REPORT

Present: Stefanie Ohnesorg, Ralph Brockett, Yanfei Gao, Robert Hatcher, Carolyn Hodges, Trevor Moulden, Kay Reed, Marian Roman, Tom Whitworth, Songning Zhang.

The meeting was called to order by Stefanie Ohnesorg, Chair, at 2:15 p.m. in 111 Student Services Building.

1. Joint Doctoral Degrees Policy

The committee reviewed and voted to approve to recommend to Graduate Council the following policy for the Graduate Catalog. The policy should be placed in the section under the heading of “Doctoral Degrees.”

Joint Doctoral Degrees

Joint domestic and international doctoral degrees may be earned at the University of Tennessee, Knoxville (UTK), through approved joint degree programs with other educational institutions offering doctoral degrees. Joint doctoral degrees are available only in fields where joint degree programs have been established between UTK and the collaborating institution(s). More information on currently available joint doctoral programs may be found within the individual program descriptions contained in the Graduate Catalog.

Each joint doctoral degree program is governed by a specific memorandum of agreement signed by all participating partner institutions. This memorandum of agreement must follow UTK policies and be approved by the UTK Chancellor. All requirements for joint doctoral degrees must be consistent with standard university procedures, including those for graduation.

In joint doctoral degree programs, the specific tasks and requirements, such as coursework, preparation leading to the dissertation stage, needed resources, and...
mentoring and training for the dissertation, will be completed and degrees awarded as agreed between the partner institutions in the memorandum of agreement.

Any student participating in a joint doctoral program shall fulfill the admission standards of the UTK Graduate School. Admission is required prior to participation in the program. When enrolled at UTK, students must be on campus prior to the beginning of the first semester and must be registered within the deadlines for all students. Students must apply for admission to UTK within one calendar year of matriculating into the program.

The academic departments at the partner institutions will together be responsible for developing a set of courses to fulfill graduation requirements and secure approval by the partner institutions. Students participating in joint doctoral degree programs must be admitted to candidacy at UTK.

The doctoral committee for the joint degree must meet the requirements of UTK and should include at least one faculty member from the partner institution. If qualifying examinations are required, the partner institutions should establish and agree upon the format (oral and/or written) and content. The comprehensive examination for the doctoral degree must be developed and administered by both institutions. UTK Graduate School policies regarding comprehensive examinations will be followed.

All oral examinations and defenses conducted at UTK are expected to be in English. Dissertations must meet the requirements for submission at the UTK Graduate School. The dissertation will fulfill the requirements for both institutions.

2. Graduate Program Director (not approved by Graduate Council 3-4-2010)

The committee voted to recommend that the Graduate Council approve the following change in the Graduate Catalog statement:

CHANGE FROM: Graduate Program Director

CHANGE TO: Director of Graduate Studies.
Each academic department or program has designated a tenured or tenure-track faculty member who is the Director of Graduate Studies.

The committee had more discussion on the specific definition of the role of Director of Graduate Studies. APC will return to this definition at a later date.
3. Doctoral Committee
   The committee continued its discussion of components of current policy and a draft of a changed policy. The committee will continue having brown-bag lunch meetings to discuss this policy after Spring Break.

The meeting adjourned at 4:00 p.m.

Doctoral Mentoring and Advising Expectations

Credentials Committee of the Graduate Council
University of Tennessee, Knoxville

Approved by Credentials Committee: February 11, 2010

Doctoral education is largely the product of the relationship between the doctoral student and mentor. Accordingly, appropriate investment of time and skills into the relationship is critical to the development of a successful doctoral student. In addition to academic and technical skills particular to each discipline, all mentors are expected to have or develop key skills in listening, coaching, empathy, interpersonal sensitivity and conflict resolution and to be fully engaged in the academic and professional development of the student. Following are core expectations of all doctoral mentors at The University of Tennessee, Knoxville:

