HANDBOOK

Tennessee 4-H Horse Championships Handbook

This handbook is to serve as a guide for conducting the Tennessee 4-H Horse Show, Public Speaking, Team and Individual Demonstration Contests and the State 4-H Horse Judging Contest. Extension agents, 4-H Club members, parents, leaders and others involved with these events should read and become familiar with these rules, accept the responsibility to follow these guidelines and, upon signature and submission of entry forms, agree to abide by the rules and regulations. These rules are taken directly and indirectly from breed association rule books and altered to accommodate the Tennessee 4-H Horse Program participants.

Tennessee 4-H Horse Show Program Handbook

1. Objectives of the 4-H Horse Program

The 4-H Horse Program encourages 4-H members to:

- Develop leadership, initiative, self-reliance, a sense of fair play and other desirable character traits.
- Increase knowledge of all aspects of horse science and management of horses.
- Learn skills of horse management and an understanding of the business and career opportunities of breeding, raising, training, showing and judging horses.
- Experience the pride of owning (if possible) a horse or pony and being responsible for its care.
- Develop an appreciation of horses and horseback riding, which is a healthy form of recreation.
- Promote a great love for animals and a humane attitude toward them.
- Be better prepared for citizenship responsibilities through working in groups and supporting community services and horse activities.

2. Purpose of the Tennessee 4-H Horse Show Program

The purpose of the Tennessee 4-H Horse Show Program is to provide a progressive series of educational opportunities for 4-H members to exhibit their skills at the county, region, state, or regional and national levels. This program allows the 4-H members to participate in activities designed to improve their sense of citizenship, fair play, horse management, character, competitive attitude and self-discipline, while creating an atmosphere for learning and applying life skills.

3. Purpose of the Tennessee 4-H Horse Show Program Handbook

This handbook provides a uniform set of rules and regulations that are intended to standardize 4-H shows throughout Tennessee. It is suggested that these rules be used as a guide for county activities. Counties are encouraged to develop a 4-H horse program to meet local needs and to provide a wide range of educational activities, including a county 4-H horse show.

Some classes or divisions in the state 4-H horse show will not be applicable at either the county or region level. If the county or region does not have sufficient interest in a given class or division, it does not have to be held. The list of classes in this program should in no way limit or restrict a county or region program. Each county and/or region is encouraged to include any additional classes that are of a local interest. Only the classes listed in this handbook will be included in the Tennessee 4-H Horse Show.

4. Use of the Name and Emblem of 4-H

4.1. The use of the name and emblem of 4-H is regulated by federal law. This states that only activities or programs under the supervision of UT Extension may use the name and emblem of 4-H.

4.2. Any area (regional), region or state 4-H horse show must have the approval of the state 4-H office.

4.3. Local and county 4-H horse shows must have the approval of the Extension agent.

4.4. Shows or events sponsored by other organizations or individuals that provide separate classes for 4-H members are not permitted to use the name and emblem of 4-H without the approval of the state 4-H office.

5. Eligibility of Participants for the Tennessee 4-H Horse Show

5.1. To be eligible to participate in the Tennessee 4-H Horse Show, 4-H members must have been in the 4th grade on January 1 of the current year. The last year of participation is the end of the calendar year in which the 4-H'er becomes 19 years old or in which the 4-H'er graduates from high school.

5.2. Grade divisions are as follows:

- Junior — Grades 4 and 5
- Junior High — Grades 6, 7 and 8
- Senior — Grades 9, 10, 11 and 12

In classes where there is no Junior High division, the Junior class will include grades 4 – 8. The grade level is as of January 1 of the current year.

5.3. All 4-H members must complete a TENNESSEE 4-H HORSE ENROLLMENT FORM (F778) for each project horse on or before March 1 of the current year. The form(s) MUST be on file in the county Extension office.

5.4. To be eligible for the Tennessee State 4-H Horse Championships, a member must:

- A. Be a bona fide 4-H member.
- B. Show in at least one class at his/her respective regional 4-H horse show (see rule 5.6).
- C. Have a current 4-H horse enrollment form dated on or before March 1 and filed with county Extension staff.
- D. Be the member's project horse(s) (see 5.7).
- E. Make entry for the Tennessee State 4-H Horse Championships at the regional 4-H horse show.

5.5. If a member shows in at least one class at his/her regional 4-H horse show, this qualifies the member and ALL the enrolled 4-H project horses of that member for entry at the Tennessee State 4-H Horse Championships. However, only officially enrolled horses that are properly entered in the Tennessee 4-H Horse Championships (ENTRY FORM F779) at the regional show will be allowed to show. ADDITIONALLY, ONCE A HORSE IS ENTERED IN A CLASS AT THE TENNESSEE STATE 4-H

HORSE CHAMPIONSHIPS, NO CLASSES CAN BE ADDED AND HORSE SUBSTITUTION WILL NOT BE PERMITTED. 4-H members may scratch horses from the various classes. An exception to this rule shall be allowed in equitation and showmanship and grooming classes ONLY. If a 4-H member's horse dies, becomes sick or unsound prior to qualifying at the regional show or before the state show, the member may substitute another 4-H member's horse or may purchase another horse. A veterinarian's certificate of the death, sickness or unsoundness of the horse must be filed with the Extension agent and brought to the regional or state 4-H horse show. Additionally, if a 4-H member becomes sick or injured prior to competing in a class at the regional show, that youth may show at the Tennessee State 4-H Horse Show provided a doctor's written certification is presented at the regional 4-H horse show. In both instances (horse or 4-H member), proper and timely entry must still be made in the Tennessee State 4-H Horse Championships AT THE REGIONAL 4-H HORSE SHOW.

5.6. A 4-H member may be excused from his/her regional show and still participate in the Tennessee State 4-H Horse Championships if:

- A. A letter, signed by both the 4-H member and his/her respective Extension agent, is written stating the reason for the 4-H member's desire to be absent from the regional show.
- B. This letter is submitted by May 1 of the current year and directed to the Extension horse specialist in Nashville.
- C. The request is approved by a statewide review committee.
- D. The 4-H member, family, leader or Extension agent completes a state entry form along with an entry fee at the REGIONAL 4-H HORSE SHOW.
- E. The review committee will act promptly, and its decision will be communicated to the 4-H member in a timely fashion.
- F. The review committee's decision shall be final.

5.7. The following conditions must be met if the horse is to be eligible as a project animal:

- A. Member and family-owned: The horse is solely and unconditionally owned by the 4-H member or a member of his or her family (parent, brother, sister, grandparent or guardian). Single or combination ownership is permissible. The member must manage the horse at least 50 percent of the time. No more than two members of a family may use the same horse as a project animal. These two members must share management duties equally.
- B. Non-family-owned: The horse is owned by someone other than a member of the immediate family:
 - (1) The member must manage the horse at least 50 percent of the time.
 - (2) No more than two members of a family may use the same horse as a project animal. These two members

must share management duties equally.

- (3) A letter of certification and agreement signed by the owner(s) of the horse and the parent or legal guardian of the 4-H member must be approved by the 4-H leader before the horse can be accepted as a project animal. This letter, along with a picture of the horse, must appear in the record book. The member must have free access to the horse.

