## *Message from the CFO*

---

The FY 2010 proposed operating budget reflects a \$65.6 million, or 13.2 percent, reduction in base state appropriations from \$486.4 million to \$420.8 million. The University had taken a \$21.2 million reduction at the beginning of FY 2009 and then the state enacted a \$17.0 million one-time rescission during FY 2009. These reductions total \$103.8 million over a two-year period, reducing the University's base state appropriations a combined 20.4 percent. The state and the University are affected by the economic slow down.

In an attempt to alleviate some of the burden, the federal government has enacted the American Recovery and Reinvestment Act of 2009 (ARRA), which will provide stimulus funds, and also placed requirements on states to maintain fiscal support to educational agencies with Maintenance of Effort (MOE) funding. Subject to the appropriations bill being passed by the Tennessee General Assembly, and signed by the Governor, the University is presently scheduled to receive \$38 million in FY 2009 to offset both the \$21 million and \$17 million reductions. In FY 2010 and 2011, one-time appropriations are expected that will cover the \$65.6 million recurring reductions through June 30, 2011, as well as provide an additional \$27.2 million in stimulus funds. These one-time funds are included in this budget as non-recurring funds.

As of the printing of this document, the Legislature is still considering amendments to the appropriations bill; the University has been notified of a potential reduction of \$25.4 million from the \$223 million of ARRA and MOE funds originally recommended over the next two fiscal years. Any adjustments to stimulus funds, recurring appropriations, or capital funds will be made in the University's budget once the final appropriations bill has been signed; such adjustments will be shown in the revised budget document presented to the Board of Trustees at its winter meeting.

The FY 2010 University of Tennessee Proposed Budget totals \$1.80 billion: \$1.24 billion in unrestricted operating funds and \$556 million in restricted funds. The increase in total revenue of 2.8 percent is attributable to the recommended seven percent increase in tuition for both in-state and out-of-state students at UT Chattanooga and UT Martin, nine percent for UT Knoxville, and

some changes in fees across all campuses. Professional schools and campus specific tuition and fee charges vary. Unrestricted unallocated net assets are projected to be down \$3.2 million at the end of FY 2009, at \$38.4 million. Approximately \$7.2 million is planned to be used from prior year carryovers and reserves to balance the proposed budget for FY 2010.

No salary improvement funding is included in this proposed budget.

The University received no capital outlay appropriations in FY 2009 and only \$6.7 million for capital maintenance projects. The Governor's FY 2010 recommended budget includes \$4.8 million in maintenance projects and no capital outlay.

Revenue and expenditure budget data for each operating unit is provided in this budget document. Also included is information on athletics and auxiliary budgets and recommended tuition and fee schedules. A separate publication containing detailed supporting schedules is available in printed and/or electronic format.

While the University is expected to receive stabilization funds, those are one-time funds and the University must prepare itself for what lies ahead in FY 2012. Realizing that additional resources, especially state support, may be minimal, preparations must be made now in order to position the University in a manner that allows continuance of operations and fulfillment of its mission. Efforts by the Governor and the General Assembly to protect the University, given the state's economic situation, are greatly appreciated. UT continues to look at identifying additional cost reduction measures to better position itself in these difficult economic times.

Respectfully,

Gary W. Rogers  
Sr. Vice President and CFO

# FY 2010 Proposed Budget

“THE FY 2010 EDUCATIONAL AND GENERAL (E&G) AND AUXILIARY ENTERPRISES PROPOSED BUDGETS ARE BALANCED AND WITHIN AVAILABLE RESOURCES.”

## Overview

The University of Tennessee FY 2010 Proposed Budget revenues total \$1.795 billion: \$1.239 billion in unrestricted E&G and auxiliary operating funds and \$556.1 million in restricted funds. That represents a \$48.6 million, or 2.8 percent, increase from the FY 2009 Probable Budget.

