TENNESSEE DEPARTMENT OF AGRICULTURE 2007 URBAN FORESTRY FUNDING

Warren Nevad, Municipal Management Consultant

The Tennessee Department of Agriculture Division of Forestry is accepting urban forestry project proposals from local governments, private nonprofit organizations, and educational institutions. Project proposals for 2007 that address any of four elements of an urban or community forestry program will be given priority for funding. These elements are ordinances, staffing, management planning, and advisory organization. Nonpriority projects such as education/funding and tree planting will be considered after proposals for priority projects are selected.

Additional details on types of projects, along with application forms and proposal instructions, are available in grant information packages.

The Division of Forestry provides financial assistance through urban and community forestry grants to local governments, educational institutions, communities, and nonprofit groups. Grants allow local communities to develop or expand their urban forestry programs and build lasting capabilities to manage their urban forests.

Examples of projects that have been funded recently include:

1. Tree inventories;
2. Development of urban forest management plans;
3. Outdoor classrooms;
4. Urban forestry brochures, publications, and videos; and
5. Educational conferences and seminars.

PROGRAM REQUIREMENTS

The grantee is required to keep accurate records for reporting, invoicing, and project documentation. Project proposals must be received in the Nashville office of the Division of Forestry by 4:30 p.m. on Friday, April 13, 2007.

GRANT WORKSHOPS

Grant workshops will be held at various times and locations across the state. Workshop details are provided in the information and application packet. Applicants are strongly encouraged to attend a workshop because the urban forestry grant program has changed significantly from previous years.

PROGRAM MATERIALS

To request a 2007 grant information package or to receive more information about the urban forestry grants, please contact Bruce Webster at bruce.webster@state.tn.us, (615) 837-5436; Tom Simpson at tom.simpson@state.tn.us, (865) 908-4434; Brian Rucker at brian.rucker@state.tn.us, (615) 837-5439; or Shawn Posey at shawn.posey@state.tn.us. In order to present the most effective grant package, we recommend various letters of support from within your community and a resolution supporting and transmitting your grant package by your city council. For additional information, contact your MTAS municipal management consultant.

The Municipal Technical Advisory Service (MTAS) is a statewide agency of the University of Tennessee Institute for Public Service. MTAS operates in cooperation with the Tennessee Municipal League to provide technical assistance services to officials of Tennessee’s incorporated municipalities. Assistance is offered in areas such as accounting, administration, finance, public works, ordinance codification, and water and wastewater management.

MTAS Hot Topics are information briefs that provide a timely review of current issues of interest to Tennessee municipal officials. Hot Topics are free to Tennessee local, state, and federal government officials and are available to others for \$2 each. Photocopying of this publication in small quantities for educational purposes is encouraged. For permission to copy and distribute large quantities, please contact the MTAS Knoxville office at (865) 974-0411.