5.8. Each Extension agent must certify the eligibility of each member and the horse(s) from his/her county at each respective regional 4-H horse show.

5.9. A fee must be submitted for each class in which a horse is entered. A separate entry fee for cattle classes may be assessed.

- A. Entry fees are to be submitted when entry is made.
- B. Checks for the entry fees are to be made to the University of Tennessee.
- C. Entry fees are non-refundable.

(Exception: registered Tennessee Walking Horses, Racking Horses and Spotted Saddle Horses foaled in October, November and December may be considered foals of the following year).

6.19. No 4-H member will be allowed to ride his/her horse on any concrete or pavement at the state 4-H horse show. Exhibitors MUST lead their horses to the appropriate riding arena or ring. Areas where the 4-H members may mount on pavement or concrete will be designated with signs as a “mount area.”

6.20. A “1 minute” time limit to enter the ring once a number is called for all entries of all classes will be imposed.

6.21. Hair may be added to the tail of any horse in any division.

7. Forbidden Substances, Methods and Practices

7.1. The administration of any drug affecting the central nervous system (stimulant or depressant) to a horse shown in any 4-H class is strictly prohibited.

7.2. Show management of all 4-H shows or 4-H classes have the right to have horses tested for drugs by a qualified veterinarian. Samples will be submitted to a suitable laboratory for testing, and the results of such tests will be provided to county and state Extension faculty for appropriate action. 10.1. The Tennessee State 4-H Horse Show will have five separate divisions. They are:

- A. Western
- B. Hunter
- C. Walking/Racking
- D. English/Saddle
- E. Spotted Saddle Horse

To maintain division status, the division must have 10 horses competing at the state horse show. If less than 10 horses are exhibited for two consecutive years, the division will be eliminated.

10.2. Horses are eligible to be shown in two divisions plus pleasure driving and dressage at the Tennessee 4-H Horse Show. Miniature horses may show only in miniature showmanship, halter and pleasure driving classes. A 4-H member may enter only one halter class per division. County and/or regional 4-H horse shows may allow members to exhibit in more than two divisions. Horses may not be cross-entered between corresponding horse and pony classes.

10.3. Points will be compiled separately for each horse entered. Division champions will be determined based on one horse/one rider. A division winner will be announced for each division. 11. Southern Regional 4-H Horse Show

11.1. Tennessee can send 42 horses to participate in the Southern Regional 4-H Horse Championships.

11.2. All members must pay their own expenses to attend and participate in the Southern Regional 4-H Horse Show. ALL ENTRIES MUST BE MADE AT THE STATE SHOW.

11.3. Qualification Procedure

A. Priority will be given to the top-point-earning senior members, followed by the top-point-earning junior high and junior members. Senior, junior high and junior members must have earned three points to be eligible for consideration for Southern Regional participation. The high-point junior high and junior in each division will be included in the top 42 contestants. However, if a full quota is not achieved with the preceding criteria, members with lesser points will be considered, with seniors receiving priority.

B. Qualification will be based upon three categories as follows:

CATEGORIES: DIVISIONS OF CLASSES (TN 4-H HORSE SHOW)

(1) WESTERN Western Division (all classes)

(2) HUNTER Hunter Division (all classes)

(3) SADDLE English/Saddle Division, Walking/Racking Division and Spotted Saddle Horse Division

C. Members may qualify in only one category. (See Note below). If members qualify in more than one category, they choose which category they will qualify in, thus which horse they will take.

D. The 42 members will be from the Western, Hunter and Saddle (Saddle/English, Walking/Racking and Spotted Saddle Horse Divisions) categories. The number of members from each of these categories will be determined on the percentage of members exhibiting in each category. A member is counted only once in each division.

- E. Members will be ranked by classifications (senior, junior high and junior) within each category from highest- to lowest-point earners to determine qualified members.
- F. If allocations for any of the Western, Hunter or English categories are not taken, those remaining will be proportionally distributed between the other two categories.
- G. If allocations still remain, then those members who qualified more than one horse may take a second horse based upon the highest to lowest point-earning members in that group.
- H. Tie Breakers
 - (1) Points in most number of classes.
 - (2) Highest placing in showmanship and grooming class.
 - (3) Highest placing in equitation class.
 - (4) Age as of January 1, of the current year – priority to the older member.
- I. Tennessee youth will be required to wear hard hat with harness in speed events at the Southern Regional Horse Show.

NOTE: Tennessee 4-H members only qualify through this procedure. At the Southern Regional 4-H Horse Show, they may enter one conformation class, one showmanship class and as many other performance classes as they want.

12. Shoeing Requirements, Use of Pads, Weights and Chains

All horses entered in the show must conform to the current USDA regulations regarding shoeing requirements, weights, chains and pads for that breed.

Western Division

This division is designed for “stock-type horses” (Quarter Horse, Paints, etc.) and will be judged according to those standards and gaits.

1. Gaits

1.1 The “walk” is a natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The walk must be alert, with a stride of reasonable length in keeping with the size of the horse.

1.2. The “jog” is a smooth, ground-covering, two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog should be square, balanced and with a straight, forward movement of the feet. Horses walking with their back feet and trotting on the front are not considered performing the required gait. When asked to extend the jog, the horse moves out with the same smooth way of going.

1.3. The “lope” is an easy, rhythmical, three-beat gait. Horses moving to the left should lope on the left lead. Horses moving on the right lead should lope on the right lead. Horses traveling at a

four-beat gait are not considered to be performing at a proper lope. The horse should lope with a natural stride and appear relaxed and smooth. The horse should be ridden at a speed that is a natural way of going.

2. Attire

The 4-H members must be properly dressed.

- A. Long-sleeved shirt, with collar (stand-up collars are permitted)

3. Tack

3.1. In all western classes, horses will be shown in a western saddle. Silver equipment will not count over a good working outfit. Horses 5 years old and younger may be shown in a snaffle bit, hackamore/bosal, curb bit, half-breed or spade bit. Horses 6 years old and older may only be shown in a curb bit, half-breed or spade bit. Chain chin straps are permissible, but must meet the approval of the judge, be at least 1/2 inch in width and lie flat against the jaw of the horse.

3.2. Optional equipment

- A. Protective boots, except in western pleasure, trail and halter, where they are not allowed.
- B. Leg wraps, except in western pleasure, trail, showmanship at halter and western horsemanship, where they are not allowed.
- C. Tie-downs for roping, speed events and team penning.
- D. Running martingales for speed events and team penning.
- E. Spurs, not to be used forward of the cinch.

3.3. Prohibited equipment

- B. Any chin strap narrower than 1/2 inch.
- C. Martingales and draw reins, except for speed events and team penning.
- D. Nosebands and tie-downs, except for roping, speed events and team penning. However, these cannot have any bare metal in contact with the horse's head.

3.4. In roping, speed events and team penning, western type equipment must be used. The use of a hackamore (including mechanical hackamores) or other type of bridles is the optional choice of the contestant; however, the judge may prohibit the use of bits or equipment he/she may consider inhumane.

