**THE UNIVERSITY OF TENNESSEE  
UNDERGRADUATE COUNCIL**

**MINUTES OF MEETING  
November 4, 2003**

Members Present: F. Davis, B. Gould, R. Hinde, H. Hirschfeld, M. Holcomb, L. Jolly, P. Julian, K. Klyce, C. Luthe (for S. Swan), M. Moffett, M. Moon, J. Mozingo, B. Park, P. Pinckney, C. Pionke, R. Saudargas, F. Spicuzza, T. Stratta.

Ex-Officio Present: M. Albrecht, R. Bayer, D. Cox, T. George, G. Hoemann, F. Pierce, M. Robinson, R. Smith, L. Wilhelm.

Jolly called the meeting to order at 2:00 p.m.

**Committee Reports**

- Academic Policy Committee – Saudargas reported the Academic Policy Committee recommends discontinuing the WP/WF option and proposes that students be allowed to drop a course with a W on the transcript until the 84<sup>th</sup> calendar day of the semester (12<sup>th</sup> week.) Discussion included concern that 12 weeks is too long, giving students a chance to drop a class with only two weeks left in a semester. In-state schools' policies vary from two to nine weeks. A shorter drop time leads to more appeals and petitions. Since a W is not calculated in the GPA, the new option assists those on the Hope Scholarship. (If a student loses a Hope Scholarship, he/she is permanently ineligible to receive the scholarship even if the student raises his/her GPA.) It is recommended that freshmen be fully informed of the details of the new option as part of Orientation. The change in the withdrawal policy appears on p. U315.

The Council voted to accept the new policy.

- Advising Committee – Darling. The change in the advising policy allows the advisors to focus more attention on students at risk and to educate students on their responsibility in the academic planning process. The new policy appears on p. U314.

Council approved the revised policy.

- There was no report from the Appeals Committee.
- Curriculum Committee – Hinde presented the proposals from the College of Nursing (and the College of Social Work.

The Committee approved a list of courses to be dropped which have not been taught for four or more years. Next year when this list is submitted to colleges for approval, notation of a specific term for teaching will be required by the Curriculum Committee. The Committee will review the list closely in order to make course listings in the catalog as accurate as possible.

Council approved the curricular changes (pp. U317-U331)

- General Education Committee – Jolly reported that the Faculty Senate approved the General Education Requirements with minor changes. The proposed changes will be presented to the Undergraduate Council at the February 3, 2004 meeting.

Informational Item

Jolly reported the Review and Redirection Task Force will present a list of programs to the Educational Policy Committee, then to the Undergraduate and Graduate Council, and on to the Faculty Senate for a recommendation to the Chancellor. The councils should have the lists by March or April 2004.

The meeting adjourned at 2:45 p.m.

**Academic Policy Committee – 1:00 p.m. – January 20, 2004 – 4<sup>th</sup> Floor, AHT**

**Curriculum Committee – 2:00 p.m. – January 20, 2004 – 8<sup>th</sup> Floor, AHT  
(Agenda Items Due by Noon DECEMBER 10, 2003)**

## Undergraduate Academic Policy Committee Report

The Academic Policy Committee met on October 21, 2003 – 2:00 p.m. – 4<sup>th</sup> Floor Andy Holt Tower.

Members present: Anderson, Bayer, Gould, Holcomb, Jolly, Julian, Parker, Pinckney, Saudargas (Chair).

Two proposals were approved by the committee.

### I. Proposed Change in Academic Advising Policy

The Advising Committee and the Undergraduate Academic Policy Committee of the Undergraduate Council have approved the following proposal:

#### Change (pg. 35 of the 2003-2004 Undergraduate Catalog):

##### From:

Prior to advanced registration, during each main term of the academic year (i.e., during Spring and Fall), each student has the obligation to consult an advisor for a substantial conference.

