## Message from the CFO

The FY 2009 proposed operating budget reflects a \$21.2 million, or 4.1%, reduction in base state appropriations from \$522 million to \$501 million. With the University's priorities centered around its strategic goals (student access, student success, research enhancement, economic development, outreach, and globalization), campuses and institutes incorporated the 4.1% reduction into the FY 2009 proposed budget by:

- Protecting core academic programs
- Directing resources to strategic initiatives
- Streamlining administrative operations

The FY 2009 University of Tennessee Proposed Budget totals \$1.65 billion: \$1.20 billion in unrestricted operating funds and \$450 million in restricted funds. The increase in total revenue of 0.5 percent is attributable to the recommended 6% increase in tuition for both in-state and out-of-state students and some changes in fees. Professional schools and campus specific tuition and fee charges vary. Budgeted operations reflect a negligible change in unrestricted unallocated net assets at the end of FY 2009. Approximately \$1.7 million is planned to be used from reserves to balance the proposed budget.

Despite the reduction in Higher Education funding, the University did receive additional state appropriations totaling \$20 million specified for:

<b>\$ 1.1</b>	<b>401(k) match</b>
<b>2.6</b>	<b>Group insurance</b>
<b>6.7</b>	<b>Capital maintenance</b>
<b>5.6</b>	<b>Biofuels project funding</b>
<b>3.0</b>	<b>Biocontainment lab</b>
<b>1.0</b>	<b>Mouse genome consortium</b>

*(in millions)*

Two specific initiatives were funded for FY 2009: First, \$3.0 million for equipment at the regional biocontainment laboratory (RBL) at the Health Science Center. The facility, scheduled for completion in 2008, is one of 13 in the country and has the primary purpose of supporting research related to infectious diseases and bioterrorism, a part of protecting the public. Second, \$1.0 for the Tennessee Mouse Genome

Consortium, located at ORNL, will provide funding for a unique mice pool that allows researchers to analyze multiple gene diseases. The program supports the Health Science Center's effort to obtain a Clinical and Translational Science Award.

Other than a state funded one-time salary bonus, no salary improvement funding is included in this proposed budget. On or about October 1, 2008, employees, with at least three years of service, will receive a one-time, flat-rate salary bonus of \$400. The University is expected to receive full funding for this from the state. The \$1.1 million for 401(k) match and the \$2.6 million for group insurance is provided by the state to fund mandated cost increases.

Subsequent to receiving the highest capital outlay funding in University history in FY 2008 (\$153.7 million), the University will not receive any outlay appropriations in FY 2009 and only \$6.7 million for capital maintenance projects, compared to \$22 million in FY 2008.

Revenue and expenditure budget data for each operating unit is provided in this budget document. Also included is information on athletics and auxiliary budgets and recommended tuition and fee schedules. A separate publication containing detailed supporting schedules is available in printed and/or electronic format.

The University proceeds cautiously into the next few years, realizing that additional resources, especially state support, may be minimal. Efforts by the Governor and the General Assembly to provide funding to the University, given the state's economic situation, are greatly appreciated. UT is working on its Cost Study Project requested by the Board and on identifying additional cost reduction measures to position itself strategically in these difficult economic times.

Respectfully,

Gary W. Rogers  
Sr. Vice President and CFO

# FY 2009 Proposed Budget

The FY 2009 Proposed Budget includes unrestricted E&G revenues totaling \$1.2 billion, an increase of \$23.2 million over the FY 2008 Probable Budget and \$59.4 million more than FY 2007 Actual. State appropriations continue as the largest single source of unrestricted E&G funding, accounting for 48 percent of total unrestricted revenues.

The ten-year comparisons illustrate, as shown below, the significant change between state appropriations and student tuition and fees as a funding source for unrestricted and restricted funds, as well as unrestricted E&G funds only.

