Dear Dr. Herndon:

As a result of a joint meeting with the Commission for Blacks and the Commission for Women, we decided several points of communication would be desirable. We want to promote the idea of having qualified women and blacks considered for all administrative positions available; in particular, the Deans' positions open in Education, Liberal Arts and Business Administration. We would like to request that you arrange a meeting between representatives of the Commission for Blacks and the Commission for Women and the respective search committees. Our goal would be to explore the need, availability and opportunity to hire well qualified, minority persons.

Thank you for your assistance. We look forward to hearing from you.

Cordially,