10.4. Hands

- A. Both hands and arms shall be held in a relaxed, easy manner, with the shoulders back and down, and upper arm in a straight line with the body, the arm holding the reins bent at the elbow, forming a straight line from the elbow to the horse's mouth.
- B. When using a romal, the rider's off-hand shall be around the romal with a least 16 inches of rein between the hands.
- C. Wrists are to be kept straight and relaxed, with thumb on top and fingers closed around the reins. One finger between the reins is permitted when using split reins, but not romal. Some movement of the arm is permissible, but excessive pumping will be penalized.
- D. Reins are to be carried immediately above or slightly in front of the saddle horn. Only one hand is to be used for reining, and hand shall not be changed. Reins should be carried so as to have light contact with the horse's mouth, and at no time shall reins be carried more than a slight hand movement from the horse's mouth. Excessively loose reins will be penalized. In the event a horse (5 years of age or younger) is shown with snaffle bit or hackamore, it is legal for a rider to show with two hands on the reins.

10.5. Position in motion

- A. Rider should sit the trot and not post.
- B. At the lope he/she should remain seated.
- C. Rider should maintain a vertical position at all gaits.
- D. All movements of the horse should be governed by the use of imperceptible aids. Exaggerated shifting of the rider's weight is not desirable. Moving of the lower legs of riders who are short shall not be penalized.

10.6. Mounting and Dismounting

- A. To mount, take up the reins in left hand and place hand on withers.
- B. Grasp stirrup with right hand and insert left foot in stirrup. Placing right hand on horn, mount.
- C. To dismount, rider may either step down or slide down.
- D. The size of the rider must be taken into consideration.

10.7. Class routine

- A. The judge will ask each rider to work individually. These individual works will be any of the maneuvers the judge feels is necessary to determine the horsemanship ability of the rider.
- B. Individual work may be comprised of any of the following:
 - (1) Walking, jog, trot, lope or gallop in a straight line, curve or circle, or any combination of these gaits and patterns, such as a figure eight, etc.
 - (2) Stop.
 - (3) Back.

- (4) Turn.
 - (5) Sidepass.
 - (6) Simple change of lead through the trot, walk or halt, in a straight line, figure eight or any other pattern.
 - (7) Flying change of lead in a straight line, figure eight or any other pattern.
 - (8) Counter canter.
 - (9) Dismount and mount.
 - (10) Ride without stirrups.
- C. Use of markers helps to standardize patterns and guide riders, but it also increases the degree of difficulty some what. Therefore, marker placement should be carefully planned and indicated in the posted pattern, and the placement in the arena well-supervised.
- D. The judge must post the pattern in ample time for each exhibitor to understand the pattern.
- E. Judging of individual work will begin at the indication of the judge, and stops at the end of the 30-second time period, indicated by a signal from the ring steward or timer. Exhibitors shall leave the arena at the signal, regardless of whether or not they have completed work prescribed by the judge.
- F. Failure to complete the pattern will not be a disqualification but shall be scored accordingly. The judge will use these individual works to determine the top riders to be called back for rail work, and those selected riders will be required to work on the rail. Horses need not be worked both directions on the rail.

11. Reining

11.1. Classes

- A. Class 117 – Junior member
- B. Class 118 – Senior member

11.2. Any one of the five reining patterns may be used. One of these patterns is to be selected by the judge and used by all contestants in the class. AQHA reining patterns 1, 2, 4, 5 and 7 correspond respectively to reining patterns 1, 2, 3, 4, and 5.

11.3. Each contestant will perform the required pattern individually and separately. To rein a horse is not only to guide but also to control the horse's every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. All deviations from the exact written pattern must be considered a lack of or temporary loss of control and, therefore, faulted according to severity of deviation. Credit will be given for smoothness, finesse, attitude, quickness and authority in performing the various maneuvers while using controlled speed.

11.4. Scoring will be on the basis of 0-100, with 70 denoting an average performance.

- A. The following will result in a no score:

- (1) Failure to complete pattern as written.
 - (2) Performing the maneuvers other than in specified order.
 - (3) The inclusion of maneuvers not specified.
 - (4) Equipment failure that delays completion of pattern.
 - (5) Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern.
 - (6) Jogging in excess of 1/2 circle or 1/2 the length of the arena while starting a circle, circling or exiting a rollback.
 - (7) Overspins of more than 1/4 turn.
 - (8) Use of illegal equipment.
 - (9) Willful abuse of an animal while in show arena.
 - (10) Using reins or romal as a whip.
 - (11) More than one finger between reins.
 - (12) Changing hands.
 - (13) Two hands on reins, (except with junior horses ridden two-handed in a bosal or snaffle bit).
 - (14) A rider may untangle excess rein, where excess rein may prevent the rider from continuing the pattern and where the excess can be straightened without affecting the performance of the horse, during hesitations or when settling a horse. Rider's free hand may be used to hold pommel in the normal fashion.
- B. The following will result in reduction of five points:
- (1) Spurring in front of cinch.
 - (2) Use of free hand to instill fear.
 - (3) Holding saddle or touching horse with free hand.
 - (4) On walk-in patterns, failure to stop or walk before executing a canter departure.
 - (5) On run-in patterns, failure to be in a canter prior to the first marker.
- C. The following will result in a reduction of two points:
- (1) Failure to go beyond markers on stops or rollbacks.
 - (2) Break of gait (the break of gait penalty will not be applied in the canter departure when starting a circle maneuver for the first 1/4 of a circle).
 - (3) Freeze up in spins or rollbacks.
- D. Starting circles or eights-out-of-lead, delayed change of lead or eights-out-of-lead will be judged as follows:
- (1) Delayed change of lead by one stride will be penalized one-half point.
 - (2) From start to 1/4 circle, deduct one point.
 - (3) From start to 1/2 circle, deduct two points.
 - (4) From start to 3/4 circle, deduct three points.
 - (5) For the complete circle, deduct four points.
- E. Deduct one-half point for starting circle at a jog or exciting rollbacks at a jog up to two strides. Jogging beyond two strides, but less than 1/2 circle or 1/2 the length of the arena, deduct two points.
- F. Deduct one-half point for over or under spinning up to 1/8

- of a turn; deduct one point for over or under spinning up to 1/4 of a turn.
- G. Where a change of lead is specified immediately prior to a run to the end of the pen, failure to change lead will be penalized as follows:
- (1) One point if lead is picked up within two strides.
 - (2) Two points if lead is corrected prior to the stop.
 - (3) Three points if lead is not corrected.
- H. A judge may require any contestant to repeat the performance of any or all of the various parts of the pattern.
- I. Faults against the horse (to be scored accordingly, but not cause disqualification) are as follows:
- (1) Opening mouth excessively (when wearing bit).
 - (2) Excessive jawing, open mouth or head raising on stop.
 - (3) Breaking gaits.
 - (4) Lack of smooth, straight, stop on haunches (bouncing or sideways stop).
 - (5) Refusing to change leads.
 - (6) Anticipating signals.
 - (7) Stumbling or falling.
 - (8) Backing sideways.
 - (9) Knocking over markers.
- J. Faults against the rider (to be scored accordingly, but not to cause disqualification) are as follows:
- (1) Losing stirrup or holding on.
 - (2) Any unnecessary aid given by the rider (such as unnecessary talking, petting, spurring, quirting, jerking of reins, etc.).
 - (3) Failure to run circles or eights within the markers is not considered a fault depending on arena conditions and size; however, failure to go beyond markers on roll backs and stops is considered a fault.
- K. Where horses are ridden with a curb bit, only one hand must be used. When one hand is used, it is allowable to use the index finger between the reins. In junior horses (3-, 4- and 5-year-olds), a snaffle or hackamore/bosal may be used and these are ridden with two hands.

