This Meeting Minutes is brought to you for free and open access by the Office of the Provost at TRACE: Tennessee Research and Creative Exchange. It has been accepted for inclusion in Undergraduate Council Meeting Minutes by an authorized administrator of TRACE: Tennessee Research and Creative Exchange. For more information, please contact [trace@utk.edu](mailto:trace@utk.edu).

**The University of Tennessee, Knoxville**  
**Undergraduate Council**  
**Minutes of Meeting**  
**Tuesday, April 26, 2005**  
**2:00 p.m. – Board Room – Andy Holt Tower**

MEMBERS PRESENT: Brian Ambroziac, Jeffrey Davis, Robert Hinde, Mary Holcomb, Asafa Jalata, Mark Moon, Johnie Mazingo, Bill Park, Chris Pionke, Harold Roth, Frank Spicuzza

EX-OFFICIO MEMBERS PRESENT: Don Cox, Tom George, George Hoemann, Masood Parang, Fred Pierce, Max Robinson, Alan Wallace, Frank Spicuzza

The meeting was called to order at 2:00 p.m. by Laura Jolly, Chair.

The Minutes of the March 15, 2005 meeting of the Undergraduate Council were approved. (pages U794-U796).

- **Committee Reports**

- Academic Policy Committee – L. Jolly

- The committee met with Emily Singer, Director of Disability Services, to discuss a proposal to allow students with a disability to be considered full time students while enrolled in nine hours a semester. Students would apply through disability services on a semester by semester basis for this status, and she anticipated around 2-4 students a semester might be approved. Discussion concerned maintenance of scholarships and other financial aid (including vocational rehab). Questions were also raised about the possibility of "abuse" of the policy. Richard Bayer and Monique Anderson will look at how the policy operates at other universities (including University of Memphis and University of Georgia). The committee will have a further report in the fall. Disability Services will begin working out procedures.

- Advising Committee – L. Jolly

- Committee members will be working with freshman orientation sessions this summer. A house at 1807 Melrose Place is being renovated to house The Student Success Center. The space is expected to be ready in August. R. Darling will make a presentation on the Student Success Center at the September 2005 Council meeting.

- Appeals Committee – L. Jolly

- Committee did not meet. Work on end-of-semester appeals and dismissals will begin soon.

- Curriculum Committee – R. Hinde

- Council approved the recommendations of the Curriculum Committee. (pages U793-U937)

- General Education Committee – L. Jolly

- The material presented from the General Education Committee was approved by the Council. (pages U938-U941)

- **Other**

- K. Warden noted the summer grades will be entered on-line.

The meeting adjourned at 2:35 p.m.

**CURRICULUM COMMITTEE**

April 12, 2005

3:30 p.m. – 4<sup>th</sup> Floor – Andy Holt Tower

Present: D. Cox, J. Davis, T. George, J. Hubbard, A. Jalata, L. Jolly, J. Mazingo, F. Spicuzza

The meeting was called to order at 3:30 by Laura Jolly (in the absence of R.J. Hinde, Chair).

The committee approved the revised Operating Procedures. (Page U794)

The mass revision of prerequisites, corequisites, registration restrictions for Fall 2006 was approved. (See U795-U937)

The committee approved that in the future, revisions of prerequisites, corequisites, registration restrictions must have a fall effective date (cannot be effective spring or summer).

The meeting was adjourned at 4:00.

