Dear Betty,

This letter is intended as a follow-up to our telephone conversation on October 8th. Having read the interim report, I feel that the material presented is an accurate representation of the activities and findings of the Commission. Other than the statement on page 13 regarding African students, which I discussed with you by phone, I have no other suggestions or comments. May I commend you on the excellent manner in which you guided the deliberations of the Commission and prepared the interim report. I shall look forward to working with you and the Commission in the future.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. Grubb".