## State Appropriations

Unrestricted E&G appropriations total \$489.9 million, an overall decrease of \$19.7 million, or 3.9 percent, from the FY 2008 Probable Budget. The changes are summarized in the adjacent table.

The most significant change is the \$20,513,000 reduction to unrestricted E&G operating and Access and Diversity Funds, \$20,246,000 and \$267,000, respectively.

Change in Unrestricted E&G State Appropriations	
FY 2008 Probable Budget	\$ 509,650,300

<b>Estimated Fee Waivers (one-time)</b>	<b>960,500</b>
<b>FY 2009 Proposed Budget</b>	<b>\$ 489,902,800</b>

Other changes in state appropriations include:

- The \$3,873,200 decrease for FY 2008 one-time adjustments, which includes \$1,123,100 in one-time funding for the increase in the 401k Match. In FY 2009, the state has designated these funds as recurring.
- \$2,555,100 provided to fully fund the January 1, 2008 group insurance increase.
- \$960,500 estimated fee waiver funding, based on the prior year funding amount. This funding is 23% of the actual costs to the University for the fee waiver and discount programs for State Employees, State Employees' Children, and Teachers' Children.

The \$20,513,000 reduction noted above does not include reductions to restricted funds for Centers of Excellence (\$415,000/4.2%) and Research Initiatives (\$269,000/4.1%). The table below shows the total FY 2009 funding reductions to unrestricted and restricted funds, totaling \$21.2 million.

\* Approximately 80% of the System Administration's state funding is appropriated to the campuses and units. The FY 2009 System Administration Charge to recover these funds from the campuses and units is reduced \$910,000 to recognize that portion of the campus/unit reductions. The total reduction to the System Administration is \$1,099,000.

## FY 2009 Proposed Budget

### Tuition and Fees

Tuition and fees revenues total \$358.2 million, a \$21.8 million, or 6.5 percent, increase over the FY 2008 estimated revenue of \$336.4 million. That reflects both the enrollment growth and the 6% tuition rate increase. Additional information on proposed changes to tuition and fees is provided in the tuition and fees section of this document. Adjustments include Knoxville's \$420,000 increase in Extension Enrollment Fees revenue, which is primarily due to expected enrollment increases in the Executive Development Program, UT Professional and Personal Development Program, and the English Language Institute; and \$1,038,000 increase in Other Student Fees revenue to reflect fee increases for the Executive and Professional MBA Programs.

Tuition and Fee Revenue	FY 2008	FY 2009	Change	% Change
Tuition	\$ 286,818,573	\$ 306,859,284	\$ 20,040,711	7.0%
Programs and Services Fees	31,357,885	31,428,499	70,614	0.2%
Extension Enrollment Fees	7,970,778	8,409,617	438,839	5.5%
Other Student Fees	10,218,673	11,499,181	1,280,508	12.5%
<b>Total Tuition and Fees</b>	<b>\$ 336,365,909</b>	<b>\$ 358,196,581</b>	<b>\$ 21,830,672</b>	<b>6.5%</b>

### Other Revenues

The \$1.2 million, or 0.7 percent, increase in other revenues includes the following significant changes:

\$1,656,396 increase in **Grants and Contracts**. Health Science Center's \$2,476,612 increase primarily reflects a \$1.4 million increase in Direct and Indirect Medical Education at the School of Graduate Medical Education in Knoxville and a \$1.6 million increase in contract payments from Erlanger Health System for the Clinical Education Center at Chattanooga offset by an expected \$500,000 decrease in facilities and administration (F&A) income for the Memphis Other Specialized Units due to a funding decline reflective of tight economic times of many grants and contracts. Anticipated decreases in F&A funding of \$417,091 at UT Chattanooga and \$421,000 at UT Knoxville offset the \$2.5 million overall increase for the Health Science Center.