## **Operating Guidelines Curriculum Committee of the Undergraduate Council**

- The role of the Curriculum Committee of the Undergraduate Council is to ensure consistency and quality of undergraduate curricula at the University of Tennessee. In this role, the Curriculum Committee makes recommendations to the Council regarding the approval or denial of curricular changes submitted to the Council for consideration.
- The Curriculum Committee has 16 members, 15 of whom are named to one-year terms by the Chair of the Undergraduate Council in consultation with the Council's membership:
- Nine Committee members are elected faculty members of the Undergraduate Council.
- Five Committee members are ex officio members of the Undergraduate Council.
- One Committee member is a student member of the Undergraduate Council.
- The Chair of the Undergraduate Council serves as an ex officio member of the Committee.
- The members of the Committee will be selected by the Chair of the Undergraduate Council in a manner that ensures broad representation of colleges and collegiate divisions on the Committee. All 16 members of the Committee may vote.
- The Chair of the Curriculum Committee is selected from among the nine elected faculty members at the last Committee meeting of the spring semester of each year. The Chair serves in this capacity for one year, beginning on July 1.
- Each Committee member may, in consultation with the Chair of the Undergraduate Council, name a proxy who has all of the privileges and responsibilities of the Committee member, except that the Committee Chair's proxy may not chair Committee meetings. If the Committee Chair is unable to attend a Committee meeting, the Chair of the Undergraduate Council will chair that meeting. A quorum of the Committee consists of nine members (including proxies).
- The Curriculum Committee typically meets two weeks before each meeting of the Undergraduate Council. Committee meetings are open to the entire University community. The agenda for each meeting will be posted on the Undergraduate Council web site, and will consist of proposals and informational items submitted by and approved by the various Colleges. These should be submitted to the Committee by the deadlines listed on the Undergraduate Council web site, and should be submitted in the format outlined there. Material not submitted in this format may be returned for revision prior to consideration by the Committee.
- Proposals submitted to the Committee may be approved and submitted to the Undergraduate Council for final approval, or may be returned for revision. Proposals returned for revision must be resubmitted to the Curriculum Committee before they will be forwarded to the Undergraduate Council.

## MASS REVISION OF PREREQUISITES, COREQUISITES, REGISTRATION RESTRICTIONS

### **PREREQUISITES AND COREQUISITES**

Registration for Fall 2006 will enforce two prerequisites and two corequisites. Prerequisites and corequisites must be course numbers, not statements.

Prerequisites for all graduate and undergraduate courses are being revised.

<sup>1</sup>Since fall registration will occur in the spring (before the 2006 catalogs are printed), revised prerequisites/corequisites will be posted on the Web.

### **REGISTRATION RESTRICTIONS**

Registration may be restricted to a minimum GPA, minimum student level, or a specific qualification such as teacher licensure.

Registration may also be restricted to a college, major, concentration and/or degree or can exclude any of these.

If a student's registration is blocked due to a prerequisite or registration restriction, the system will display the following message:

***Prerequisite not met. Contact the department.***

*(Departmental contact information will be included in this message.)*

<sup>1</sup>Also see September 2005, November 2005, and January 2006 Undergraduate Council Minutes for additional course revisions.

**GENERAL EDUCATION COMMITTEE**

April 13, 2005

**Courses Approved**

*Arts and Humanities:*

**Architecture**

111 Architecture and the Built Environment (AH)

*Topic approved for Arts and Humanities and Communicating through Writing:*

**University Honors**

257 Special Topics in the Arts and Humanities (AH) (WC)  
- The Civil War in American Memory

*Topics approved for Social Sciences and Communicating through Writing*

**University Honors**

267 Special Topics in Social Sciences (AH) (WC)  
- Riots and Revolution in Britain, United States, and France, 1730-1990s  
- Brain Science and Social Science: Applications to Critical Human Issues

*Communicating through Writing:*

**Biochemistry and Cellular and Molecular Biology**

409 Perspectives in Biochemistry and Cellular and Molecular Biology

**Effective: Fall 2006**

---

**Correction to page U784:**

Approved Communicating Orally (OC) Courses:

After Biosystems Engineering 401, insert:

**Chemistry**

406 Senior Seminar (1)

**Effective: Fall 2005**

(See September 28, 2004 Undergraduate Council Minutes – page U556)

## **General Education Committee Function and Selection of Members**

### ***Function:***

The committee serves as a standing committee of the Undergraduate Council to advise the Undergraduate Council on matters pertaining to general education. Specifically, the General Education committee will:

- Make and receive recommendations regarding the philosophy and requirements of the General Education component
- Develop criteria and procedures for submitting, evaluating and approving courses that meet the University of Tennessee General Education requirement
- Review and approve courses proposed for inclusion on the General Education list of courses
- Recommend and implement policies and procedures for continual improvement of general education
- Facilitate and encourage campus dialogue and communication regarding general education

The General Education committee will coordinate its activities with other committees of the Undergraduate Council (e.g., Curriculum, Academic Policy, and Advising).