In addition to the \$21.2 million base appropriation reduction and one-time \$17.0 million rescission that took place in FY 2009, base state appropriations for FY 2010 are being reduced \$65.6 million, or 13.2%. With assistance from state stabilization funds and federal stimulus funds through the American Recovery and Reinvestment Act of 2009 (ARRA), the University is slated to receive funds to offset these reductions in FY 2010 and FY 2011. One-time funds are also expected in FY 2009 to offset a significant portion of the \$38.2 million reductions suffered in FY 2009. The budget presented in this document includes those one-time funds as proposed in the original Governor’s budget document. Amendments to that budget have been proposed and once final appropriation figures are received, campuses and institutes will incorporate those changes into the revised budget.

Unrestricted E&G revenues total \$1.050 billion, a \$938,773, or 0.1 percent, increase over FY 2009 Probable Budget. As detailed later in this document, the major changes in unrestricted E&G revenues are:

- Tuition and Fees \$ 29.7 M
- State Appropriations \$ 1.8 M
  - 13.21% Recurring Reduction -\$65.6 M
  - State Maintenance of Effort to FY 2006 (MOE) \$25.7 M
  - American Recovery and Reinvestment Act (ARRA) \$66.5 M
  - Estimated Fee Waivers \$ 0.9 M
  - FY 2009 Non-recurring Adjustments -\$25.8 M
- Other Revenues -\$ 30.5 M
  - Grants & Contracts -\$27.0 M
  - Sales & Services -\$ 1.3 M
  - Federal and Local Appropriations -\$ 0.9 M
  - Gifts and Miscellaneous Other Sources -\$ 1.2 M

While stimulus funds will provide funding to the University for three years (2009 to 2011), it will be essential for campus and institutes to continue planning for FY 2012 and beyond, using the time to assess administrative and academic efficiencies, core missions, and placing the University in a position to handle not only the known reductions in base funding today, but the likelihood of additional reductions in years ahead.

Preliminary plans by campuses and institutes for the use of one-time ARRA and state stabilization funds include the restoration of lecturers and adjunct faculty positions, upgrade of technology in the classrooms, maintenance of facilities, energy efficiency projects, and other initiatives enabling the University to position itself for the future during these difficult economic times. The chart below depicts the planned expenditures of stimulus funds by functional category for FY 2010.

## FY 2010 Proposed Budget

---

### Overview Continued

The chart below shows the planned expenditures of stimulus funds by natural classification for FY 2010. With the funds being non-recurring, the University must plan carefully, only putting funds towards salaries and benefits where the positions will otherwise be obsolete or have alternative funding sources after FY 2011. Campuses and institutes are planning on using a majority of the funds in operating and equipment, accounting for 78 percent of the planned expenditures in FY 2010.

### FY 2010 ARRA and MOE Funds Planned Expenditures by Natural Classification

The FY 2009 Probable Budget reflects the current fiscal year's year-end estimates at April 30. Actual data presented in this document along side of budget figures are for comparison purposes only. While accurate, they are not presented in accordance with financial statement principles prescribed by the Governmental Accounting Standards Board.

State Appropriations schedules by campus and institute are provided on pages 19 and 20. Supporting budget schedules for the campuses and institutes may be found beginning on page 32.

## Revenue Summary

State appropriations continue as the largest single source of unrestricted E&G funding, accounting for 49 percent of total unrestricted E&G revenues.

The ten-year comparisons illustrate, as shown below, the continuing change between state appropriations and student tuition and fees as funding sources.

The overall net increase in E&G unrestricted funds of \$938,773 is primarily due to increased tuition and fees of \$29.7 million and the \$27.0 million decrease in Grants & Contracts, which is included in Other Revenues. The Health Science Center's Graduate School of Medicine and Family Practice in Knoxville reclassified medical education contracts and TennCare contracts to restricted accounts. This resulted in moving \$29.3 million from unrestricted to restricted funds. Other significant changes in E&G restricted funding include:

- \$1.8 million increase in Pell Grant funding, and
- \$1.6 million increase in Institute for Public Service's Law Enforcement Innovation Center contracts with the U.S. Department of Justice.

