RE: Enrollment Status of Black Students at UTK

John,

I am writing to request information regarding the 1977-78 Fall enrollment for Black undergraduate students. Since I would like to use this information in the Commission for Blacks' report which we are currently working on, it would be useful to have a breakdown of the enrollment by schools, colleges, and departments. For example, the CFB would like very much to have information about the number of blacks enrolled in the College of Nursing, for example, together with the total student enrollment in Nursing.

I appreciate your cooperation and assistance and look forward to hearing from you. Also, if you have any questions regarding this request, please call me.
