SUBJECT: Breakdown of Financial Aid for Black Students

The information you requested in your memo of June 14, 1983 would be information that would have to be gathered by hand from old files that are now stored in the 'dungeon'. Also, I do not believe that the information would be available back more than five years in that the current federal regulations indicate that records are not maintained more than five years unless it involves a loan; however, I am sending to you a copy of a memorandum that I sent to Mr. Robert Netherland concerning black students receiving financial aid for 1981-82. As soon as I have completed the study for 1982-83 school year, I will forward that information to you. Again, at the present time, until our new computer system is in full operation, this information must be gathered by manual process.

Marvin, at your convenience, I would like to set up a time to talk with you concerning other information that I have on financial aid. I would appreciate your contacting me at your convenience to discuss financial aid further.

Thank you for your cooperation and assistance that you have given the Financial Aid Office in administering aid programs on our campus.