# FY 2010 Proposed Budget

## State Appropriations

Unrestricted E&G appropriations total \$513.9 million, an increase of \$1.8 million, or 0.3 percent, over the FY 2009 Probable Budget. The changes are summarized in the adjacent table.

Significant changes are:

- \$65.6 million, or 13.21 percent, reduction to the recurring base budget
- \$92.2 million new money in ARRA and MOE non-recurring funds—
  - > \$65.3 million in ARRA funds to restore reduction to base budget
  - > \$1.1 million in ARRA funds to bring the operating budget to the FY 2008 funding level
  - > \$25.7 million in MOE funds to bring the operating budget to the FY 2006 funding level
- \$25.8 million reduction for FY 2009 one-time adjustments— \$17.0 million funding reversion; (\$38.5 million) ARRA funds; (\$3.3 million) bonus; (\$0.8 million) 401k Match increase; (\$0.9 million) Fee Waivers; and \$0.7 million in Claims Rate reduction.

<b>Total One-time Adjustments</b>	<b>\$ 93,118,200</b>
<b>FY 2010 Proposed Budget</b>	<b>\$ 513,928,600</b>

The \$92.2 million in ARRA and MOE funds noted above does not include \$982,800 in additional funding for the Centers of Excellence. The table below shows the total \$93.2 million in state and federal one-time stimulus funds as of the printing of this document. The University has been notified of a potential \$25.4 million reduction to ARRA and MOE funds originally recommended over the next two years.

### FY 2010 TOTAL ARRA AND MOE FUNDS

## Tuition and Fees

As shown below, tuition and fees revenues total \$392.5 million, a \$29.7 million, or 8.2 percent, increase over the FY 2009 Probable Budget of \$362.8 million.

Tuition and Fee Revenue	FY 2009	FY 2010	Change	% Change
Tuition	\$ 310,538,209	\$ 339,245,460	\$ 28,707,251	9.2%
Programs and Services Fees	31,761,423	32,766,532	1,005,109	3.2%
Extension Enrollment Fees	8,401,065	8,634,146	233,081	2.8%

<b>Total Tuition and Fees</b>	<b>\$ 362,830,200</b>	<b>\$ 392,480,389</b>	<b>\$ 29,650,189</b>	<b>8.2%</b>

The increases are primarily due to proposed fee increases. The significant changes are as follows:

- Chattanooga increases \$3,127,026
  - \$3,045,612 due to 7% fee increases
  - \$400,000 from \$50 increase to Student Activity Fee portion of the Programs and Services Fees to support the new Aquatic and Recreation Center
  - \$318,586 net reduction from adjustments to various other fees
- Knoxville increases \$15,464,164
  - \$14,873,000 due to 9% fee increases
  - \$509,144 increase in Programs & Services includes \$450,000 from \$10 increase in Facilities Fee to support green projects
  - \$82,020 net increase from adjustments to various other fees
- Martin increases \$2,452,315
  - \$2,357,000 due to 7% fee increases
  - \$95,315 net increase from adjustments to various other fees
- Space Institute increases \$85,795 primarily due to the 9% fee increase
- Health Science Center increases \$7,436,943
  - \$3,761,300 due to 10% fee increases
  - \$3,544,900 due to expected enrollment increases totaling 243 FTE
 

Allied Health Sciences	139 FTE	Graduate Health Sciences	29 FTE
Pharmacy	59 FTE	Nursing	-6 FTE
Dentistry	5 FTE	College of Medicine	17 FTE
  - \$130,743 net increase from adjustments to various other fees
- College of Veterinary Medicine increases \$1,083,946
  - \$740,526 due to 20% increase in resident fees and no increase in non-resident fees
  - \$343,420 due to increase in class size by 15 FTE

# FY 2010 Proposed Budget

## Other Revenues

The \$30.5 million, or 17.5 percent, decrease in other revenues includes the following significant changes:

\$27,040,521 decrease in **Grants & Contracts** is primarily due to The Health Science Center’s Graduate School of Medicine and Family Practice in Knoxville reclassifying medical education contracts and TennCare contracts to restricted accounts. This resulted in moving \$29.3 million from unrestricted to restricted funds. Offsetting this decrease is \$1.6 million increased F&A support from Erlanger Health Systems and a \$0.6 million increase in other expected F&A income, for an overall net \$27,084,781 decrease in Grants & Contracts.