12. Barrel Racing

12.1 Classes

- A. Class 119 – Junior members – Horse
- B. Class 120 – Junior high members – Horse
- C. Class 121 – Senior members – Horse
- D. Class 122 – Junior members – Pony
- E. Class 123 – Senior members – Pony

12.2. The course must be measured exactly. If the course is too large for the available space, the pattern should be reduced five yards at a time until the pattern fits the arena. Remember to leave adequate space between barrels and any obstacle. The distance from barrel number three to the finish line need not be reduced five yards at a time, if there is sufficient room for the horse to stop. Brightly colored 55-gallon steel drums with both ends in must be used. There shall be no rubber or plastic barrels or barrel pads used.

12.3. When measuring the area for the barrel course, remember to leave ample room for horses to complete their turns and stop at the finish. It is recommended that there be at least 45 feet from the starting line to the end of the arena, at least 18 feet from barrels one and two to the fence and 36 feet from barrel three to the end of the arena.

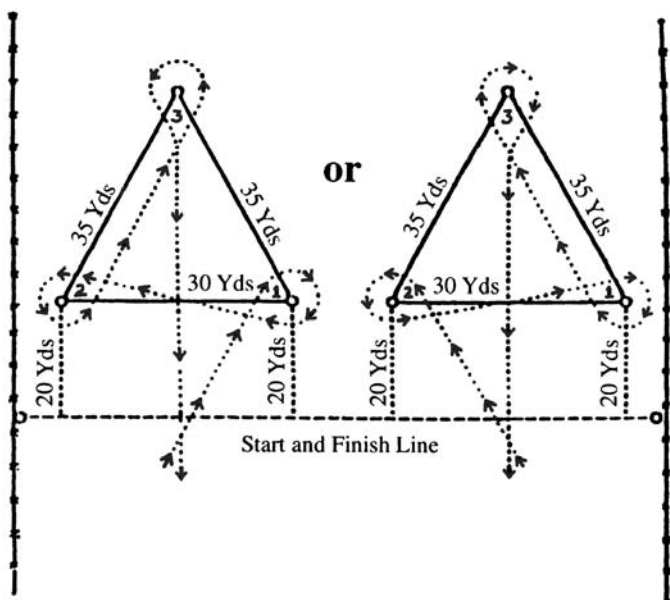

12.4. Starting line markers or electric timers shall be placed, where possible, against the arena fence. Electric timer or at least two watches shall be used, with the time indicated by the electric timer or average time of the watches used by official timers to be the official time. Barrel racing is a timed event.

12.5. The contestant is allowed a running start. Timing shall begin as soon as the horse's nose reaches the starting line and will be stopped when the horse's nose passes over the finish line.

12.6. At a signal from the starter, the contestant will run to barrel number one, pass to the left of it and complete an approximately 360 degree turn around it; then go to barrel number two, pass to the right of it, and complete a slightly more than 360 degree turn around it; then go to barrel number three, pass to the right of it, and do another approximately 360 degree turn around it; and then sprint to the finish line, passing between barrels number one and two. For example, the contestants will start to barrel number two, turning to left around this barrel, then to barrel number one, turning to the right, then to barrel number three, turning again to the right, followed by the final sprint to the finish line.

12.7. Knocking over a barrel shall carry a five-second penalty. Failure to follow the course shall cause disqualification. A contestant may touch the barrel with his or her hands in barrel racing. Any contestant who goes on the wrong side of a barrel past the point of the horse's shoulder, runs on the outside of barrel one or two toward the finish line from barrel three or adds an additional 360-degree turn other than those specified shall be disqualified.

Barrel Racing

12.8. The judge, at his or her discretion, may disqualify a contestant for excessive use of a bat, crop, whip or rope in front of the cinch.

12.9. In the event of a tie, the horse declared the winner in the runoff must re-run the pattern within two seconds of its original time or the runoff must be held again. Penalty time will not apply to the two-second rule but will apply to the final runoff time.

12.10. Contestants must wear protective head gear with a chin strap properly fastened.

12.11. A contestant can not be assisted by anyone inside the arena; such action shall result in disqualification. Once a contestant breaks the "starting line" timer, that contestant **MUST** continue without a restart.

13. Pole Bending

13.1. Classes

- A. Class 124 – Junior members – Horse
- B. Class 125 – Junior high members – Horse
- C. Class 126 – Senior members – Horse
- D. Class 127 – Junior members – Pony
- E. Class 128 – Senior members – Pony

13.2. Pole bending is a timed event. Each contestant will begin from a running start, and time shall begin and end as the horse's nose crosses the line. (A clearly visible starting line shall be provided). An electric timer or at least two watches shall be used, with the time indicated by the electric timer or the average time of the watches used by official timers to be the official time.

13.3. The pole bending pattern is to be run around six poles. Poles are to be 21 feet apart, and the first pole is to be 21 feet from the starting line. Poles shall be set on top of the ground, 6 feet in height, with no base more than 14 inches in diameter.

13.4. A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly (see pattern). Any contestant going by a pole on the wrong side as far as the shoulder point of the horse shall be considered off course, even if the horse is corrected and continues properly.

13.5. Knocking over a pole shall carry a five-second penalty. Failure to follow the course shall cause disqualification. A contestant may touch a pole with his or her hand in pole bending.

13.6. The judge, at his/her discretion, may disqualify a contestant for excessive use of a bat, crop, whip or rope in front of the cinch.

13.7. In the event of a tie, the horse declared the winner in the runoff must re-run the pattern within two seconds of its original time or the runoff must be held again. Penalty time will not apply to the two-second rule, but will apply to the final runoff time.

13.8. Contestants must wear protective headgear with a chin strap properly fastened.

13.9. A contestant can not be assisted by anyone inside the area; such actions shall result in disqualification. Once a contestant breaks the "starting line" timer, that contestant **MUST** continue without a restart.

14. Breakaway Roping

14.1. Classes

- A. Class 129 – Junior members
- B. Class 130 – Senior members

14.2. Breakaway roping is a timed event and must be completed within one minute or a no time will be given. Common rodeo conditions and standards of calf roping apply in this contest, except the roper does not dismount or tie the calf. The roper must throw the first loop within 30 SECONDS or retire from the arena with a no score.

14.3. The horse must start from behind a barrier. The length of

Pole Bending Pattern

the score line will be adjusted to fit arena conditions and shall not exceed one foot per 20 feet of arena length.

