P R E F A C E

Welcome to the fifth annual Fact Book of the University of Tennessee, Knoxville. This edition commemorates the bicentennial of the founding of the University. Over the past 200 years, the institution has matured into one of the country's eminent state universities and land grant colleges. This compendium helps describe the "multiversity," as former University of California President Clark Kerr has described the modern university, into which UTK has evolved.

As with all the previous issues, the staff of the Office of Institutional Research is grateful for the assistance we receive from our colleagues who collect and maintain the various university data bases. The amount of effort required to manage the information of the university is not always fully appreciated. Most of the tables and graphs herein identify the source from whom more detailed information may be obtained.

It is our goal with each new edition of the Fact Book to amend its contents so that the information can be more useful to you, the reader. Toward that end, we appreciate and welcome your comments and advice on how this document may be improved to better serve your needs.

**John T. Hemmeter, Director
Office of Institutional Research**

Celebrating our past . . .

The University of Tennessee marked its Bicentennial in 1994 with a wave of celebrations that began on the UTK campus and rolled across the state. A special symbol was designed to mark the occasion, followed by everything from Bicentennial mementos to medallions, lapel pins to lectures, T-shirts to TV spots, chocolates to commemorative prints, billboards to books, and soft drink bottles to sculptures.

More than 5,000 attended the Bicentennial breakfast kickoff event, as did hundreds more at other UT campuses via satellite television transmissions. Tennessee Governor Ted McWherter praised the University and announced that he would recommend funding for the new College of Law building at UTK. The band played, and fireworks flew.

Just two days earlier, the Tennessee General Assembly met in special session to recognize UT's Bicentennial by passing a joint resolution praising the accomplishments of the state's land-grant university. Tennessee Senators Jim Sasser and Harlan Mathews added a resolution to the *Congressional Record* marking the University's Bicentennial. A traveling exhibit featuring historic UT photographs brought the University's story to the people of Tennessee. Our first electronic information kiosk, featuring Bicentennial events, went into operation. Across the state, the other campuses and institutes of the UT system celebrated with events of their own.

The festivities were well deserved. The frontier college that began with a handful of students and one teacher has become five campuses with 40,000 students and 18,000 faculty and staff. The library that consisted of one teacher's personal collection now holds 2 million volumes and is one of the top 100 research libraries in the nation. Among UT graduates are one Nobel laureate, six Rhodes Scholars, five Pulitzer Prize winners, two National Book Award winners, one associate justice of the U.S. Supreme Court and one chief of staff to the President of the United States.

. . . while focusing on our future

The Volunteer spirit is not tied to past accomplishments. New challenges in teaching, research and service await us in our third century. To meet these challenges, the University has launched a five-year campaign to raise an unprecedented \$250 million for UT and \$130 for UTK by 1998. In addition, each campus and institute of UT has established a new five-year plan.

Goals for the state-wide University are:

Public awareness that UT is a high-quality institution;
Extending UT's reputation for quality to national and international scope;
An ever-improving quality of students entering and graduating from the University;
Selecting outstanding new faculty and honoring and rewarding the current excellent faculty;
Greater achievement by those UT units engaged in research;
A more intimate and vital partnership with Tennessee agriculture, business, arts, industry and government.

UT Knoxville. . .The Ideal Enters A Third Century

"The ideal behind UT's founding still lives. It is the simple belief that every man and woman in this state, without regard to wealth and without regard to where they were born, deserves the chance for the best education we can provide."

-- Gov. Ned McWherter, Bicentennial Kickoff event.

During the University's Bicentennial year, UTK continued to foster the ideals on which the University was founded. Following are just a few of the recent initiatives to improve education, research and service at UTK.

Campus Climate Issues . . .

Efforts to make UTK an even better place for students could be seen in a couple of major projects. Registration was streamlined and improved by a committee of staff and students. In another student effort, a 13-member task force focused on ways to improve students' first-year experience at UTK. The focus continued on campus climate issues with the Gender in the Workplace Survey which reported on perceptions about professional opportunities for women on campus, sexual harassment, safety and child care. Chancellor William T. Snyder and his staff also completed and released an update of the process on implementing the 1988 Task Force on Race Relations. The chancellor's "Climate Paper" pledged UTK's commitment to cultivating and enriching the human mind and spirit, developing its human resources and repudiating discrimination.