\$1,330,340 decrease in **Sales & Services**. UT Martin’s \$525,605 decrease and UT Chattanooga’s \$421,400 decrease are primarily due to one-time athletic event income in FY 2009 that will not reoccur in FY 2010. The Institute for Agriculture units anticipate an overall \$344,379 decrease: \$257,090 decrease in Veterinary Hospital sales and services due to the economic downturn; \$156,035 decrease in Agricultural Experiment Station’s Research and Education Centers due to programmatic changes; and \$68,746 increase for Extension’s fee-based programs.

\$2,106,055 decrease in **Other Sources** includes adjustments to **Federal Appropriations, Local Appropriations, Gifts, and miscellaneous other income**. UT Knoxville’s \$942,277 decrease includes \$280,500 decrease in anticipated gift income, \$245,000 decrease in expected conference income; and \$416,777 decrease in miscellaneous other income due to FY 2009 one-time funds. Agricultural Experiment Station decreases \$898,805 primarily due to FY 2009 one-time federal appropriations. Municipal Technical Advisory Service’s Local Appropriations are projected to decrease \$284,265 due to a decline in sales tax revenues.

Unrestricted E&G revenues are categorized into six distinct areas, with state appropriations and tuition and fees making up 86 percent, or \$906.4 million. The graph below shows the comparative revenue sources and the trends of those sources over the past four years.

**Unrestricted E&G Revenues** (in millions of dollars)

# FY 2010 Proposed Budget

## Other Revenues Continued

Fiscal year 2009 and 2010 include ARRA and MOE funds that are non-recurring appropriations. While state appropriations have increased 28.1 percent over the past nine years, the increase is only 4.8 percent when adjusted for inflation. The graph below illustrates this trend.

**Actual Appropriations Dollars Compared to Inflation-adjusted Dollars (in millions)**

## Auxiliaries

The FY 2010 proposed budget increases \$13.0 million, or 7.4 percent, for unrestricted Auxiliary operations. UT Knoxville increases \$12.9 million largely due to a \$11.1 million increase in Athletics revenue from an additional football home game, additional SEC TV money, new ticket seating opportunities, and expected increase in men’s basketball revenue. The remaining \$1.8 million increase includes \$3.2 million from rate increases for housing, parking, and food services; \$0.6 million from arena concerts and ticket sales; offset by a \$1.5 million decrease in housing due to the closing of Greve Hall and \$0.5 million decrease in bookstore revenue due to the economic climate. UT Chattanooga and UT Martin increase \$213,370 and \$671,500, respectively, primarily due to rate increases. The Health Science Center decreases \$759,724 due to one-time FY 2009 bookstore funds; expected reduction in housing occupancy rates food service contract revenues; offset by increases in Childcare Program and rental income. A schedule of auxiliary revenues, expenditures, and transfers is available on page 30.

### Expenditures

The E&G portion of expenditures and transfers totals \$1.057 billion, an \$8.8 million, or 0.8 percent, decrease over the FY 2009 Probable Budget. The functional distribution of these funds is shown in the table and chart below.

The proposed FY 2010 unrestricted E&G and Auxiliary expenditures and transfers total \$1.246 billion, a \$4.2 million, or 0.3 percent, increase over the FY 2009 Probable Budget. Auxiliary expenditures total \$18.7 million, an increase of \$13.0 million, or 7.4 percent.

