This Meeting Minutes is brought to you for free and open access by the Office of the Provost at TRACE: Tennessee Research and Creative Exchange. It has been accepted for inclusion in Undergraduate Council Meeting Minutes by an authorized administrator of TRACE: Tennessee Research and Creative Exchange. For more information, please contact trace@utk.edu.
The University of Tennessee, Knoxville  
Undergraduate Council  
Minutes of Meeting  
January 31, 2012  
3:40pm – University Center Ballroom

MEMBERS PRESENT: Mari Beth Coleman, Chuck Collins, George Drinnon, Jeff Fairbrother, Jean Gauger, Tom George, R.J. Hinde, Greg Kaplan (Chair), John Koontz (Past Chair), Maura Lafferty, Sungkyu Lee, Catherine Luther, Norman Magden, John Mount, Rebekah Page (for Steve Dandaneau), Michael Palenchar, Masood Parang, Chris Pionke, Lois Presser, Gary Ramsey, Amber Roessner, Harold Roth, Lisi Schoenbach, Rachelle Scott, John Stier, Wendy Tate, Matthew Theriot (Vice Chair), Scott Wall, Suzanne Wright

OTHER ATTENDEES: Catherine Anderson, Monique Anderson, David Matthews, Cheryl Norris, Missy Parker, Jamia Stokes, Fernandez West, Bob Williams

The meeting was called to order at 3:40pm by Greg Kaplan, Chair.

The minutes of the October 25, 2011, meeting of the Undergraduate Council were approved.

Committee Reports
- **Academic Policy (Magden)**—see pages U2143-U2150
  - Norman Magden reviewed the Academic Policy Committee’s work. All policy changes were approved (changes in registration, 30-hour rule, 5-Year BA/MA programs, final exams).

  - **Advising (Parker)**—see pages U2151-U2152
    - Missy Parker provided a brief report on the committee’s last two meetings. She noted that faculty and advisors need access to the student view of the timetable which includes enrollment and waitlist numbers on the main page. Chris Pionke mentioned that the course management tool, Moodle allows users to switch between faculty and student roles and might serve as an interim solution. The request has been sent to OIT.

  - **Appeals (Park)**—NO REPORT

- **Associate Deans Group (McMillan)**—see page U2153

- **Curriculum (Theriot)**—see pages U2154-U2287
  - John Mount summarized the Curriculum Committee’s recommended changes. The Interior Design program submitted revised course and program proposals that did not increase their total hours. All curricular changes were approved.

- **General Education (Collins)**—see pages U2289-U2291
  - Chuck Collins highlighted the recent general education changes. One of the social science proposals (IE 205—Engineering Economic Analysis) was sent back for revision. It will be discussed at the General
Education Committee’s February 8th meeting. If the course is not approved by the catalog deadline, the Industrial Engineering program will substitute IE 405, and the Biomedical Engineering program will revert back to using ECON 201 or 207 to meet the social science requirement. All other course additions, deletions, and revisions were approved.

The Council will discuss potential term limits for the various committee chairs at its next meeting.

The meeting adjourned at 4:40pm.
Undergraduate Council Minutes

U2143

January 31, 2012

ACADEMIC POLICY COMMITTEE REPORT

December 7, 2011 Meeting Minutes

Attendees: Monique Anderson, Richard Bayer, Kristina Brantley, Jean Gauger, R.J. Hinde, Catherine Luther, Norman Magden (chair), Sally McMillan, Cheryl Norris, Missy Parker, Lois Presser, Adam Roddy, Amber Roessner, Wendy Tate

A revision to the Changes in Registration policy was approved.

Missy Parker asked for feedback on a potential revision to the 30-hour rule. After the proposal is reviewed by the advising community, Parker will submit a final draft for an APC vote in January.

Adam Roddy presented two items: one on UTracK and one on advisor evaluations. The UTracK policy and procedures are still being worked out. The UTrack Taskforce will take Roddy’s proposal under advisement as the policy language is refined.

The SGA bill on advisor evaluations will be discussed by the Advising Committee. There are already several assessment tools being used in the different colleges. Ruth Darling will convene an advising assessment sub-committee this spring to discuss the matter in greater detail, and she welcomes student membership.

The meeting adjourned at 2:30pm.

Revised Policy—APPROVED

Adds, Drops, and Withdrawals Changes-in-Registration

- Students are allowed four drops during their academic career (until a bachelor’s degree is earned).
- Students holding a bachelor’s degree who return to pursue a second bachelor’s degree are allowed four additional drops.
- Students pursuing more than one major or degree simultaneously are not allowed additional drops.
- After the 84th day, no drops are permitted. From the 85th day to the last day of classes, students still have the option of withdrawing from the university (dropping all courses).
- Withdrawing from the university (dropping all courses) does not impact a student’s four allotted drops. More information on withdrawals is provided in the catalog section, Withdrawing from the University.
- The W grade is not computed in the grade point average.
- Courses may be dropped on the web (https://myutk.utk.edu/).

Rationale: The only way a student can drop a course after the 84th day is to drop all her/his courses. It’s important that we spell out that option as clearly as possible and that we not assume that they will click the “withdrawal” link to gain that clarity. Very few students know what we mean by “Changes in Registration.” Entitling it “Adds, Drops, and Withdrawals” would help us set the tone for that section as we (1) explain all options to students and (2) draw distinctions between drops and withdrawals. Impact on other units: none. Financial impact: none.
Referred to Transfer Taskforce for Further Discussion

Adam Roddy—Proposal for Revisions and Changes to the Universal Tracking (UTracK) Section of the Revised Academic Policy

I apologize for the lengthy nature of my proposals, but as the sole student representative on the Academic Policy Committee, I feel it is my responsibility to represent the desires and will of the student body. After speaking with multiple students, representatives of students, and student leaders, I believe these suggestions accurately represent the wishes and will of the student body for the University of Tennessee at Knoxville. These proposals are designed to represent student concerns while still keeping in mind and promoting the ideas and goals already envisioned by the Academic Policy and its current revisions.

The following contains three suggestions I have for changing the UTracK policy:

There is one major change and two minor changes. The major change takes place in the first paragraph. It specifically deals with when and how students will be required to select a major or exploratory area. It provides students with an option instead of a mandate of either declaring a major or exploratory area at the time of admittance to the university. My perspective of this comes from a student who is currently an advisor for the College of Arts and Sciences with primarily undecided students. He specifically outlined in his email to me how “helping a former engineering major or communications major who jumped straight in to their major content is much tougher to get back on track than someone who came in undecided.” Additionally, many students enroll knowing exactly what they want to major in, but by no means does this make up the vast majority. In general, many students feel as if this sort of requirement would be a means of the University providing a “degree” instead of an “education.” Students realize, however, that the University is undertaking the Governor’s challenge to become a Top 25 institution. To promote this goal, the next portion of my suggestion requires students to have declared this major or exploratory area by the end of their first semester. This provides students with a semester to acclimate to college before being required to jump immediately into a program or major they likely know nothing about. Furthermore, it still promotes students committing to a major or exploratory area thereby increasing four-year graduation rates, which I believe was one of the ideas behind having students declare one of these upon admittance to the university.

The next minor suggestion I have is in regards to the hold that is placed on students’ registration upon being “off-track” for three consecutive semesters. While I agree that immediate and decisive action needs to take place regarding students if they are “off-track” for three semesters, dropping all classes the students have enrolled in could potentially have a negative impact. These students will likely already be struggling to graduate in four years. I propose that only classes related to their current major or exploratory area in which they are “off-track” should be dropped. Many students could also be taking general education requirement courses at the time of being “off-track.” If this is the case, then these classes, which could still be applicable to other majors in which the student is on track for, need not be dropped. The student is likely “behind” enough as it is, and dropping
classes unrelated to their current major or interest could only hinder their progress and subsequent graduation time further.

The final minor suggestion I proposed simply regards the selection of new majors a student will be provided upon being “off-track” for three consecutive semesters. Currently the academic policy states that students will be provided a list of majors for which they are on track. I propose that the wording and policy be changed to a list of majors for which students are not “off-track.” This will allow students to select from a much greater range provided the major or interest a student chooses is not one in which they would be “off-track” for. This could potentially absolve the issue discussed at prior meetings of a student who wants to switch from Engineering to Music. If the student can only select from a list of majors from which they are on track, then switching from Engineering to Music will be difficult to say the least.

Finally, I listed a student concern regarding the information presented in the fourth paragraph under Universal Tracking (UTracK). While I have not listed an alternate proposal, I have listed a comment on the side, which states students’ concerns to the immediate hold that would be placed on their registration upon being “off-track.” This comment simply outlines how arranging an advising appointment can be a long and drawn-out process. Registering for new or different classes may provide a solution to being off-track so expediency and flexibility of this process could thereby be paramount to students becoming on track once again.

Thank you in advance for your time, input, and consideration on this proposal and the students in which it represents.

Adam Roddy
Student Government Association—Chief of Staff
University of Tennessee Ambassador
UNIVERSITY OF TENNESSEE

**Universal Tracking (UTracK)**

UTrack is a tool for helping students stay on track for timely graduation. Students will have the option of selecting a major or exploratory area at the time they are admitted to the university. At this time, undecided will still be an option for students to select. Students declare either a major or an area of interest (exploratory area) at the end of their first semester at the time they are admitted to the university. Every area of study includes a major guide. These guides are designed to keep students on track for four-year graduation.

Students do not have to complete all of the recommended courses to remain on track; they simply have to meet certain minimum requirements known as milestones. Milestones for each semester are identified in the guides for each undergraduate major or exploratory area. Milestones usually include successful completion of certain required courses and attainment of a minimum GPA. A student’s major guide is tied to a catalog year. The
semester for which a student is “tracking” milestones may not be the same as the student’s actual number of semesters at UTK.

Each main term of the academic year (fall and spring) students receive two UTracK audits. The first will be generated after the close of the “add/drop” period and will be used by the student and the advisor to identify any potential upcoming problems the student may be experiencing in meeting milestones. A second audit will be generated after grades are posted and will alert the student if some milestones are unmet. Students with unmet milestones are notified that they are “off track.”

When students are off track, a hold will be placed on their registration. They will be required to develop a plan during the following main term for getting back on track. These students must meet with an advisor in the advising center (or the designated faculty advisor if there is no advising center) of the college where their current major is housed. If students do not have an advisor-approved plan for getting back on track, they will not be allowed to register for future semesters.

[Comment from student: Developing a plan and meeting with an advisor is necessary, but immediately imposing a registration hold may be detrimental to students, especially if the student is attempting to register (which might even remedy the problem). There are often long waits to get an advising appointment, and flexibility in registering and changing one's schedule is important.]

If students are off track for three consecutive end-of-semester audits, they will not be able to take classes (they will be blocked from registration and classes in their current major or exploratory area will be dropped) until they have selected a new major from a list of majors for which they are not “off-track” on track. (Engineering to Music Example) Once the student selects a new major, he or she should contact the advising center (or designated faculty advisor) of the college offering that major to schedule an appointment to discuss changing the major. If students are unsure of a new major and/or if they do not find a major for which they are on track, they should contact the Arts and Sciences advising center.

**Referred to Advising Committee for Further Discussion**

BILL#: SEN-04-12

TITLE: Evaluation of Academic Advisors

SPONSOR: Michael Bright, College of Engineering Senator (mbright8@utk.edu)
Adam Roddy, College of Arts & Sciences Senator (aroddy1@utk.edu)

DATE: October 25, 2011

Whereas, The University of Tennessee has been challenged to become a top 25 public research university, and
Whereas, Freshman-to-Sophomore retention, tracked by UT’s Office of Institutional Research and Assessment is a key metric used by many groups, including the U.S. News & World Report rating system to judge a university’s successfulness and ranking, and

Whereas, Academic advisors are crucial in a student’s career, especially for lowerclassmen in their early stages, and thus can affect the retention rates of said students, and

Whereas, The university is currently using part of a $1.6 million (2010) fund from tuition revenues to employ additional academic advisers, and

Whereas, The Student Government Association supports the Advising Program at the University of Tennessee and only wants to see the advising policy improve, and

Whereas, An Evaluation System of Academic Advising would help provide feedback to advisors on how to improve advising for students, departments, colleges, and advisors themselves, and

Whereas, This bill is further designed to work in congruence with the currently-proposed Academic Advising Policy revisions (Academic Policy Committee) and all future changes,

Be It Hereby Resolved That the Student Assessment of Instruction System (SAIS) implement an option through which the students should have an opportunity to electronically evaluate their academic/faculty advisors and associated effectiveness along with their professors at the end of each semester, and

Be It Hereby Further Resolved, That the Student Government Association recommends the implementation of the Advisor Evaluations should be carried out in three main Steps. Firstly, the option shall be available to students in the College of Arts and Sciences, with the results of the evaluations for the academic advisors made known to the department/college and later be presented to the Student Government Association Student Senate by a representative of the College of Arts and Sciences. Secondly, if there are enough responses and enough data is generated over a period of time, the Student Senate shall vote on whether or not to extend the option to include all other colleges, with the results made available to the respective departments and once again presented to the Student Senate. And thirdly, after enough data is generated, the Student Senate shall vote and subsequently work in coordination with the administration on whether or not to make the results public to all students through the TN 101 site or a format similar to it, and

Be It Hereby Further Resolved, That the proposed changes to the Academic Advising Policy presented in this bill would carry over through future advising policy changes or revisions as well.

ACTION TAKEN BY THE STUDENT SENATE

Seconded by ____________________________________________________________

VOTE for____________ against__________  abstentions__________

Date______________________________________________________________
January 4, 2012 Meeting Minutes

In lieu of the January 4th APC meeting, an email vote was taken to approve a revision to the 30-hour rule.

**Revised Policy—APPROVED**

**General Requirements for a Bachelor’s Degree** (bullet 4)

Complete the last 30 hours of credit offered for the bachelor’s degree in residence at the University of Tennessee, Knoxville. During the final 30 hours, up to two courses outside a student’s major may be taken at another institution as long as the student has 25% of coursework for the degree completed at the University of Tennessee, Knoxville. Credit for correspondence courses taught by the faculty of the UT Knoxville campus may be counted as part of this requirement with the exception of the limitation noted in the regulations concerning correspondence work. Special arrangements to allow study abroad courses, work taken at other University of Tennessee campuses, and all other requests for waiving this requirement must be approved by the dean of the college in which the student is enrolled.

January 25, 2012 Meeting

A special meeting was called to review the 5-year programs in order to gain the requisite approvals before the catalog deadline.

**New 5-Year BA/MA Programs—APPROVED**

- **ADD FIVE-YEAR BA/MA PROGRAM – FRENCH AND FRANCOPHONE STUDIES**

**Five-Year BA/MA Program**

For qualified students, the Department of Modern Foreign Languages and Literatures offers a 5-year BA-MA program with a BA major in French & Francophone Studies and a non-thesis MA major in French. The primary component of the program is that a qualified student may take up to 9 hours of approved graduate courses for their senior undergraduate electives and have them count toward both the BA degree and the MA degree. Qualifications for admission to the program are:
The student must have an overall cumulative GPA of 3.0 and a cumulative GPA of 3.5 in undergraduate French courses to be considered for admission to the program.

Conditional and full admission of a student into this program must be approved by the Department of Modern Foreign Languages and Literatures and by the Graduate School.

Conditional admission may be granted after completing 64 hours of the requirements for the BA in French & Francophone Studies, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation.

Conditional admission must be obtained before taking a graduate course that is to be used to satisfy the requirements of both the BA degree and the MA degree.

Full admission may be granted after completing 96 hours of the requirements for the BA in French & Francophone Studies, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation. A cumulative GPA of 3.5 in undergraduate French courses is required for full admission.

Any course taken for graduate credit prior to satisfying all requirements for the BA degree must be approved by the department head (or designee) and by the Graduate School.

A student will not be eligible for a graduate assistantship until the student has satisfied all of the requirements for the BA degree.

Rationale: Adding a five year BA-MA program in French will give students more options to complete these programs. This is following models offered at other institutions and recognizes the need for master’s-level training in order to be competitive in a large variety of sectors of the job market. This new accelerated program option will only be available to highly qualified French majors, and its design follows established five year BS-MS programs offered at UTK in the College of Engineering. Impact on other units: No impact. Financial impact: No impact.

---

ADD FIVE-YEAR BA/MA PROGRAM – GERMAN

Five-Year BA/MA Program

For qualified students, the Department of Modern Foreign Languages and Literatures offers a 5-year BA-MA program with a BA major in German and a non-thesis MA major in German. The primary component of the program is that a qualified student may take up to 9 hours of approved graduate courses for their senior undergraduate electives and have them count toward both the BA degree and the MA degree. Qualifications for admission to the program are:

- The student must have an overall cumulative GPA of 3.0 and a cumulative GPA of 3.5 in undergraduate German courses to be considered for admission to the program.
- Conditional and full admission of a student into this program must be approved by the Department of Modern Foreign Languages and Literatures and by the Graduate School.
- Conditional admission may be granted after completing 64 hours of the requirements for the BA in German, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation.
- Conditional admission must be obtained before taking a graduate course that is to be used to satisfy the requirements of both the BA degree and the MA degree.
- Full admission may be granted after completing 96 hours of the requirements for the BA in German, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation. A cumulative GPA of 3.5 in undergraduate German courses is required for full admission.
- Any course taken for graduate credit prior to satisfying all requirements for the BA degree must be approved by the department head (or designee) and by the Graduate School.
- A student will not be eligible for a graduate assistantship until the student has satisfied all of the requirements for the BA degree.

Rationale: Adding a five year BA-MA program in German will give students more options to complete these programs. This is following models offered at other institutions and recognizes the need for master’s-level training in order to be competitive in a large variety of sectors of the job market. This new accelerated program option will only be available to highly qualified German majors, and its design follows established five year BS-MS programs offered at UTK in the College of Engineering. Impact on other units: No impact. Financial impact: No impact.

---

Revised Policy—APPROVED

Exams

Final exams must be given during the final exam period at the scheduled time and in the scheduled place, although alternative uses of the scheduled exam period may be designated
by the instructor. Examples would include group presentations, presentations of final projects or general discussions regarding course content.

Students are not required to take more than two exams on any day. The instructor(s) of the last non-departmental exam(s) on that day must reschedule the student’s exam during the final exam period. It is the obligation of students with such conflicts to make appropriate arrangements with the instructor at least two weeks prior to the end of classes.

In-class, written quizzes or tests counting more than 10% of the semester grade may not be given the last five calendar days before the study period. The study period, designated as “Study Day” on the Academic Calendar, is set aside for final examination study. There should be no assignments or projects due during this time.

No exams may be scheduled during the designated Study Period. No regular exams may be scheduled during the “Make Up Exam” times.

1 Some units offer departmental exams in which one, common exam period is assigned to all sections of a particular course. These exams should not be rescheduled.
Call to order – Missy Parker

Office of National Scholarships and Fellowships – Dr. Michael Handelsman spoke to the committee about the ONSF.

Thornton Center – Ratliff provided a handout of academic highlights for this fall. She informed the group of some new initiatives such as the Pre-game Summer Bridge Program for incoming students, ACE – Achieving Classroom Excellence, GradesFirst, and GRE prep sessions.

Revise wording on Motion for Chair – Parker announced that the motion submitted to the Undergraduate Council last month has passed with a friendly amendment. The revised proposal:

“The chair of the Advising Committee will serve a two year term. At the beginning of the chair’s second year of service, a chair-elect will be elected from the membership and will assume the chair’s position the following fall term. The out-going chair will then serve as past-chair for the next year to support, assist, and serve as substitute for the chair if necessary. There are no limits to the number of times a chair can serve. To be eligible to serve as chair, the nominee must have academic advising as a major component of their position.”

VolVision Advising Sub-committee – Darling announced that she has a good number of people who have volunteered to work on the sub-committee groups for advisor career ladder and advising web site.

Academic Advising Awards - Darling announced that the call for nominations for academic advising awards has gone out.

Registrar Update – Warden announced that the Registrar’s Office is currently working on UTrack implementation with DARS and Platinum Analytics. A new form in INB (Banner) SOAPCOL, has been developed to see if a student has a background institution record that is not showing in the SSB. Advising staff who do not have access to INB can submit a request for access using the Banner access form on the Registrar’s website.

TennACADA Update – Rebecca Diemer announced that Tim Woods will provide some basic information on financial aid at the next meeting.
Undergraduate Council Minutes

January 24, 2012 Meeting Minutes

Welcome and Call to Order – Parker called the meeting to order at 3:30 p.m.

Advisors View of Timetable in Banner – Parker demonstrated the view of the timetable for students is different than for faculty/staff. The faculty/staff view does not easily show enrollment or wait-list numbers. After discussion, it was agreed that Parker would represent the advising community in seeking a solution.

Tutoring Update – DiNuzzo distributed information on the new tutoring offered by the SSC in the Commons and in Hess Hall. After the move to Greve later this semester, tutoring will also be offered at the SSC. The SSC will be applying for certification from the College Reading and Learning Association (CRLA) for tutoring. The intent is to continue to grow the tutoring program from the current courses with 17 tutors.

Success Workshops Update – Renalds reported that of the 765 first year students who were placed on probation for the first time after fall 2011, 420 have completed their required success workshop. All action plans are attached to students’ records in AdvisorTrac. Each student will receive a personalized communication from the SSC regarding their specific action plan.

Supplemental Instruction Update – Hedges announced that the spring semester schedule and other SI information are on the SSC website at http://studentsuccess.utk.edu/support/supplemental/. Spring courses with SI sessions are Math 119, 130, and 115; Chemistry 120, 130; Engineering 151, 152. New this semester – the SI Leaders have each created a FaceBook page for their classes. Also new this semester is the videos being created for the common problems that students run into in each of the courses. The plan is to have at least one video for each chapter in each course in SI. Videos can be found by visiting http://studentsuccess.utk.edu and clicking on the link in the bottom left of the main page or by going directly to http://studentsuccess.utk.edu/support/supplemental/videos.shtml.

Chancellor’s Honors Update – Page announced that the Chancellor’s Honors Program offices will be moving to the Baker Center in June. They are searching for a new Assistant Director who will be working with programming primarily for the Haslam Scholars. Beginning with the fall 2012 cohort, honors students who receive the Volunteer Scholarship (TN residents) or the Excellence Award (out of state) will receive $1000 more in their scholarship packages. If they are released from the Honors program, they will lose the $1000. If students are admitted to the Honors program after their freshman year, they will receive the $1000.

Retention Report – Darling provided data on first-time full time freshmen enrollment, first year retention rates, and 4 and 6 year graduation rates – all provided by the Office of Institutional Research and Assessment. Full reports are available at the fact book http://oira.tennessee.edu/factbook.html.

One Stop Shop Search – Darling announced that she is the chair of the search committee for the new One Stop Shop Director currently underway.

TennACADA – McCay announced that the planning meeting for spring events will be held next week.
ASSOCIATE DEANS GROUP REPORT

September 23, 2011 Meeting Minutes

Present: Tom George (EHHS), Michelle Gilbert (Provost staff), RJ Hinde (A&S), Jan Lee (Nursing), Catherine Luther (CCI), Sally McMillan (chair), Masood Parang (COE), Annette Ranft (CBA), John Stier (CASNR), Rita Smith (Libraries), and Scott Wall (CoAD)

Approval of August Minutes

Academic Common Market- continued discussion from last meeting. College of Business did some follow-up on Logistic students in ACM and concluded that currently most remain in the program. General consensus that we continue to participate in ACM for graduate and undergraduate programs. Determine if NC is still participating at grad level. Group is also interested in THEC comparisons.