Industry Partnerships . . .

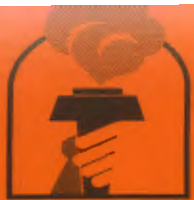

Forging partnerships with business and industry was a major thrust at UTK. Pilot Corporation signed a partnership agreement to work with UTK on environmental issues, continuing and executive education, telecommunications, and information technology. Fifty faculty and staff spent three days at Eastman Chemical Company headquarters in Kingsport, learning about the firm's quality improvement program.

Research . . .

University researchers attracted record funding for scholarly pursuits. UTK's research expenditures in fiscal 1994 were \$77.7 million, up almost \$10 million from the previous year. Most of the money comes from federal and state contracts, grants, state appropriations, institutional support, industry and private sources.

Development . . .

In the area of private giving, the University received its largest gift ever, about \$12 million, from the estate of Hollywood Director Clarence Brown, establishing an endowment for the theater department. Vice President Al Gore announced \$1 million in state and private funding for the Nancy Gore Chair of Excellence in Environmental Studies, in honor of his late sister.

INSTITUTIONAL

Dressed in traditional caps and gowns, more than 600 UTK faculty and administrators march from the University Center to Thompson-Boling Arena on September 12, 1994, to attend the Convocation and Chancellor's Investiture ceremonies. The faculty march in order of the founding of their respective colleges. At the head of the line of march is the College of Arts and Sciences, led by Dean Larry Ratner.

RECENT HIGHLIGHTS: UT-Chattanooga celebrated its 25th anniversary as the statewide University marked its Bicentennial. UTC left the ranks of private institutions in 1969 to join UT. Major grants are funding: research on petroleum underground storage tanks; a computer network to link rural school districts with national and international information highways; a mentoring program for school children; and arts education. Students and faculty studied manufacturing and management in Japan. Two new master's degree programs – nurse anesthesia and nurse practitioner – will address critical shortages in the U.S. health care industry. A new Legal Assistance Studies program was launched in the School of Social and Community services. The Challenger Learning and Teaching Center, a high-tech hands-on space flight designed to make learning science and math fun for children, opened on the UTC campus.

For more information about UTC, contact Richard R. Gruetzemacher, Dir., Office of Planning, Evaluation and Institutional Research, UT-Chattanooga, 262 Hooper Hall, Chattanooga, TN 37403 Phone: 615/755-4007 Fax: 615/755-4025

RECENT HIGHLIGHTS: UT-Martin has been a part of UT since 1927. The National Science Foundation awarded a grant of nearly \$50,000 to the Center of Excellence for Science and Mathematics Education to improve how science is taught in elementary schools. The American Chemical Society student chapter was rated outstanding for the 16th consecutive year. The Phi Chi Theta Professional Business Fraternity rated the UT-Martin student chapter the best chapter in the U.S. Professor Choong Soon Kim, Department of Sociology and Anthropology, obtained a second Fullbright grant to teach and to do research in Korea. A \$300,000 gift from former Gov. Ned McWherter will fund the Lucille and Harmon McWherter Scholarship Endowment. The Golightly Foundation pledged \$300,000 for the Golightly Education Research and Teaching Center.

Total Collection of Health Sciences Library: 221,151

RECENT HIGHLIGHTS: The American Association of Medical Colleges ranked UT-Memphis 21st among the nation's 127 medical schools in the percentage of graduates entering primary care specialties. The Colleges of Medicine and Pharmacy were ranked in the top 10 in the nation for the past two years by *U.S. News and World Report's Guide to Graduate Schools*. National Institutes of Health recognized the College of Dentistry as a model institution for involving predoctoral students in basic biomedical and clinical research. Other programs address the training of physicians and nurse practitioners for underserved areas of the state. The Crippled Children's Foundation gave \$5 million for a Crippled Children's Foundation Research Center. A \$1 million gift will allow the Department of Physiology and Biophysics to renovate laboratories for cellular and molecular research and fund further study of Parkinson's Disease. An additional \$3.2 million from the Estate of Memphis businessman Ben Spears will fund the Spears Research Laboratory, an addition to the Van Vleet Cancer Center.

