwise. 12:45 - 5:30

E. L. Ogden

T. Thomson agreed to schedule - so made 2 cops one for Law, one for Main, which to save time I sent to Miss Adams for suggestions which she was to report to me + send on the schedule to Miss Baker with the note I attached to it. In my note I reminded Miss Baker three keys would be needed as no one would be here to lock up or unlock at some of the hours when it would be necessary. Mr. George Montgomery came to look up something for his father? of Montgomery + Donaldson. Told him he would have to bring Mr. Donaldson's written authorization when he came again. He did not want to take things out this time. Mr. McAfee Lee asked if he could take things out for Mr. Goodman. He will take them under his own signature. Hasn't taken any yet. A pre-med student came to see our books on medical jurisprudence - told him I would lend for 2 weeks but he decided not to take any just now.

[E. L. Ogden]

7 - 9:30

Began revision of helpful hints. Mrs. Morris brought from Dean Witham's office – gift of a Mr. Alloway – a vol. bd as Tenn. reports 3A (2 books) saying something about 158 Tenn – penciled in cover. I remembered 158 Tenn. had an “appendix” + compared this with it. Discovered it was a reprint, apparently from original plates of the “Appendix” to 158 Tenn. – the only changes being addition of a table of cases (2 p.) and a note at foot of p. 2 1, explaining why it was called 3A (2 books) and change in t.p. by leaving off the word “Appendix” and adding words to the effect that it was sold exclusively by Smoky Valley Book Co., Knoxville, Tenn., pub. by Stephens, Columbia, Mo. – not a word about its being ever printed before! Showed it to some of the students + to N.B. Morrell who said Charles B.(?) Morse has it for sale at \$4.00 but N.B.M. hadn't bought it – didn't know it was a reprint. I sent book to Miss Baker with a note of explanation + said I was contemplating sending a note of warning to Law Lib. J. In evening resumed revision of Helpful hints but N.B.M. wanted help in locating material for an unusual case. Suggested periodical index after other sources proved fruitless. Result was unpacking a vol – ready for bindery – so he could copy parts needed! N.B. Morrell (contract) + McAfee Lee (contract) – the latter, still a student – got books for use of T. Goodman (contract)!! + Mr. Gass also here + Mr. McAulay at 9:20.

Saturday, June 28, 1941

8 - 12:30

E. L. Ogden

Continued work on Helpful hints. A. Seymour used Lib for CM Seymour (contract). Told him about Tenn. 3A. He say [sic] Smoky Valley Book Co is a Mrs. McKinney, who furnished lawyers with 176 Tenn. recently. Mr. Wicker says he has been told that 176 contains short biogs. of all Tenn. sup. ct. justices. A. Seymour wanted a La. App. report prior to beginning in Nat'l Reporters – not in Amer. Dig. – so had to say we hadn't it. His citation came from A.L.R.