Timetable/Section Time Analysis-discussed briefly the data provided by Jennifer Hardy. A little difficulty interpreting the data so the item was tabled. Will invite Jennifer to the next meeting and interpret and answer questions.

Summer School- shared report-asked group to not distribute freely-overall, didn’t meet goals. EHHS and CoAD had good results and benefited from the new incentives. Noticed increase in 2d session and increase in grad enrollments and increase in waivers for faculty/staff/family enrollments which resulted in loss of revenue. For next summer work on better ways to market classes. Hope will be available next summer, still working out logistics. Possible online courses as options.

Textbook Orders-the group was encouraged to communicate with departments and faculty the importance of reporting to bookstore regardless of whether ordering from them or not which will help the bookstore manage the demand. The bookstore is under legal obligations to provide books for students and would help in estimating cost/demand.

Top 25 Investment Process-Chairs are accessing plans to present to Chancellor

Other- High Demand Courses-get bottleneck info and data to support no later than Mon to possibly include with proposal for resources.
CURRICULUM COMMITTEE REPORT

The Curriculum Committee met on January 17, 2012, at 2:00pm in the 4th floor conference room of Andy Holt Tower.

Present: Monique Anderson, Mari Beth Coleman, Marleen Davis (for Scott Wall), George Drinnon, Jeff Fairbrother, Tom George, R.J. Hinde, Catherine Luther, John Mount (chair), Cheryl Norris, Michael Palenchar, Masood Parang, Chris Pionke, Gary Ramsey, John Stier, Matthew Theriot, Suzanne Wright

Curricular proposals from the areas listed below were reviewed and approved.

- College of Agricultural Sciences and Natural Resources
- College of Architecture and Design
- College of Arts and Sciences
- College of Business Administration
- College of Communication and Information
- College of Education, Health and Human Sciences
- College of Engineering
- College of Nursing
- College of Social Work
- First-Year Studies Program
- University Honors Program

The meeting adjourned at 4:50pm.

* General education course
† Cross-listed course
◆ Add or drop of major, concentration, minor

REVISE DESCRIPTION

†320 Reproductive Physiology and Lactation (3) Reproductive anatomy and physiology and lactation in agriculturally-important and companion animals, humans, and to a lesser extent avian and zoo animal species. This is a core course for Animal Science majors and an elective for Biochemistry, Cellular and Molecular Biology majors. Course materials may also be of interest to students majoring in other majors in agriculture, biological and life sciences. (Same as Biochemistry and Cellular and Molecular Biology 320.)
Formerly: Biology of sex and sexual differentiation, functional anatomy of male and female, reproduction and lactation, gametogenesis, neuroendocrinology and endocrinology of reproduction and lactation, sex cycles, folliculogenesis, ovulation, spermatogenesis, fertilization, embryonic development, implantation, pregnancy, parturition, initiation of lactation and maintenance of the dry period, artificial control of reproduction and lactation. (Same as Biochemistry and Cellular and Molecular Biology 320.)

REVISE (RE) PREREQUISITE

430 Nutrient Evaluation and Ration Formulation (3)
(RE) Prerequisite(s): 330 or consent of instructor.
Formerly: (RE) Prerequisite(s): 330.

REVISE (RE) PREREQUISITE, DROP (DE) PREREQUISITE

340 Animal Breeding and Genetics (3)
(RE) Prerequisite(s): 220 and Mathematics 115 or above.
Formerly: (RE) Prerequisite(s): Mathematics 125 or 151.
(DE Prerequisite(s): 220 and Math 141.

DEPARTMENT OF BIOSYSTEMS ENGINEERING AND SOIL SCIENCE

(194) (BSET) Biosystems Engineering Technology

ADD

335 Construction Documents and Estimating (3) Types and interpretation of construction documents, plans, specifications, and schedules of materials, and considerations of document control; Introduction to construction estimating, including types of estimates, their uses, quantity takeoffs, costs of work, overhead, submitting the bid, application of spreadsheets for basic estimating.
345 Green Construction and Construction Safety (3) Considerations for energy efficient and environmentally sustainable buildings and development practices, practical and measurable aspects of building elements and corresponding building certification systems; Construction safety, including the recognition, avoidance, abatement, and prevention of construction safety and health hazards.

355 Project Planning and Scheduling (3) Parameters affecting project planning, presentation of schedule information, network diagramming and calculation with the critical path method, resource allocation and management, productivity planning, computer applications.

435 Construction Finance/Accounting and Law (3) Construction finance and cost accounting, industry formats, fixed and variable costs, record and report practices; capital equipment, depreciation, and expensing; forecasting costs and cash flow requirements, payment processes and time value of money; surety bonds and insurance; construction law, construction contracts, legal roles and responsibilities, the regulatory environment and licensing, lien laws and the contractor’s rights, national and local labor law, administrative procedures to avoid disputes.
(RE) Prerequisite(s): Accounting 200.
Comment(s): Graduate standing may satisfy prerequisites.

ADD AND REQUEST VARIABLE TITLE

480 Selected Topics (1-3) Current issues and problems in biosystems engineering technology and related fields.

REVISE TITLE, REVISE DESCRIPTION

325 Structural and Soil Mechanics in Construction (3) Introduction to building systems, loads, forces; statics and strength of materials for builders; physical behavior of soils as a construction material; overview of geology and the formation of soil; index properties and engineering classification; mechanical properties of soils; compaction theory; excavation and OSHA requirements for trench safety, earthwork contract documents.
Formerly: Soils in Construction Introduction to the physical behavior of soils as a construction material; overview of geology and the formation of soil; index properties and engineering classification; mechanical properties of soils; compaction theory; excavation and OSHA requirements for trench safety, earthwork contract documents.

DEPARTMENT OF FOOD SCIENCE AND TECHNOLOGY

(390) (FDST) Food Science and Technology

ADD AND CROSSLIST

†421 Food Microbiology (3) Physical, chemical, and environmental factors moderating growth and survival of foodborne microorganisms. Pathogenic and spoilage microorganisms affecting quality of foods and their control. (Same as Microbiology 421.)
(RE) Prerequisite(s): Microbiology 210 or 310.

DROP

420 Food Microbiology (3)

DEPARTMENT OF FORESTRY, WILDLIFE AND FISHERIES

(396) (FORS) Forestry
ADD

345 Practical Arboriculture (2) Students will be exposed to modern hands-on techniques in arboriculture that will demonstrate real-world situations and teach students to respond appropriately. Techniques covered will include climbing, cabling, bracing, and pruning.

430 Inventory and Assessment of Urban Land (2) Students will actively participate in tree inventory techniques used in three major metropolitan cities in Tennessee. Different tree inventory techniques (i.e. fGIS, i-Tree, modification of FIA) are used throughout the state of Tennessee. Students will be exposed to the latest technology used both by Regional and City Urban Foresters.

433 Urbanization and Urban Soils (2) Course will cover the below-ground factors that affect tree establishment and survival in urban areas, specifically addressing the importance's of soil structure, density, pH, water availability, and chemical properties (i.e. minerals, CEC).

435 Trees and the Law (1) Course will evaluate tree law cases in the United States, focusing primarily on tree problems between private neighbors, government, and public utilities.

(W93) (WFS) Wildlife and Fisheries Science

ADD AND CROSSLIST

†401 Ecology and Management of Wildlife Health (3) Review of ecological and environmental factors affecting wildlife health, and tools available for effective wildlife disease surveillance and management. Emphasis on the importance of multidisciplinary and interagency collaboration for management of wildlife health problems. (Same as Wildlife and Fisheries Science 501.).

PART II. PROGRAM CHANGES

REVISE COLLEGE TEXT (MAJORS, CONCENTRATIONS, AND DEPARTMENTS HEADING)

- Agricultural leadership, education and communications with concentrations in agricultural communications, agricultural education, agricultural extension education, agricultural leadership, and agricultural science (Agricultural Leadership, Education and Communications Program).
- Animal science with concentrations in animal industries, bioscience, pre-veterinary medicine, and pre-veterinary medicine 3+1 (Department of Animal Science).
- Biosystems Engineering with a pre-professional concentration (Department of Biosystems Engineering and Soil Science).
- Environmental and soil sciences with concentrations in agricultural systems technology, conservation agriculture and environmental sustainability, construction science, environmental science, land surveying, off-road vehicle technology, and soil science (Department of Biosystems Engineering and Soil Science).
● Food and agricultural business with a concentration in agricultural equipment systems management (Department of Agricultural and Resource Economics).
● Food science and technology with concentrations in pre-pharmacy, pre-professional, technology/business, and science (Department of Food Science and Technology).
● Forestry with concentrations in forest resources management and wildland recreation, and urban forestry (Department of Forestry, Wildlife and Fisheries).
● Natural resource and environmental economics (Department of Agricultural and Resource Economics).
● Plant sciences with concentrations in bioenergy, biotechnology, horticulture science and production, landscape design, organic production, public horticulture, and turfgrass science and management (Department of Plant Sciences).

REVISE COLLEGE TEXT (MINORS AND DEPARTMENTS HEADING)

● Agricultural leadership (Agricultural Leadership, Education and Communications Program).
● Animal science (Department of Animal Science).
● Biosystems engineering technology (Department of Biosystems Engineering and Soil Science).
● Entomology and plant pathology (Department of Entomology and Plant Pathology).
● Environmental and soil sciences (Department of Biosystems Engineering and Soil Science).
● Food and agricultural business (Department of Agricultural and Resource Economics).
● Food science (Department of Food Science and Technology).
● Food technology (Department of Food Science and Technology).
● Forestry (Department of Forestry, Wildlife and Fisheries).
● Natural resource and environmental economics (Department of Agricultural and Resource Economics).
● Plant sciences (Department of Plant Sciences).
● Wildlife and fisheries science (Department of Forestry, Wildlife and Fisheries).
● International agriculture and natural resources (Office of the Dean).

● Watershed (Office of the Dean)

REVISE COLLEGE TEXT (ADD VOLS TEACH PARAGRAPH BEFORE ACADEMIC PROGRAMS HEADING)

VolsTeach Program
Students pursuing a major in Biosystems Engineering are eligible to participate in the University’s VolsTeach program (http://volsteach.utk.edu/), which permits students to simultaneously complete a major in engineering and receive secondary education teaching licensure through completion of a VolsTeach minor. For more information about VolsTeach, including advising associated with teaching licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (100 Greve Hall).

◆ ADD (INTERDISCIPLINARY) WATERSHED MINOR

Growing awareness of the complexity of water quantity and quality issues related to human activities leads to dealing with those issues on a watershed scale. This minor is for undergraduate students wishing to develop expanded skills in watershed science/engineering, planning and design, and culture and policy issues related to water. These skills are especially useful for careers in natural resource policy, water and land management, sustainable development and design for private industry, and storm water management for government agencies. More information is available at: http://watershed.utk.edu/default.html.

Minor Requirements
The minor consists of 18 hours. Note that some courses may have prerequisites.

Watershed Core
Select 3 hours:
● BSE 416 - Environmental Hydrology
● BSET 474 - Environmental Instrumentation and Monitoring
● CE 494 - Water Resources Engineering II
● ESS 324 - Soil and Water Conservation
● GEOG 433 - The Land-Surface System
● GEOG 436 - Water Resources

Science/Engineering
Select 3 hours:
- BSE 416 - Environmental Hydrology
- BSET 326 - GIS/GPS Applications in Agriculture and Environmental Science
- BSET 474 - Environmental Instrumentation and Monitoring
- CE 381 - Environmental Engineering I
- CE 391 - Water Resources Engineering I
- CE 481 - Environmental Engineering II
- CE 485 - Principles of Hydrogeology
- CE 494 - Water Resources Engineering II
- EEB 404 - Ecosystem Ecology
- EEB 470 - Aquatic Ecology
- EEB 474 - Ichthyology
- ESS 210 - Introduction to Soil Science
- ESS 324 - Soil and Water Conservation
- ESS 444 - Environmental Soil Chemistry
- ESS 454 - Environmental Soil Biology
- ESS 462 - Environmental Climatology
- FORS 414 - Tree Physiology
- GEOG 433 - The Land-Surface System
- GEOG 434 - Climatology
- GEOG 436 - Water Resources
- GEOL 450 - Process Geomorphology
- GEOL 485 - Principles of Hydrogeology
- WFS 295 - Practicum in Wildlife and Fisheries Science
- WFS 433 - Amphibian Ecology and Conservation
- WFS 443 - Fisheries Science

Cultures/Society
Select 3 hours:
- ESS 120 - Soils and Civilizations
- ESS 220 - Water and Civilizations
- FWF 250 - Conservation
- PHIL 346 - Environmental Ethics
- SOCI 360 - Environment and Resources
- SOCI 465 - Social Values and the Environment

Policy
Select 3 hours:
- AREC 315 - Agricultural and Environmental Law
- AREC 470 - Policy Analysis for Environmental and Natural Resource Management
- AREC 472 - Natural Resource Economics
- ECON 362 - Environmental and Natural Resource Policy
- ECON 463 - Environmental Economics

Select 6 hours:
- Any courses from the prior lists not already taken for the minor

REVISE ANIMAL SCIENCE MAJOR—PRE-VETERINARY MEDICINE 3+1 CONCENTRATION

This program allows students to be awarded a Bachelor of Science in Animal Science after the successful completion of the first two semesters in the College of Veterinary Medicine (CVM). Students must begin this program early in the pre-veterinary curriculum. The specific requirements are as follows.

- Completion of all pre-veterinary requirements.
  - ENGL 101, ENGL 102 (3,3) – 6 hours
  - Humanities and Social Sciences – 18 hours
  - PHYS 221, PHYS 222 (4,4) – 8 hours
  - CHEM 120-CHEM 130 (4,4) – 8 hours
  - CHEM 350, CHEM 360 and Laboratory CHEM 369 (3,3,2) – 8 hours
  - BCMB 401 (4) – 4 hours
  - BIOL 130, BIOL 140 (4,4) – 8 hours
  - BIOL 240 – 4 hours or ANSC 340 – 3 hours
  - Biology Elective – 4 hours

Second Year
ANSC 220, ANSC 280* 6
Directed Technical Elective BIOL 240 4
AGNR 290 3
CMST 210* or CMST 240* or ANSC 360* 3
CHEM 350, CHEM 360, CHEM 369 8
PHYS 221*-PHYS 222* 8

*Any biological sciences course not already required.

REVISE ANIMAL SCIENCE MINOR

Complete:
ANSC 220 - Animal Anatomy and Physiology
ANSC 280 - Animal Biotechnology and Management
ANSC 381 - Animal Nutrition and Management Systems
ANSC 430 - Nutrient Evaluation and Ration Formulation

Select one course:
ANSC 481 - Beef Management
ANSC 482 - Dairy Management
ANSC 483 - Swine Management
ANSC 484 - Poultry Management
ANSC 485 - Equine Management
ANSC 489 - Companion and Exotic Animal Management

Select 9 hours:
ANSC 320 - Reproductive Physiology and Lactation
ANSC 330 - Comparative Animal Nutrition
ANSC 340 - Animal Breeding and Genetics
ANSC 360 - Equine and Food Animal Evaluation
ANSC 361 - Beef Cattle Merchandising
ANSC 380 - Animal Health Management
ANSC 385 - Veterinary Entomology
ANSC 420 - Reproductive Technologies
ANSC 430 - Nutrient Evaluation and Ration Formulation
ANSC 481 - Beef Management
ANSC 482 - Dairy Management
ANSC 483 - Swine Management
ANSC 484 - Poultry Management
ANSC 485 - Equine Management
ANSC 486 - Sheep and Goat Management
ANSC 489 - Companion and Exotic Animal Management
DEPARTMENT OF BIOSYSTEMS ENGINEERING AND SOIL SCIENCE

REVISE DEPARTMENT TEXT
The Department of Biosystems Engineering and Soil Science offers two undergraduate degree programs – Bachelor of Science in Biosystems Engineering and Bachelor of Science in Environmental and Soil Sciences. Biosystems engineering is a four-year program, accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org, emphasizing engineering applications to biological systems. Environmental and soil sciences is a strong science-based program for students interested in environmental science, soil science, or engineering technology. Engineering technology concentrations include agricultural systems technology, conservation agriculture and environmental sustainability, construction science, land surveying, and off-road vehicle technology. Students in the land surveying concentration are eligible to sit for the Tennessee Professional Land Surveyor-In-Training exam (see for more details). Minors in either environmental and soil sciences or in biosystems engineering technology are also available. More detailed descriptions of each program are included with the curricular material that follows.

REVISE BIOSYSTEMS ENGINEERING PROGRAM TEXT (ADD AFTER LAST PARAGRAPH)
In keeping with the general College of Engineering requirement, all Biosystems Engineering undergraduate students are expected to have their own laptop computer. Please see the minimum computer requirements described at http://www.engr.utk.edu/futurestudents/computers.html.

REVISE BIOSYSTEMS ENGINEERING MAJOR
4 Note that some electives have required prerequisites. See individual course descriptions for specific information. BSET 412, BSET 414, BSET 432, BSET 434, BSET 452, BSET 462, BSET 474; CE 485, CE 486; CHEM 230, CHEM 310, CHEM 350, CHEM 360; ECE 206; ESS 334, ESS 434, ESS 442, ESS 444, ESS 454; GEOG 410, GEOG 411; GEOL 485; IE 304; MATH 403, MATH 405, MATH 411, MATH 431; ME 363, ME 365, ME 366, ME 391, ME 405, ME 451, ME 466; PHYS 232.

REVISE BIOSYSTEMS ENGINEERING TECHNOLOGY MINOR
Minor Requirements
The minor consists of 15 18 hours.

Required Courses
Select one course: Complete:
- BSET 326 – GIS/GPS Applications in Agriculture and Environmental Science
- BSET 412 – Surveying
- BSET 414 – CAD Applications to Biosystems Engineering Technology
- BSET 432 – Agricultural Machinery and Tractors

Select one course:
- BSET 202 – Materials and Fabrication
- BSET 412 – Surveying
- BSET 432 – Agricultural Machinery and Tractors
- BSET 434 – Production Monitoring and Automation
- BSET 452 – Small Internal Combustion Engines
- BSET 462 – Agricultural Chemical Application Technology

Select three additional courses:
- BSET 202 – Materials and Fabrication
- BSET 325 – Structural and Soil Mechanics in Construction
- BSET 326 – GIS/GPS Applications in Agriculture and Environmental Science
- BSET 355 – Project Planning and Scheduling
- BSET 432 – Agricultural Machinery and Tractors
- BSET 412 – Surveying
- BSET 414 – CAD Applications to Biosystems Engineering Technology
- BSET 434 – Production Monitoring and Automation
- BSET 452 – Small Internal Combustion Engines
- BSET 462 – Agricultural Chemical Application Technology
REVISE ENVIRONMENTAL AND SOIL SCIENCES PROGRAM TEXT (2ND PARAGRAPH)
The science thrust provides options for three two concentrations, Soil Science, and Environmental Science, and Conservation Agriculture and Environmental Sustainability. All of these provide a very strong basis in the natural sciences, as well as applied areas such as ecology, soil sciences, and natural resource policy. Students also build expertise with modern technologies such as geographical information systems, global positioning systems, and computer applications in natural resource management. Graduates are prepared to work in a wide variety of interesting and challenging career paths and to work with a broad variety of other professionals to solve complex problems. Examples of potential careers include soil and environmental specialists and scientists; state and federal regulatory agency work; private consulting in environmental and agricultural areas; and working with non-governmental organizations with interests in agriculture, environment, and natural resources. Students receiving this degree are also very competitive for placement in graduate programs in environmental and agricultural sciences and technology, as well as law school.

ADD ENVIRONMENTAL AND SOIL SCIENCES MAJOR, CONSERVATION AGRICULTURE AND ENVIRONMENTAL SUSTAINABILITY CONCENTRATION, BS IN ENVIRONMENTAL AND SOIL SCIENCES

The conservation agriculture and environmental sustainability concentration is a multidisciplinary program for students interested in conservation of natural resources and sustainability of agricultural systems. This degree provides students with a wide array of skills and scientific training in identifying and understanding important issues in environmental sustainability. The focus will be on both the micro-scale and macro-scale of food production, as well as providing a solid introduction to technical skills such as surveying and machinery operations needed to fulfill current and future food demands. An undergraduate degree in this field is also a first step towards certification as a Professional Soil Scientist.

**DEPARTMENT OF FORESTRY, WILDLIFE AND FISHERIES**

REVISE DEPARTMENT TEXT (SECOND PARAGRAPH)

The department offers two majors. The major in forestry leads to the Bachelor of Science in Forestry and the major in wildlife and fisheries science leads to the Bachelor of Science in Wildlife and Fisheries Science. The forestry major has concentrations in forest resources management, urban forestry and wildland recreation. The wildlife and fisheries science major has concentrations in wildlife and fisheries management and wildlife health.

**ацишемен реформы, урбанический концентрация, бис в индустрии**

The urban forestry concentration is an interdisciplinary program emphasizing forestry, arboriculture, horticulture, urban forest management and urban wildlife. In addition to the general education courses, the urban forestry curriculum includes core courses in the traditional forestry discipline. The curriculum is designed to prepare graduates who can evaluate, plan, and resolve problems in an urban and traditional forest.

Foresters work closely with the public and private sector, so the development of excellent personnel management and communication skill is encouraged. In addition to the completion of courses, students are required to complete a 6-10 week professional internship experience (2 credits) in the summer prior to their senior year. Internships are structured to address specific learning objectives established by the instructor and field supervisor.

COLLEGE OF ARCHITECTURE AND DESIGN

All changes effective Fall 2012

PART I. COURSE CHANGES

SCHOOL OF ARCHITECTURE

(133) (ARCH) Architecture

ADD

370 Programming for Architectural Design (3) Programming and project pre-design processes. Use of investigative skills in documentation, research, and analysis of program, site, relevant laws, precedents, and user requirements. Formation of comprehensive program. Combination lecture, seminar, and studio format. First half semester course. Contact Hour Distribution: 1 hour lecture, 1 hour seminar, and 1 hour studio. (RE) Prerequisite(s): 272. (RE) Corequisite(s): 371.

465 Directed Research (3-6) With the sponsorship of a faculty member, each student works on a specific topic or project related to that faculty member’s area of expertise, research, scholarship, or creative activity. Repeatability: May be repeated. Maximum 12 hours. Registration Permission: By petition only, submitted by faculty sponsor (with a proposed schedule and an outline of the expected final product) to the architecture program director for approval.

479 Preparation for Self-Directed Design Project (3) Faculty oversight of student-initiated topic for critical inquiry. Related research on the student-selected topic, context, nature of inhabitation, and applicable precedents results in the synthesis of visual and textual work, including a statement of intent, program, and site for a self-directed design project in subsequent semester. (RE) Prerequisite(s): 471. Registration Permission: Consent of Instructor and Architecture Program Director through project approval process.