14.4. A barrier judge will be designated before the contest. If the horse breaks the barrier as a result of starting too soon, the roper will receive a 10-second penalty. If the horse breaks the barrier as a result of failure of the barrier equipment, no penalty will be assessed. If the calf carries part of the barrier with it or if the roper is fouled by the barrier, the roper will be given a rerun if he/she declares himself immediately. Once the calf is roped, no rerun will be given. Decisions of the barrier judge are final.

14.5. A regular rope is tied to the saddle horn or swell with a breakable string. Time starts at signal of the barrier flag and stops when the official signals with a flag that the rope breaks away from the saddle as a result of a legal catch.

14.6. A legal catch is defined as a loop that goes over the calf's head and draws up on any part of the body causing the rope to break from the saddle horn.

14.7. Judges will rule whether a catch is legal and whether the

rope breaks away as a result of a legal catch or as a result of the horse or calf stepping on the rope or similar occurrence. Contestant will be given a no time when something other than a legal catch caused the rope to break away.

14.8. A piece of white cloth shall be attached to the rope at the saddle horn to signal when the rope breaks away.

14.9. There is a one-minute time limit.

14.10. Should the roper desire to throw a second loop, a second loop must be built. If a roper misses with two loops, the roper must retire with a no time.

14.11. A roper may have assistance in the box.

15. Calf Roping

15.1. Classes

A. Class 131 – Junior members

B. Class 132 – Senior members

15.2. Contest must have two judges – a field judge to flag finish of a run and a barrier judge. Calf roping is a timed event and must be completed within one minute or a no time will be given. The roper must throw the first loop within 30 SECONDS or retire from the arena with a no score.

15.3. Contestant must catch calf, dismount, go down the rope, throw the calf by hand, cross and tie any three legs.

15.4. If a calf is down when roper reaches it, calf must be raised off of ground (daylight between calf and ground) and rethrown. If roper's hand is on calf when calf falls, calf is considered thrown by hand. Rope must stay on calf until roper gets hand on calf. Tie must be finished with half hitch or "hooley."

15.5. Tie must hold for five seconds after roper gives slack to calf (after remounting) and then must be passed on by the field judge. Roper will be disqualified if he/she touches calf after he/she signals the finish of a tie. No person may touch the calf until the field judge evaluates the tie.

15.6. Any catch on any part of calf with rope will be considered legal.

15.7. A barrier must be used with a minimum of 4 feet from the score line. Score line shall not exceed one foot per 20 feet of arena length.

15.8. If barrier is broken in any place other than designated place or if ring does not fall within 8 feet of post, barrier will not be considered broken.

15.9. If any part of barrier fails to work and such failure results in disadvantage to roper, roper may request calf over, at discretion of barrier judge, if he/she declares immediately. Once calf is roped, no roper will receive calf over because of equipment failure.

15.10. If flag equipment signaling start of time fails to work, roper must run calf over, regardless of events of first run.

15.11. A flag to signal start of time must be put on jerk line in close location to portion of line going around calf's neck.

- 15.12.** Barrier equipment must be inspected by the judge before each contestant competes and replaced if faulty.
- 15.13.** A 10-second penalty will be added to the roper's time for beating or breaking the barrier.
- 15.14.** Calves shall be uniform in height, weight and age. It is recommended that calves not weigh less than 180 pounds. Judges and officials will eliminate any uneven calves. All calves should have been run and tied down at least once before the contest begins.
- 15.15.** Calves will either be drawn or gate cut, depending upon available facilities. If a calf drawn for a roper becomes sick or injured, another calf will be drawn by the judges for that roper.
- 15.16.** Roper must be ready to rope when indicated by show official or calf will be turned out.
- 15.17.** Calves may be roped more than once in a go-round. When so doing, numbers drawn must indicate whether contestant competes in first or subsequent run-through.
- 15.18.** The same person must open the gate and tail the calves for all contestants in a go-round.
- 15.19.** At the discretion of the judges, inexperienced ropers may ask for assistance in calming a nervous horse in the starting box.
- 15.20.** Two loops will be permitted in a limit of one minute. The roper must throw the first loop within 30 SECONDS or retire from the arena with a no score. Should the roper desire to throw a second loop, a second rope must be built. If a roper misses with two loops, the roper must retire with a no time.
- 15.21.** Contestant must adjust rope and reins in a manner that will prevent the horse from dragging the calf. If a horse drags a calf, judges may stop the horse and roper may be disqualified.
- 15.22.** If a tie comes loose or the calf gets to its feet before the tie has been examined and ruled a fair one, roper will receive a no time.
- 15.23.** If a contestant is given the wrong calf, contestant will compete on calf drawn for him/her and time on incorrect calf will be disregarded.
- 15.24.** If a calf gets out of the arena, timers will stop the watches when flagman signals and roper will get the same calf back. Roper will be given lap-and-tap start with time expired when calf got out added to this time.
- 15.25.** Types of bridles or other equipment used are optional choices of the contestant; however, officials may prohibit use of any equipment they may consider excessively severe.
- 15.26.** A roper may have assistance in the box.

16. Team Roping

16.1. Classes

A. Class 133 – Junior and senior members – Heading

B. Class 134 – Junior and senior members – Heeling

16.2. Team members must be from the same district and may show once as the header and once as the heeler. Although two separate class numbers are shown, only one set of awards will be given.

16.3. The headers will start from behind a barrier. Each contestant will be allowed to carry only one rope. Only three loops per team will be allowed. Roping steers without turning loose of the loop will be considered a no catch.

16.4. Roper must dally (at least once around saddle horn) to stop steer. No tied ropes allowed.

16.5. Time starts when header leaves chute and will be stopped when steer is roped and both horses are facing steer in line with ropes dallied and tight. Horse's front feet must be on the ground and ropers must be mounted when time is stopped. Steer must be standing up when roped by header or heeler. Team roping run must be completed within ONE MINUTE. The roper must throw the first loop within 30 SECONDS or retire from the arena with a no score.

16.6. If a heel loop is thrown before the header has dallied and changed the direction of a steer, the teams will be disqualified.

16.7. A broken rope or dropped rope will be considered a no time, regardless whatever time has been taken or not.

16.8. If a steer is roped by one horn, roper is not allowed to ride up and put rope over other horn or head with his/her hands. If the heeler ropes a front foot or feet in the heel loop, this is an illegal catch. Neither contestant may remove the front foot or feet from the loop by hand. However, should the front foot or feet come out of the heel loop naturally by the time the field judge drops the flag, the time will be counted.

16.9. In case the field judge flags out a team that still legally has one or more loops coming, the judge may give the same steer back lap-and-tap and a 10-second penalty will be assessed for each loop already thrown.

16.10. The following constitute legal catches:

A. Head

- (1) Around both horns.
- (2) Half a head
- (3) Around the neck

B. Heel

- (1) Any heel catch behind both shoulders is legal if rope goes up heels.
- (2) One hind foot receives five-second penalty. (Hondo passes over one horn and loop over the other, catch is illegal. If loop crosses itself [Figure 8] in a head catch, it is illegal).