\$1,250,397 increase in **Sales & Services**. Knoxville's \$726,752 increase includes: \$300,000 increase in women's athletics basketball ticket sales; \$125,000 increase in women's athletics game guarantees; and \$295,000 expected increase in sales for services of the Institute for Applied Microbiology Bio-imaging facility. Institute of Agriculture's \$709,139 increase includes Extension's \$290,767 increase, primarily from anticipated increases in the use of 4-H facilities and services; and the College of Veterinary Medicine's \$358,372 expected increases in income due to inflationary increases to the charges for referral services, large and small animal clinic services, and other services. System Administration's \$240,000 decrease reflects the reorganization of Network Services.

\$1,000,000 decrease in **Investment Income** reflects current estimates.

\$751,365 decrease in **Other Sources** includes adjustments to **Federal Appropriations, Local Appropriations, Gifts, Endowment Income, and miscellaneous other income**. Federal Appropriations for the Institute of Agriculture decrease \$3.4 million due to Agricultural Experiment Station's \$3.0 million in one-time HATCH funds in FY 2008 and Extension's expected \$390,101 decrease in federal funding. Offsetting increases in miscellaneous other income include Knoxville's \$1.5 million increase in conference income due to increased participation and a price increase for the Destination Imagination summer program; Martin's \$384,468 increase due to \$480,000 in new TVA Power Generation revenue; and System Administration's \$279,286 anticipated increase in Licensing income. \$360,047 increase for the Public Service Units is primarily due to anticipated increases in Local Appropriations and fees for training services. System Administration's Endowment Income is expected to increase \$50,000.

# FY 2009 Proposed Budget

Unrestricted E&G revenues are categorized into six distinct areas, with state appropriations and tuition and fees making up 83 percent, or \$848 million. The graph below shows the comparative revenue sources and the trends of those sources over the past four years.

**Unrestricted E&G Revenues** (in millions of dollars)

While state appropriations have increased 30.3 percent over the past nine years, that only accounts for a 4.3 percent increase when adjusted for inflation. The graph below illustrates this trend.

## Auxiliaries

The FY 2009 Proposed Budget includes \$175.4 million in unrestricted auxiliary enterprise operations, an increase of \$19.9 million or 12.8 percent, over the FY 2008 Probable Budget. The increase in Auxiliary revenues, expenditures, and transfers reflects planned housing and food services rate adjustments, new housing units brought online, anticipated enrollment increases, and increases in Knoxville’s Athletic income from ticket sales, development activities, marketing/multi-media rights, endowments, conference distributions, concessions, and interest. A notable \$1.7 million decrease in revenue and a \$1.9 million decrease in expenditures for the Health Science Center’s Bookstore operation reflects the anticipated savings from outsourcing the operation to Barnes & Noble. A schedule of auxiliary revenues, expenditures, and transfers is available on page 26.

The proposed FY 2009 unrestricted expenditures and transfers total \$1.2 billion, a \$6.4 million, or 0.5 percent, increase over the FY 2008 Probable Budget:

E&G expenditures and transfers total \$1.0 billion, a \$13.6 million, or 1.3 percent, decrease over the FY 2008 Probable Budget.

### Unrestricted E&G Expenditures by Function (in millions)

# FY 2009 Proposed Budget

## Expenditures—continued

The significant changes in the FY 2009 expenditures and transfers are primarily due to the distribution of an additional \$21.8 million in tuition and fee revenue and adjustments for the \$19.7 million overall reduction in unrestricted state appropriations. The majority of other reductions to expenditures and non-mandatory transfers reflected on the budget schedules are due to one-time initiatives budgeted in FY 2008.

Notable changes by function include:

\$5.3 million increase in **Instruction** includes \$2.9 million for Health Science Center’s new Clinical and Translational Science Institute.

\$21.7 million reduction in **Research** expenditures is primarily due to \$16.0 million budgeted for one-time initiatives in FY 2008. Decreases not related to the reduction in state funds include Agricultural Experiment Station’s closing of the dairy operation (\$0.5 million) and the College of Veterinary Medicine’s anticipated decline in federal funding resulting in fewer salary savings budgeted (\$0.5 million).

