FOREWORD

This 1974-75 Directory of Tennessee Municipal Officials is the 30th issue of the directory series. It has been compiled, for the most part, from questionnaires sent to all cities. Every effort has been made to make the information for each city complete and correct, but for 14 cities that did not return the questionnaires it was necessary to rely upon latest information available in our files.

To all city recorders and other officials who have contributed information we are deeply grateful. Without the willing and prompt cooperation of these officials, publication of the directory would not have been possible.

Comments and suggestions as to how future issues of the directory can be further improved will be appreciated. They may be sent to either of the following:

### Guide to Use of This Directory

After the name of each city is the county name, in parentheses, in which the city is located. Next is a letter showing in which grand division of the state the city is located: East, Middle, or West. The figure following the letter is the population (see second paragraph, this page). Next is the fiscal year ending; for example, "F. Yr. 5/31" means the fiscal year ends May 31. There follows the date of the next election; for example, "Elec. 5/75" means the next election will be in May 1975. The last entry on this line is the name and telephone number of the city hall or office. If there is no city hall or office the number is for an official's home or office. On the second line is shown the time and place of the meetings of the governing body and the zip code. On the third line is shown the closing of city offices (other than the usual Saturday afternoon, Sunday, and holidays). This information was not obtainable for some cities and some cities do not have a city office.

Population data are presented on the following two pages; one in alphabetical order and on the other in descending order according to population. These population figures are as of July 1, 1974, as used by the State of Tennessee for distributing state-shared taxes. The next page lists cities by counties under the three grand divisions of the state.

Municipal elections in Tennessee are held throughout the year, and changes are therefore constantly occurring. Changes are announced each month in Tennessee Town & City magazine, the official magazine of the Tennessee Municipal League. The magazine is sent free to municipal officials; others desiring to subscribe may do so by remitting the yearly subscription price of $4.00 to the League office.