16.11. A roper may have assistance in the box.

17. Team Penning

17.1. Class 135 – Junior and/or senior members

17.2. Within a 60-second time limit, a team of a minimum of three or a maximum of four contestants FROM THE SAME COUNTY must cut out from the herd and pen one head of cattle with the assigned identity number or colored neck band. The numbers or colors and working order will be drawn by the judge and show

management before the start of the contest. The fastest time wins. A warning must be given the team working the cattle at 30 seconds prior to a final time being called. In the event a warning is not given, a rerun may be given at the request of the team.

17.3. The cattle will be bunched on the cattle side of the starting line before the time begins. The line flagman will raise the flag to signal when arena is ready. Contestants will be given their cattle penning number or color of neck band when the line flagman drops his/her flag as the nose of the first horse crosses the starting line. Riders are committed once they enter the arena. Any delay will be a disqualification.

17.4. To call for time, one rider must stand in the gate and raise a hand for the flag. Flag will drop when the nose of the first horse enters the gate and the rider calls for time. It is not a disqualification for more than one rider to enter the cattle pen. All undesignated cattle must be completely on cattle side of starting line.

17.5. A team calling for time with any wrong numbered or colored neck-banded cattle in the pen will be judged a no time.

17.6. Contact with cattle by hands, hats, ropes, bats, romal or any other equipment is a disqualification. A team exhibiting any unnecessary roughness will be judged a no time. No hazing with whips, hats or ropes allowed. Romals or reins may be swung or popped on chaps.

17.7. Fall of horse and/or rider shall not eliminate the entry; however, any attempt by a dismounted rider to work cattle before remounting will result in an automatic disqualification.

17.8. Once committed to the cattle, the team is completely responsible for its animal. It is the team's responsibility before working the cattle to pull up and call for a judge's decision if, in the team members' opinion, they have an injured or unusable animal. Once the cattle are worked, no excuses are accepted. If an animal leaves the arena, either over or through the fence, the team can either be disqualified for unnecessary roughness, or can be given a rerun, depending on the judge's decision. If a rerun is given, it must be given at the end. If no fresh cattle are available for reruns, the cattle to be used will be determined by the show management and judge. If more than one rerun is given in any go-round, they will be taken in order of occurrence. If cattle are to be re-used and additional fresh cattle are needed, the used cattle must be mixed with the fresh cattle and re-numbered or color banded. Every attempt must be made to insure each team work the same number of used and fresh cattle.

17.9. A team will be disqualified by the judge for any action he/she feels to be unnecessary roughness to the cattle or horses, or unsportsmanlike conduct.

17.10. If five or more head are across the starting line at any one time, that team will be judged a no time.

17.11. In the event of a tie affecting the placings, each team will be allowed to pen one numbered or color-banded animal. Fastest time breaks the tie.

17.12. There shall be two flagmen, one at the entrance to the pen and one at the start/foul line. The judge must be located at the start/foul line and may or may not actually flag the contest at his/her discretion. There shall be at least two timekeepers. The first timer shall be the official time; the second timer shall be the back-up time, in the event the first timer misses the time or his/her watch fails. The starting and foul line must be designated by markers located on the arena fence and easily viewed by the line judge and the exhibitors.

17.13. Additional information for team penning

- A. Must wear protective helmets.
- B. Must attend information/instructional session if requested before the beginning of the state team penning.
- C. Herd holders will be provided for each team.
- D. Excessive running or abuse of cattle will result in immediate dismissal from the ring and will receive a no time.

18.2. This class will be judged on the performance of the horse over obstacles, with emphasis on manners, response to the rider and attitude. Horse shall be penalized for any unnecessary delay while approaching the obstacles.

- A. Credit will be given to those horses negotiating the obstacles with style and some degree of speed, providing carefulness is not sacrificed. Credit will be given to horses showing capability of picking their own way through course when obstacles warrant it and willingly responding to rider's cues on more difficult obstacles.
- B. Horses with artificial appearance over obstacles should be penalized, as should exaggerated standing in stirrups and leaning forward over horse's neck by rider.
- C. Six obstacles should be used. Gait between obstacles shall be at the discretion of the judge(s). Failure to follow course shall cause disqualification. Failure to complete obstacle shall not be a disqualification but is to be severely penalized. Three refusals or a maximum of one minute at an obstacle will result in a zero score for that obstacle. The course shall be reset as original after each horse has worked.
- D. The judge(s) will determine placing.

18.3. Obstacles

The following is a list of obstacles that may be used in the trail class. However, additional obstacles may be required by the judge or show management that will test the horse's ability to perform over trail obstacles.

- A. Opening, passing through and closing a gate. (Changing hands on gate or turning loose of a gate is to be penalized.)
- B. Ride over at least four poles, these being placed a minimum of 15 inches apart. The space between poles is measured. These can be in a straight line, curved, zigzagged, raised or combined with a trot or lope over (trot overs: 3' to 3'6" apart, lope overs: 6 to 7 feet apart).
- C. Ride over wooden bridge. (Suggested minimum width shall be 36 inches wide and at least 6 feet long.)

- G. Put on and remove slicker.
- H. Remove and replace materials from mailbox.
- I. Side pass left or right.
- J. Back through and around three markers set either in a triangle or line.
- K. An obstacle consisting of four logs or rails, each 5 to 6 feet long, laid in a square. Each contestant will enter the square by stepping over log or rail at designated side. When all four feet are inside the square, rider will execute a 360-degree turn (right or left), pause and depart by stepping over log or rail immediately opposite side of entry.

18.4. All trail classes will be judged according to AQHA judging standards.

12.3. Scoring Working Hunter classes

- A. To be judged on manners, way of going and style of jumping. Horses shall be credited with maintaining an event hunting pace that covers the course with free-flowing strides. Preference will be shown to horses with correct jumping style that meet fences squarely, jumping at the center of fence. Judges shall penalize unsafe jumping and bad form over fence, whether touched or untouched, including twisting. Incorrect leads around the ends of the course or cross-cantering shall be penalized, as well as excessive use of crop. In-and-outs (one or two strides) shall be taken in the correct number of strides or be penalized. Any error that endangers the horse and/or its rider, particularly refusals or knockdowns, shall be heavily penalized.
- B. Scoring shall be on a basis of 0-100, with an approximate breakdown as follows:
- (1) 90-100 – an excellent performer and good mover that jumps the entire course with cadence, balance and style.
 - (2) 80-89 – a good performer that jumps all fences reasonably well; an excellent performer that commits one or two minor faults.
 - (3) 70-79 – the average, fair mover that makes no serious faults, but lacks the style, cadence and good balance of the scoper horses; the good performer that makes a few minor faults.
 - (4) 60-6 – poor movers that make minor mistakes; fair or average movers that have one or two poor fences but no major faults or disobediences.
 - (5) 50-59 – a horse that commits one major fault, such as a hind knockdown, refusal, trot, cross canter or drops a leg.
 - (6) 30-49 – a horse that commits two or more major faults, including front knockdowns and refusals, or jumps in a manner that otherwise endangers the horse and/or rider.
 - (7) 10-29 – a horse that avoids elimination but jumps in such an unsafe and dangerous manner as to preclude a higher score.