REVISE (RE) COREQUISITE

†101 Introduction to the Built Environment (3) (RE) Corequisite(s): 121 and 171. Formerly: (RE) Corequisite(s): 171.

DROP (RE) PREREQUISITE, ADD (RE) COREQUISITE

171 Design Fundamentals I: Space (3) (RE) Corequisite(s): 101 and 121. Formerly: (RE) Prerequisite(s): 101 and 121.

121 Representation I: Drawing & Perception (2) (RE) Corequisite(s): 101 and 171. Formerly: (RE) Corequisite(s): 171.

DROP (RE) COREQUISITE, REVISE COMMENT

481 Architectural Design VII (3) Comment(s): A C or better in Architecture 480 and a minimum 2.3 GPA in all design courses is required. Formerly: (RE) Corequisite(s): 480 with grade of C or better. Comment(s): Minimum 2.3 GPA in all design courses is required.
REVISE (RE) PREREQUISITE
482 Self-Directed Design Project (6)
(RE) Prerequisite(s): 479, 480, 481.

REVISE DESCRIPTION, REVISE REGISTRATION PERMISSION
493 Independent Study in Architecture (1-6) Student initiated, individual studies and projects under direction of faculty sponsor. Credit adjusted to complexity and level of effort required. Registration Permission: By petition only, submitted by student to Admissions and Academic Standards Committee and architecture program director for approval. Formerly: Individual studies and projects under faculty direction. Credit adjustment to complexity and level of effort required. Registration Permission: Consent of architecture program director.

REVISE TITLE, REVISE DESCRIPTION, REVISE CREDIT HOURS, REVISE (RE) PREREQUISITE, ADD (RE) COREQUISITE, DROP COMMENT
371 Programming and Design (3) Execution of design project as defined in ARCH 370, exploring the implications of program on schematic design. Completed projects apply research from ARCH 370 through assessment of alternative approaches and well-reasoned design decisions. Second half semester course. (RE) Prerequisite(s): 272. (RE) Corequisite(s): 370. Formerly: Architectural Design III (6) Design synthesis. Integration of design determinants emphasizing civic and cultural themes. (RE) Prerequisite(s): 272 and 213. Comment(s): Minimum 2.3 GPA in all design courses is required.

INTERIOR DESIGN PROGRAM
(582) (IDS) Interior Design
ADD
†IDS 107 Honors: Introduction to the Built Environment (3) (See Architecture 107.)

217 Honors: History and Theory of Interior Architecture I (3) Interior architecture, architecture, decorative arts, and furnishings within social and cultural context in a global perspective, ancient through 1900 CE. Students will attend IDS 211 classes, with supplementary assignments and/or class meetings.

218 Honors: Contemporary Issues in Interior Design and the Decorative Arts (3) Regional and global investigations of decorative art, material culture and its theory. Exploration of contemporary issues in interior design of the 20th and 21st centuries. Students will attend IDS 212 classes, with supplementary assignments and/or class meetings.

497 Honors: Independent Study in Interior Design (1-6) Individual studies and projects under faculty direction, for honors students only. Credit adjusted to complexity and level of effort required. Repeatability: May be repeated. Maximum 12 hours. Registration Permission: Consent of interior design program chair.

Rationale: This series of courses provides an opportunity for students to participate in an interior design honors course of study. Impact on Other Units: None. Financial Impact: None.

REVISE TITLE, REVISE DESCRIPTION, DROP (RE) PREREQUISITE
212 Contemporary Issues in Interior Design and the Decorative Arts (3) Regional and global investigations of decorative art, material culture and its theory. Exploration of contemporary issues in interior design of the 20th and 21st centuries. Formerly: History and Theory of Interior Architecture II (3) Interior architecture, architecture, decorative arts, and furnishings within social and cultural context in global perspective from 19th through 20th century. Design as influenced by movements in the fine arts and technological advances. (RE) Prerequisite(s): 211.
Rationale: The proposed change in the course description places equal focus of study on regional, East Tennessee, decorative arts, and global decorative arts. Students will also participate in the investigation of past and present interior design practitioners. Impact on Other Units: None. Financial Impact: None.

REVISE (RE) PREREQUISITE

433 Digital Graphics for Interior Design (3)
(RE) Prerequisite(s): 272 and Architecture 221.
Formerly: (RE) Prerequisite(s): 272 and Architecture 231.

Rationale: Course number changed last year but didn’t get updated. Impact on Other Units: None. Financial Impact: None.

DROP

321 Representation IV: Advanced Computer Applications (2)

Rationale: Due to the professional need and requirement for graduates to have experience in Building Information Management applications such as REVIT it is proposed that the interior design students enroll in the current course covering the required information in School of Architecture. Impact on Other Units: None. Financial Impact: None.

PART II. PROGRAM CHANGES

REVISE COLLEGE TEXT (ADMISSION—REQUIRED PORTFOLIO)

All applicants must submit a portfolio of personally produced graphic or visual work. The purpose of the portfolio is to demonstrate visual talent and abilities as well as to provide insight into the creative thought process of the applicant. The portfolio must contain at least three required images as follows:

- An instrument
- A visual description of ‘where you live’
- Hand(s)

One of each of the three required images must be executed in black ink, one in graphite, one in color. At least two of the three images must be executed freehand.

Aim for quality rather than quantity in selecting work. An ideal number would be eight to ten examples of personal work. All work shall be neatly assembled in an 8 1/2 x 11 portfolio or organized folder/notebook. Submittals not adhering to this size requirement will not be reviewed. The portfolio must include at least three items.

- A freehand drawing of a stair.
- A freehand drawing of a collection of leaves.
- A freehand drawing of a bicycle.

The following guidelines have been established to assist applicants in selecting additional samples of personal work for the portfolio.

- Consider including include other examples of drawings, artwork, photography, or anything else that which may demonstrate visual and creative abilities. Graphic, architectural or industrial design work may also be included.
- Consider including examples of creative work such as graphic design, fashion design, industrial design, furniture design and/or other examples of creativity and invention.
- Consider including work from include work for course assignments (if any), as well as work completed independently.
- Only submit mechanically-drafted or computer-aided drawings if they are illustrative of personal design work. Avoid extensive submissions of mechanically-drafted drawings or computer drawings, unless these are illustrative of a design project.
- Submission of the original item is not necessary. Inexpensively reproduced drawings, photographs, reductions, and photocopies are acceptable. Digital design work must be submitted as a hard copy (no slides or disks). For work that does not lend itself to representation in an 8 1/2 x 11 format, such as films, websites, or recordings, include appropriate information, such as a labeled CD.
- Label all work with name, date, when work was executed, and media. Indicate if it was part of course work.
The cover or cover page of the portfolio should include the student name and contact information as well as address, phone number, the program to which the application is made (Architecture or Interior Design).
- Include a hard copy of the application to UT and personal information in the portfolio.
- Submit the portfolio by the published deadlines.

The 8 1/2 x 11 portfolio should be sent with the application to the Office of Admissions.
- If applying online, make a copy of application and submit it to the Office of Admissions with portfolio by November 1.
- If applying with a paper copy, send the application to the Office of Admissions with portfolio by November 1.

The portfolio will be reviewed by faculty members of the College Admissions Committee. In addition, include a self-addressed stamped mailer for the return of the portfolio. Otherwise, portfolios will not be held nor returned.

SCHOOL OF ARCHITECTURE

REVISE DEPARTMENTAL TEXT (PROGRESSION)

Progression
Students must maintain an overall 2.5 - 2.3 grade point average by the end of 32 hours in order to maintain good academic standing "full status" in the program. Students whose GPA drops below 2.5 will have one semester to raise the overall GPA to that level. Delinquent students will be put on "temporary status" for one semester. These students will have one semester to raise the overall GPA to 2.3. If the GPA is not brought up to a 2.5 - 2.3, the student will be dropped from the architecture program.

In order to graduate, students must receive a grade of C (2.0) or better in each all required professional course courses from the School of Architecture.

After the first year, in order to progress through the curriculum, students must:
- receive a grade of C (2.0) or better in each professional prerequisite course
- maintain a 2.5 overall GPA
- maintain a design grade point average of 2.5
- complete required mathematics (in first year) and physics (in second year) with passing grades

Students must repeat courses until the necessary standards are met (There is a limit of 3 times a student may repeat a course).

Students may advance to second year design (ARCH 271) with satisfactory completion of the first year program (including mathematics) with a grade point average of 2.3. Students may advance to third year design (ARCH 371) with the completion of all first and second year courses.

For ARCH 271 and all subsequent design courses, students must maintain a design grade point average of 2.3. Students must repeat the previous level design course(s) until the average is raised to 2.3.

Electives on the 300 and 400 400 and 500 level are open to all students who have the necessary prerequisites/permissions at any time.

Exceptions to academic policies may be made through petition, reviewed by the School’s Admissions and Academic Standards Committee. Students must meet required deadlines for appeal or petition as outlined in the undergraduate catalog in order to be considered for progression or prerequisite exceptions.

REVISE DEPARTMENTAL TEXT (REPLACE OPPORTUNITIES FOR FOREIGN STUDY WITH THE FOLLOWING)

Requirements for Study Abroad/Off-Campus Study
Undergraduate students in the School of Architecture are required to participate in a school-approved study abroad or off-campus semester of study, minimum 12 credit hours including a 6 credit hour design studio. Study will typically occur in the spring of fourth-year, the fall of fifth-year, or the summers after the third or fourth years of study. As a required component of the curriculum, such study is eligible for financial aid, including the HOPE Scholarship for in-state students. Petition for exceptions will be considered.

The School of Architecture supports study abroad and off-campus experiences and believes them to be critically important in the design education process. Direct cultural exposure and experience of the spatial and materially tangible qualities of built
environments are fundamental to a more complete understanding of the various roles architecture plays in both local and global contexts.

A range of program options are available for study abroad and off-campus study offered through the College, as well as study abroad opportunities with approved programs offered by other institutions. Such programs have included the UTK programs in Krakow, Poland, Bauhaus University Weimar, Germany, the Finland Summer Architecture Institute in Helsinki, Finland, and the Nashville Civic Design Center in Tennessee. Consult the college website for current offerings.

Formerly:
Opportunities for Foreign Study
Students in their fourth year of study may elect to spend one semester studying abroad in a program organized either by the University of Tennessee, Knoxville, or by other accredited architecture programs. Since 1988, the school has had a very successful exchange agreement with the University of Krakow in Poland. In 2006, the college established a new summer semester abroad program, the Finland Summer Architecture Institute, in association with the distinguished Helsinki University of Technology’s Department of Architecture. In cooperation with the Danish Institute for Study Abroad (DIS), a program is regularly offered in Copenhagen which attracts architecture students from around the world. Students also have the opportunity to participate in the following study abroad/exchange programs: International Advanced Architectural Design Program (IAAD) at the Bauhaus University Weimar, Germany; Dessau Summer School of Architecture in Dessau, Germany; the Royal Melbourne Institute of Architecture in Melbourne, Australia, and mini term – grand tour programs open to all Architecture, Landscape Architecture and Interior Design students, listing: Sweden, Italy, Spain, Switzerland and Gulf of Finland. During the summer, many different summer programs abroad sponsored by other architecture schools are available to UT Knoxville students for transfer credit. Students are encouraged to seek new educational experiences.

* Meets University General Education Requirement.

¹ Students are not allowed to enroll simultaneously in two of these design courses.

² Students are exempt from MATH 125 with a score of 25- or higher on the calculus readiness test.

Students exempt from MATH 125 must take a higher-level Quantitative Reasoning elective to meet the University General Education Requirement.

³ Elective distribution – Two courses from the Social Sciences (SS) list. Two courses from the Cultures and Civilizations (CC) list (which includes intermediate-level foreign languages). Twelve hours of professional electives (Architecture 300-599 or Interior Design 300-499). Sixteen hours of non-architecture electives, which must include one course from the Natural Sciences (NS) list with a laboratory and one course from the Communicating Orally (OC) list. Ten hours of open electives.

⁴ During the fourth and fifth year, students will select a total of three courses from the following Design Studio Options – ARCH 482, ARCH 483, ARCH 485, ARCH 486, ARCH 489, or ARCH 490. One course from the following Design Studio Options – ARCH 483, ARCH 482, ARCH 485, ARCH 486, ARCH 489, or ARCH 490.
Students are required to participate in a school-approved study abroad or off-campus semester of study, minimum 12 credit hours including a 6 credit hour design studio. Study will typically occur in the spring of fourth-year, the fall of fifth-year, or the summers after the third or fourth years of study.

**Total 128**

* Meets University General Education Requirement.
1 See Social Sciences (SS) list – University General Education Requirement. Select two courses from the list.
2 See Communicating Orally (OC) list – University General Education Requirement. Select one course from the list.
3 See Natural Sciences (NS) list – University General Education Requirement. Select one course with a lab.
4 See Cultures and Civilizations (CC) list – University General Education Requirement. Select two courses from the list (which includes intermediate-level foreign languages).
5 Any interior design courses numbered 300-499 or any architecture courses numbered 300-599 or any landscape architecture courses numbered 400-599.
6 See Communicating through Writing (WC) list – University General Education Requirement. Select one course from the list.

**Rationale:**
- Add alternative course selection (ARCH 211 or IDS 211)—The proposed change would provide an option for students to focus on either the decorative arts or architecture as part of their studies in interior design. Each course offers a rich potential for
application in the practice and study of interior design. Some students that complete the interior design program may choose to pursue a Master of Architecture or have careers that are in architecturally focused environments. This curricular option would prepare them to be competitive in the pursuit of advanced degrees in Architecture and be qualified for more career opportunities. Impact on Other Units: Addition of interior design students to current ARCH 211 course will increase School of Architecture’s history course enrollment. Financial Impact: This change provides financial flexibility for the Interior Design Program by reducing the need to offer IDS 211 annually. The College of Architecture and Design is prepared to provide additional instructional assistance as appropriate for the increased enrollment.

- **Add ARCH 421**—Due to the professional need and requirement for graduates to have experience in REVIT, it is proposed that the ID require the existing course that the School of Architecture offers rather than duplicating existing course content. Impact on Other Units: Addition of interior design students to current ARCH 211 course will increase enrollment number in ARCH 421. Financial Impact: None.
- **Add ARCH 212**—The theory and knowledge of architecture is essential to the practice, collaboration, and study of interior design. Topics in this course are directly applicable and essential for students in the interior design program. Impact on Other Units: Addition of interior design students to current ARCH 212 course will increase School of Architecture’s history course enrollment. Financial Impact: The College of Architecture and Design is prepared to provide additional teaching assistance as appropriate for the increased enrollment.
- **Drop ARTH 172**—ARCH 211 History and Theory of Architecture I replaces ARTH 172. The content of ARCH 211 is currently a more appropriate/applicable knowledge base for students’ course of study in the Interior Design Program. Impact on Other Units: Addition of interior design students to current ARCH 211 course will increase School of Architecture’s history course enrollment. Financial Impact: None.

†441 Northern European Painting, 1350-1600 (3) (Same as Medieval and Renaissance Studies 442.)
Formerly: (Same as Medieval Studies 442.)

†451 The Art of Italy, 1250-1450 (3) (Same as Medieval and Renaissance Studies 452.)
Formerly: (Same as Medieval Studies 452.)

(188) (BCMB) Biochemistry and Cellular and Molecular Biology
ADD AND REQUEST GEN ED DESIGNATION
★455 Scientific Communication (3) Focus on oral communication of scientific information. Construct and effectively deliver seminar-style scientific presentations with skillful use of language and visual aids.
(RE) Corequisite(s): 452 or permission of instructor.
Satisfies General Education Requirement: (OC)

DROP
†310 Physiological Chemistry (4)
Formerly: (Same as Nutrition 310.)
DIVISION OF BIOLOGY

(190) (BIOL) Biology

REVISE TITLE, REVISE DESCRIPTION

101 Introduction to Biology I (4) For non-biology majors, introduction to the principles of biology as they relate to cellular and organismal level processes. Topics include cell structure and major fundamental metabolic processes such as energy flow in biological systems, protein synthesis and aspects of genetics. Includes a survey of human anatomy and physiology with topics relating to human health.

Formerly: Humankind in the Biotic World (4) Introduction to the principles of biology from the perspective of the impacts of plants, animals, and microbes on human life, and the impact of humans on the biosphere. Intended for students not majoring in the biological or pre-health sciences. Surveys life from the cell to topics in human health. Topics include – macromolecules and cells, energy flow in biological systems, genetics and information flow from generation to generation, reproduction, biotechnology and genetic engineering, sex and sexuality, and human physiology. Laboratories involve a mix of skills-oriented exercises and assignments.

102 Introduction to Biology II (4) For non-biology majors, introduction to the principles of biology as they relate to biodiversity and ecological processes. Topics include a survey of evolutionary theory, an analysis of major representative organisms in the Tree of Life, and ecosystem dynamics including human impact on the environment.

Formerly: Humankind in the Biotic World (4) Introduction to the principles of biology from the perspective of the impacts of plants, animals, and microbes on human life, and the impact of humans on the biosphere. Intended for students not majoring in the biological or pre-health sciences. Focuses on the diversity of the Earth’s biota and the interdependence among components. Topics include – surveys of biodiversity from bacteria to higher plants and animals, genetics and evolutionary processes, population biology, ecology, ecosystems, environmental issues including world population and global climate change. Laboratories involve a mix of skills-oriented exercises and assignments.

REVISE DESCRIPTION, REVISE CONTACT HOUR DISTRIBUTION

240 General Genetics (4) Classical and modern principles of heredity. Topics include meiosis and transmission genetics; molecular genetics and gene expression; population and evolutionary genetics. Discussion sections will emphasize problem-solving skills. Emphasis on development of analytical skills.

Contact Hour Distribution: 3 hours lecture and one 1-hour discussion.

Formerly: Classical and modern principles of heredity. Topics include meiosis and transmission genetics; molecular genetics and gene expression; population and evolutionary genetics. Laboratories will alternate with problem-solving sessions and will include both computer based simulations and hands-on experience with model genetic systems. Emphasis on development of analytical skills.

Contact Hour Distribution: 3 hours lecture and one 3-hour lab.

DEPARTMENT OF CHEMISTRY

(235) (CHEM) Chemistry

ADD (RE) PREREQUISITE

120 General Chemistry I (4)
(RE) Prerequisite(s): Mathematics 119 or Math ACT score of 25 or higher, or SAT Math score of 620 or higher.

439 Advanced Inorganic Chemistry Laboratory (1)
(RE) Prerequisite(s): 369.

DROP (DE) COREQUISITE

368 Honors: Organic Chemistry II (3)
Formerly: (DE) Corequisite(s): 369.

DROP (RE) PREREQUISITE

430 Advanced Inorganic Chemistry (3)
Formerly: (RE) Prerequisite(s): 230.
DEPARTMENT OF CLASSICS
(257) (CLAS) Classics

ADD AND CROSSLIST

†345 Greek Religion (3) An in-depth examination of religion among the Greeks and the Romans. Attention is given to cult sites, state religious calendars and ceremonies, religion in the daily lives of people, and the interplay of ancient Near Eastern and Egyptian religions with Greek and Roman religious beliefs and practices. Reading and study of primary sources in translation. Writing-emphasis course. (Same as Religious Studies 345.)

ADD PRIMARY CROSSLIST (TO EXISTING COURSE)

†232 Archaeology and Art of Ancient Greece and Rome (3) Survey from the earliest human presence in the Mediterranean to the end of the Roman Empire (c. 200,000 BCE—476 CE). For prehistoric times, emphasis on material remains and anthropological theory used to recreate the cultures of the Minoans, Mycenaeans, Dark Age Greeks, and Etruscans. For the historical Greek and Roman periods, emphasis on developments in architecture, sculpture, vase painting, wall painting, mosaics, and minor arts. Relationship of art to society. Writing-emphasis course. (Same as Art History 232.)

DEPARTMENT OF EARTH AND PLANETARY SCIENCES
(424) (GEOL) Geology

ADD

466 Water and Air Pollution (3) This course focuses on the impacts of human activities on the water and atmospheric cycles. Emphasis is on field and lab activities to learn methods of measuring pollution. Topics include: industrial pollution, sewage contamination, heavy metals and some biological impacts. 
Recommended Background: 1 lab course in Geology and 1 lab course in Chemistry.

ADD PRIMARY CROSSLIST (TO EXISTING COURSE), REVISE RECOMMENDED BACKGROUND

†459 Introduction to Oceanography (3) Principles of oceanography, including physical, chemical, geological, and biological processes and patterns. Emphasis on the physical, chemical, and geologic structure of the oceans and their role in oceanic circulation, global climate change, and the biogeochemical evolution of the oceans through geologic time. (Same as Microbiology 459.)
Recommended Background: Introductory geology or introductory biology or consent of instructor.
Formerly: Recommended Background: Introductory geology or consent of instructor.

DEPARTMENT OF ECOLOGY AND EVOLUTIONARY BIOLOGY
(278) (EEB) Ecology and Evolutionary Biology

DROP (RE) PREREQUISITE, ADD RECOMMENDED BACKGROUND

474 Ichthyology (4)
Recommended Background: Biology 250.
Formerly: (RE) Prerequisite(s): Biology 250.

484 Conservation Biology (3)
Recommended Background: Biology 250.
Formerly: (RE) Prerequisite(s) Biology 240 and 250.

DEPARTMENT OF ENGLISH
(339) (ENGL) English
ADD

339 Children's Literature (3) Study of works for and about children, including fairy tales, adventure stories and film adaptations.
(RE) Prerequisite(s): 102 or 118.

REVISE DESCRIPTION, REVISE CREDIT RESTRICTION, REVISE (RE) COREQUISITE

103 Writing Workshop I (1) Self-paced Writing Center tutorial for students wanting additional instruction while enrolled in English 101, 131, or having ACT English and composite scores at or below 18 (or SAT verbal/composite scores at or below 450/850). Individual instruction in mechanics, paragraph development, and essay structure.
Credit Restriction: To receive credit, students must participate at least two hours per week and must also pass the 101 or 131 class in which they are currently enrolled.
(RE) Corequisite(s): 101 or 131.
Formerly: Self-paced Writing Center tutorial for students wanting additional instruction while enrolled in English 101 or having ACT English and composite scores at or below 18 (or SAT verbal/composite scores at or below 450/850). Individual instruction in mechanics, paragraph development, and essay structure.
Credit Restriction: To receive credit, students must participate at least two hours per week and must also pass the 101 class in which they are currently enrolled.
(RE) Corequisite(s): 101.

104 Writing Workshop II (1) Self-paced Writing Center tutorial for students wanting additional instruction while enrolled in English 102, 118, or 132, or students advised to enroll by their 102, 118, or 132 instructors. Individual instruction in critical reading and in developing and documenting the research paper.
Credit Restriction: To receive credit, students must participate at least two hours per week and must also pass the 102, 118, or 132 class in which they are currently enrolled.
(RE) Corequisite(s): 102, 118, or 132.
Formerly: Self-paced Writing Center tutorial for students wanting additional instruction while enrolled in English 102 or 118 or students advised to enroll by their 102 or 118 instructors. Individual instruction in critical reading and in developing and documenting the research paper.
Credit Restriction: To receive credit, students must participate at least two hours per week and must also pass the 102 or 118 class in which they are currently enrolled.
(RE) Corequisite(s): 102 or 118.