RECENT HIGHLIGHTS: Negotiated and signed a requirements contract with Arnold Engineering Development Center as a long-term agreement of up to \$1 million annually. Alfredo Gabriele placed first in the AIAA national paper competition for graduate students. Professor Mary Helen McCay was appointed a member of the National Research Council's Committee on the Space Station. She and her husband, Professor Dwayne McCay, were selected Kestler fellows. Professor Dennis Keefer received the best paper award from the International Electromagnetic Launch Symposia. Dean K. C. Reddy was voted president of the Tennessee Conference of Graduate Schools. Professor Jim Lewis was selected as an Alumni Distinguished Service Professor. NASA Ames tapped Professor Lo's ultra quiet wind tunnel as an outstanding achievement of the year. Professors Ahmad Vakili and John Caruthers received the 1994 AEDC Technical Achievement Award. UTSI assisted UT-Chattanooga in establishing MBA and undergraduate engineering courses in Tullahoma.

STUDENTS

Until 1890, all students were required to take military instruction and were organized as a cadet corps. Women were not admitted until 1892. In the background are Old College flanked by East College and West College.

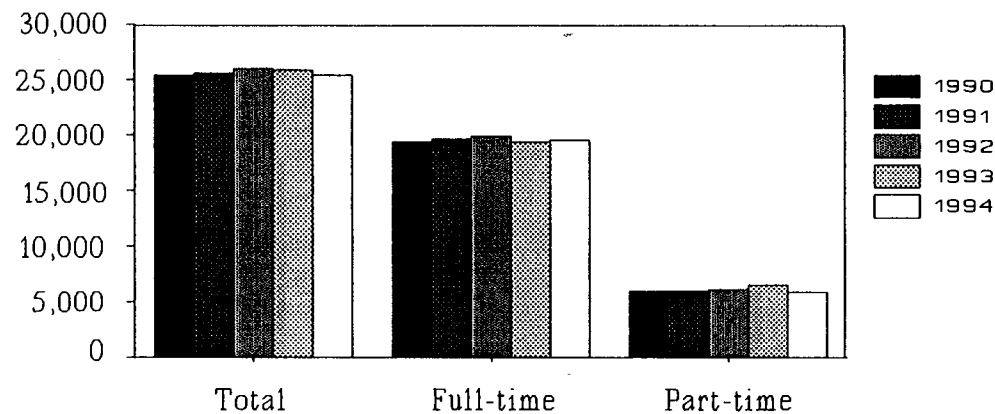

Today, UTK hosts a diverse student body hailing from every state in the union and from more than 100 countries.

FACULTY AND STAFF

The Summer School of the South, initiated in 1902 at UT by President Charles Dabney, enrolled some 32,000 teachers in its 16-year existence. In the foreground is South College. Jefferson Hall, an open air pavilion constructed for the Summer School of the South, is in the background.