- B. Jumping an obstacle before it is reset.
- C. Bolting from ring.

- A. Circling once upon entering the ring and once upon leaving is permissible.

- B. After jumping the fence and prior to leaving the arena, the horse shall trot a small circle on a loose rein for soundness.
- C. All horses must be serviceably sound. Any horse showing lameness, broken wind or impairment of vision shall be refused an award.
- D. Horses shall not be requested to rejump the course.
- E. Manners shall be emphasized.
- F. When an obstacle is composed of several elements, any disturbance of these elements will be penalized; however, only a reduction in height of the top element shall be considered a knockdown.
- G. In cases of broken equipment, the rider may either continue without penalty or stop and correct the difficulty and be penalized the same as any loss of forward impulsion.
- H. When an obstacle requires two or more fences (in-and-out), faults committed at each obstacle are considered separately. In case of a refusal or runout at one element, entry may rejump the previous elements.
- I. The course must be posted at least one hour before scheduled time of class.

4.3. To be judged on conformation, soundness and condition.

Every entry to be shown individually at the walk and running walk or appropriate gait.

5. Qualifying Gaits for Walking Horses

5.1. Flat Walk

- A. The flat walk should be true; bold; and four-cornered, with the fore legs moving straight in an elevated arc; and with a pronounced and cadenced head motion.
- B. The rear legs should follow through close to the ground, comfortable and over striding the front tracks. Stiff-legged front or rear leg motion and an irregular gait, especially when entering the ring, are typical of the movement of a sore horse. The judge must immediately excuse any horse exhibiting this type of motion from the ring.

5.2. Running Walk

- A. The running walk should be the same general motion as the flat walk, but with additional speed.
- B. The horse shall exhibit a smooth, gliding, overstepping, four-cornered gait, with greater stride and accelerated head motion.
- C. The running walk should be a free and easy gait. Horses exhibiting an exaggerated, hesitating way of going, with a tendency to point with the front feet, are not in form. Twisting of the hocks or stiff-legged rear leg motion shall also be considered a deviation from the true running walk, and a horse exhibiting these ways of going should be penalized.

5.3. Canter

- A. The canter should be smooth and straight on both leads, not walking behind, but cantering on both ends with a rolling, rocking chair motion, comfortably in hand.
- B. Exaggerated “pumping” of the horse at the canter is not considered good form.

5.4. General Information

- A. The Walking Horse should move freely in each gait and proceed in a smooth, fluid, rhythmic manner.
- B. At all gaits, the horse should be flexed at the poll with muzzle slightly tucked. Stiff front or rear leg motion; stumbling; bucking knees; lack of rhythmic timing; pointing or favoring a particular leg; the necessity for excessive pumping or bumping of the horse; or any tendency to rack, pace or other deviation from the true walk, are not typical of the breed. The preceding mannerisms are not considered good form and shall be penalized in judging.

6. Shoeing Requirements for Walking Horses

6.1. Lite-Shod Plantation Horse

- A. The shoe for the Lite-Shod Plantation Pleasure Horse must be no wider than 3/4 inch and no thicker than 3/8 inch with the exception of the caulk, which must be no thicker than 3/4 inch and the turnback shall not exceed 1 inch.

- B. The shoe is not to extend beyond the bulb of the horse's heel when a perpendicular line is drawn from the bulb of the horse's heel to the ground.
 - C. The use of borium is permitted on the caulks of the pleasure shoes, but the thickness of the shoe and caulk with the borium must not exceed 7/8 inches.
 - D. The use of hoof bands and welded-on clips IS permitted EXCEPT in Plantation Pleasure classes and Country Pleasure. Clips that are drawn from the shoe itself are permitted.
 - E. No additional weight shall be allowed on or in the hoof, other than the shoe and nails.
- 6.2. Heavy-Shod Plantation Horse**
- A. The plantation shoe must not exceed 1/2 inch in thickness or 1 1/2 inches in width; with no bare plate or other weight inside the shoe. The caulk must not exceed a 1-inch turnback, and the shoe must not extend more than 1/4 inch beyond the hoof at the toe.
 - B. The heel of the shoe must not extend beyond the bulb of the horse's heel, when a perpendicular line is drawn from the bulb of the horse's heel to the ground.
 - C. The use of borium is permitted on the caulks of the pleasure shoes, but the thickness of the shoe and caulk with the borium must not exceed 1 1/8 inches. The use of hoof bands and welded-on clips are not permitted on pleasure horses. Clips that are drawn from the shoe itself are permitted.
 - D. No additional weight shall be allowed on or in the hoof, other than the shoe and nails.
- 6.3. Lubricants in the pastern area, action devices and artificial appliances are prohibited on the Plantation Pleasure Horses.**

7. Attire and Tack

7.1. Proper Walking/Racking attire must be adhered to at all times. However, in excessively hot weather and with the approval of the judge, coats may be removed. FORMAL OR SEMI-FORMAL ATTIRE (i.e., tuxedo shirt and bow tie) should not be worn before 6:00 p.m.

7.2. Typical Walking or Racking Horse equipment and tack should be used at all times. Bit shanks may not exceed 9 1/2 inches in length (English or Western) EXCEPT IN OPEN WALKING PERFORMANCE WHERE BIT LENGTH IS UNRESTRICTED.

8. Walking Seat Equitation

8.1. Classes

- A. Class 309 – Junior members
- B. Class 310 – Senior members

8.2. Personal Attire

- A. The rider of Walking Seat Equitation is to be judged on his/her skill and form on a horse. The horse and rider should be groomed to meticulous perfection. The rider

should exercise good taste right down to the smallest, most minute detail. The rider is required to choose a neat, well-fitted habit with accompanying accessories within the guidelines based on tradition and present-day customs.

- B. The two- or three-button saddle suit of a solid conservative color is correct both day and evening. Suggested colors include black, blue, grey, green, beige or brown, with coordinated accessories. Vests may be worn and may either match or contrast with the habit color. Careful attention should be given the fit of the habit. The coat length should be at least 3 inches below the fingertips when standing. The jodhpurs should be long enough to rest on the rider's boot top and the bottom of the boot heel when mounted. Jodhpur underpasses should always be worn. A moderate fullness is better than a suit that fits too snugly.
- C. A matching or coordinated homburg or wide-brimmed saddle derby should be worn by girls. Boys should wear a snap-brimmed hat. A four-in hand tie matching or coordinating with the suit color should be worn with a man's style white or pastel shirt. Boots should be of the English type in either calf or patent leather. Gloves should be of the English type in either calf or patent leather. Gloves shall be worn and may match the suit or be off-white. English type spurs (either blunt or small rowel) and a short riding crop are optional.
- D. The semi-formal or tuxedo-type one-button coat suit is suitable to be worn at night only. The acceptable colors are dark blue, brown, grey or black, with collar or lapels of the same color. Top hat, dark bow tie, cummerbund, gloves and dark boutonniere complete the outfit.
- E. The rider's hair must be neat and well groomed. Girls with long hair should have it styled so the back number can be seen easily.
- F. Earrings and bracelets, as well as large rings, do not belong in the show ring; neither do flying hair ribbons, corsages and large flowers. Nothing should detract from the genuine beauty of a well-trained horse and skilled rider.

