This Report is brought to you for free and open access by the Municipal Technical Advisory Service (MTAS) at Trace: Tennessee Research and Creative Exchange. It has been accepted for inclusion in Municipal Directories by an authorized administrator of Trace: Tennessee Research and Creative Exchange. For more information, please contact trace@utk.edu.
1983-1984 DIRECTORY
OF TENNESSEE MUNICIPAL OFFICIALS

COMPiled by MUNICIPAL TECHNICAL ADVISORY SERVICE
THE UNIVERSITY OF TENNESSEE
IN COOPERATION WITH TENNESSEE MUNICIPAL LEAGUE
FOREWORD

This 1983-84 Directory of Tennessee Municipal Officials is the 39th issue of the directory series. It is compiled from information submitted by the state's 332 municipal governments. Every effort has been made to make the entries current, complete and correct. For cities that did not submit updated data, it was necessary to rely upon the latest information available in MTAS files.

To all city officials who contributed information, we are grateful. Without their cooperation, publication of the directory would not be possible.

Copies of the directory are available on a complimentary basis to officials of all Tennessee municipalities, to agencies of Tennessee state government, and to public libraries. Others wishing to obtain the directory may do so on a prepaid basis. Changes in municipal officials are published in the Tennessee Town & City newspaper.

Comments and suggestions regarding the directory's use and improvement are welcomed.

C. L. Overman
Executive Director
1983-1984

GUIDE TO USE OF THIS DIRECTORY

After the name of each city, in parentheses, is the city's address and zip code, then
the county in which the city is located. Next is a letter showing in which grand division
of the state the city is located, East, Middle, or West. The figure following this letter
is the population (see third paragraph, this page). The last entry on this line is the
area code and telephone number of the city hall or office. If there is no city hall or
office, the number is for an official's home or place of business. On the second line is
the time and place of the meetings of the governing body and the date of the next city
election. On the third line is any closing of city offices (other than the usual Sunday
and holidays). This information was not obtainable for some cities, and some cities do
not have a city office.

If the phone numbers for departments differ from the principal number, this infor-
mation was requested and appears in the department listing. The numbers are as they were
submitted by each city and have not been verified by MTAS.

Population data for municipalities are presented on the next four pages: first in
alphabetical order then in descending order, according to population. These population
figures are as of July 1, 1983, as certified by the Tennessee State Planning Office. The
next five pages list cities by counties, under the three grand divisions of the state,
followed by counties and their populations according to 1980 U. S. Census.