REVISE DESCRIPTION, REQUEST GEN ED DESIGNATION

131 Composition for Non-Native Speakers of English I (3) Intensive instruction in writing, focusing on analysis and argument. Strategies for developing substantive arguments through systematic revision, addressing specific audiences, integrating sources, and expressing ideas with clarity and correctness. Individual conferences.
Satisfies General Education Requirement: (WC)
Formerly: Composition for Non-Native Speakers of English I (3) Paragraph and composition organization and development with emphasis on informative and persuasive writing. Includes grammar and mechanics. Individual conferences.

REVISE DESCRIPTION, REVISE (RE) PREREQUISITE, REQUEST GEN ED DESIGNATION

132 Composition for Non-Native Speakers of English II (3) Advancing concepts introduced in English 131 or 101. Intensive writing instruction focused on inquiry and research. Strategies for formulating and investigating questions, locating and evaluating information, using varied sources and research methods, developing positions on intercultural and interdisciplinary issues from diverse texts (print, digital, and multimedia), and presenting research using appropriate rhetorical conventions. Individual conferences.
Satisfies General Education Requirement: (WC)
(RE) Prerequisite(s): 131, 101, or equivalent.
Formerly: Writing based on reading and discussion. Analysis of works of literature. Emphasis on research techniques and writing research papers. Individual Conferences.
(RE) Prerequisite(s): 101 or 131.

REQUEST GEN ED DESIGNATION

118 Honors: English Composition
Satisfies General Education Requirement: (WC)
ADD REPEATABILITY

398 Junior-Senior Honors Seminar (3)
Repeatability: May be repeated with consent of department. Maximum 6 hours.

REVISE CROSSLIST REFERENCE

401 Medieval Literature (3) (Same as Medieval and Renaissance Studies 405.)
Formerly: (Same as Medieval Studies 405.)

402 Chaucer (3) (Same as Medieval and Renaissance Studies 406.)
Formerly: (Same as Medieval Studies 406.)

DEPARTMENT OF GEOGRAPHY

415 (GEOG) Geography

ADD AND REQUEST GEN ED DESIGNATION

201 Concepts in Human Geography (3) Introduction to key topics and core concepts in human geography. Human activities, their organization, and their impacts on the landscape.
Satisfies General Education Requirement: (SS)

343 Geography of Human Rights (3) Human rights and social justice issues around the world. Special consideration of Africa and the African diaspora.

344 Population Geography (3) Overview of population issues around the world. Regional fertility and mortality, disease, international migration, refugees and internal displacement.

DROP

102 World Geography (3)
108 Honors: World Geography (4)

REVISE DESCRIPTION, DROP COMMENT

101 World Geography (3) Survey of world regions and regional issues. Illustrates geographical points of view, concepts, and techniques.
Formerly: Selected topics and world regions, especially those of contemporary interest. Illustrates geographical points of view, concepts, and techniques.
Comment(s): 101 and 102 do not have to be taken in sequence.

REVISE TITLE, REVISE DESCRIPTION

345 People and Environment (3) Global and local patterns of human use of the environment. Geographical variations in demographic, cultural, economic, and technological aspects of environmental stewardship. Writing-emphasis course.
Formerly: Population and Environment (3) Global and local patterns of population distribution and change as they relate to culture, economic development, technology, the environment, and the future. Writing-emphasis course.

REVISE CROSSLIST REFERENCE

373 Geography of South America (3) (Same as Latin American and Caribbean Studies 373.)
Formerly: (Same as Latin American Studies 373.)
435 Biogeography (3) Study of the changing distribution patterns of plants and animals on a variety of spatial and temporal scales. The effects of plate tectonics, climate change, and human activity on world biota.
Formerly: Study of the changing distribution patterns of plants and animals on a variety of spatial and temporal scales. The effects of plate tectonics, Pleistocene climatic change, and human activity have on world biota.

DROP COMMENT, DROP REGISTRATION RESTRICTION

499 Proseminar in Geography (3) Major themes in geography, especially trends over the past 40 years. A required course for geography majors.
Formerly: Comment(s): To enroll, students must have completed 12 hours in geography.
Registration Restriction(s): Minimum student level — senior.

DEPARTMENT OF HISTORY

(462) (HIST) History

ADD

365 U.S. Economic History to 1865 (3) The growth and development of the U.S. economy from colonial times through the end of the Civil War. Topics include regional variations in economic development; the emergence of a liberal capitalist economic order; the economic significance of new systems of production, transportation, banking, and communication; and the impact of economic fluctuations. Writing-emphasis course.

386 Topics in Atlantic World History, 1492-1850 (3) The integration of the peoples and regions around the Atlantic Ocean. Topics include New World settlement, slavery, imperial expansion, and imperial decline. Ocean-centered focus on the historical processes responsible for connecting Europe, Africa, North and South America through the flow of peoples, goods, and ideas. Writing-emphasis course.
Repeatability: May be repeated. Maximum 9 hours.

Repeatability: May be repeated. Maximum 9 hours.

REVISE TITLE, REVISE DESCRIPTION, REVISE CROSSTITLE REFERENCE

† E255 Introduction to Latin American and Caribbean Studies (3) Societies of Latin America and the Caribbean with special emphasis on dominant culture patterns, social changes, and impact of nationalism. Pre-colonial and colonial periods through independence era. Writing-emphasis course. (Same as Latin American and Caribbean Studies 251.)
Formerly: Introduction to Latin American Studies (3) Societies of Latin America with special emphasis on dominant culture patterns, social changes, and impact of nationalism. Pre-colonial and colonial periods through independence era. Writing-emphasis course. (Same as Latin American Studies 251.)

† E256 Introduction to Latin American and Caribbean Studies (3) Societies of Latin America and the Caribbean with special emphasis on dominant culture patterns, social changes, and impact of nationalism. Latter 19th century and the modern period. Writing-emphasis course. (Same as Latin American and Caribbean Studies 252.)
Formerly: Introduction to Latin American Studies (3) Societies of Latin America with special emphasis on dominant culture patterns, social changes, and impact of nationalism. Latter 19th century and the modern period. Writing-emphasis course. (Same as Latin American Studies 252.)

### DEPARTMENT OF MATHEMATICS

**(641) (MATH) Mathematics**

**DROP (DE) PREREQUISITE**

**421 Combinatorics (3)**

Formerly: (DE) Prerequisite(s): 323.

### DEPARTMENT OF MICROBIOLOGY

**(684) (MICR) Microbiology**

**ADD SECONDARY CROSSLIST**

†421 Food Microbiology (3) *(See Food Science and Technology 421.)*

†459 Introduction to Oceanography (3) *(See Geology 459.)*

### DEPARTMENT OF MODERN FOREIGN LANGUAGES AND LITERATURES

**(405) (FREN) French**

**REVISE CROSSLIST REFERENCE**

†410 Topics in Medieval/Early Modern French Literature (3) *(Same as Medieval and Renaissance Studies 410.)*

Formerly: *Same as Medieval Studies 410.*
(584) (ITAL) Italian

ADD

405 Topics in Italian Culture, History, and Literature (3) Comprehensive view and critical analysis of themes related to Italian culture. Taught in Italian. Topics vary by semester. Writing Emphasis Course. 
Repeatability: May be repeated. Maximum 6 hours.

Rationale: We need more 400 level courses to give our majors and minors a wider variety of courses to choose from and thus allow them to graduate in a more timely fashion. Impact on other units: No impact. Financial impact: No impact.

DROP

311 History of Italian Literature (3)

REVISE CROSSLIST REFERENCE

†401 Dante and Medieval Culture (3) (Same as Medieval and Renaissance Studies 401.)
Formerly: (Same as Medieval Studies 401.)

†402 Petrarch and Boccaccio (3) (Same as Medieval and Renaissance Studies 402.)
Formerly: (Same as Medieval Studies 402.)

(811) (PORT) Portuguese

REVISE CROSSLIST REFERENCE

†301 Cultural Readings in Portuguese (3) (Same as Latin American and Caribbean Studies 301.)
Formerly: (Same as Latin American Studies 301.)

†303 Highlights of Brazilian Civilization (3) (Same as Latin American and Caribbean Studies 303.)
Formerly: (Same as Latin American Studies 303.)

†315 Aspects of Luso-Brazilian Literature (3) (Same as Latin American and Caribbean Studies 315.)
Formerly: (Same as Latin American Studies 315.)

†326 Brazilian Cinema (3) (Same as Cinema Studies 326; Latin American and Caribbean Studies 326.)
Formerly: (Same as Cinema Studies 326; Latin American Studies 326.)

†430 Contemporary Brazilian Studies (3) (Same as Latin American and Caribbean Studies 430.)
Formerly: (Same as Latin American Studies 430.)

†432 Topics in the Literature and Culture of the Portuguese-speaking World (3) (Same as Latin American and Caribbean Studies 432.)
Formerly: (Same as Latin American Studies 432.)

(924) (SPAN) Spanish

REVISE CROSSLIST REFERENCE

†331 Introduction to Hispanic Culture (3) (Same as Latin American and Caribbean Studies 331.)
Formerly: (Same as Latin American Studies 331.)

†333 Survey of Spanish-American Literature: 1700-Present (3) (Same as Latin American and Caribbean Studies 333.)
Formerly: (Same as Latin American Studies 333.)

†334 Survey of Hispanic Literatures: Beginnings-1700 (3) (Same as Latin American and Caribbean Studies 334.)
Formerly: (Same as Latin American Studies 334.)

CLAS 436 - Cities and Sanctuaries of the Greek and Roman World
CLAS 442 - Intensive Survey of the Archaeology of the Prehistoric Aegean
CLAS 443 - Intensive Survey of the Archaeology of Greece
CLAS 444 - Intensive Survey of the Archaeology of Etruria and Rome
CLAS 461 - Special Topics in Classical Archaeology
REST 373 - African Religions

REVISE STUDIO ART MAJOR, BFA – TWO-DIMENSIONAL ARTS CONCENTRATION

I. Foundation

E. Select one course (200-level studio course) from concentrations listed above or:

ARTD 251 - Beginning Graphic Design I
ARTD 252 - Beginning Graphic Design II
ARTD 255 - Graphic Design Production
ARTD 259 - Special Topics: Graphic Design

II. Concentration–Two-Dimensional Arts

B. Select 20 16 hours (300-400 level concentration courses):

C. Select 18 16 hours (200 300-400 level concentration courses studio electives):

Add to Options:

Art Design/Graphic

ARTD 251 – Beginning Graphic Design I
ARTD 252 – Beginning Graphic Design II
ARTD 255 – Graphic Design Production
ARTD 259 – Special Topics: Graphic Design
ARTD 351 – Intermediate Graphic Design I
ARTD 352 – Intermediate Graphic Design II
ARTD 400 – Typography
ARTD 401 – Experiments in Sequencing
ARTD 405 – Computer Enhanced Graphic Design
ARTD 410 – Advanced Typographic Investigation
ARTD 425 – Illustration
ARTD 450 – Design in Culture
ARTD 451 – Advanced Graphic Design
ARTD 459 – Special Topics in Graphic Design
ARTD 493 – Independent Study
ARTD 494 – Individual Problems
ARTD 495 – Visiting Artist Seminar

D. Complete 3 6 hours (capstone):

ARTA 496 - Capstone

REVISE STUDIO ART MAJOR, BFA – THREE-DIMENSIONAL ARTS CONCENTRATION

I. Foundation

E. Select one course (200-level studio course) from concentrations listed above or:

ARTD 251 – Beginning Graphic Design I
II. Concentration–Three-Dimensional Arts
B. Select 20 hours (300-400 level concentration courses):
C. Select 18 hours (200-300-400 level concentration courses: studio electives):
Add to Options:

**Art Design/Graphic**
- ARTD 251 – Beginning Graphic Design I
- ARTD 252 – Beginning Graphic Design II
- ARTD 255 – Graphic Design Production
- ARTD 259 – Special Topics: Graphic Design
- ARTD 351 – Intermediate Graphic Design I
- ARTD 352 – Intermediate Graphic Design II
- ARTD 400 – Typography
- ARTD 401 – Experiments in Sequencing
- ARTD 405 – Computer Enhanced Graphic Design
- ARTD 410 – Advanced Typographic Investigation
- ARTD 425 – Illustration
- ARTD 450 – Design in Culture
- ARTD 451 – Advanced Graphic Design
- ARTD 459 – Special Topics in Graphic Design
- ARTD 493 – Independent Study
- ARTD 494 – Individual Problems
- ARTD 495 – Visiting Artist Seminar

D. Complete 36 hours (capstone):
- ARTB 496 - Capstone

REVISE STUDIO ART MAJOR, BFA – FOUR-DIMENSIONAL ARTS CONCENTRATION

I. Foundation
E. Select one course (200-level studio course) from concentrations listed above or:
- ARTD 251 – Beginning Graphic Design I
- ARTD 252 – Beginning Graphic Design II
- ARTD 255 – Graphic Design Production
- ARTD 259 – Special Topics: Graphic Design

II. Concentration–Four-Dimensional Arts
B. Select 20 hours (300-400 level concentration courses):
C. Select 18 hours (200-300-400 level concentration courses: studio electives):
Add to Options:

**Art Design/Graphic**
- ARTD 251 – Beginning Graphic Design I
- ARTD 252 – Beginning Graphic Design II
- ARTD 255 – Graphic Design Production
- ARTD 259 – Special Topics: Graphic Design
- ARTD 351 – Intermediate Graphic Design I
- ARTD 352 – Intermediate Graphic Design II
- ARTD 400 – Typography
- ARTD 401 – Experiments in Sequencing
- ARTD 405 – Computer Enhanced Graphic Design
- ARTD 410 – Advanced Typographic Investigation
- ARTD 425 – Illustration
- ARTD 450 – Design in Culture
- ARTD 451 – Advanced Graphic Design
- ARTD 459 – Special Topics in Graphic Design
- ARTD 493 – Independent Study
- ARTD 494 – Individual Problems
- ARTD 495 – Visiting Artist Seminar

D. Complete 36 hours (capstone):
REVISE STUDIO ART MINOR

Required Courses
Select 14 hours of which a minimum of 8 must be at the 300-400 level. Select up to 7 hours (200-400 level studio courses):

Two-Dimensional Arts
ARTA 211 - Drawing I
ARTA 212 - Drawing II
ARTA 213 - Painting I: Introduction
ARTA 214 - Painting II
ARTA 215 - Watercolor I: Introduction
ARTA 216 - Watercolor II
ARTA 219 - Special Topics in Drawing/Painting
ARTA 231 - Photography I
ARTA 262 - Intaglio I
ARTA 263 - Lithography I
ARTA 264 - Screen Printing I
ARTA 265 - Relief
ARTA 266 - Monoprint and Monotype
ARTA 269 - Special Topics in Printmaking
ARTA 291 - Papermaking and Book Arts Workshop
ARTA 311 - Drawing III
ARTA 312 - Drawing Portfolio Review
ARTA 313 - Painting III
ARTA 331 - Photography II
ARTA 341 - Digital Photography
ARTA 342 - Large Format Photography I
ARTA 361 - Intermediate Print Workshop
ARTA 411 - Drawing IV
ARTA 413 - Painting IV
ARTA 419 - Special Topics in Drawing and Painting
ARTA 431 - Photography III
ARTA 461 - Advanced Print Workshop
ARTA 469 - Special Topics in Printmaking
ARTA 493 - Independent Study
ARTA 494 - Individual Problems

Three-Dimensional Arts
ARTB 221 - Ceramic Sculpture
ARTB 222 - Beginning Pottery
ARTB 229 - Ceramics: Special Topics
ARTB 241 - Beginning Sculpture
ARTB 242 - Figuring the Body
ARTB 243 - Mold-Making and Casting
ARTB 245 - Metal Fabrication
ARTB 246 - Mixed Media Sculpture
ARTB 249 - Special Topics in Sculpture
ARTB 321 - Intermediate Ceramic Sculpture
ARTB 322 - Intermediate Pottery
ARTB 341 - Intermediate Sculpture
ARTB 343 - Advanced Mold-Making and Casting
ARTB 345 - Advanced Metal Fabrication
ARTB 346 - Advanced Mixed Media Sculpture
ARTB 421 - Advanced Ceramic Sculpture
ARTB 422 - Advanced Pottery
ARTB 424 - Ceramics: Clays and Glazes
ARTB 429 - Ceramics: Special Topics
ARTB 441 - Advanced Sculpture
ARTB 442 - Senior Seminar
ARTB 449 - Special Topics in Sculpture
ARTB 493 - Independent Study
ARTB 494 - Individual Problems

Four-Dimensional Arts
ARTC 232 - Introduction to Performance as Art
ARTC 234 - Introduction to Sound Art
ARTC 235 - Introduction to Cinematography as Art
ARTC 236 - Introduction to Video Art
ARTC 239 - Special Topics in Four-Dimensional Arts
ARTC 401 - Experiments in Sequencing
ARTC 402 - Experiments in Space
ARTC 403 - Experiments in Systems
ARTC 432 - Performance as Art
ARTC 433 - History of Film and Modern and Contemporary Art
ARTC 434 - Sound Art
ARTC 435 - Cinematography as Art
ARTC 436 - Video Art
ARTC 439 - Special Topics in Four-Dimensional Arts
ARTC 450 - Senior Project
ARTC 493 - Independent Study
ARTC 494 - Individual Problems

Select at least 8 hours (300-400 level studio courses):

Two-Dimensional Arts
ARTA 311 - Drawing III
ARTA 312 - Drawing Portfolio Review
ARTA 313 - Painting III
ARTA 331 - Photography II
ARTA 341 - Digital Photography

DEPARTMENT OF BIOCHEMISTRY AND CELLULAR AND MOLECULAR BIOLOGY

REVISE DEPARTMENT TEXT (VOLSTEACH HEADING, 3RD PARAGRAPH)

Students pursuing a B.S. degree in the Department of Biochemistry and Cellular and Molecular Biology are eligible to participate in the University’s VolsTeach program (http://volsteach.utk.edu/), which permits students to simultaneously complete a major in mathematics or science and receive secondary education teaching licensure within the 4-year undergraduate degree program through completion of a VolsTeach minor. By petition, students pursuing a VolsTeach minor may apply INPG 385 to the Biochemistry and Cellular and Molecular Biology B.S. degree. For more information about VolsTeach, including advising associated with teaching licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (100 Greve Hall).

REVISE BIOLOGICAL SCIENCES MAJOR—BIOCHEMISTRY AND CELLULAR AND MOLECULAR BIOLOGY CONCENTRATION

Biological Sciences Major — Prerequisites to all Concentrations
A minimum grade of C must be earned in all prerequisites.

BCMB Concentration
III. Select (13 total hours):
C. Select remaining hours:
BCMB courses numbered 300 and above (except BCMB 306, BCMB 310)

DIVISION OF BIOLOGY

REVISE BIOLOGICAL SCIENCES MAJOR—PLANT BIOLOGY CONCENTRATION

Biological Sciences Major — Prerequisites to all Concentrations
A minimum grade of C must be earned in all prerequisites.

DEPARTMENT OF EARTH AND PLANETARY SCIENCES

REVISE GEOLOGY AND ENVIRONMENTAL STUDIES MAJOR—ENVIRONMENTAL STUDIES CONCENTRATION

Concentration Requirements
A. Select 15 hours:
GEOG 345 - Population and Environment
JREM 451 - Environmental Writing
PHIL 346 - Environmental Ethics
SOCI 360 - Environment and Resources
FWF 250 – Conservation
FWF 320 – Human Dimensions of Natural Resources (one course from this group only)
GLBS 250 – Introduction to Global Studies (one course from this group only)
AREC 445 – Economics of Biomass for Renewable Energy
AREC 470 - Policy Analysis for Environmental and Natural Resource Management
ECON 362 - Environmental and Natural Resource Policy (one course from this group only)
B. Select one course:
GEOL 455 - Environmental Geology
GEOL 456 - Global Climate Change
C. Select one course:
CBE 481 – Green Engineering
EEB 484 - Conservation Biology
GEOG 436 - Water Resources
D. Complete:
GEOL 493 - Independent Study

REVISE ENVIRONMENTAL STUDIES MINOR

Minor Requirements
The minor consists of 15 hours.

Select 9 hours:
- CBE 481 – Green Engineering
- FWF 250 – Conservation
- FWF 320 – Human Dimensions of Natural Resources
- GEOL 202 – Earth as an Ecosystem: Modern Problems and Solutions
- GEOL 206 – Sustainability: Reducing our Impact on Planet Earth
- JREM 451 – Environmental Writing
- SOCI 250 - Introduction to Global Studies

◆ DROP SUSTAINABILITY MINOR (MOVING BACK TO INTERDISCIPLINARY PROGRAMS)

DEPARTMENT OF ECOLOGY AND EVOLUTIONARY BIOLOGY

REVISE DEPARTMENT TEXT (VOLSTEACH HEADING, 3RD PARAGRAPH)

Students pursuing a B.S. degree in the Department of Ecology and Evolutionary Biology are eligible to participate in the University's VolsTeach program (http://volsteach.utk.edu/), which permits students to simultaneously complete a major in mathematics or science and receive secondary education teaching licensure within the 4-year undergraduate degree program through completion of a VolsTeach minor. By petition, students pursuing a VolsTeach minor may apply INPG 385 to the Ecology and Evolutionary Biology B.S. degree. For more information about VolsTeach, including advising associated with teaching licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (100 Greve Hall).

REVISE BIOLOGICAL SCIENCES MAJOR—ECOLOGY AND EVOLUTIONARY BIOLOGY CONCENTRATION

Biological Sciences Major — Prerequisites to all Concentrations
A minimum grade of C must be earned in all prerequisites.

EEB Concentration

III. Upper-Division Courses
D. Physiology/Chemical Ecology (select one):
- BCMB 321 - Introductory Plant Physiology
- BCMB 415 - Foundations in Neurobiology
- BCMB 416 - Neurobiology Laboratory *
- BCMB 419 - Cellular and Comparative Biochemistry Laboratory *
- BCMB 440 - General Physiology
- CHEM 360 - Organic Chemistry II
- CHEM 369 - Organic Chemistry Laboratory *
- EEB 463 - Plant Ecophysiology *
- EEB 404 – Ecosystem Ecology
- EEB 405 – Ecosystem Ecology Laboratory
- MICR 310 - Introduction to Microbiology
- MICR 319 - Introductory Microbiology Laboratory *
- NUTR 311 - Physiological Chemistry
DEPARTMENT OF ENGLISH

REVISE ENGLISH MAJOR—ALL CONC (CREATIVE WRITING, LITERATURE, RHETORIC/WRITING, TECHNICAL COMM)

Language, Theory, Folklore, Cultural, Ethnic, Gender, or Film Studies
Add: ENGL 444 – Appalachian Literature and Culture

Special Topics, Major Authors, or Senior Seminar
Add: ENGL 489 – Special Topics in Film

DEPARTMENT OF GEOGRAPHY

REVISE GEOGRAPHY MAJOR

Students who enter the major with more than 60 hours of credit, and who have completed a laboratory science sequence other than geography, may petition the department to substitute certain upper-division physical geography courses for GEOG 131 /GEOG 137 and/or GEOG 132 . Students who enter the major with more than 60 hours of credit, and who have met the social science divisional requirements in departments other than geography, may petition the department to substitute certain upper-division human geography courses for GEOG 101 or GEOG 201 GEOG 102.