Process

• Coordinate communication between student and committee.
• Periodic check-in including regular meetings (frequency as applicable to one’s field of study). These meetings should be guided by an agenda focused on the academic stage of the student.
• Establish clear expectations and provide direct and constructive feedback.
• Provide “real-time” guidance in developing research and in research problem-solving.
• Provide technical support necessary for development of research skills.
• Provide timely feedback on drafts of proposals, dissertation, abstracts, manuscripts.
• Clarify expectations for coursework, comprehensive examinations, seminars, research and teaching (if applicable); identify criteria for success at each stage.
• Provide accurate advice and guidance regarding programmatic, college and university policies and procedures (forms, steps, committees).
• Provide accurate and timely guidance regarding ethical and compliance issues, as appropriate (e.g. research and professional ethics, IACUC, IRB, Radiation Safety, Biosafety).

Professional development

• Collaborate with student in identifying professional meetings for abstract submissions, presentation and participation. Guide the student in each step of these processes.
• Facilitate manuscript submission to and publication in professional journals.
• Involve students in the grant process whenever possible.
• Guide preparation of predoctoral grants, fellowships, and other awards.
• Provide opportunities to participate in writing sections of mentors’ grants.
• Introduce student to professional colleagues.
Career path Guidance
- Assess strengths and weaknesses.
- Assist in the decision-making process of career choice (e.g. industry vs. academia vs. research institute; small school vs. comprehensive research university) and matching career choice to strengths, weaknesses and opportunities.
- Provide feedback on CV preparation, applications for positions and guidance in preparation for interviews.
- Provide guidance and assistance in the search for professional positions.
- Utilize mentor’s professional network to facilitate job placement.

Graduate Deans’ Group  
Thursday, February 11, 2010, 2:00 – 3:15 p.m.  
Graduate School Conference Room

Attending:
Mary Albrecht, Joy DeSensi (Chair), Bob Daverman, Mark DeKay, Tom George, Tom Ladd, Jan Lee, Catherine Luther, Masood Parang, Carol Parker, Leon Potgieter, Cynthia Rocha, Vincent Anfara, Ernest Brothers, Stefanie Ohnesorg, Kay Reed, Rita Smith.

The Graduate Deans’ Group meeting was called to order by Joy DeSensi, on Thursday, February 11, 2010, at 2:00 p.m. in the Graduate School Conference Room.

1. The minutes of the Graduate Deans’ Group meeting from January 14, 2010, were approved.

2. Vincent Anfara, Department Head in the Department of Educational Leadership and Policy Studies, shared the following information regarding Center for Educational Leadership (Attachment 4.1):
   - A search for a director for the center is being conducted.
   - They are seeking instructors from other colleges to teach graduate level students (2 class sessions – 3 hrs. each).

3. Graduate Director’s Responsibilities revised draft (Attachment 4.2) was discussed by the Graduate Deans’ Group. The only suggested changes were Item # 21 changed to say “college or departmental website” and a statement added at the end of the list acknowledging that there may be additional duties that are specific to their college/department, or program.

   The statement in the Graduate Catalog regarding the Graduate Directors seems to need clarification. Since many colleges do not have departments, it was suggested that the phrase, “in the department” be removed from the second sentence. The consensus was that the title and definition of the graduate director needs to be revisited.

4. Graduate fellowships are due to the Graduate School on February 25. All the fellowships with the exception of the Yates Fellowship require recommendation letters from the graduate director. The Yates Fellowship requires a recommendation letter from the applicant’s program advisor.

5. Information was given to the associate dean of the colleges in which elections of new Graduate Council members and proxies are to be held (Attachment 4.3). The letters with the detailed information for each college will be sent out next week. The new members and proxies are to be reported to the Graduate School by the end of March.

With no further business, the meeting was adjourned at 3:00 p.m.

Respectfully Submitted,
Gay Henegar  
Secretary to Graduate Deans’ Group