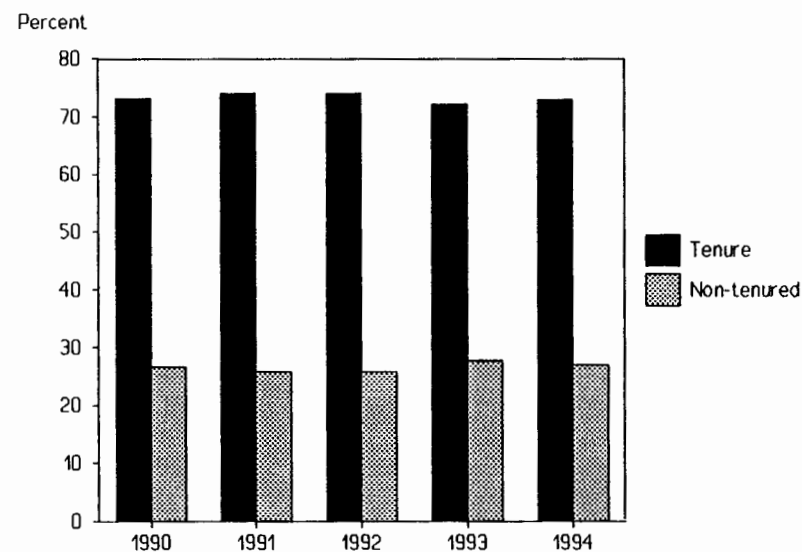

Dr. Harold Black (right), professor and head of finance with former doctoral student Breck Robinson. Dr. Black studies financial institutions and monetary economics. He is concerned primarily with the impact of government regulations on financial institutions.

LIBRARY

The John C. Hodges Library was rebuilt in 1987, making it the largest library building in Tennessee. In the foreground the Europa sculpture graces McClung Plaza.

The first separate library building at UTK was built in 1911 with money from Andrew Carnegie. It was incorporated into the new Austin Peay Building in 1934.

3.405 Prizes.
7.505 Blanks.

21,000 Tickets, at Five Dollars each.

Part of the above Prizes determinable as follows, to wit:

2ft	drawn	Blank on the 5th day's drawing,	Dolls.	100
1ft	ditto,	7th ditto,	-	100
1ft	ditto,	9th ditto,	-	300
1ft	ditto,	13th ditto,	-	100
1ft	ditto,	15th ditto,	-	500
1ft	ditto,	17th ditto,	-	800
1ft	ditto,	19th ditto,	-	1,000
1ft	drawn	Ticket on the 2nd, and last day's drawing,		2,500

500 Tickets to be drawn each day.

Prize payable thirty days after the completion of the drawing, subject to a deduction of fifteen per cent. And the prize not so awarded within twelve months, shall be considered as returned for the benefit of the Cause.

The Lottery, of which the above is the Scheme, is the foundation of an Act of the last Legislature. That act, requires the subscribers to give bond, that the Prize shall be paid.

the money returned, if the Lottery should not be drawn: This regulation has been complied with. We flatter ourselves, that the Scheme will be satisfactory to all who wish to become subscribers, with a view to better their circumstances. Little more than two weeks to a year. No prize that will not yield some profit to the fortunate drawer. The prize to be

to a point, the informant will not find some point in the infinite of a set. The price is to be paid, not in this, or in that (species of) payment, but in CASH, which will command property of every description. No doubts are entertained but a sufficient number of tickets will be laid to enable the drawing to be consummated in a few days.

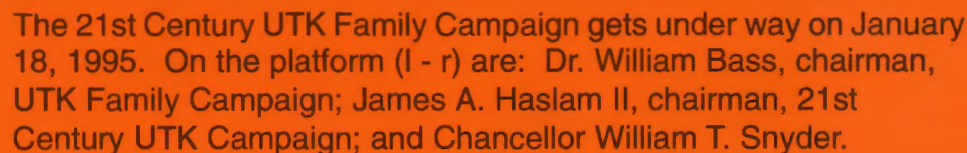

When the object to be attained by the Lottery is considered, it is believed, every individual will be anxious to become an adventurer. It is not designed to retrieve a bankrupted State, nor to convert into cash, at an advantageous price, property which is valueless; but it is intended to aid the funds of a Seminary of Education, where youth of the poor and succeeding generations, may have the means prepared, to such a manner, as to make their investments to their families, and useful to their country—as will enable them to understand their rights as citizens, and their duties as servants of the people.

If we are attached to the government under which we live--If we wish to have transmitted to our posterity, let us not forget the support of the Executive, I wish not always to be understood as approving of the measures which they have taken, but of the efforts by the Legislature, and finally, to be understood by some extraordinary device. With Semantics of Education, well understood, those of every rank and disposition will become informed; they will understand their government, the powers and rights which it contains and execute; upon this are understood, they will never be yielded but with their lives. We therefore respectfully solicit, and hope to receive the public patronage.