College Requirements
Arts and Sciences

Prerequisites
Complete:
- GEOG 131 - Geography of the Natural Environment I
- or
- GEOG 137 - Honors: Geography of the Natural Environment I
- and
- GEOG 132 - Geography of the Natural Environment II

Select one course:
- GEOG 101 - World Geography
- GEOG 201 – Concepts in Human Geography
- GEOG 102 - World Geography

Major Requirements
The major consists of 27 hours. No more than 3 hours of GEOG 490 may be counted toward the major.
Complete:
- GEOG 310 - Introduction to Cartography
- GEOG 499 - Proseminar in Geography

Select one methods course:
- GEOG 410 - Global Positioning Systems and Geographic Data
- GEOG 411 - Introduction to Geographic Information Science
- GEOG 413 - Remote Sensing: Types and Applications
- GEOG 414 - Spatial Databases and Data Management
- GEOG 419 - Practicum in Cartography/Remote Sensing

Select one human geography course:
- GEOG 320 - Cultural Geography: Core Concepts
- GEOG 340 - Economic Geography: Core Concepts
- GEOG 343 – Geography of Human Rights
- GEOG 344 – Population Geography
- GEOG 345 - People Population and Environment
- GEOG 421 - Geography of Folk Societies
- GEOG 423 - Geography of American Popular Culture
- GEOG 441 - Urban Geography of the United States
- GEOG 442 - Urban Social Geography
- GEOG 443 - Rural Geography of the United States
- GEOG 445 – Cities in a World System
- GEOG 449 - Geography of Transportation
- GEOG 451 - The Global Economy
Select one regional geography course:
- GEOG 361 - Regional Geography of the United States and Canada
- GEOG 363 - Geography of the American South
- GEOG 365 - Geography of Appalachia
- GEOG 366 - Geography of Tennessee
- GEOG 371 - Geography of Europe
- GEOG 373 - Geography of South America
- GEOG 374 - Geography of East Asia
- GEOG 375 - Geography of South Asia

Select one physical geography course:
- GEOG 331 – Natural Hazards
- GEOG 333 – Climate Change and Human Response
- GEOG 334 – Meteorology
- GEOG 430 – Global Environments of the Quaternary
- GEOG 432 - Dendrochronology
- GEOG 433 - The Land-Surface System
- GEOG 434 - Climatology
- GEOG 435 - Biogeography
- GEOG 436 - Water Resources
- GEOG 439 - Plant Geography of North America
- GEOG 450 - Process Geomorphology
- GEOG 454 - Terrain Analysis

Select 9 additional hours:
- 300-400 level geography courses

DEPARTMENT OF HISTORY

REVISE HISTORY MAJOR

Major Requirements

Select 24 upper-division hours:
Select one course in European History:
Add:
- HIST 336 – Modern France
- HIST 434 – Modern European Imperialism
- HIST 466 – Studies in Ancient History

Select one course in United States History:
Add:
- HIST 365 – U.S. Economic History to 1865

Select two courses (from two different areas):
Asia
Add:
- HIST 494 – History of Tokyo

Select one course from Pre-1750 History:
Add:
- HIST 392 – History of Pre-Modern Japan
- HIST 466 – Studies in Ancient History

REVISE HISTORY MAJOR—HONORS CONCENTRATION

Select 24 upper-division hours:
Select one course in European History:
Add:
- HIST 336 – Modern France
- HIST 434 – Modern European Imperialism
- HIST 466 – Studies in Ancient History

Select one course in United States History:
Add:
- HIST 365 – U.S. Economic History to 1865
Undergraduate Council Minutes

January 31, 2012

Select two courses (from two different areas):

- HIST 417 – Honors: Seminar in United States History

Add:

- HIST 494 – History of Tokyo

Select one course from Pre-1750 History:

Add:

- HIST 392 – History of Pre-Modern Japan
- HIST 466 – Studies in Ancient History

REVISE HISTORY MINOR

HIST 241-HIST 242 or HIST 261-HIST 262 (or their honors equivalents) plus at least 6 hours in United States History (200 or above) and 9 upper-division hours (300 or above). HIST 241-HIST 242 or HIST 261-HIST 262 (or honors equivalents) are prerequisites to a minor which consists of 15 hours of courses numbered 200 or above, including at least 6 hours in United States history and 9 upper-division hours.

INTERDISCIPLINARY PROGRAMS

REVISE DEPARTMENT TEXT

In keeping with the philosophy that integration of knowledge is as important as proficiency in a given field, the College of Arts and Sciences has combined the resources of several departments to offer a series of interdisciplinary majors and minors. These programs are Africana Studies, American Studies, Asian Studies, Cinema Studies, Comparative Literature, Global Studies, Judaic Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Renaissance Studies, Sustainability, and Women's Studies.

REVISE INTERDISCIPLINARY PROGRAMS MAJOR—AFRICANA STUDIES CONCENTRATION

Concentration Requirements

Select 3 hours:

- AFST 201 - Introduction to African-American Studies
- AFST 202 - Introduction to African-American Studies
- AFST 225 - Introduction to African Literature
- AFST 226 - Introduction to Caribbean Literature
- AFST 233 - Major Black Writers
- AFST 235 - Introduction to African Studies
- AFST 236 - Introduction to African Studies
- AFST 310 - Music and the African Diaspora

REVISE AFRICANA STUDIES MINOR

Minor Requirements

Select 9 hours:

- AFST 310 - Music and the African Diaspora

REVISE INTERDISCIPLINARY PROGRAMS MAJOR—AMERICAN STUDIES CONCENTRATION

Concentration Requirements

Select one course (American ethnic minority cultures):

- AFST 310 - Music and the African Diaspora

REVISE AMERICAN STUDIES MINOR

Select 12 hours (from at least two different disciplines):

- AFST 310 - Music and the African Diaspora
REVISE CINEMA STUDIES MINOR

Minor Requirements
Select 3 hours:
- CNST 235 233 – Introduction to Cinematography as Art
- CNST 236 234 – Introduction to Video Art
- JREM 336 – Video Production

Select 9 additional hours:
- any cinema studies courses
- any courses cross-listed with cinema studies

REVISE INTERDISCIPLINARY PROGRAMS MAJOR—JUDAIC STUDIES CONCENTRATION

Concentration Requirements
Select 12 hours:
- REST 311 - Introduction to the Hebrew Bible
- REST 312 - Introduction to Early Judaism
- REST 320 - Women and Religion
- REST 385 - Contemporary Jewish Thinkers
- REST 386 - Voices of the Holocaust
- REST 405 - Modern Jewish Thought
- HIST 370 - History of the Middle East

Select 9 hours:
- ARTH 425 - Early Christian and Byzantine Art to 1350
- ARTH 431 - Medieval Art of the West, 800-1400
- ARTH 475 - History of 19th-Century Painting and Sculpture in Europe
- GERM 350 - German-Jewish Topics in Literature and Culture
- HIST 369 - History of the Middle East
- HIST 395 - The Crusades and Medieval Christian-Muslim Relations
- HIST 484 - Studies in Jewish History
- PHIL 322 - Medieval Philosophy

◆ DROP INTERDISCIPLINARY PROGRAMS MAJOR—LATIN AMERICAN STUDIES CONCENTRATION, BA
◆ ADD INTERDISCIPLINARY PROGRAMS MAJOR—LATIN AMERICAN AND CARIBBEAN STUDIES CONCENTRATION, BA

Michael Handelsman, Modern Foreign Languages and Literatures, Chair
The concentration consists of two optional tracks – general studies or Brazilian studies.

College Requirements
Arts and Sciences

Latin American and Caribbean Studies--General Studies Track
The general studies track requires 27 upper-division hours taken from courses offered by at least three different academic departments.

General Studies Requirements
Select 3 hours:
- SPAN 323 - Upper-level Grammar and Composition
- PORT 315 - Aspects of Luso-Brazilian Literature
- PORT 326 - Brazilian Cinema

Select 24 hours:
- ANTH 313 - Peoples and Cultures of Mesoamerica
- ANTH 316 - Peoples and Cultures of South America
Latin American and Caribbean Studies--Brazilian Studies Track

The Brazilian studies track requires 27 upper-division hours offered by at least three different academic departments.

**Brazilian Studies Requirements**

**Select 9 hours:**
- HIST 344 - History of Brazil
- PORT 315 - Aspects of Luso-Brazilian Literature
- PORT 326 - Brazilian Cinema
- PORT 430 - Contemporary Brazilian Studies
- PORT 432 - Topics in the Literature and Culture of the Portuguese-speaking World

**Select 6 hours (Summer Study Abroad):**
- PORT 491 - Foreign Study
- PORT 493 - Independent Study

**Select 12 hours:**
- ANTH 313 - Peoples and Cultures of Mesoamerica
- ANTH 316 - Peoples and Cultures of South America
- ANTH 319 - Caribbean Cultures and Societies
- GEOG 373 - Geography of South America
- HIST 343 - History of Mexico
- HIST 344 - History of Brazil
- HIST 360 - History of Early Latin America to 1824
- HIST 361 - History of Modern Latin America since 1810
- HIST 464 - The Spanish Conquest
- HIST 465 - Gender and Sexuality in Early Latin America
- HIST 475 - Studies in Latin American History
- POLS 456 - Latin American Government and Politics
- PORT 315 - Aspects of Luso-Brazilian Literature
- PORT 326 - Brazilian Cinema
- PORT 430 - Contemporary Brazilian Studies
- PORT 432 - Topics in the Literature and Culture of the Portuguese-speaking World
- SPAN 323 - Upper-level Grammar and Composition
Note: For the Brazilian Studies track, a minimum of 6 hours must be taken as part of UT Knoxville’s summer study program in Fortaleza, Brazil.

❖ DROP LATIN AMERICAN STUDIES MINOR
❖ ADD LATIN AMERICAN AND CARIBBEAN STUDIES MINOR

The minor consists of 18 hours taken from courses offered by at least three different academic departments. Six of the hours are to be the Introduction to Latin American and Caribbean Studies sequence LAC 251-LAC 252; 3 of the hours are to be selected from either SPAN 323 or PORT 315, PORT 326; the remaining 9 hours are to be selected from the courses listed in either track of the Latin American and Caribbean Studies Concentration, BA (Interdisciplinary Major).

❖ DROP INTERDISCIPLINARY PROGRAMS MAJOR—MEDIEVAL STUDIES CONCENTRATION
❖ ADD INTERDISCIPLINARY PROGRAMS MAJOR—MEDIEVAL AND RENAISSANCE STUDIES CONCENTRATION

Heather Hirschfeld, English, Chair

The Interdisciplinary Program in Medieval & Renaissance Studies offers students the opportunity to explore cultures and societies of western Europe, the Mediterranean, and the Middle East, from the collapse of the Roman Empire through the 17th century. The curriculum covers topics associated with these early periods and methodological approaches to them from the humanities, social sciences, languages, and arts. The concentration emphasizes the study of distinct and temporally remote cultures, including their material conditions, social and political institutions, values and ideals, and modes of perception and expression. It encourages students to encounter the past as “another country” and thus to understand in new ways the historical conditions that have shaped our increasingly interconnected contemporary world.

College Requirements
Arts and Sciences

Concentration Requirements
The concentration consists of 30 hours as follows:

Select one course:
MRST 201 – Medieval Civilization I
MRST 202 – Medieval Civilization II

Complete:
HIST 314 – Renaissance Europe

Select two 200 level foundational courses:
ARCH 211 - History and Theory of Architecture I
ARCH 217 - Honors: History and Theory of Architecture I
CLAS 201 - Introduction to Classical Civilization
ENGL 201 - British Literature I: Beowulf through Johnson
ENGL 206 - Introduction to Shakespeare
ENGL 207 - Honors: British Literature I
ENGL 221 - World Literature I: Ancient through Early Modern
MRST 201 - Medieval Civilization (if not used to meet requirement above)
MRST 202 - Medieval Civilization (if not used to meet requirement above)
MRST 261 - Medieval Culture: Readings from the Early Middle Ages, 500-1000
MRST 262 - Medieval Culture: Readings from the Later Middle Ages, 1000-1500
MUCO 210 - History of Western Music, Ancient to the Baroque

Select five upper level elective courses from at least two departments:
ARTH 425 - Early Christian and Byzantine Art to 1350
ARTH 431 - Medieval Art of the West, 800-1400
ARTH 441 - Northern European Painting, 1350-1600
ARTH 442 - Art of Northern Europe, 1600-1675
ARTH 451 - The Art of Italy, 1250-1450
ARTH 452 - Art of Italy, 1450-1575
ARTH 453 - Art of Southern Europe, 1575-1700
ARTH 454 - Renaissance and Baroque Theory
ASLN 451 - Readings in Pre-Modern Japanese Literature
CLAS 382 - Roman Civilization
Undergraduate Council Minutes
January 31, 2012

CLAS 435 - Medieval Latin
CLAS 445 - Ancient and Medieval Seafaring
CLAS 471 - Special Topics in Medieval Latin Literature
CLAS 472 - Latin Paleography and Book Culture in the Middle Ages I
CLAS 473 - Latin Paleography and Book Culture in the Middle Ages II
ENGL 301 - British Culture to 1660
ENGL 321 - Introduction to Old English
ENGL 401 - Medieval Literature
ENGL 402 - Chaucer
ENGL 403 - Introduction to Middle English
ENGL 404 - Shakespeare I: Early Plays
ENGL 405 - Shakespeare II: Later Plays
ENGL 406 - Renaissance Drama
ENGL 409 - Spenser and his Contemporaries
ENGL 410 - Milton, Donne, and their Contemporaries
FREN 410 – Topics in Medieval/Early Modern French Literature
GERM 434 - Extraordinary Wo(Men)—Outcasts, Rebels, Martyrs, and Saints
HIST 304 - History of the Roman Empire
HIST 305 - History of the Late Roman Empire
HIST 312 - Medieval History
HIST 313 - Medieval History
HIST 315 - Reformation Europe, 1500-1650
HIST 322 - Christianity in Late Antiquity
HIST 323 - Deviance and Persecution in the Christian West, 1100-1700
HIST 392 - History of Pre-Modern Japan
HIST 395 - The Crusades and Medieval Christian-Muslim Relations
HIST 429 - Medieval Intellectual History
HIST 464 - The Spanish Conquest
HIST 465 - Gender and Sexuality in Early Latin America
HIST 474 - Studies in Medieval and Early Modern European History
ITAL 401 - Dante and Medieval Culture
ITAL 402 - Petrarch and Boccaccio
ITAL 403 - Literature of the Rinascimento
MRST 491 – Foreign Study
MRST 492 – Off-Campus Study
MRST 493 – Independent Study
PHIL 320 - Ancient Western Philosophy
PHIL 322 - Medieval Philosophy
PHIL 324 - 17th- and 18th-Century Philosophy
POLS 475 - Ancient and Medieval Political Thought
REST 332 - Classical Islam
REST 423 – Seminar in Early Christianity
RUSS 371 - Martyrs, Mobs, and Madmen in Russian Culture: 988-1861
SPAN 334 - Survey of Hispanic Literatures: Beginnings-1700
THEA 411 - Theatre History I

Capstone (3 hours):
Students will consult with the IDP advisor on an appropriate capstone project
Courses that can be used to meet this requirement include
MRST 403 – Topics in Medieval & Renaissance Studies
MRST 491 – Foreign Study
MRST 492 – Off-Campus Study
MRST 493 – Independent Study

Foreign Language: In consultation with the IDP Chair and based on their interests, students will select an appropriate language to their program, and achieve an intermediate level of competence as specified by the College of Arts & Sciences’ distribution requirements. For students interested in medieval studies, Latin is usually the most appropriate language. For students interested in Renaissance studies, other languages such as French, Italian, Spanish, or German may be appropriate.

Special topics courses, when on a medieval or renaissance topic, may be approved by the IDP Chair and petitioned toward the major concentration as an upper level elective or capstone course.
- **DROP MEDIEVAL STUDIES MINOR**

- **ADD MEDIEVAL AND RENAISSANCE STUDIES MINOR**

The minor in Medieval and Renaissance Studies consists of 18 hours, as follows.

**Select one course:**
- MRST 201 – Medieval Civilization I
- MRST 202 – Medieval Civilization II

**Complete:**
- HIST 314 – Renaissance Europe

**Select one 200 level Foundational course:**
- ARCH 211 - History and Theory of Architecture I
- ARCH 217 - Honors: History and Theory of Architecture I
- CLAS 201 - Introduction to Classical Civilization
- ENGL 201 - British Literature I: Beowulf through Johnson
- ENGL 206 - Introduction to Shakespeare
- ENGL 207 - Honors: British Literature I
- ENGL 221 - World Literature I: Ancient through Early Modern
- MRST 201 - Medieval Civilization (if not used to meet requirement above)
- MRST 202 - Medieval Civilization (if not used to meet requirement above)
- MRST 261 - Medieval Culture: Readings from the Early Middle Ages, 500-1000
- MRST 262 - Medieval Culture: Readings from the Later Middle Ages, 1000-1500
- MUCO 210 - History of Western Music, Ancient to the Baroque

**Select three upper level elective courses from at least two departments:**
- ARTH 425 - Early Christian and Byzantine Art to 1350
- ARTH 431 - Art of the West, 800-1400
- ARTH 441 - Northern European Painting, 1350-1600
- ARTH 442 - Art of Northern Europe, 1600-1675
- ARTH 451 - The Art of Italy, 1250-1450
- ARTH 452 - Art of Italy, 1450-1575
- ARTH 453 - Art of Southern Europe, 1575-1700
- ARTH 454 - Renaissance and Baroque Theory
- ASLN 451 - Readings in Pre-Modern Japanese Literature
- CLAS 382 - Roman Civilization
- CLAS 435 - Medieval Latin
- CLAS 445 - Ancient and Medieval Seafaring
- CLAS 471 - Special Topics in Medieval Latin Literature
- CLAS 472 - Latin Paleography and Book Culture in the Middle Ages I
- CLAS 473 - Latin Paleography and Book Culture in the Middle Ages II
- ENGL 301 - British Culture to 1660
- ENGL 321 - Introduction to Old English
- ENGL 401 - Medieval Literature
- ENGL 402 - Chaucer
- ENGL 403 - Introduction to Middle English
- ENGL 404 - Shakespeare I: Early Plays
- ENGL 405 - Shakespeare II: Later Plays
- ENGL 406 - Renaissance Drama
- ENGL 409 - Spenser and his Contemporaries
- ENGL 410 - Milton, Donne, and their Contemporaries
- FREN 410 – Topics in Medieval/Early Modern French Literature
- GERM 434 - Extraordinary Wo(Men)—Outcasts, Rebels, Martyrs, and Saints
- HIST 304 - History of the Roman Empire
- HIST 305 - History of the Late Roman Empire
- HIST 312 - Medieval History
- HIST 313 - Medieval History
- HIST 315 - Reformation Europe, 1500-1650
- HIST 322 - Christianity in Late Antiquity
HIST 323 - Deviance and Persecution in the Christian West, 1100-1700
HIST 392 - History of Pre-Modern Japan
HIST 395 - The Crusades and Medieval Christian-Muslim Relations
HIST 429 - Medieval Intellectual History
HIST 464 - The Spanish Conquest
HIST 465 - Gender and Sexuality in Early Latin America
HIST 474 - Studies in Medieval and Early Modern European History
ITAL 401 - Dante and Medieval Culture
ITAL 402 - Petrarch and Boccaccio
ITAL 403 - Literature of the Rinascimento
MRST 491 - Foreign Study
MRST 492 - Off-Campus Study
MRST 493 - Independent Study
PHIL 320 - Ancient Western Philosophy
PHIL 322 - Medieval Philosophy
PHIL 324 - 17th- and 18th-Century Philosophy
POLS 475 - Ancient and Medieval Political Thought
REST 332 - Classical Islam
REST 423 - Seminar in Early Christianity
RUSS 371 - Martyrs, Mobs, and Madmen in Russian Culture: 988-1861
SPAN 334 - Survey of Hispanic Literatures: Beginnings-1700
THEA 411 - Theatre History I

Special topics courses, when on a medieval or renaissance topic, may be approved by the IDP Chair and petitioned toward the minor concentration as an upper level elective course.

◆ ADD INTERDISCIPLINARY PROGRAMS MAJOR—SUSTAINABILITY CONCENTRATION

Michael McKinney, Earth and Planetary Sciences, Chair

The sustainability concentration provides scientific, socioeconomic, and philosophical background for understanding and mitigating human impact on the natural environment.

College Requirements
Arts & Sciences

Prerequisites (16 hours)
ECON 201 - Introductory Economics
BIOL 250 - General Ecology or FWF 250 - Conservation
GEOL 103 - Earth's Environments or GEOG 131 - Geography of the Natural Environment
GEOL 206 - Sustainability
GLBS 250 - Introduction to Global Studies

Concentration Requirements
The concentration consists of 27 hours.

I. Core Courses
A. Social Science Core
Select two courses:
ANTH 415 - Environmental Anthropology
AREC 315 - Agricultural and Environmental Law
GEOG 345 - People and Environment
SOCI 360 - Environment and Resources

B. Natural Science Core
Select two courses:
CBE 481 - Green Engineering
EEB 484 - Conservation Biology
GEOG 436 - Water Resources
GEOG 455 - Environmental Geology

II. Economics and Sustainability
Select one course:
AREC 445 - Economics of Biomass for Renewable Energy
AREC 470 - Policy Analysis for Environmental & Natural Resource Management
ECON 362 - Environmental and Natural Resource Policy

III. Resource Management
Select one course:
ANTH 461 - Archaeological Resource Management
FORS 422 - Forest and Wildland Resource Policy
FWF 320 - Human Dimensions of Natural Resources
FWF 420 - International Natural Resource Issues
SOCI 362 - Society, Food & Environment

IV. Ethics and Sustainability
Select one course:
SOCI 445 - Global Solutions for Global Justice
PHIL 346 - Environmental Ethics

V. Climate Change
Select one course:
ESS 462 - Environmental Climatology
GEOG 333 - Climate Change and Human Response
GEOL 456 - Global Climate Change

VI. Capstone Experience
Complete:
GEOL 493 - Independent Study

◆ ADD SUSTAINABILITY MINOR
The minor consists of 15 hours.

Complete:
GEOL 206 – Sustainability: Reducing our Impact on Planet Earth

Select two courses:
AREC 315 – Agricultural and Environmental Law
AREC 470 – Policy Analysis for Environmental and Natural Resource Management
AREC 472 – Natural Resource Economics
ECON 362 – Environmental and Natural Resource Policy
FWF 320 – Human Dimensions of Natural Resources

Select two courses:
CBE 481 – Green Engineering
FWF 250 – Conservation
GEOG 345 – People and Environment
SOCI 360 – Environment and Resources

DEPARTMENT OF MATHEMATICS

REVISE MATHEMATICS MAJOR

Major Requirements
The major consists of 37 hours in 12 courses divided into 4 categories:
1. Core Courses
2. Courses for Breadth
3. Courses for Depth
4. Additional Courses (to reach 37 hours)

Courses used for Depth (3) may be used for Breadth (2).