## Expenditures—continued

The \$20.0 million, or 1.8 percent, overall decrease in expenditures is primarily due to Health Science Center’s \$29.3 million reclassification of medical education and TennCare contracts to restricted funds resulting in a \$25.9 million decrease in Instruction and a \$3.4 million decrease in Academic Support. Some \$7.2 million of FY 2009 carryover funds are rebudgeted in expenditures. The sources of these funds are the reserve for reappropriation and unallocated fund balances as follows:

Reserve for Reappropriation	\$3,653,428
Unallocated Funds	<u>3,541,755</u>
Total Fund Balance Distribution	<u>\$7,195,183</u>

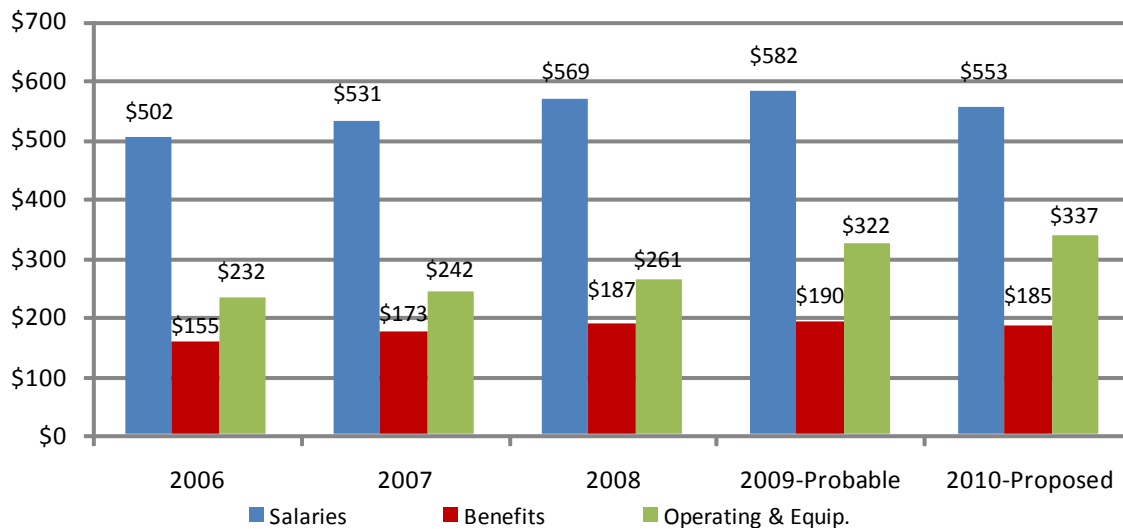

The most significant line item increase in E&G expenditures is for utilities. They are expected to increase \$9.7 million, or 24 percent. UT Knoxville’s \$7.8 million, or 39 percent, increase in utilities is due to rate increases and new buildings brought online. The Health Science Center’s utilities are expected to increase \$1.0 million, or 12.7 percent, due to rate increases. Veterinary Medicine utilities are projected to increase \$408,588, or 28 percent, due to rate increases and the clinic expansion. UT Chattanooga and UT Martin project smaller increases at \$149,870 and \$227,875, respectively.

The \$1.8 million in tuition and fees revenues and expenditures for the Audiology and Speech Pathology graduate-level programs and the Hearing and Speech Center moves from UT Knoxville to the Health Science Center effective July 1, 2009.

FY 2009 one-time non-mandatory transfers in from Renewal and Replacement funds are the primary reason for the \$10.6 million increase in non-mandatory transfers. These funds were used in FY 2009 to cover faculty start-up costs, provide bridge support funds for research projects, make needed equipment upgrades, and fund some one-time campus initiatives.

The chart below shows expenditures by natural classification for the last five years.

# FY 2010 Proposed Budget

## Unrestricted Net Assets

The University of Tennessee’s practice is to maintain 2-5 percent of unrestricted Educational and General (E&G) expenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance to function as a “rainy day” fund. The fund is needed in case of a downturn in enrollment, a sharp decline in state appropriations, or other situations that cause expenditures to exceed available revenues. This provides short-term funding support while necessary expenditure adjustments are made to bring the budget back into balance.

The FY 2010 Proposed Budget’s unrestricted E&G unallocated fund balance projected at June 30, 2010 is \$34.9 million, or 3.3 percent of expenditures, which is within the target range. The unrestricted auxiliary enterprises unallocated balance is \$6.9 million, or 3.7 percent of expenditures, which is within the target range. The total unallocated balance projected at June 30, 2010 is \$41.8 million, which is 3.4 percent of expenditures.

