Dr. Betty Cleckley  
School of Social Work  
CAMPUS

Dear Betty:

Thank you very much for the report of the Commission for Blacks, which contained a number of useful suggestions for improving communications between Black faculty, staff, and students and the University administration and for improving the quality of life of Blacks on campus. Attached is a response to those recommendations which I would appreciate your sharing with the Commission. After the Vice Chancellors and I meet with the Commission to discuss the response, we will share both the report and the response with the deans, directors, and department heads.

I especially appreciate the thoughtful and helpful work of the Commission and your own willingness to work with Dr. Ebersole and me in refining the administrative response so that it reflects more adequately the concerns of the Commission. I feel that the Commission is a highly valuable asset to our campus, and I look to it for continued help in achieving the real goals of affirmative action.

Sincerely,

  
Jack E. Reese  
Chancellor