1. For the Core, complete all of the following:
   MATH 231 - Differential Equations I
   MATH 241 - Calculus III
MATH 251 - Matrix Algebra I
MATH 300 - Introduction to Abstract Mathematics
(or honors equivalents)

2. For Breadth, select one course from each category:

   **Algebra**
   - MATH 351 - Algebra I
   - MATH 455 - Abstract Algebra I
   - MATH 456 - Abstract Algebra II
   - MATH 457 - Honors: Abstract Algebra I
   - MATH 458 - Honors: Abstract Algebra II

   **Analysis**
   - MATH 341 - Analysis I
   - MATH 445 - Advanced Calculus I
   - MATH 446 - Advanced Calculus II
   - MATH 447 - Honors: Advanced Calculus I
   - MATH 448 - Honors: Advanced Calculus II

   **Numerical Analysis**
   - MATH 371 - Numerical Algorithms
   - COSC 370 - Introduction to Scientific Computing
   - MATH 471 - Numerical Analysis
   - MATH 472 - Numerical Algebra

   **Probability and Statistics**
   - MATH 323 - Probability and Statistics
   - MATH 423 - Probability
   - MATH 424 - Stochastic Processes
   - MATH 425 - Statistics

3. For Depth, select one of the following pairings or a 2-course math graduate sequence:

   - MATH 423 - Probability
   - MATH 424 - Stochastic Processes

   - MATH 423 - Probability
   - MATH 425 - Statistics

   - MATH 423 – Probability
   - MATH 421 – Combinatorics

   - MATH 445 - Advanced Calculus I
   - MATH 446 - Advanced Calculus II

   - MATH 447 - Honors: Advanced Calculus I
   - MATH 448 - Honors: Advanced Calculus II

   - MATH 445 - Advanced Calculus I
   - MATH 443 - Complex Variables

   - MATH 455 - Abstract Algebra I
   - MATH 456 - Abstract Algebra II

   - MATH 457 - Honors: Abstract Algebra I
   - MATH 458 - Honors: Abstract Algebra II

   - MATH 471 - Numerical Analysis
   - MATH 472 - Numerical Algebra

   - MATH 471 - Numerical Analysis
   - MATH 475 - Industrial Mathematics

   - MATH 472 - Numerical Algebra
   - MATH 475 - Industrial Mathematics
MATH 431 - Differential Equations II
MATH 453 - Matrix Algebra II
MATH 462 – Differential Geometry
MATH 467 – Honors: Topology

4. Select Additional courses to reach a total of 37 hours:

- any 300-400 level mathematics courses (except MATH 300, MATH 307, MATH 309, MATH 399, MATH 403, MATH 405, MATH 490, MATH 497 and MATH 498)
- any mathematics graduate course numbered 510 or above
- COSC 311 - Discrete Structures
- COSC 312 – Algorithm Analysis and Automata

Formerly:

Major Requirements

The major consists of 37 semester hours of mathematics courses.

Complete:

MATH 231 - Differential Equations I
MATH 241 - Calculus III
MATH 251 - Matrix Algebra I
MATH 300 - Introduction to Abstract Mathematics
(or honors equivalents)

Select one sequence:

A. Probability and Stochastic Processes
   MATH 423 - Probability
   MATH 424 - Stochastic Processes

B. Probability and Statistics
   MATH 423 - Probability
   MATH 425 – Statistics

C. Advanced Calculus
   MATH 445 - Advanced Calculus I
   MATH 446 - Advanced Calculus II

D. Honors Advanced Calculus
   MATH 447 - Honors: Advanced Calculus I
   MATH 448 - Honors: Advanced Calculus II

E. Abstract Algebra
   MATH 455 - Abstract Algebra I
   MATH 456 - Abstract Algebra II

F. Honors Abstract Algebra
   MATH 457 - Honors: Abstract Algebra I
   MATH 458 - Honors: Abstract Algebra II

G. Numerical Analysis and Algebra
   MATH 471 - Numerical Analysis
   MATH 472 - Numerical Algebra

Select two courses:

- any 300-400 level mathematics courses (except MATH 309, MATH 399, MATH 403, MATH 405, MATH 490, MATH 497 and MATH 498)
- COSC 311 - Discrete Structures

Select one course from each category:

A. Algebra
   MATH 351 - Algebra I
   MATH 455 - Abstract Algebra I
   MATH 456 - Abstract Algebra II
   MATH 457 - Honors: Abstract Algebra I
   MATH 458 - Honors: Abstract Algebra II
B. Analysis  
MATH 341 - Analysis I  
MATH 445 - Advanced Calculus I  
MATH 446 - Advanced Calculus II  
MATH 447 - Honors: Advanced Calculus I  
MATH 448 - Honors: Advanced Calculus II  

C. Numerical Analysis  
MATH 371 - Numerical Algorithms  
COSC 370 - Introduction to Scientific Computing  
MATH 471 - Numerical Analysis  
MATH 472 - Numerical Algebra  

D. Probability and Statistics  
MATH 323 - Probability and Statistics  
MATH 423 - Probability  
MATH 424 - Stochastic Processes  
MATH 425 - Statistics  

REVISE MATHEMATICS MAJOR, BS (HONORS CONCENTRATION)  
The Mathematics Department Honors Program offers highly talented students an accelerated curricular path that permits them to enroll in graduate-level mathematics courses as early as the junior year, providing excellent preparation for graduate school or competitive careers in mathematics or related areas. In mathematics, unlike many other fields, graduate students are generally supported by graduate assistantships or fellowships that pay tuition plus an annual living stipend. In recent years, 100% of math honors graduates who have applied for a math graduate assistantship have received at least one offer to a very good graduate school. Other graduates have continued to graduate school in computer science, economics, education, finance, law, medicine, and statistics.  

In addition to a more rapid curriculum, the honors program offers enhanced academic advising and opportunities for students to interact with their peers through the Undergraduate Honors Seminar (MATH 497) in which honors students will discuss their theses and other undergraduate research projects.  

For purposes of the mathematics honors requirements, the upper-division mathematics GPA (MGPA) consists of the GPA for all courses numbered MATH 300-475, except MATH 309 and MATH 399, and all graduate courses numbered MATH 510 or higher. If the student has completed more than 8 such courses then the MGPA is calculated using the 8 highest grades for those courses.  

Any student may declare the Math Honors Concentration after having earned a grade of A- or better in MATH 300 or 307, as long as his/her MGPA is at least 3.4 and overall GPA is at least 3.25. The mathematics honors concentration must be declared prior to the last 60 hours of undergraduate enrollment (usually this means prior to the beginning of the junior year). The 60 hours requirement may be waived for students having a large number of transfer, AP, or other credits not earned at the University of Tennessee.  

To continue as a mathematics major with honors concentration the student must:  
- Maintain a 3.4 or higher cumulative MGPA. (Any mathematics honors student whose cumulative MGPA drops below 3.4 in a given semester may keep the honors concentration provided the cumulative MGPA returns to 3.4 after the subsequent semester and remains above 3.4 until graduation.)  
- Attend at least three mathematics-related public lectures (such as the Mathematics Junior Colloquium or a departmental seminar) during each semester.  
- Make adequate progress towards completing the mathematics honors thesis at least one full semester prior to graduation.  

The requirements to graduate with honors in mathematics are the same as those for the mathematics major except the total requirement is 38 hours and includes:  
- For Depth (3), complete 2 pairings, one of which must be an honors sequence (447-448, 457-458) or a math graduate sequence.  
- Graduate with an overall GPA of at least 3.25 and an MGPA of at least 3.4.  
- Complete at least 4 hours of MATH 497.  
- Complete at least 3 hours of MATH 498 and submit a completed thesis at least 30 calendar days prior to the end of the final semester of enrollment.  
- Complete a total of 24 hours of honors courses or mathematics courses numbered 510 or higher (except seminars), which may include courses used to fulfill other requirements to graduate with a mathematics honors concentration.
Formerly:
The Mathematics Department Honors Program offers highly talented students an accelerated curricular path that permits them to enroll in graduate-level mathematics courses as early as the junior year, making them highly competitive for graduate fellowships upon completion of a Bachelor of Science degree. In addition to a more rapid curriculum, the honors program offers enhanced academic advising and opportunities for students to interact with their peers through the Undergraduate Honors Seminar (MATH 497) in which honors students will discuss their theses and other undergraduate research projects.

For purposes of the mathematics honors requirements, the upper-division mathematics GPA (MGPA) consists of the GPA for MATH 300 (MATH 307), all mathematics courses used to fulfill the requirements for part (2) of the mathematics major, and mathematics graduate courses numbered 510 or higher.

Students who wish to participate in the honors concentration must meet the requirements for, and officially declare, a mathematics major with honors concentration. A student may declare this concentration after completing MATH 300 (or MATH 307) if his/her cumulative MGPA is at least 3.4. The mathematics honors concentration must be declared prior to the last 60 hours of enrollment (usually this means prior to the beginning of the junior year). The 60 hours requirement may be waived for students having a large number of transfer, AP, or other credits not earned at the University of Tennessee.

To continue as a mathematics major with honors concentration the student must:

- Maintain a 3.4 or higher cumulative MGPA. (Any mathematics honors student whose cumulative MGPA drops below 3.4 in a given semester may keep the honors concentration provided the cumulative MGPA returns to 3.4 after the subsequent semester and remains above 3.4 until graduation.)
- Attend at least three mathematics-related public lectures (such as the Mathematics Junior Colloquium or a departmental seminar) during each semester.
- Make adequate progress towards completing the mathematics honors thesis at least one full semester prior to graduation.

The requirements to graduate with honors in mathematics are the same as those for the mathematics major except in part (2) only six courses at the 300-400 level are required, and at least two 400-level two-semester sequences must be taken, at least one of which must be an honors sequence. Moreover, the following requirements must be met.

- Graduate with an overall GPA of at least 3.25 and an MGPA of at least 3.4.
- Complete at least 4 hours of MATH 497
- Complete at least 3 hours of MATH 498 and submit a completed thesis at least 30 calendar days prior to the end of the final semester of enrollment.
- Complete a total of 24 hours of honors courses or mathematics courses numbered 510 or higher (except seminars) for undergraduate credit, which may include courses used to fulfill other requirements to graduate with a mathematics honors concentration.

The honors category upon graduation is determined as follows: MGPA at least 3.4 – Honors; MGPA at least 3.6 – High Honors; MGPA at least 3.8 – Highest Honors.

DEPARTMENT OF MICROBIOLOGY

REVISE DEPARTMENT TEXT (VOLSTEACH HEADING, 3RD PARAGRAPH)

Students pursuing a B.S. degree in the Department of Microbiology are eligible to participate in the University’s VolsTeach program (http://volsteach.utk.edu/), which permits students to simultaneously complete a major in mathematics or science and receive secondary education teaching licensure within the 4-year undergraduate degree program through completion of a VolsTeach minor. By petition, students pursuing a VolsTeach minor may apply INPG 385 to the Microbiology B.S. degree. For more information about VolsTeach, including advising associated with teaching licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (100 Greve Hall).

REVISE BIOLOGICAL SCIENCES MAJOR—MICROBIOLOGY CONCENTRATION

Biological Sciences Major — Prerequisites to all Concentrations
A minimum grade of C must be earned in all prerequisites.

DEPARTMENT OF MODERN FOREIGN LANGUAGES AND LITERATURES

ADD FIVE-YEAR BA/MA PROGRAM – FRENCH AND FRANCOPHONE STUDIES

Five-Year BA/MA Program
For qualified students, the Department of Modern Foreign Languages and Literatures offers a 5-year BA-MA program with a BA major in French & Francophone Studies and a non-thesis MA major in French. The primary component of the program is that a qualified student may take up to 9 hours of approved graduate courses for their senior undergraduate electives and have them count toward both the BA degree and the MA degree. Qualifications for admission to the program are:
The student must have an overall cumulative GPA of 3.0 and a cumulative GPA of 3.5 in undergraduate French courses to be considered for admission to the program.

Conditional and full admission of a student into this program must be approved by the Department of Modern Foreign Languages and Literatures and by the Graduate School.

Conditional admission may be granted after completing 64 hours of the requirements for the BA in French & Francophone Studies, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation.

Conditional admission must be obtained before taking a graduate course that is to be used to satisfy the requirements of both the BA degree and the MA degree.

Full admission may be granted after completing 96 hours of the requirements for the BA in French & Francophone Studies, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation. A cumulative GPA of 3.5 in undergraduate French courses is required for full admission.

Any course taken for graduate credit prior to satisfying all requirements for the BA degree must be approved by the department head (or designee) and by the Graduate School.

A student will not be eligible for a graduate assistantship until the student has satisfied all of the requirements for the BA degree.

Rationale: Adding a five year BA-MA program in French will give students more options to complete these programs. This is following models offered at other institutions and recognizes the need for master’s-level training in order to be competitive in a large variety of sectors of the job market. This new accelerated program option will only be available to highly qualified French majors, and its design follows established five year BS-MS programs offered at UTK in the College of Engineering. Impact on other units: No impact. Financial impact: No impact.

● ADD FIVE-YEAR BA/MA PROGRAM – GERMAN

Five-Year BA/MA Program

For qualified students, the Department of Modern Foreign Languages and Literatures offers a 5-year BA-MA program with a BA major in German and a non-thesis MA major in German. The primary component of the program is that a qualified student may take up to 9 hours of approved graduate courses for their senior undergraduate electives and have them count toward both the BA degree and the MA degree. Qualifications for admission to the program are:

- The student must have an overall cumulative GPA of 3.0 and a cumulative GPA of 3.5 in undergraduate German courses to be considered for admission to the program.
- Conditional and full admission of a student into this program must be approved by the Department of Modern Foreign Languages and Literatures and by the Graduate School.
- Conditional admission may be granted after completing 64 hours of the requirements for the BA in German, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation.
- Conditional admission must be obtained before taking a graduate course that is to be used to satisfy the requirements of both the BA degree and the MA degree.
- Full admission may be granted after completing 96 hours of the requirements for the BA in German, as specified by any Undergraduate Catalog in effect during that student’s attendance at the University of Tennessee, Knoxville, provided that the Catalog has been in effect within six years of the date of graduation. A cumulative GPA of 3.5 in undergraduate German courses is required for full admission.
- Any course taken for graduate credit prior to satisfying all requirements for the BA degree must be approved by the department head (or designee) and by the Graduate School.
- A student will not be eligible for a graduate assistantship until the student has satisfied all of the requirements for the BA degree.

SCHOOL OF MUSIC

REVISE DEPARTMENTAL TEXT (ENSEMBLES HEADING)

Ensembles

Ensemble participation during each semester of residence is required of all Bachelor of Music students studying applied music except during student teaching. Students are required to participate in ensembles appropriate to their specific degree program. Ensemble requirements vary among the concentrations and are listed in the School of Music Undergraduate Handbook, which is available on the School of Music website. Enrollment in all ensembles is by audition or consent of instructor.
REVISE MUSIC MAJOR, BA

III. Required Courses

F. Select 0-3 hours (Music Electives):
   - MUSC 301 - Junior Recital
   - MUSC 411 - Lecture Recital
   - MUSC 493 – Independent Study
   - MUTH 493 - Independent Study in Music Theory
   - MUCO 460 - Music Aesthetics
   - MUCO 493 - Independent Study
   - MUIN 493 – Independent Study

REVISE MUSIC MAJOR, BM – STRINGS CONCENTRATION

Third Year
- MUTH 310 3
- MUTH 320 420 2 3
- MUOC 380 * 3
- Music Performance (300 level) (3,3) 6
- MUEN 370 (1,1) 2
- MUED 310 3
- 3Social Sciences * 6
- Communicating Orally * 3
- MUSC 200 (0,0) 0
- MUSC 301 0

Fourth Year
- Music Performance (400 level) (3,3) 6
- MUIN 340 , MUIN 350 6
- MUEN 370 (1,1) 2
- Quantitative Reasoning * 6
- MUSC 200 (0,0) 0
- MUSC 401 0
- 3Natural Sciences * 3
- Electives 8 2

ADD MUSIC MINOR – MUSIC COMPOSITION

Minor Requirements
The minor concentration in Music Composition consists of 16 hours in courses numbered 200 or above.

Prerequisites (8 hours)
Complete:
- MUTH 110 - Theory I
- MUTH 120 - Theory II
- MUTH 130 - Ear Training I
- MUTH 140 - Ear Training II

Required Courses (16 hours)
Complete:
- MUPF 294 – Composition (2)
- MUPF 295 – Composition (2)
- MUPF 394, 395 or 396 – Composition (2,2)
- MUTH 210 - Theory III (3)
- MUTH 220 - Theory IV (3)
- MUTH 230 - Advanced Ear Training III (1)
Undergraduate Council Minutes

MUTH 240 - Advanced Ear Training IV (1)

DEPARTMENT OF PHILOSOPHY

REVISE PHILOSOPHY MAJOR, BA

College Requirements
Arts and Sciences

Corequisites

Complete:

PHIL 135 - Formal Logic

Major Requirements

The major consists of 30-27 hours of courses numbered 200 or above, including at most one of PHIL 374, PHIL 376, or PHIL 379. Only 3 hours of philosophy electives may be taken at the 200 level. At least 6 hours must be taken at the 400 level or above; PHIL 407 may not be used to satisfy this 6-hour requirement. Majors are required to discuss their programs with a member of the philosophy faculty.

I. Complete:

PHIL 235 – Formal Logic

II. I. Select one course from each area:

A. Ancient Philosophy

PHIL 320 - Ancient Western Philosophy (normally)
PHIL 322 - Medieval Philosophy
PHIL 327 - Honors: Ancient Western Philosophy

B. Modern Philosophy

PHIL 324 - 17th- and 18th-Century Philosophy (normally)
PHIL 326 - 19th- and 20th-Century Philosophy
PHIL 328 - Honors: 17th- and 18th-Century Philosophy

C. Ethics

PHIL 340 - Ethical Theory
PHIL 347 - Honors: Ethical Theory

D. Epistemology, Metaphysics, Logic

PHIL 360 - Philosophy of Science
PHIL 370 - Philosophy of Religion
PHIL 371 - Epistemology
PHIL 372 - Metaphysics
PHIL 373 - Philosophy of Mind
PHIL 435 - Intermediate Formal Logic

III. Select five additional philosophy courses
See Major Requirements heading for restrictions

II. Select one additional course:

200-level or above philosophy courses

III. Select two additional courses:

300-level or above philosophy courses

IV. Select two additional courses:

400-level or above philosophy courses

DEPARTMENT OF PHILOSOPHY

REVISE PHILOSOPHY MAJOR, BA

College Requirements

REVISE PHILOSOPHY MAJOR, BA – HONORS CONCENTRATION

College Requirements
Arts and Sciences

Corequisite
Complete:
PHIL 135 – Formal Logic

Concentration Requirements
The honors concentration requires a 3.25 overall GPA with a 3.5 GPA in philosophy coursework. It consists of 31 hours of courses numbered 200 or above, including at least one of PHIL 374, PHIL 376, or PHIL 379. Two honors philosophy courses, two honors or honors-by-contract philosophy courses, and additionally, one hour of PHIL 407 with a grade of B or higher are required. Only 3 hours of philosophy electives may be taken at the 200 level. Apart from the one required hour of PHIL 407, at least 6 hours must be taken at the 400 level or above. Majors are required to discuss their programs with a member of the philosophy faculty.
I. Complete:
   PHIL 235 – Formal Logic

II. Select one course from each area (at least two honors courses):
   A. Ancient Philosophy
      PHIL 320 - Ancient Western Philosophy
      PHIL 327 - Honors: Ancient Western Philosophy
   B. Modern Philosophy
      PHIL 324 - 17th- and 18th-Century Philosophy
      PHIL 328 - Honors: 17th- and 18th-Century Philosophy
   C. Ethics
      PHIL 340 - Ethical Theory
      PHIL 347 - Honors: Ethical Theory
   D. Epistemology, Metaphysics, Logic
      PHIL 360 - Philosophy of Science
      PHIL 370 - Philosophy of Religion
      PHIL 371 - Epistemology
      PHIL 372 - Metaphysics
      PHIL 373 - Philosophy of Mind
      PHIL 435 - Intermediate Formal Logic

III. Select five additional philosophy courses:
   See Concentration Requirements heading for restrictions

II. Complete A, B, and C below (at least two honors courses):
   A. Select one additional course:
      200-level or above philosophy courses
   B. Select two additional courses:
      300-level or above philosophy courses
   C. Select two additional courses:
      400-level or above philosophy courses

IV. Complete at least one hour with a grade of B or better (no more than 1 hour may be applied toward the major) (grade of B or better):
   PHIL 407 - Honors: Thesis

◆ ADD PHILOSOPHY MAJOR, BA – LEGAL AND POLITICAL PHILOSOPHY CONCENTRATION

College Requirements
   Arts and Sciences

Concentration Requirements
The philosophy major with concentration in legal and political philosophy consists of 30 hours of courses numbered 200 or above, including at most one of PHIL 374, PHIL 376, or PHIL 379. Only 3 hours of philosophy electives may be taken at the 200 level. At least 6 hours must be taken at the 400 level or above; PHIL 407 may not be used to satisfy this 6-hour requirement. Majors are required to discuss their programs with a member of the philosophy faculty.

I. Complete:
   PHIL 235 - Formal Logic
   PHIL 391 - Social and Political Philosophy
   PHIL 392 - Philosophy of Law

II. Select one course from each area:
   A. Ancient Philosophy
      PHIL 320 - Ancient Western Philosophy (normally)
      PHIL 322 - Medieval Philosophy
      PHIL 327 - Honors: Ancient Western Philosophy
B. Modern Philosophy
   PHIL 324 - 17th- and 18th-Century Philosophy (normally)
   PHIL 326 - 19th- and 20th-Century Philosophy
   PHIL 328 - Honors: 17th- and 18th-Century Philosophy

C. Ethics
   PHIL 340 - Ethical Theory
   PHIL 347 - Honors: Ethical Theory

III. Select three courses, including one course from each area:
   A. Epistemology, Metaphysics, Logic

Undergraduate Council Minutes  

POLS 479 – Regional Analysis of International Politics

Select at least one course – Political Theory:
- POLS 300 - Introduction to Political Philosophy
- POLS 374 - American Political Thought
- POLS 475 - Ancient and Medieval Political Thought
- POLS 476 - Modern Political Thought

Select four courses:
- any 300-400 level political science courses (from lists above)

REVISE POLITICAL SCIENCE MAJOR, BA – HONORS CONCENTRATION

College Requirements
- Arts and Sciences

Prerequisites
Select one course:
- POLS 101 - United States Government and Politics
- POLS 107 - Honors: United States Government and Politics

Complete:
- POLS 102 - Introduction to Political Science

Honors Concentration
The department's Honors Program emphasizes the ideals of a superior liberal arts education and gives students a more rigorous and intensive preparation in political science. The honors concentration consists of twenty-seven (27) upper division hours in political science, including completion of Political Science 401, Political Science 487, and Political Science 488. These 27 hours must include at least one course in each of the four areas of the discipline. To graduate with honors in political science, the student must have a minimum GPA of 3.3 in political science, and a minimum cumulative GPA of 3.25.

