The publications in this collection represent the historical publishing record of the UT Agricultural Experiment Station and do not necessarily reflect current scientific knowledge or recommendations. Current information about UT Ag Research can be found at the [UT Ag Research website](#).

This Human Nutrition is brought to you for free and open access by the UT Extension Publications at TRACE: Tennessee Research and Creative Exchange. It has been accepted for inclusion in Health, and Fitness by an authorized administrator of TRACE: Tennessee Research and Creative Exchange. For more information, please contact trace@utk.edu.

FOOD WORKS

Key Messages

Eating breakfast helps you be more alert. It helps you study and learn.

People who eat breakfast usually feel better.

Any nutritious food is good for breakfast.

Breakfast

Breakfast = Break fast

- The word "breakfast" means to "break the fast." When a person fasts, he or she goes without food. At breakfast time, you have probably gone without food for 10-14 hours (fasting) because you have been sleeping.
- To function properly, your body needs food like a car needs gasoline. Gasoline gives a car the energy to run. Likewise, food gives you the energy to play and learn.
- Choose breakfast foods from the five pyramid food groups.

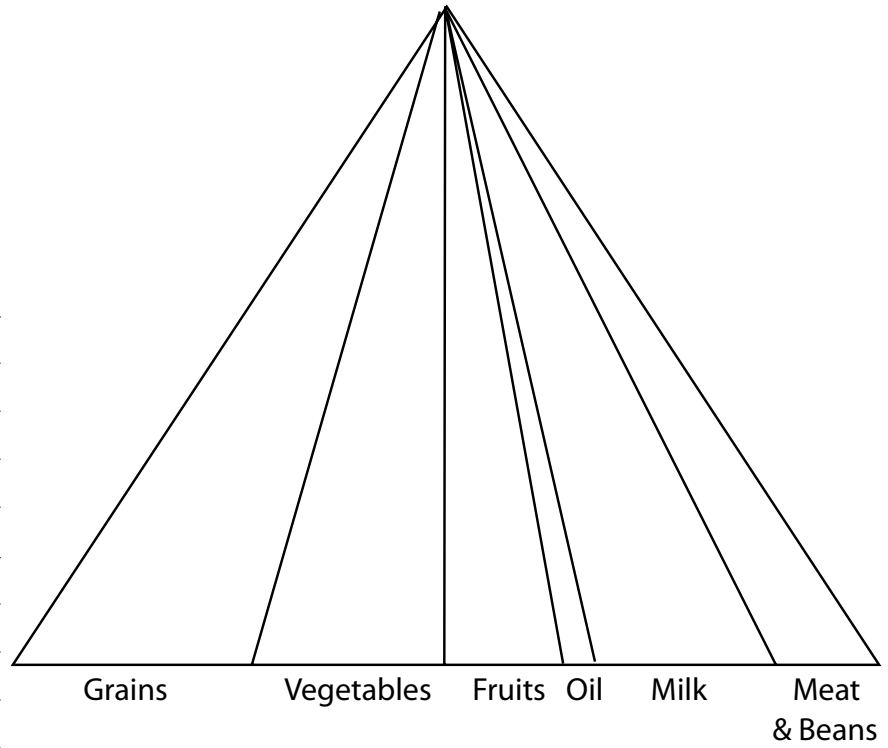

Prepared by
Betty Greer, Professor
Shirlene Booker, Extension Agent
Judy Groce, Extension Agent
Dorothy Simmons, Assistant Extension Agent

Breakfast Foods

- List your favorite breakfast foods.
- Where do they belong on the Food Guide Pyramid?

Favorite Foods

Are there any food groups not on your list of favorite breakfast foods? What are they?

List foods you might eat for breakfast from the different food groups:

Any Nutritious Food You Enjoy Is Good for Breakfast. You Might Like to Try

- Leftover pizza
- Sandwiches
- Soups
- Lowfat cottage cheese with fruit

A Healthy Breakfast Gives You Nutrients You Need. Choose a Variety of Different Foods.

- Tortillas and beans with salsa on the side
- Cereal and milk with banana slices
- Rice with milk and fruit
- Scrambled eggs and potatoes

If You Don't Have Time for Breakfast at Home — Take Something with You.

- Yogurt and fruit
- Crackers and cheese
- Sandwiches
- Fresh fruit
- Dry cereal

Grain Group

Grain foods can be a quick and healthy breakfast. Try to eat fruit and milk with them.

Eat 6-11 ounces of grain products each day. Be sure to include whole-grain foods.

Can you find the 10 foods from the Grain Group hidden in this slice of bread? All words are written from left to right or top to bottom.

Grain Group Foods

- Bread
- Cereal
- Cracker
- Pancake
- Pasta
- Pizza
- Popcorn
- Rice
- Spaghetti
- Tortilla