HUGH L. WHITE,
THOMAS M. CONKY,
JAMES CAMPBELL,
ROBERT CRAIGHEAD,
JOHN N. GAMELE.

JOHN R. GABLE,
Trustee appointed by Act of Assembly

Kentville, January 2, 1860.

An 1810 advertisement announces a lottery to benefit UT -- known then as East Tennessee College. The lottery eventually was canceled because only \$450 was received from the sale of the \$5 tickets. Many prominent people were asked to contribute as was Thomas Jefferson, who declined, citing a personal rule "never to engage in a lottery or any other adventure of mere chance," even for noble purposes.

NOTES: Tennessee Tomorrow Campaign began during 1977-78.

Tennessee Tomorrow Campaign was completed during 1979-80.

Institute of Agriculture and UT Space Institute are no longer included in totals for UTK after Fiscal 1986. Separate figures are available from the Development Office for these units.

FACILITIES

Aerial view of The Hill in 1922 (right) features newly constructed Ayres Hall, named for UT's twelfth president, Brown Ayres (1904-1919). Old College, East College and West College were razed to make room for Ayres.

The Science/Engineering Research Facility, slated for occupancy in fall, 1995, adds a new dimension to The Hill. When finished, the building will be seven stories tall and will provide 220,000 square feet of space for researchers in science and engineering.

OUTCOMES

Students get their final send-off address at commencement. They will join the ranks of many successful UT graduates. The University has produced one Nobel laureate, six Rhodes Scholars, five Pulitzer Prize winners, two National Book Award winners, one associate justice of the U.S. Supreme Court and one chief of staff to the President of the United States. UT awarded its 50,000th graduate degree in 1994.

Enrollment at UT more than quadrupled in the postwar period from 1945 to 1949. Dick and Frances Jordan (above), with daughter Cheryl, celebrate his graduation from the University on June 7, 1948.

RESEARCH

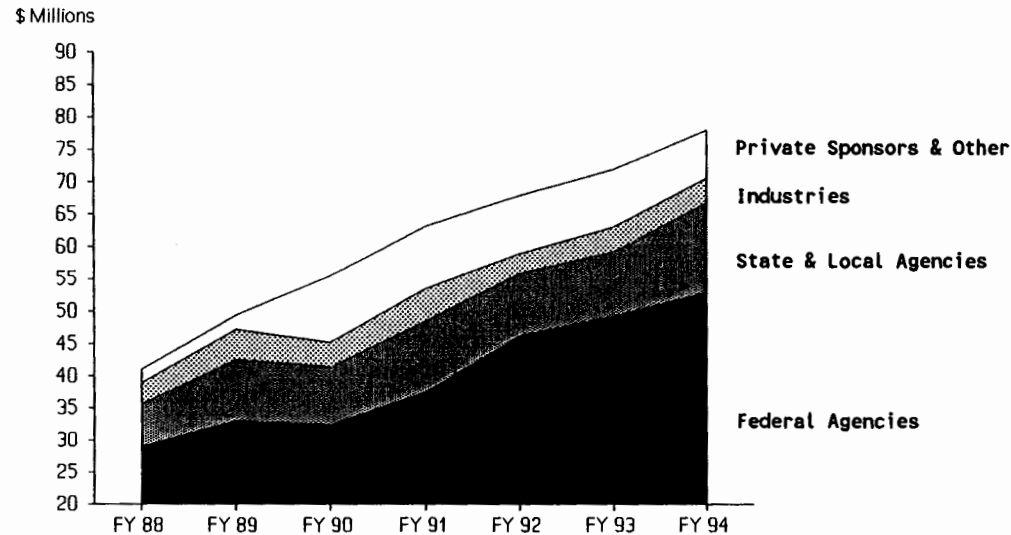

Science Hall, built in 1892, housed not only the chemistry laboratories, like the one shown above, but also administrative offices, an auditorium, and the library. Science Hall was razed in 1967.

Dr. Kelsey Cook (right), professor of chemistry, with former doctoral student M. Scott Kriger (seated). Cook is an analytical chemist who studies chemicals with environmental, clinical or industrial significance.