The Honors Program encourages fruitful contacts between individual students and faculty members, and student involvement in planning and developing the program. As a senior, each student takes Political Science 487 and Political Science 488, investigates a topic of his or her choice, and presents the results in an Honors Thesis. This project develops with the assistance and supervision of the Honors Director or another member of the Political Science faculty. Students are encouraged to take Political Science 401 in advance of Political Science 487 and 488, because 401 will help students better to design and undertake thesis research.

The honors concentration encourages highly motivated students to obtain a superior liberal education and more rigorous preparation in the discipline. Admission is selective. The honors concentration is normally a two-year program. The concentration consists of 27 hours of courses numbered 300 or above. If POLS 387 and POLS 388 are used to satisfy a requirement in one of the discipline areas below, students may substitute upper-level political science courses for the hours. To graduate with honors in political science, the student must have a minimum GPA of 3.3 in political science, and a minimum cumulative GPA of 3.25.

Select at least one course – U.S. Government and Politics/Public Administration:
- POLS 311 - Contemporary Issues in American Public Policy
- POLS 312 - Popular Culture and American Politics
- POLS 315 - Tennessee Government and Politics
- POLS 320 - State Government and Politics
- POLS 321 - Urban Politics and Process
- POLS 330 - Law in American Society
- POLS 340 - Introduction to Public Administration and Public Policy
- POLS 341 - Judicial Process and Policymaking
- POLS 401 – Political Analysis

   any religious studies courses numbered 300 or above

DEPARTMENT OF SOCIOLOGY

REVISE SOCIOLOGY MAJOR

Before applying to the Sociology Department for admission to the major, a student must complete either SOCI 110, SOCI 120, or SOCI 127 (SOCL 117 or SOCL 127) with a grade of C or above, and either MATH 115 or STAT 201, or STAT 207. Upon granting admission to the major, the Department will assign the student an academic advisor who will help the student plan a program of study for the major. Students may also declare a concentration in either Criminology and Criminal Justice or Environmental Issues, and in Honors, criminal justice or environmental issues and globalization, each of which features attendant requirements. Ideally, students will take SOCI 321 and SOCI 331 no later than their junior year.

   Arts and Sciences

Sociology–Prerequisites (6 hours)
Select one course (grade of C or better):
   SOCI 110 - Social Problems and Social Justice Social Justice and Social Change
   SOCI 117 - Honors: Social Justice and Social Change
   SOCI 120 - Introduction to General Sociology
   SOCI 127 - Honors: Introduction to General Sociology
Select one course:
- MATH 115 - Statistical Reasoning
- STAT 201 - Introduction to Statistics
- STAT 207 - Honors: Introduction to Statistics

Sociology Major (30 upper-division hours)
The major consists of 30 upper-division hours in sociology.

Complete:
- SOCI 321 - Sociological Theory
- SOCI 331 - Sociological Research

Select six courses:
- 300-400 level sociology courses

Select two courses:
- 400-level sociology courses

ADD SOCIOLOGY MAJOR, BA, HONORS CONCENTRATION

The Honors concentration in Sociology requires a 3.3 overall GPA and a 3.5 GPA in Sociology coursework, with no grade of less than B+ in any Sociology course. Requirements are SOCI 127 (or approval of Director of Undergraduate Studies); SOCI 431, either one Honors-by-Contract course in Sociology or one graduate level course in Sociology; an Honors Thesis in Sociology (SOCI 457); and all other requirements for the major. The Honors Thesis may be original research or an in-depth theoretical exploration of an area within Sociology, to be decided with the faculty member who agrees to direct the thesis. Students may obtain the Honors concentration in addition to other concentrations available in Sociology. Formal application must be made to the Director of Undergraduate Studies for admission to the Honors concentration.

DROP SOCIOLOGY MAJOR—CRIMINAL JUSTICE CONCENTRATION

ADD SOCIOLOGY MAJOR, BA—CRIMINOLOGY AND CRIMINAL JUSTICE CONCENTRATION

Before applying to the Sociology Department for admission to the major, a student must complete either SOCI 110, SOCI 120, or SOCI 127 with a grade of C or above, and either MATH 115, STAT 201, or STAT 207. Upon granting admission to the major, the Department will assign the student an academic advisor who will help the student plan a program of study for the major. Students may also declare a concentration in either Criminology and Criminal Justice or Environmental Issues, and in Honors, each of which features attendant requirements. Ideally, students will take SOCI 321 and SOCI 331 no later than their junior year.

College Requirements
Arts and Sciences

Sociology—Prerequisites (6 hours)

Select one course (grade of C or better):
- SOCI 110 – Social Problems and Social Justice
- SOCI 120 – Introduction to Sociology
- SOCI 127 – Honors: Introduction to Sociology

Select one course:
- MATH 115 – Statistical Reasoning
- STAT 201 – Introduction to Statistics
- STAT 207 – Honors: Introduction to Statistics

Sociology—Major (30 hours)
The major consists of 30 upper-division hours in Sociology.

Complete:
- SOCI 321 – Sociological Theory
- SOCI 331 – Sociological Research

Criminology and Criminal Justice Concentration

Complete:
- SOCI 350 – Criminology
- SOCI 451 – Criminal Justice
Select two courses:
- SOCI 455 – Law and Society
- SOCI 449 – Juvenile Delinquency and Social Policy
- SOCI 452 – Race, Ethnicity, Crime, and Justice
- SOCI 453 – Gender and Crime
- SOCI 456 – Punishment and Society

Select four courses (in consultation with advisor):
- 300-400 level sociology courses

◆ DROP SOCIOLOGY MAJOR, BA—ENVIRONMENTAL ISSUES AND GLOBALIZATION CONCENTRATIONS

◆ ADD SOCIOLOGY MAJOR, BA—ENVIRONMENTAL ISSUES CONCENTRATION

Before applying to the Sociology Department for admission to the major, a student must complete either SOCI 110, SOCI 120, or SOCI 127 with a grade of C or above, and either MATH 115, STAT 201, or STAT 207. Upon granting admission to the major, the Department will assign the student an academic advisor who will help the student plan a program of study for the major. Students may also declare a concentration in either Criminology and Criminal Justice or Environmental Issues, and in Honors, each of which features attendant requirements. Ideally, students will take SOCI 321 and SOCI 331 no later than their junior year.

- STAT 207 – Honors: Introduction to Statistics

Sociology—Major (30 hours)
The major consists of 30 upper-division hours in Sociology.

Complete:
- SOCI 321 – Sociological Theory
- SOCI 331 – Sociological Research

Environmental Issues Concentration
Complete:
- SOCI 360 – Environment and Resources

Select one course:
- SOCI 442 – Comparative Poverty and Development
- SOCI 446 – The Modern World System

Select two courses:
- SOCI 344 – Political Sociology
- SOCI 363 – Food, Agriculture and Society
- SOCI 465 – Social Values and the Environment
- SOCI 495 – Social Justice and Community Service

Select four courses (in consultation with advisor):
- 300-400 level sociology courses

REVISE SOCIOLOGY MINOR

Sociology—Prerequisites (6 hours)
Select one course (grade of C or better):
- SOCI 110 - Social Problems and Social Justice
- SOCI 120 - Introduction to General Sociology
- SOCI 127 - Honors: Introduction to General Sociology
THEATRE

ADD THEATRE MAJOR—HONORS CONCENTRATION

Honors Concentration
The Theatre Department offers an honors concentration. Candidates for the honors concentration in Theatre must fulfill all of the requirements for the Bachelor of Arts degree as well as these requirements:

- Complete 12 credits of theatre honors or honors by contract including 3-6 credits of THEA 497.
- Maintain a 3.25 overall GPA.
- Maintain a GPA of 3.5 in courses applied to the Theatre major.
COLLEGE OF BUSINESS ADMINISTRATION

All changes effective Fall 2012

PART I. COURSE CHANGES

(205) (BUAD) Business Administration

ADD

103 Learning Community Seminar (1) Seminar covering topics of specific interest in a themed living learning community.
Repeatability: May be repeated. Maximum 2 hours.
Registration Restriction(s): Participation in a designated College of Business Administration living learning community is required.

(583) (IB) International Business

DROP CREDIT RESTRICTION

469 International Accounting (3)
Formerly: Credit Restriction: Accounting majors may not receive accounting or international business credit for this course.

DEPARTMENT OF ECONOMICS

(283) (ECON) Economics

ADD

471 Public Finance: Expenditure Analysis (3) Problems of collective consumption, external effects, public investment, social decision making. Writing-emphasis course.
(RE) Prerequisite(s): 311 or 312.

DROP

371 Public Finance: Expenditure Analysis (3)

(625) (MGT) Management

ADD

311 Ethics, Corruption, and Crime in Business (3) Examines the causes and effects of unethical, corrupt, and criminal behavior in organizations. Topics include accounting and financial fraud, insider trading, securities fraud, environmental and occupational health crimes, theft and embezzlement, bribery, unsafe and counterfeit products, consumer scams, health care fraud and abuse, crimes by public officials, fiduciary frauds, frauds by "trusted" institutions (religious organizations, educational institutions, and the media), and cybercrimes. Major ethical perspectives are integrated throughout the course.

(Re) Prerequisite(s): 201.

Registration Restriction(s): Majors in the College of Business Administration.

DEPARTMENT OF MARKETING AND LOGISTICS

(626) (LOG) Logistics

ADD

499 Special Topics in Supply Chain Management (3) Seminar designed to study current issues in supply chain management.

Repeatability: May be repeated if topic differs. Maximum 6 hours.

(Re) Prerequisite(s): 411 with grade of C or better.

(632) (MARK) Marketing

ADD

499 Special Topics in Marketing (3) Seminar designed to study current issues in marketing.

Repeatability: May be repeated if topic differs. Maximum 6 hours.

(Re) Prerequisite(s): 360 with grade of C or better.
DEPARTMENT OF STATISTICS, OPERATIONS, AND MANAGEMENT SCIENCE

(962) (STAT) Statistics

ADD

370 Search Engine Marketing: Paid Search Advertising Management and Optimization Strategies (3) Learn the fundamentals of creating, managing and optimizing an online marketing campaign in a hands-on class. Students will learn by creating a Google AdWords campaign with an actual budget. During the semester they will be given an opportunity to analyze the performance and improve their campaigns. The class will prepare students for 2 of the 4 AdWords Certification Exams.

(RE) Prerequisite(s): 201.
Comment: Course is intended for juniors or seniors in marketing or business analytics.
Registration Permission: Consent of instructor.

REVISE (RE) PREREQUISITE

475 Applied Time Series and Forecasting (3)
(RE) Prerequisite(s): 471 or consent of instructor.

PART I. COURSE CHANGES

DEPARTMENT OF EDUCATIONAL PSYCHOLOGY AND COUNSELING

(255) (COUN) Counselor Education

ADD

220 Helping Skills in Face to Face and Online Settings (3) Explores effective helping skills and how they are changing with new technologies. Covers basic attending skills, reflective listening, mediation skills, and other communication strategies, in both face-to-face and online (e.g. e-mail, social media) contexts. Students will learn to communicate more effectively and understand how communication differs when mediated by technology.

DEPARTMENT OF KINESIOLOGY, RECREATION AND SPORT STUDIES

(590) (KNS) Kinesiology

ADD

365 Pediatric Exercise Science (3) An overview of factors that influence children’s physical activity levels, physiological responses to exercise, motor development, and the growth and maturation processes. Additional topics include the effects of physical activity on children’s fitness levels and health status.

(RE) Prerequisite(s): Biochemistry and Cellular and Molecular Biology 230.

(850) (RSM) Recreation and Sport Management

ADD

226 Therapeutic Recreation Programming I (3) Overview of characteristics of individuals with disabilities with a special focus on social, interpersonal and behavioral aspects of working with children, youth, and adults with multiple disabilities in a therapeutic recreation environment.

326 Therapeutic Recreation Programming II (3) In-depth involvement in writing objective-based activity lesson plans, methods of behavioral management and in developing therapeutic recreation programs for individuals with multiple disabilities in a therapeutic recreation environment.

(RE) Prerequisite(s): 226.

426 Therapeutic Recreation Programming III (3) Leadership and managerial roles in developing therapeutic recreation programs for individuals with multiple disabilities in a therapeutic recreation environment.

Contact Hour Distribution: Includes lab.

(RE) Prerequisite(s): 326.

(642) (MEDU) Math Education

REVISE TITLE

485 Teaching Mathematics in the Secondary School (3)
Formerly: Teaching of Mathematics, Grades 7-12

(932) (SPED) Special Education

REVISE DESCRIPTION

420 Field Experience in Special Education Programs (3)
Practicum in teaching special education. Planning, developing, implementing, and evaluating instruction for students with mild disabilities.
Formerly: Practicum in teaching special education programs. Planning, developing, implementing, and evaluating instruction.

ADD (DE) COREQUISITE
430 Applied Behavior Analysis in School Settings (3)
(DE) Corequisite(s): 432.

DROP (DE) COREQUISITE, ADD (RE) COREQUISITE
432 Psychology and Education of Students with Moderate/Severe Disabilities (6)
(RE) Corequisite(s): 430 or Educational Psychology 515.
Formerly: (DE) Corequisite(s): 431.

ADD (DE) PREREQUISITE
456 Effective Instruction of Students with Learning Disabilities and Other High Incidence Disabilities (3)
(DE) Prerequisite(s): 402 or consent of instructor.

REVISE DESCRIPTION, DROP REGISTRATION RESTRICTION, ADD (RE) PREREQUISITE
459 Physical and Health Impairments: Educational Implications (3)
Characteristics of students with neuromotor, orthopedic, and musculoskeletal impairments, degenerative and terminal conditions, health impairments including infectious diseases, and sensory losses and the impact of these disabilities on student learning. Adaptations and teaching strategies for meeting the needs of students with physical, health, and sensory impairments in general and special education contexts.
(RE) Prerequisite(s): 402 or 470.
Formerly: The impact of neuromotor, orthopedic, and musculoskeletal impairments, degenerative and terminal conditions, health impairments including infectious diseases, and sensory losses on student learning. Adaptations and teaching strategies for meeting the needs of students with physical and health impairments in general and special education contexts.
Registration Restriction(s): Qualification - admission to teacher education. No prerequisite

ADD COMMENT, DROP (RE) PREREQUISITE
402 Professional Studies: Special Education and Diverse Learners (3)
Comment: Students in Communication Disorders or Educational Interpreting should register for Special Education 470 instead of 402.
Formerly: (RE) Prerequisite(s): Educational Psychology 210.

REVISE DESCRIPTION, REVISE (RE) COREQUISITE
419 Psychology and Education of Students with Mild Disabilities (6) Nature and characteristics of persons with mild disabilities and the educational strategies appropriate for these persons.
(RE) Corequisite(s): 420 or 456.
Formerly: Nature and characteristics of persons with mild handicaps and the educational strategies appropriate for these persons.
(RE) Corequisite(s): 420.

(978) (TPTE) Theory & Practice in Teacher Education

ADD GRADING RESTRICTION
442 Integrated Middle Grades Methods (3)
Grading Restriction(s): Letter grade only.

Total: 120-121 122

---

* Meets University General Education Requirement.
1 If math placement score is not high enough to enter into MATH 125 or MATH 141 directly, MATH 119 or MATH 123 or MATH 130 is recommended. If taken, MATH 119, MATH 123, or MATH 130 can be counted as a general elective.
2 Select courses that do not count in other areas of the Kinesiology curriculum can be counted as general electives.
3 Student must pass a total of 4 hours in physical education classes. Participation in athletic competition does not count toward these hours. See advisor.
4 Select courses from KNS 231, KNS 290, KNS 365, KNS 370, KNS 380, KNS 426, KNS 440, KNS 450, KNS 490, KNS 493 or KNS 497, RSM 226, RSM 236, RSM 320, RSM 326, RSM 335, RSM 336, RSM 337, RSM 338, RSM 370, RSM 405, RSM 415, RSM 425, RSM 426, RSM 424, RSM 450.
Undergraduate Council Minutes  U2258  January 31, 2012

ACCT 200; ANTH 480; any BCMB course; BIOL 101, BIOL 102, BIOL 130, BIOL 140; CFS 210; CHEM 350, CHEM 358, CHEM 360, CHEM 368, CHEM 369; CLAS 273; CMST 416; COSC 100; ECON 201; EEB 240; FINC 300; PUBH 300, PUBH 305, PUBH 311; MARK 300; MICR 210; MGT 201, MGT 300; NURS 351; PSYC 210, PSYC 220, PSYC 300, PSYC 310, PSYC 320, PSYC 330, PSYC 360, PSYC 382, PSYC 400, PSYC 410, PSYC 430, PSYC 431, PSYC 434, PSYC 435, PSYC 440, PSYC 461, PSYC 470, PSYC 475, PSYC 480, PSYC 482, PSYC 496; STAT 201. Professional electives must be passed with a minimum grade of “C.” Other courses not listed here may be petitioned to count as kinesiology professional electives with approval of the assigned kinesiology faculty advisor. Check with advisor prior to taking the course. Courses selected as professional electives cannot be used to fulfill additional requirements in the program.

Kinesiology students must have a cumulative minimum GPA of 2.5 to register for these courses.

* Meets University General Education Requirement.
1 Select courses from the University General Education list. At least one natural science course must have a lab.
2 Business administration minor requirement.
3 Requires progression into the recreation and sport management major.
4 All courses on list (except KNS 490 and RSM 336, RSM 337, and RSM 338) require progression into the recreation and sport management major.
5 The class focus for RSM 380 must be sport management.
6 Select any course not already required for the major.

REVISE PROGRAM TEXT—RECREATION AND SPORT MANAGEMENT MAJOR—THERAPEUTIC RECREATION CONC

**Progression Requirements**

Students must submit an application upon meeting the following minimum criteria.

- Minimum of 30 semester hours earned.
Minimum 2.5 GPA for all college work.
Completion of RSM 100 and RSM 201 with a grade of C or better.
Completion of ENGL 101 and ENGL 102, and three (3) hours of quantitative reasoning.

* Meets University General Education Requirement.

NOTE: Progression to the educational interpreting concentration requires a 2.7 cumulative GPA after a minimum of 30 semester hours of course work and completion of ASL 111 and ASL 112 EI 223 and EI 226 with a grade of B or better in both courses. A Board of Admissions will meet once each fall and spring to review applications and conduct interviews with each applicant. Students admitted to the program must maintain a minimum cumulative GPA of 2.7 while in the program. Students with less than a 2.7 GPA for two consecutive semesters will be dropped from the program. Students who fail to meet the standards for professional conduct during the course of their fieldwork will not be retained in the major.

ADD

201 Circuits I (3) Fundamental laws of circuit analysis. Ohm’s Law. Kirchhoff’s current and voltage laws; the law of conservation of energy; circuits containing independent and dependent voltage, and current sources, resistance, conductance, capacitance, and inductance analyzed using mesh and nodal analysis, superposition, and source of transformations; and Norton’s and Thevenin’s Theorems. Steady state analysis of DC and AC circuits. Complete solution for transient analysis for circuits with one and two storage elements.
Registration Permission: Consent of associate department head.

202 Circuits II (3) Operational amplifiers, average, complex, imaginary and real power; effective values of voltage and currents, three phase circuits, delta and wye connections. Complex frequency; sinusoidal forcing functions and natural response. Resonance: general case, special cases in series and parallel circuits. Scaling: magnitude and frequency. Mutual inductance, transformers as circuit elements; linear and ideal transformers. Admittance, impedance and hybrid parameters. Trigonometric and complex Fourier series. Includes laboratory exercises.
(Re) Prerequisite(s): 201.

PART II. PROGRAM CHANGES

REVISE COLLEGE TEXT (FIRST-YEAR COURSES FOR HONORS CONCENTRATIONS)

Beginning students who wish to pursue an honors concentration in one of the engineering majors will normally be part of the Chancellor’s Honors Program or the Haslam Scholars Program. Requirements for first-year coursework are:

- Four 100- or 200-level departmental honors courses. For engineering students, these would normally be EF 157, EF 158, and two courses chosen from MATH 147, MATH 148, MATH 247 or CHEM 128, CHEM 138.
- The combination of a UNHO 101, UNHO 102, UNHO-100 and a UNHO 200-level course may be used as an approved substitute for a single 200-level departmental honors course.
- Other departmental honors courses may be approved by the individual engineering departments upon entry to their honors concentration.
- Coursework requirements in the upper division are specific to the individual departments and the student is referred to those individual descriptions for explanation.

REVISE COLLEGE TEXT (ADD VOLS TEACH PARAGRAPH BEFORE ACADEMIC PROGRAMS HEADING)

VolsTeach Program

Students pursuing a major in the College of Engineering are eligible to participate in the University’s VolsTeach program (http://volsteach.utk.edu/), which permits students to simultaneously complete a major in engineering and receive secondary education teaching licensure through completion of a VolsTeach minor. For more information about VolsTeach, including advising associated with teaching licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (100 Greve Hall).

DEPARTMENT OF CHEMICAL AND BIOMOLECULAR ENGINEERING

REVISE CHEMICAL ENGINEERING MAJOR (FOOTNOTES 2 AND 3)

1. Chem Option I: Any 200-level or above BCMB courses; any 200-level or above CHEM courses; Environmental Engineering 554, 562; MSE 340 or MSE 347, MSE 360 or MSE 367; any 200-level or above MICR courses.

3. One technical elective must be a chemical and biomolecular engineering course. CBE 457 may not count as the one CBE course.

REVISE CHEMICAL ENGINEERING MAJOR—HONORS CONCENTRATION (2ND BULLET)

- Further requirements for the honors chemical engineering concentration are as follows. Maintain an overall GPA of at least 3.3 and a GPA of at least 3.3 in departmental courses. Complete CHEM 483; CBE 407, CBE 447, and one of the following: CBE 467, CBE 488, CBE 498. Complete a 3-hour senior design course; this requirement is satisfied by CBE 488.

DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING

REVISE CIVIL ENGINEERING MAJOR

Third Year
Arts and Humanities Elective* 3
CE 300, CE 305, CE 310, CE 321, CE 331, CE 355, CE 371, CE 381, CE 440 or CE 447 24
Cultures and Civilizations Electives* 6

Fourth Year
CE 400, CE 401, CE 442 7
1 Civil Engineering Concentration Electives 6
2 Civil Engineering Concentration Labs 2
3 Civil Engineering/Technical Electives 9
Arts and Humanities Elective* 3
Social Sciences Elective* 3
EF 402 1

*Meets University General Education Requirement. All electives must be pre-approved by the advisor and the department head.
1 Students must select 2 of the following concentration sequences: environmental sequence (CE 481 or CE 487, CE 482), geotechnical sequence (CE 430 or CE 437, CE 432), structural sequence (CE 461 or CE 467, CE 463), transportation sequence (CE 455 or CE 458, CE 456), water resources sequence (CE 494 or CE 497, CE 496).
2 Students select from BIOL 101, BIOL 102, BIOL 130, BIOL 138, BIOL 140, BIOL 148; Environmental Engineering 513; ESS 462; GEOG 131, GEOG 410; GEOL 101, GEOL 103, GEOL 107.
3 Must be approved by advisor.