\$8.7 million reduction in **Academic Support** expenditures includes \$5.4 million budgeted for one-time initiatives in FY 2008.

The \$10.3 million overall increase in **Non-Mandatory transfers** is primarily due to FY 2008 transfers in for one-time initiatives at UT Chattanooga, \$3.1 million; and UT Knoxville, \$8.5 million. UT Knoxville’s non-mandatory transfers include a \$1.8 million transfer from Auxiliaries for the three percent assessment they levied on their Auxiliary operations, excluding Athletics, to help minimize the impact of the state funding reduction on the academic unit.

# FY 2009 Proposed Budget

## Unrestricted Net Assets

The University of Tennessee’s practice is to maintain 2-5 percent of unrestricted Educational and General (E&G) expenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance to function as a “rainy day” fund. The fund is needed in case of a downturn in enrollment, a sharp decline in state appropriations, or other situations that cause expenditures to exceed available revenues. This provides short-term funding support while necessary expenditure adjustments are made to bring the budget back into balance.

The FY 2009 Proposed Budget’s projected unrestricted E&G unallocated fund balance at July 1, 2008 is \$34.5 million, or 3.4 percent, of projected expenditures, which is within the target range. The total unallocated balance is \$39.6 million, which is 3.3 percent of estimated expenditures.

The projected unrestricted auxiliary enterprises unallocated balance is \$5.1 million or 2.9 percent of expenditures. The housing operation at the Health Science Center continues to operate in a negative cash flow position, but E&G funds are being used to provide additional support until an analysis of the facility is completed, which will provide recommendations to resolve the problem.

**FY 2009 Unrestricted Net Assets (in millions)**

Reappropriations are funds reserved in FY 2008 for allocation to programs and initiatives in FY 2009 or in subsequent fiscal years. E&G and Auxiliary schedules for Unrestricted Net Assets by campus and unit may be found on pages 17 and 18.

## FY 2009 Proposed Budget

---

### **Recommendation**

The FY 2009 Educational and General (E&G) and Auxiliary Enterprises proposed budgets are balanced and within available resources. The Proposed Budget complies with all applicable policies and guidelines. The following action by the Board of Trustees is recommended:

1. The FY 2009 Proposed Budget be approved with the understanding that should the General Assembly or the Department of Finance and Administration alter the FY 2009 appropriations or should changes in estimated resources require, the budgets shall be modified accordingly so expenditures will not exceed available resources.
2. The Proposed tuition and fee schedules be adopted for FY 2009.
3. Allow any remaining balance of Current Funds be considered as a reserve for contingencies to be used for:
  - a. Employing additional staff where enrollments and reorganization requirements warrant,
  - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments,
  - c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines, and
  - d. Improving physical facilities for academic and research departments as opportunities arise.

# THE UNIVERSITY OF TENNESSEE FY 2009 TUITION AND FEE RECOMMENDATIONS

## OVERVIEW

The FY 2009 recommended tuition<sup>1</sup> and fee increases continue the effort to provide students a quality education while keeping the cost to students at a reasonable level. Revenues generated from the increases are needed to support:

- Academic promotions and minimum wage increases.
- Research compliance.
- Scholarships and fellowships.
- Operating increases including significant increases in utility costs, inflationary costs for maintenance, safety and security, and needed library acquisitions.

Anticipated new revenue from tuition and fee increases reported in this document does not include adjustments for related increases to scholarships and fellowships.

## RECOMMENDATION

The recommended tuition and fee increases and adjustments presented in the following pages include adjustments in tuition and in selected specialized campus fees students pay. The recommendation is based on considerable discussion with campus leadership and an analysis of expenditures funded at varying fee levels. We recommend approval of the proposed tuition and fee increases and adjustments. All other required tuition and fees are recommended for continuation at their current amounts.

---

<sup>1</sup> For the purposes of this document, tuition refers to both in-state maintenance fees and out-of-state tuition.