**FY 2010 Proposed Budget Unrestricted Net Assets (in millions)**

Encumbrances are funds carried over from the previous fiscal year for purchases and commitments that were not received before the close of the fiscal year. These funds are budgeted in the appropriate expenditure accounts as the items or services are received. Reappropriations are funds reserved in FY 2009 for allocation to programs and initiatives in FY 2010 or in subsequent fiscal years. E&G and Auxiliary schedules for Unrestricted Net Assets by campus and unit may be found on pages 21 and 22.

## Recommendation

The FY 2010 Educational and General (E&G) and Auxiliary Enterprises proposed budgets are balanced and within available resources. The Proposed Budget complies with all applicable policies and guidelines. The following action by the Board of Trustees is recommended:

1. The FY 2010 Proposed Budget be approved with the understanding that if the General Assembly or the Department of Finance and Administration alters the FY 2010 appropriations or if changes in estimated resources require, the budgets shall be modified accordingly so expenditures will not exceed available resources.
2. Authorize the campus, institute, and unit administrations, in response to current and anticipated future budget reductions, to implement mandatory furloughs without pay, reduction of time worked, across-the-board salary reductions and similar salary-related measures during FY 2010, subject to approval by the Executive and Compensation Committee, the President, and the Senior Vice President and Chief Financial Officer in consultation with the General Counsel and Human Resources.
3. The Proposed tuition and fee schedules are adopted for FY 2010.
4. Any remaining balance of Net Assets may be considered as a reserve for contingencies to be used for:
  - a. Employing additional staff where enrollments and reorganization requirements warrant;
  - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments;
  - c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines;
  - d. Improving physical facilities for academic and research departments as opportunities arise;
  - e. Mandated cost increases; and
  - f. State impoundment of funds or appropriations rescission during the budget year.

# THE UNIVERSITY OF TENNESSEE FY 2010 TUITION AND FEE RECOMMENDATIONS

## OVERVIEW

The FY 2010 recommended tuition<sup>1</sup> and fee increases continue the effort to provide students a quality education while keeping the cost to students at a reasonable level. Revenues generated from the increases are needed to support:

- Academic promotions, faculty retention, statutory minimum wage increases, and graduate student health insurance increases
- Research compliance and faculty start-up
- Scholarships and fellowships and fee waivers for state and university employees and their dependents
- Operating increases including significant increases in utility costs, inflationary costs for maintenance, safety and security, and needed library acquisitions
- Debt service

*Anticipated new revenues from tuition and fee increases reported in this document do not include adjustments for related increases to scholarships and fellowships and anticipated enrollment changes.*

## RECOMMENDATION

The recommended tuition and fee increases and adjustments presented in the following pages include adjustments in tuition and in selected specialized campus fees students pay. The recommendation is based on considerable discussion with campus leadership and an analysis of expenditures funded at varying fee levels. The administration recommends approval of the proposed tuition and fee increases and adjustments. All other required tuition and fees are recommended for continuation at their current amounts.

---

<sup>1</sup> For the purposes of this document, tuition refers to both in-state maintenance fees and out-of-state tuition.

## PROPOSED USES OF NEW REVENUES

### UT CHATTANOOGA

- Tuition – 7.0% increase in tuition generates \$3.0 million in additional revenues. The increased revenues assist in providing funds for increased utility costs, permanent funding for named professorships and general education faculty positions, faculty promotions, strategic planning, and institutional scholarships up to the fee increase.
- Programs & Services Fee - \$50 increase in the Student Activity Fee will provide \$400,000 in additional funds to provide the operating budget for the new Aquatic and Recreation Center. This fee increase is approved by the Student Government Association.
- Executive MBA Program - The Executive MBA programs are self-funded. The fee supports the cost of maintenance and tuition fees, faculty and staff salaries and benefits, and operating expenses. This is an eighteen month program and the next class begins August 2009. The requested fee increases and the addition of an out-of-state fee are expected to generate an additional \$31,500 needed to cover the increases in maintenance and tuition since the inception of the program.