8.3. Tack

- A. Bridles should be of the type commonly used by Walking Horses, with a single pair of reins. Colored brow bands are appropriate; however, rhinestones, etc., are not acceptable. Clean, well-kept bridles and shining silver bits are far more attractive. Martingales or similar tie-downs are prohibited.
- B. Saddles should be of the flat, English type and of the correct size for the rider. They should be clean and well-kept with white girth and shining irons. Forward seat or Western saddles are prohibited.
- C. Braids should be neatly attached at foretop and mane. Colors should blend well with rider's habit, brow band

and color of horse. Braids should be of the straight plaited variety with no butterflies or other ornamentations.

8.4. Tests from Which Judges Must Choose

- A. Enter ring at the flat-walk, turning to right and proceeding in counter clockwise direction. The class shall proceed at least once around the ring at each gait (flat-walk, running-walk and canter) and, on command, reverse and repeat. Riders may reverse mounts either toward or away from the rail. The gesture of stopping, leaning forward in the saddle and feeling of the curb chain is permissible, if necessary, but certainly not desirable and should be avoided.
- B. Entries shall line up on command and any or all riders may be required to execute any tests listed. All entries padded or unpadded can participate in equitation classes.
- C. Test may be performed either individually or as a group and may be asked for before or after rail work.
- D. Test elements include the following:
 - (1) Pick up reins – A quick check on muscular control and sensitivity of hands.
 - (2) Backing – Must be required as a check on hands, arms, thighs, knees and lower legs, feet and voice commands.
 - (3) Dismount and mount – To be done quietly and as gracefully as possible.
 - (4) Group performance around ring – To check on maneuverability, ring generalship, etiquette and sportsmanship.

8.5. General Information

- A. It should be stressed that the required Equitation Walking Seat is a natural, coordinated and comfortable riding position and should in no way be rigid or exaggerated.
- B. A rider should convey the impression of effective and easy control, with the general appearance of being able to ride for a considerable length of time with pleasure.

- C. To show a horse well, rider should show himself or herself to the best advantage. Ring generalship shall be taken into consideration by the judge. The appearance, presentation and alertness of the rider and his/her mount make the overall picture of utmost importance.
- 8.6. Mounting and Dismounting**
- A. To mount, take up reins in left hand and place hand on withers. Grasp stirrup leather with right hand and insert left foot in stirrup and mount.
- B. To dismount, rider may either step down or slide down.
- 8.7. Hand Positioning**
- A. The hands should be held in an easy position, waist or elbow high; over pommel, with palms downward and slightly turned toward body; wrist rounded slightly.
- B. The hands should be in unison with the horse's mouth, showing adaptability as well as control. How and where the horse carries its head determines the height the hands are held above the horse's withers.
- C. Hands and wrists should be flexible and not held extremely separated. (From the rider's view, the hands should be in a "V" shape, close enough for thumbs to touch.) The fingers should be closed over reins, firm but not rigid. Pressure between thumb and index fingers to secure ends. Closed (or crossed) reins shall be used, with both hands on the reins, and the bight of the rein should be on the off-side.
- 8.8. Basic Position**
- A. To obtain proper position, rider should sit comfortably in the middle of the saddle and find his/her center of gravity by sitting with a slight bend at the knees, without use of the stirrups. While in this position, have stirrup leathers adjusted to fit so that irons will be under ball of foot with even pressure on entire width of sole and center of iron.
- B. The foot position will be natural and comfortable if the knee and thigh are rolled inward and the heel is slightly lower than the toes. From the front or rear view, the lower leg will be held naturally away from the horse, depending on the anatomy of the rider and the size of the horse.
- C. The knee should rest against saddle.
- 8.9. Position in Motion**
- A. The position in motion should be natural, coordinated and graceful, which is attained only with practice.
- B. From the side view a straight line can be drawn perpendicular to the ground through the rider's head, neck, shoulder, hip and ankle.
- C. The rider's toe should never be any more forward than his/her knee, thereby keeping his/her center of balance directly above the feet and ankles.
- D. Upper arms should fall naturally from the shoulders toward the hip bones, and should be flexible, never clutched to the body, extended forward or spread away from the body.

- E. Hands should be in a comfortable waist-level position, depending on how and where the horse carries its head. The use of the hands should be smooth and gradual, without jerking or pumping at any of the gaits, or jerks on the reins parked.

- C. May show in halter or bridle.

2. Appearance of Exhibitor (10 Points)

- 2.1. Clothes and person – neat and clean.
- 2.2. Suitable western or English attire clothes.

3. Showing Horse in Ring (50 Points)

3.1. Leading (15 points)

- A. Enter ring leading animal at an alert walk in a counter-clockwise direction unless otherwise directed by judge. Walk on animal's left side, holding lead shank in right hand, near halter. The remaining portion of lead is held neatly and safely in left hand. Animal should lead readily at a walk or trot.
- B. The judge will call on each exhibitor to move his/her horse individually. When moving the horse, be sure that the judge gets a clear, unobstructed view of the horse's action. Allow the horse sufficient lead so that it can move freely and in a straight line. Lead the horse from the left side the required distance, stop and turn to the right around the horse.
- C. It is mandatory that the judge post the pattern at least one hour prior to the commencing of the class; however, if the judge chooses to bring back exhibitors for consideration of final placing, the finals pattern need not be posted.

3.2. Posing (15 Points)

- A. When posing your horse, stand toward the front facing the horse, but not directly in front of the horse and always in position where you can keep your eye on the judge.
- B. Do most of the showing with lead strap. Never kick horse's leg into position.
- C. Do not crowd the exhibitor next to you when in a side-by-side position. Do not crowd exhibitor in front when lined up head to tail.
- D. When the judge is observing other animals, let your horse stand if posed reasonably well.
- E. Be natural; overshowing, undue fussing and maneuvering are objectionable.

3.3. Poise, Alertness and Merits (20 Points)

- A. Keep alert and be aware of the position of the judge at all times. Don't be distracted by persons or things outside the ring.

- B. Show the animal at all times, not yourself.
- C. Respond quickly to requests from the judge and officials.
- D. Be courteous and sportsmanlike at all times.
- E. Recognize quickly and correct faults of your horse.
- F. Keep showing until the entire class has been placed and has been excused from the ring.

The Quarter Method

Figure A

NOTE: THE QUARTER METHOD: Suggested Guidelines of Movement – The following guidelines are meant to serve as an illustration of movement around the horse while showing in Showmanship at Halter and are for the exhibitor's information:

- A. Imaginary lines bisect the horse into four equal parts as seen in Figure A. (Note: The quadrants will be numbered I, II, III and IV for ease of identification.) One line runs across the horse just behind the withers. The other imaginary line runs from head to tail.
- B. When the judge is in I, the handler should be in IV. As the judge moves to II, handler should move to I. When the judge moves to III, the handler moves to IV. As the judge moves up the horse to IV, the handler returns once more to I.
- C. This method is based on safety as the handler can keep the horse's hindquarters from swinging toward the judge should the horse become fractious.