<b>TOTAL</b>			<b>\$20,040,711</b>

The anticipated \$20.0 million in new tuition revenues includes adjustments for expected changes in enrollment at the Health Science Center and the College of Veterinary Medicine. The College of Pharmacy’s class size increases by 75 students and the College of Allied Health Sciences switched two of their masters programs to online programs, resulting in an expected increase in enrollment of seven students. The College of Veterinary Medicine’s class size increases by 15 students.

In addition to changes in tuition, we are recommending increases in the following campus specific fees:

## CAMPUS SPECIFIC FEES

### FY 2009 RECOMMENDED RATE INCREASE

CAMPUS	FEE	CURRENT ANNUAL RATE	PROPOSED ANNUAL RATE	CHANGE	NEW REVENUES
Chattanooga	Programs & Services Fee	\$ 530	\$ 540	\$ 10	\$ 86,419
Knoxville	Undergraduate International Education Fee	New	\$ 10	\$ 10	\$ 220,000
<b>TOTAL</b>					<b>\$ 306,419</b>

## PROPOSED USES OF NEW REVENUES

### UT CHATTANOOGA

- Tuition – 6.0% increase in tuition generates \$2.4 million in additional revenues. The increased revenues assist in providing funds for increased utility costs, permanent funding for named professorships and general education faculty positions, faculty promotions, strategic planning, and institutional scholarships up to the fee increase.
- Programs & Services Fee - \$10 increase in the Student Activity Fee will provide \$86,419 in additional funds for Club Sports, entertainment programming, and Greek life.

### UT KNOXVILLE

- Tuition – 6.0% increase generates \$11.3 million in additional revenues - undergraduate, graduate, and Law. These funds provide support for increased utility and other facilities related costs, academic promotions, new faculty positions, research compliance, graduate student support, and library serial acquisitions.
- Undergraduate International Education Fee – The new \$10 per year fee for undergraduate students was requested by the Student Government Association to provide \$220,000 in new revenue to fund a larger number of both merit and need-based study abroad scholarships.
- ACCLAIM - The Appalachian Collaborative Center for Learning, Assessment, and Instruction in Mathematics (ACCLAIM) is an online program. The credit hour rate is recommended to increase by 6.0%, which is consistent with the campus’ other graduate programs. The On-line Support fee will remain \$46. The new credit hour rate is \$394 for in-state students and \$429 for out-of-state students.
- Executive MBA Program - The Executive MBA programs are self-funded and their fee revenues support faculty and staff time, technical support, program marketing costs, books, materials, and travel cost for international experiences. The fee effective dates coincide with the beginning date of the next entering class for the first three programs. The Professional Executive MBA fee approval for the 2009 entering class allows adequate time to market the program at the new rate.

<i>PROGRAM</i>	<i>CURRENT FEE</i>	<i>PROPOSED FEE</i>	<i>CHANGE</i>	<i>EFFECTIVE DATE</i>
Senior Executive MBA	\$ 55,500	\$ 61,000	\$ 5,500	January 2009
Physician Executive MBA	\$ 55,000	\$ 59,000	\$ 4,000	January 2009
Aerospace Executive MBA	\$ 45,000	\$ 49,000	\$ 4,000	January 2009
Professional Executive MBA	\$ 33,500	\$ 35,000	\$ 1,500	August 2009

### UT MARTIN

- Tuition – The 6.0% increase provides \$1.8 million in additional revenues to help fund the increased utility costs; inflationary costs for maintenance, subscriptions, and dues; the minimum wage increase; grant requirements; and academic promotions.

## **UT SPACE INSTITUTE**

- Tuition – The 6.0% increase generates \$101,682 in additional revenues. A \$40,000 decrease in anticipated income from Short Course Fees and a \$2,400 increase due to miscellaneous adjustments to other student fee revenue result in a \$64,082 total increase in tuition and fees. These additional funds are allocated to help cover the increased costs for utilities and student scholarships and fellowships.