<i>EXECUTIVE MBA PROGRAM</i>	<i>CURRENT FEE</i>	<i>PROPOSED FEE</i>	<i>CHANGE</i>	<i>EFFECTIVE DATE</i>
In-State Fee	\$ 32,500	\$ 36,000	\$ 3,500	August 2009
Out-of-State Fee	\$ 32,500	\$ 40,000	\$ 7,500	August 2009

### UT KNOXVILLE

- Tuition – 9.0% increase generates \$16.4 million in additional revenues - undergraduate, graduate, and Law. These funds provide support for increased utility and other facilities related costs, academic promotions, compliance with SACS requirements and performance funding requirements, E&G scholarship and fee waiver support, and library serial acquisitions.
- Programs & Services Fee – The \$100 increase in the debt service portion of the fee generates \$2.5 million needed to build a new Student Health Facility, comprehensive recreational fields, and a new University Center. In addition, the Counseling portion of the fee increases \$12, from \$46 to \$58, to cover an expected shortfall during the next two years. To offset this \$12 increase, the Health Services portion of the fee is decreased \$12, from \$168 to \$156 per year. The Student Government Association approved these changes.
- Facilities Fee – The \$10 increase is associated with the green portion of the current facilities fee, which is currently \$5 of the \$60 fee. The \$450,000 generated from increasing the green portion of the fee from \$5 to \$15 will allow the campus to double its efforts and begin implementing additional identified energy savings projects costing \$1.8 million. This fee was requested by the students originally, and they support the current increase request.
- ACCLAIM - The Appalachian Collaborative Center for Learning, Assessment, and Instruction in Mathematics (ACCLAIM) is an online program. The credit hour rate is recommended to increase by 9.0%, which is consistent with the campus' other graduate programs. The On-line Support fee will remain \$46.

The new ACCLAIM per credit hour rates are as follows:

		<b>COURSE FEE</b>	<b>SUPPORT FEE</b>	<b>TOTAL PCH RATE</b>
<b>ACCLAIM</b>	In-State	\$380	\$46	\$426
	Out-of-State	\$418	\$46	\$464

- Executive MBA Program - The Executive MBA programs are self-funded and their fee revenues support faculty and staff time, technical support, program marketing costs, books, materials, and travel cost for international experiences. The fee effective dates coincide with the beginning date of the next entering class for the first three programs. The Professional Executive MBA fee approval for the 2010 entering class allows adequate time to market the program at the new rate.

<b>PROGRAM</b>	<b>CURRENT FEE</b>	<b>PROPOSED FEE</b>	<b>CHANGE</b>	<b>EFFECTIVE DATE</b>
Senior Executive MBA	\$ 61,000	\$ 64,000	\$ 3,000	January 2010
Physician Executive MBA	\$ 59,000	\$ 62,000	\$ 3,000	January 2010
Aerospace Executive MBA	\$ 49,000	\$ 52,000	\$ 3,000	January 2010
Professional Executive MBA	\$ 35,000	\$ 37,500	\$ 2,500	August 2010

### **UT MARTIN**

- Tuition – The 7.0% increase provides \$2.4 million in additional revenues to help fund the increased utility costs; inflationary costs for maintenance, subscriptions, and dues; the minimum wage increase; grant requirements; and academic promotions.
- UT On-Line - The Support Fee portion of the UT On-Line fees increases \$10 from \$46 to \$56. The additional \$62,500 generated is allocated to cover increased costs for software, software support fees, and other computer related costs. The Course Fee portion increases 7% to reflect the same per credit hour rate associated with in-state annual rates. The out-of-state rate is 10% more than the in-state rate. The new UT On-Line rates are as follows:

		<b>COURSE FEE</b>	<b>SUPPORT FEE</b>	<b>TOTAL PCH RATE</b>
Undergraduate	In-State	\$197	\$56	\$253
	Out-of-State	\$217	\$56	\$273
Graduate	In-State	\$335	\$56	\$391
	Out-of-State	\$369	\$56	\$425

### **UT SPACE INSTITUTE**

- Tuition – The 9.0% increase generates \$85,695 in additional revenues. These additional funds are allocated to help cover faculty support, increased utility costs, and student scholarships and fellowships.