REVISE CIVIL ENGINEERING MAJOR—HONORS CONCENTRATION

Students who wish to pursue the honors civil engineering concentration will normally be part of the Chancellor’s Honors Program. Candidates for the honors civil engineering concentration must complete the following requirements.

- Two upper-division honors courses in civil engineering (CE 407, CE 437, CE 458, CE 467, CE 487, or CE 497) via honors-by-contract or CE 407.
- If participating in only the Chancellor’s Honors Program, the Honors-by-Contract paperwork goes to the Chancellor’s Honors Office on campus during the first 10 days of the semester. If participating in Engineering Honors and not Chancellor’s Honors, the Honors-by-Contract paperwork is submitted the first 10 days of the semester to the engineering major department. If participating in both Chancellor’s and Engineering Honors, the Honors-by-Contract paperwork is submitted to both areas.
- A minimum of 3-credit hours of an honors senior project course. This requirement may be satisfied by CE 407 or by enrolling in the honors section of the senior capstone design course (CE 400).

REVISE ENVIRONMENTAL ENGINEERING MINOR

Minor Requirements

The minor requires the completion of a minimum of 21 credits in coursework which builds the foundation of an environmental engineering perspective.

Required Courses

Complete:
- CE 486 - Air and Waste Management
- GEOL 202 - Earth as an Ecosystem: Modern Problems and Solutions

Select one course:
CBE 475 - Applied Microbiology and Bioengineering
ENVE 513 - Environmental Microbiology

Select one course:
CHEM 230 - Inorganic Chemistry
CHEM 310 - Analytical Chemistry
CHEM 350 - Organic Chemistry I
ENVE 511 - Environmental Chemistry

Select one course:
BSE 576 - Applied Microbiology and Bioengineering
CBE 235 - Fundamentals of Molecular Bioengineering
CBE 475 - Applied Microbiology and Bioengineering
ENVE 513 - Environmental Microbiology

Select two courses:
BSE 221 - Mass and Energy in Biosystems
BSE 416 - Environmental Hydrology
CBE 291 - Material and Energy Balances
CE 381 - Environmental Engineering I
CE 494 - Water Resources Engineering II

Select one course:
BSE 416 - Environmental Hydrology
CE 485 - Principles of Hydrogeology
CE 494 - Water Resources Engineering II
ESS 444 - Environmental Soil Physics
GEOL 485 - Principles of Hydrogeology

Select three courses:
BSE 431 - Bioprocess Engineering
BSE 525 - Soil Erosion and Sediment Yield
BSE 555 - GIS/GPS Applications to Biosystems
CBE 340 - Mass Transfer and Separation Processes
CBE 481 - Sustainable Engineering, Design, and Analysis
CE 481 - Environmental Engineering II
ENVE 512 - Environmental Transport and Kinetics
ENVE 520 - River Mechanics
ENVE 525 - Soil Erosion and Sediment Yield

DEPARTMENT OF ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

REVISE DEPARTMENTAL TEXT (GENERAL HEADING, LAST PARAGRAPH)
Students who take ECE 202 will be evaluated during the semester they are registered for it. Transfer students for whom ECE 202 transfer credit is given may take 9 semester hours in departmental courses before progression evaluation. All students, whether or not they transfer in, who are not accepted into the upper-division program of the department will be put in either a temporary probationary status or a non-progressed status and will not be permitted to register for any upper division courses within the department.

COSC 140 4
REVISE COMPUTER ENGINEERING MAJOR

Students in the senior year may choose from a wide spectrum of courses covering various aspects of computer engineering, computer science, electrical engineering, and related fields. Students must meet the design, depth, and breadth requirements in the department in their selection of these courses. Students are encouraged to discuss an appropriate senior program with their advisors.

*Social Sciences Electives* 6

*Cultures and Civilizations Elective* 3

*EF 402* 1

Total 128

* Meets University General Education Requirements.

1. EF 157 and EF 158 are honors versions of EF 151 and EF 152. *Students in the Chancellor's Honors Program are not required to take EF 402.*

2. Can be taken at any time.

3. Must be in electrical and computer engineering courses. At most, one computer engineering senior elective can be from any 300-level electrical and computer engineering courses. Approved senior electives are ECE 325, ECE 336, ECE 341, ECE 415, ECE 416, ECE 421, ECE 422, ECE 431, ECE 432, ECE 433, ECE 441, ECE 442, ECE 443, ECE 446, ECE 453, ECE 455, ECE 471, ECE 472, ECE 481, and ECE 482. The following table lists the acceptable set of electives that may be taken to satisfy the upper division...
electives for the Computer Engineering major. The electives have been grouped into 6 suggested tracks. The tracks group related electives that a student may wish to take in order to achieve a level of expertise in the indicated area. The 500-level courses are listed as suggestions to students admitted in the Five-Year BS/MS Program. Among the five Computer Engineering Upper Division Electives, you must choose courses that cover 3 tracks with one of the tracks being Networking & Embedded Systems. The course distribution among the 3 tracks should follow the 2-2-1 pattern, among which at most 2 courses can be at the 300-level.

2 See Arts and Humanities - University General Education Requirement. Select one course from the list.
3 Chosen from AE 341 or AE 347; BME 300; BUAD 361, BUAD 410; BULW 301; COSC 102, ECE 206, ECE 255 ECE 300*, ECE 302; ECON 311, ECON 312, ECON 313, ECON 322, ECON 331, ECON 333, ECON 351, ECON 361; FINC 300, FINC 425, FINC 455; IE 423, IE 430, IE 457, IE 483, IE 484; INSC 310, INSC 451, MARK 300; MGT 300; MSE 302, MSE 340 or MSE 347, MSE 360 or MSE 367, MSE 390 or MSE 397, MSE 405; ME 321, ME 363 or ME 367, ME 365, ME 366, ME 405; NE 342 or NE 347. Courses denoted with * have a registration restriction. Some courses denoted with # may require a prerequisite or corequisite that is not part of the industrial engineering program.
4 See Cultures and Civilizations – University General Education Requirement. Select two courses from the list, or select a two-course sequence in a foreign language at the intermediate level, or select a six-hour intensive foreign language course at the intermediate level.
5 See Arts and Humanities - University General Education Requirement. Preferably, select PHIL 244* or PHIL 252*. Select one course from the list, preferably PHIL 244*.
6 Chosen from IE 423, IE 430, IE 457, IE 483, IE 484, IE 491, IE 492, IE 493. The same course may not be used to count for both the IE technical elective and the IE elective.

REVISE INDUSTRIAL ENGINEERING MAJOR—HONORS CONCENTRATION

Students, who wish to pursue the honors industrial engineering concentration, will normally be part of the Chancellor’s Honors Program. Candidates for the honors concentration in industrial engineering must complete the following requirements.

- First-year courses for honors concentration in the engineering majors.
- Two upper-division honors courses in industrial engineering (IE 317, IE 407, IE 408, IE 428) via Honors-by-Contract or Honors Independent Study.
If participating in only the Chancellor’s Honors Program, the Honors-by-Contract paperwork goes to the Chancellor’s Honors Office on campus during the first 10 days of the semester. If participating in Engineering Honors and not Chancellor’s Honors, the Honors-by-Contract paperwork is submitted the first 10 days of the semester to the engineering major department. If participating in both Chancellor’s and Engineering Honors, the Honors-by-Contract paperwork is submitted to both areas. (Note: These honors requirements are course substitutions for the industrial engineering major.)

Minimum of 3-credit hours of an honors senior design course. This requirement is normally satisfied as part of their senior capstone design course (IE 422).

REVISE MATERIALS SCIENCE AND ENGINEERING MAJOR—HONORS CONCENTRATION
Students who wish to pursue the honors materials science and engineering concentration or the honors biomaterials concentration will normally be part of the Chancellor's Honors Program. Candidates for this concentration these honors concentrations must complete the following requirements.

- First-year courses for honors concentration in the engineering majors.
- Two upper-division honors courses in Materials Science and Engineering (chosen from MSE 347, 357, 367, and 397) via Honors-by-Contract or Honors Independent Study.
  - If participating in only the Chancellor's Honors Program, the Honors-by-Contract paperwork goes to the Chancellor's Honors Office on campus during the first 10 days of the semester. If participating in Engineering Honors and not Chancellor's Honors, the Honors-by-Contract paperwork is submitted the first 10 days of the semester to the engineering major department. If participating in both Chancellor's and Engineering Honors, the Honors-by-Contract paperwork is submitted to both areas. (Note: These honors requirements are course substitutions for the materials science and engineering major.)
- A senior research project or thesis is required. This requirement is satisfied as part of the senior capstone design course (MSE 489). A minimum of 3-credit hours of an honors senior design course. This requirement is normally satisfied as part of their senior capstone design course (MSE 489).

REVISE MATERIALS SCIENCE AND ENGINEERING MAJOR—HONORS BIOMATERIALS CONCENTRATION

Students who wish to pursue the honors biomaterials materials science and engineering concentration or the honors biomaterials concentration will normally be part of the Chancellor's Honors Program. Candidates for this concentration these honors concentrations must complete the following requirements.

- First-year courses for honors concentration in the engineering majors.
- Two upper-division honors courses in Materials Science and Engineering (chosen from MSE 347, 357, 367, and 397) via Honors-by-Contract or Honors Independent Study.
  - If participating in only the Chancellor's Honors Program, the Honors-by-Contract paperwork goes to the Chancellor's Honors Office on campus during the first 10 days of the semester. If participating in Engineering Honors and not Chancellor's Honors, the Honors-by-Contract paperwork is submitted the first 10 days of the semester to the engineering major department. If participating in both Chancellor's and Engineering Honors, the Honors-by-Contract paperwork is submitted to both areas. (Note: These honors requirements are course substitutions for the materials science and engineering major.)
- A senior research project or thesis is required. This requirement is satisfied as part of the senior capstone design course (MSE 489). A minimum of 3-credit hours of an honors senior design course. This requirement is normally satisfied as part of their senior capstone design course (MSE 489).

DEPARTMENT OF MECHANICAL, AEROSPACE, AND BIOMEDICAL ENGINEERING

REVISE DEPARTMENTAL TEXT (FULL STATUS HEADING)

A lower-division student may apply for progression to upper division after completing CHEM 120, MATH 231, ME 202, ME 231, and PHYS 231, as well as BME 271 for biomedical engineers, with a grade of C or better in each, and an overall GPA of at least 2.4.

COLLEGE OF NURSING

All changes effective Fall 2012

PART I: COURSE CHANGES

(720) (NURS) Nursing

ADD

347 Honors: Transcultural Nursing (2) Honors version of 341. Focus on cultural perspectives in health and illness. Discussion of diversity and influence of culture on health promotion, maintenance, and restoration across the lifespan. Students work with course faculty and/or faculty mentor to develop a significant course project/presentation.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – junior.

377 Honors: Professional Development in Nursing (2) Honors version of 381. Emphasis on development of personal attributes necessary for professional practice such as: emotional intelligence, caring critical thinking, decision making, problem solving, motivation and management of time, stress, and anger. Students work with course faculty and/or faculty mentor to develop a significant course project/presentation.

(RE) Prerequisite(s): 311, 319, 333, 347.
(RE) Corequisite(s): 351, 361, 382.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – junior.

387 Honors: Health Promotion and Maintenance in the Community (5) Honors version of 382. Focus on nursing care of at-risk populations in the community and national health promotion objectives. Students work with course faculty and/or faculty mentor to develop a significant course project/presentation.

(RE) Prerequisite(s): 311, 319, 333, 347.
(RE) Corequisites: 351, 361, 381.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – junior.

388 Nursing Honors Mentorship (1) An individualized course in which the student collaborates with a faculty mentor to create a program of learning which supports academic and professional goals.

Repeatability: May be repeated once.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – junior.

488 Nursing Honors Capstone (1) An individualized senior level course conducted the guidance of the honors students' faculty mentor. The capstone project will demonstrate scholarship, basic understanding of the research process and relevance to professional trends and issues.

Repeatability: May be repeated once.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – senior.

REVISE DESCRIPTION, REVISE REGISTRATION RESTRICTION

477 Honors Nursing Research (3) Introduction to research design and methodologies. Critique of nursing research studies for application to evidence-based nursing practice. Includes a substantial scholarly senior project to be conducted with approval of faculty mentor. Students are required to share their project in a public forum.

Registration Restriction(s): Bachelor of Science in Nursing-nursing major; admission to Chancellors Honors, Haslam Scholars, or College of Nursing Honors Program; minimum student level – senior.

Formerly: Introduction to research design and methodologies. Critique of nursing research studies for application to evidence-based nursing practice. Includes a substantial, scholarly senior project to be conducted with approval of an advisor within the department. Students in the Chancellor's Honor Program are required to share their senior project in a public forum.

Registration Restriction(s): Nursing major; minimum student level — senior; qualification — admission to Chancellor's Honors Program.
PART II: PROGRAM CHANGES

ADD COLLEGE TEXT (ADD HONORS PROGRAM AFTER GRADING AND CONTINUATION POLICIES)

College of Nursing Honors Program

The Nursing Honors Program will complement the Chancellor’s Honors Program and provide for the 2+2 design of the university program. Students can continue in the Nursing Honors Program after their first two years in the Chancellor’s Honors Program. Students entering upper division who have not been in the Chancellor’s Honors Program can apply for acceptance into the Nursing Honors Program for their junior and senior years. In addition to continuing Chancellor’s Honors students, a maximum of 10% of the junior class may be admitted to the Nursing Honors Program through an application/acceptance process. Students will be able to take 11-14 credits in upper division nursing honors courses, depending on the courses they select. The difference in the total will allow for student options depending on the number of credits completed toward the 25 credits required for the Chancellor’s Honors Program during their first two years as freshmen and sophomores. For the Nursing Honors Program only, a student must complete a minimum of 11 credits in honors courses.

REVISE COLLEGE TEXT (GRADING AND CONTINUATION POLICIES)

3. No nursing course may be repeated more than once (exception: NURS 496 may be repeated twice to earn a passing grade) if a C-, D, F, or NC grade is earned on the second attempt the student will be required to withdraw from the program.

4. Any student who receives a grade of C-, D, F, or NC for more than one nursing course will be required to withdraw from the program even if the previous course for which C-, D or F was awarded has been repeated with a grade of C or higher (exception: NURS 496 may be repeated twice to earn a passing grade).

9. At periodic intervals specified by the faculty, students must take comprehensive examinations designed to predict success on the NCLEX (licensure) examination. Any student scoring less than 850 at the end of the junior year must take a one-hour independent study course during the summer before starting the senior clinical courses. Seniors will have two opportunities to achieve 850 on an exit exam given prior to graduation. A student who does not score 850 on the second exit exam at the end of spring term will be given a grade of Incomplete in NURS 496 (Preparation for Professional Practice). The student will be given the opportunity to remediate and take a third exit exam no sooner than six weeks after the second exit exam. If the student does not score 850 on the third exit exam, the student will receive a failing grade for 496 and may be eligible to retake 496 in the fall term. If a failure of 496 is a second failure in the nursing program for this student, then the student is dismissed from the BSN program. In the event that a student has failed NURS 496 twice, the Academic Review Committee will review the student data and make recommendations to the dean regarding the student’s standing in the program.
PART I. COURSE CHANGES

(905) (SOWK) Social Work

ADD

484 Social Work Experience for International Students (6-12) Exploration of local social welfare structures and services for international students. Opportunity to engage in non-clinical, community-based learning about social justice and human rights issues affecting professional social work.
Comment(s): International social work exchange students only.
Registration Permission: Consent of BSSW program director.

ADD (RE) COREQUISITE

483 Social Work Field Practice (1-12)
(RE) Corequisite(s): 460 or 467.

DROP (RE) PREREQUISITE, REVISE (RE) COREQUISITE

ADD AND REQUEST APPROVAL FOR VARIABLE TITLE

★258 Honors: Special Topics in the Arts and Humanities (3) Examination of a selected issue in the arts and/or humanities from a multi-disciplinary perspective. Writing-intensive course. Topics vary.
Satisfies General Education Requirement: (AH) (WC)
Repeatability: may be repeated if topic differs. Maximum 6 hours.
(DE) Prerequisite(s): English 102 or English 118.

★268 Honors: Special Topics in the Social Sciences (3) Examination of a selected issue in the social sciences from a multi-disciplinary perspective. Writing-intensive course. Topics vary.
Satisfies General Education Requirement: (SS) (WC)
Repeatability: may be repeated if topic differs. Maximum 6 hours.
Honors: Special Topics in Cultures and Civilizations (3) Examination of a selected issue in cultures and civilizations from a multi-disciplinary perspective. Writing-intensive course. Topics vary.
Satisfies General Education Requirement: (CC) (WC)
Repeatability: may be repeated if topic differs. Maximum 6 hours.
(IDE) Prerequisite(s): English 102 or English 118.

Honors: Special Topics in the Natural Sciences (3) Examination of a selected issue in the natural sciences from a multi-disciplinary perspective. Writing-intensive course. Topics vary.
Satisfies General Education Requirement: (NS) (WC)
Repeatability: may be repeated if topic differs. Maximum 6 hours.
(IDE) Prerequisite(s): English 102 or English 118.

PART II. PROGRAM CHANGES

CHANCELLOR’S HONORS PROGRAM

REVISE CHANCELLOR’S HONORS PROGRAM REQUIREMENTS

Requirements
To supplement the requirements in their respective colleges, Chancellor’s Honors students complete:

- Two One 1-credit University Honors seminars (UNHO 101 and UNHO 102).
- Seven 3-credit (or more) honors courses. These may include lower-level general education honors courses and upper-level honors courses. Only upper-level courses are eligible for the honors-by-contract option.
- One 3-credit Honors Thesis project (UNHO 498 or equivalent approved by CHP).

REVISE HASLAM SCHOLARS PROGRAM REQUIREMENTS

Required Courses
- HSP 195 Summer Leadership Program (1)
- UNHO 101 Chancellor’s Honors First-Year Seminar (1)
- UNHO 102 Chancellor’s Honors First-Year Enrichment (0)
- ENGL 118 (3); or AP or dual enrollment credit. See The Chancellor’s Honors description for more detail.
- HSP 197 Research for Nationally Competitive Scholarships (1)
- HSP 258 Foundations of Modernity (3) (AH)
- HSP 268 Perspectives on Globalization (3) (SS)
- HSP 288 Energy in the Modern World (3) (NS)
- HSP 348 Service Learning Project/Internship (3)
- HSP 491 Study Abroad Program (3)
- HSP 497 Honors Thesis I (3)
- HSP 498 Honors Thesis II (3)
- HSP 499 Senior Colloquium (1)
**December 7, 2011 Meeting Minutes**

**Subcommittee Reports**

- Communicating through Writing (Benson)
  - MLSL 303 (Leadership in Military History) was approved, effective Fall 2012.
  - University Honors proposed several writing intensive versions of current special topics courses (UNHO 257, 267, 277, 287). The courses were conditionally approved for Fall 2012, pending review and approval by the Curriculum Committee.
    - UNHO 258 (Special Topics in the Arts and Humanities—Writing Intensive)
    - UNHO 268 (Special Topics in the Social Sciences—Writing Intensive)
    - UNHO 278 (Special Topics in Cultures & Civilizations—Writing Intensive)
    - UNHO 288 (Special Topics in the Natural Sciences—Writing Intensive)

- Cultures and Civilizations (McAlpin)
  - No new proposals
  - Collins consulted with Tandy (former CC chair) to see how students who placed into the second intermediate foreign language course were handled in the past. The issue is whether or not these students should have to take another cultures and civilizations course to meet the two-course requirement or whether they could just make up the hours with electives. Both Tandy and McAlpin (new CC chair) agreed that students should be allowed to make up the hours with electives.

- Communicating Orally (Haas)—no new proposals
- Quantitative Reasoning (Collins)—no new proposals
- Social Sciences (Kurth)—no new proposals
- Arts and Humanities (Murphy)—no new proposals
- Natural Sciences (Heitmann)—no new proposals

**High Demand Courses**

- The Curriculum Committee and the General Education Committee were asked to consider a policy affecting how and when high demand courses could be changed. Overall consensus seems to point toward a recommendation rather than a mandate. Colleges are encouraged to communicate early and often when changes to high demand courses are being considered. Before any proposals are prepared, colleges should contact Cheryl Norris for an impact report that details every program in which the course appears. The college is responsible for notifying the affected units in a timely manner.

**Petition Process**

- Missy Parker and Chuck Collins will work on revising the petition form and guidelines to reduce confusion (i.e. combine the guidelines and the form into one document; note that existing courses are an automatic “no,” etc.).
- R.J. Hinde asked that the committee reconsider tying gen ed to a catalog year rather than when the course was approved. A subcommittee will be formed to look into it.

**Differential Tuition**

- The committee discussed whether or not non-business/engineering students should be charged differential tuition on business/engineering general education courses.
COSC 100 is not even required for computer science majors; it is strictly a service course.

- The Bursar noted that it would be incredibly difficult to remove the fees on COSC 100 without adversely affecting the other fee assessment rules. Essentially, the only way to accomplish it right now would be to manually remove the fees from each CRN every term.
- In the future, a section comment will be tied to every CRN carrying differential tuition so that students are aware of the additional fees on the front end (COSC 100, 102; ECON 201, 207; STAT 201, 207).

The committee will review all proposals for the upcoming catalog at the January 18th meeting.

**January 18, 2012 Meeting Minutes**

**COURSE ADDS**

**WC—Communicating through Writing**
- NE 427—Honors: Nuclear Engineering Laboratory (honors version of NE 402)
- MLSL 303—Leadership in Military History—The course was originally approved for Fall 2012. Since the course is being taught this term using the WC guidelines, it will count as WC credit for Spring 2012 as well.

**OC—Communicating Orally**
- BCMB 455—Scientific Communication

**AH—Arts and Humanities**
- UNHO 258—Honors: Special Topics in the Arts and Humanities

**SS—Social Sciences**
- EDPY 210—Psychoeducational Issues in Human Development
- GEOG 201—Concepts in Human Geography
- UNHO 268—Honors: Special Topics in the Social Sciences

**CC—Cultures and Civilizations**
- LAC 251—Introduction to Latin American and Caribbean Studies
- LAC 252—Introduction to Latin American and Caribbean Studies
- MRST 201—Medieval Civilization
- MRST 202—Medieval Civilization
- MRST 322—Medieval Philosophy
- UNHO 278—Honors: Special Topics in Cultures and Civilizations

**NS—Natural Sciences**
- ASTR 151/153—A Journey through the Solar System and Astronomy 151 Laboratory
- ASTR 152/154—Stars, Galaxies, and Cosmology and Astronomy 152 Laboratory
- UNHO 288—Honors: Special Topics in the Natural Sciences

**COURSE DROPS**
SS—Social Sciences
- GEOG 102—World Geography
- SOCI 117—Honors: Social Justice and Social Change

CC—Cultures and Civilizations
- LAMS 251—Introduction to Latin American Studies
- LAMS 252—Introduction to Latin American Studies
- MDST 201—Medieval Civilization
- MDST 202—Medieval Civilization
- MDST 322—Medieval Philosophy

NS—Natural Sciences
- ASTR 161—A Journey through the Solar System with Laboratory
- ASTR 162—Stars, Galaxies, and Cosmology with Laboratory

COURSE REVISIONS