## **UT HEALTH SCIENCE CENTER**

The recommendation for the Health Science Center includes adjustments to tuition and professional programs fees ranging from 0.0% to 14.0%, which result in \$3,739,297 in new revenue.

### Tuition

The proposed tuition increases for the University's health professional programs continue efforts to ensure fees support programmatic needs while remaining competitive in the marketplace. Because many of these programs compete nationally for students, recommendations include a much broader comparison of institutions.

- Medicine – A 3.0% increase for both in-state and out-of-state incoming students is recommended. The increase:
  - Provides an estimated \$310,600 in new funding for student scholarships and fellowships, utility increases, and library inflationary cost.
  - Recognizes the College's tuitions are in the top tier of southeastern universities.
- Allied Health Sciences - This recommendation keeps the College's tuitions highly competitive compared with other programs in the southeast. The proposed tuition recommendation provides the College an estimated \$103,900 to fund increased scholarship costs, utility increases, library inflationary cost, and histotechnology program faculty. Adjustments in in-state and out-of-state tuition for the College of Allied Health Sciences are recommended as follows:
  - Entry Level Bachelor of Science Programs
    - Dental Hygiene – 5.1% in-state and 5.1% out-of-state
    - Health Informatics & Information Management – no increase.
    - Medical Technology – no increase
  - Entry Level Advanced Degrees – 5.0% in-state and 5.0% out-of-state
  - Post-Professional Degrees – 5.0% in-state and 5.0% out-of-state
  - Online Programs – Starting Fall 2008, the Master of Health Informatics and Information Management and the Master of Dental Hygiene will be available online only. The following changes in the tuition charged for these programs are expected to increase the enrollment, but, initially decrease fee revenue by \$8,200 as the programs become more competitive:

- In-state Per Credit Hour Rate – Same as other Entry Level Advanced Degrees per credit hour rate  
\$460 PCH Rate + \$46 Online Support = \$506
- Out-of-state Per Credit Hour Rate – An additional 10% is added to the In-state Per Credit Hour Rate  
\$506 PCH Rate + \$46 Online Support = \$552
- College of Nursing - The recommended tuition increases noted below provide approximately \$119,800 in new revenues to assist in funding inflationary cost increases in utilities, scholarships and fellowships, and the expansion of the Faculty Fellows for Grant Program.
  - 10.0% increase to in-state and out-of-state tuition for the Bachelors programs
  - 3.0% increase to in-state and a 3.0% increase to out-of-state tuition in the Graduate program
- Dentistry – A 14.0% increase for both in-state and out-of-state students is recommended. The new fees:
  - Keep Dentistry tuition near the mid-point of the College’s Southeast Region peer institutions.
  - Generate an estimated \$785,000 in new revenues to hire additional faculty to move the student/faculty ratio to a more acceptable level and to hire research faculty to enhance research programs.
- Pharmacy – A 14.0% tuition increase for in-state students and an 8.9% tuition increase for out-of-state students are recommended.
  - Provides \$2,313,600 in new revenues to support new faculty positions for the state-wide expansion initiative, higher utility costs, and increases in scholarships and fellowships.
- Graduate Health Sciences – 7.0% in-state and 2.3% out-of-state recommended tuition increases provide \$106,000 in new revenue for utilities, graduate assistant stipends, and scholarships and fellowships.

### **UT COLLEGE OF VETERINARY MEDICINE**

A 5.5% increase in tuition is recommended for the College of Veterinary Medicine for in-state and out-of-state students. The recommended tuition increase provides the funds needed to adequately support the college while keeping the College’s tuition competitive in the marketplace.

The tuition increase and the adjustments for enrollment increases generate \$765,080 in additional revenues. The class size increases by 15 students, ten in-state and five out-of-state. These additional funds are allocated to fund utility cost increases and increases in contractual services such as housekeeping and medical waste disposal.