## UT HEALTH SCIENCE CENTER

The recommendation for the Health Science Center includes adjustments to tuition and professional programs fees ranging from 9.9% to 10.2%, which result in \$3,761,300 in new revenue.

### Tuition

The proposed tuition increases for the University's health professional programs continue efforts to ensure fees support programmatic needs while remaining competitive in the marketplace. Because many of these programs compete nationally for students, recommendations include a much broader comparison of institutions.

- Medicine – A 10.0% increase for both in-state and out-of-state incoming students is recommended. The increase:
  - Provides an estimated \$1,120,600 in new funding for student scholarships and fellowships, utility increases, Regional Biocontainment Laboratory operating costs, and state appropriations reduction supplement.
  - Recognizes the College's tuitions are in the top tier of southeastern universities.
- Allied Health Sciences - This recommendation keeps the College's tuitions highly competitive compared with other programs in the southeast. The proposed tuition recommendation provides the College an estimated \$287,100 to fund increased scholarship costs, utility increases, and state appropriations reduction supplement. Adjustments in in-state and out-of-state tuition for the College of Allied Health Sciences are recommended as follows:
  - Entry Level Bachelor of Science Programs
    - Dental Hygiene – 10.1% in-state and 10.0% out-of-state
    - Health Informatics & Information Management – no increase.
    - Medical Technology – no increase
  - Entry Level Advanced Degrees – 10.0% in-state and 10.0% out-of-state
  - Post-Professional Degrees – 10.2% in-state and 10.1% out-of-state
- College of Nursing - The recommended tuition increases noted below provide approximately \$209,500 in new revenues to assist in funding inflationary cost increases in utilities, scholarships and fellowships, and state appropriation reduction supplement.
  - 9.9% increase to in-state and 10.0% increase to out-of-state tuition for the Bachelors programs
  - 10.0% increase to in-state and out-of-state tuition in the Graduate program
- Dentistry – A 10.0% increase for both in-state and out-of-state students is recommended. The new fees:
  - Keep Dentistry tuition near the mid-point of the College's Southeast Region peer institutions.

- Generate an estimated \$760,300 in new revenues to hire additional faculty to move the student/faculty ratio to a more acceptable level and to supplement the state appropriations reduction.
- Pharmacy – A 10.0% increase for in-state and out-of-state students is recommended.
  - Provides \$1,063,400 in new revenues to support higher utility costs, increases in scholarships and fellowships, and state appropriation reduction supplement.
- Graduate Health Sciences – 10.1% in-state and 10.0% out-of-state recommended tuition increases provide \$320,400 in new revenue for utilities, graduate assistant stipends, and scholarships and fellowships, and state appropriations supplement.
- Health Science Center Online – Course Fees increase 10.0% to keep them in line with the Entry Level Advanced Degrees. The courses offered through the online programs are for entry level advanced degrees only. The proposed rates are as follows:

		COURSE FEE	SUPPORT FEE	TOTAL PCH RATE
Entry Level Advanced Degrees	In-State	\$506	\$46	\$552
	Out-of-State	\$556	\$46	\$602

**UT COLLEGE OF VETERINARY MEDICINE**

FY 2010 tuition and fees are recommended to increase by 20% for in-state students. There is no increase for out-of-state students because the out-of-state portion of the fee is reduced to offset the 20% increase in maintenance. The College currently ranks 21 of 28 U.S. veterinary colleges in resident tuition and fees and 8 of 28 in non-resident tuition and fees. Keeping out-of-state tuition and fees at the current rate will help maintain the out-of-state applicant pool.

The recommended tuition increase provides \$740,500 in additional funds needed to adequately support the college while keeping the college's tuition competitive in the marketplace. These funds will be used to meet increased utilities costs, yearly promotion and tenure salary increases, and increased operating expenses associated with the veterinary teaching hospital.