### ***Selection of Members:***

Members of the General Education Committee will be appointed by the Chair of the Undergraduate Council from the membership of the Undergraduate Council in a manner that ensures broad representation of colleges. In addition to the membership from the Undergraduate Council, the chair of each General Education subcommittee, a representative of the UG Council Advising committee and a student member appointed by the President of the Student Government Association will serve on the committee. Representatives from Institutional Research and Assessment, the University Libraries, and the Registrar's office will be appointed each year by the Chair of the Undergraduate Council in consultation with the Directors/Deans of these specific units. Normally, membership continues during the term of office on the Undergraduate Council for elected faculty members of the committee. Ex-officio members of the Undergraduate Council appointed to the General Education committee will serve a two-year term and may serve a second term. The chair of the committee is selected from among the faculty members of the committee at the last meeting of the Spring semester. All members of the committee may vote.

### **General Education Subcommittees:**

#### ***Function***

There are seven subcommittees, one each for each of the Basic Skills and Broadened Perspectives areas. The subcommittees serve in an advisory role to the General Education committee and are charged with management of the lists of courses to be included in the General Education requirement for their respective subcommittee. Specifically, subcommittees review and make recommendations for approving general education courses and review courses for continuation as general education courses. Subcommittees correspond with departments proposing courses and consult with faculty in revising course proposals. In addition, subcommittees review student petitions for general education courses.

***Selection of Subcommittee Members:***

Members of the General Education Subcommittees will be appointed by the Chair of the Undergraduate Council in consultation with the General Education committee and the Undergraduate Council. Each subcommittee will have representation from multiple colleges. Subcommittees may range in size from 3-8 members. Each subcommittee should have representatives with subject expertise in the general education category it represents.

Members will serve a 3-year term on a rotating basis and may serve a second term. The chair of each subcommittee will be appointed by the chair of the General Education committee and will be selected from the pool of members with at least one year of service on the subcommittee. The chair of each of the Basic Skills subcommittees will be selected as follows; Quantitative Reasoning from Math, Communicating Orally from Speech Communication and the chair of Communicating through Writing will be the Director of English Composition.

## **General Education Guidelines Course Revisions and Removing Courses**

*Note: These guidelines will be posted on the UG Council website on the General Education page. Also, the guidelines will be included in the instructions for submitting course and program changes to the Undergraduate Council developed by the Catalog Editor.*

After approval by the Department and College faculty, proposed changes to General Education courses are submitted to the Undergraduate Council for review.

### **Guidelines for General Education course revision**

Courses currently on one of the General Education course lists that undergo revision in content (e.g., a change in title, credit or contact hours, catalog description, or student learning outcomes) will be required to reaffirm General Education eligibility by submitting documentation to the appropriate General Education subcommittee as part of the curricular action for the revision. Documentation will include a completed course proposal form indicating the course changes.

### **Guidelines for removing courses from a General Education list**

- A. Removal of a course from the General Education course list does not imply removal of the course from the listing of courses in the University Catalog. A separate process is required to drop a course.
- B. For requests to remove a General Education course that may have significant impact to curricula, the General Education committee may recommend a phase-out plan and a delay in removal in order to make sure affected programs are identified and notified of the need for curricular adjustment. The academic unit requesting the removal must check with the UG Council Curriculum Committee to determine if the course requires a phase-out plan. The phase-out plan, if required, must include a search of all programs requiring the course (via searching the most recent catalog), a schedule of notification to deans and department heads of affected programs, and determination of a reasonable drop date to allow programs to make curricular adjustments.