##### To:

Prior to advanced registration, all students who have earned fewer than 30 hours at UT or are on Academic Review are required to meet with an advisor during each main term of the academic year (i.e., during Fall and Spring). All other students are required to consult an advisor for a substantial conference during a designated term each year.

##### Rationale:

In 1994 the University participated in a program review of academic advising. The external review team consisting of nationally recognized advising experts made the following recommendation:

“Recommendation: The existing policy on mandatory advising across the University should be revised to include only those students who are on academic review. The cross-college advising center, the colleges, and the academic departments should be allowed to determine which, if any, of their students should be subject to mandatory advising.

The current policy, designed to enhance faculty contact, has actually created more problems than it has solved. Among them are: 1) Conscientious students who have done an excellent job of academic planning should not be required to see an advisor simply to have a peach card signed; 2) The policy feeds the notion that the primary reason a student needs to see an advisor is to get a card signed; 3) The policy is not enforceable; 4) Some faculty view the policy as a nuisance; and 5) The true measure of advising is in the quality of support it provides to students and the existence of the mandatory advising policy, although intended to ensure contact, does not address qualitative issues.”

The issues cited nine years ago remain prevalent today. A change in the advising policy would allow the advising community to focus more attention on students at risk as well as to educate students concerning their responsibility in the academic planning process. The implementation of DARS provides an extremely important tool to aid students in course selection and program planning.

**Effective: Spring 2005 (2004-2005 Undergraduate Catalog)**

### II. Proposed Change in Withdrawal Policy

The Undergraduate Academic Policy Committee of the Undergraduate Council has approved the following proposal:

#### Change (page 42 of the 2003-2004 Undergraduate Catalog):

##### From:

##### Changes in Registration

Undergraduate students may add courses through the tenth calendar day counted from the beginning of classes. Because of the nature of some courses, permission of the department head may be required to add a course after classes

begin. Students may also, as departmental policies permit, change a section of a course through the add deadline.

- Students may drop courses until the 10th calendar day from the start of classes with no notation on the academic record.
- From the 11th calendar day until the 42nd calendar day, students may drop courses which will receive the notation of "W" (Withdrawn).
- The "W" grade is not computed in the grade point average.
- Courses may be dropped on the web ([www.cpo.utk.edu](http://www.cpo.utk.edu)) or through the telephone registration system.
- After the 42nd calendar day and to the 84th day of classes, courses may be dropped and will be assigned a "WP" (Withdrawn Passing) or a "WF" (Withdrawn Failing).
- Instructor's signature is required. The form, once signed, should be taken to the Office of the University Registrar for processing.
- The "WF" is calculated in the grade point average as an F.
- After the 84th day, no drops are permitted.
- The exceptions to the add and drop deadlines are summer and other special sessions. Students should consult the summer term timetable for the appropriate deadlines.
- Failure to attend a course is not an official withdrawal and will result in the assignment of an F grade.

**Changes in Registration**

Undergraduate students may add courses through the tenth calendar day counted from the beginning of classes. - After the 84th day, no drops are permitted.
- Students should consult the summer term and other special session timetables for the appropriate add and drop deadlines.
- Failure to attend a course is not an official withdrawal and will result in the assignment of an F grade.

**Rationale:**

The Academic Policy committee is recommending discontinuing the WP/WF option and proposing that students be allowed to drop a course with a W on the transcript until the 84<sup>th</sup> calendar day of the semester (12<sup>th</sup> week). Considerable inconsistency across campus in the implementation of the WP/WF policy and a lack of understanding of the policy by many faculty and students led to this recommendation. The proposed change will simplify the withdrawal process, and the committee felt that by the 84<sup>th</sup> day or twelfth week of classes the student would have sufficient information about their classroom performance to decide whether to withdraw from a class.

**Effective: Fall 2004**

## **Undergraduate Curriculum Committee Report**

The Undergraduate Curriculum Committee met October 21, 2003 – 3:30 p.m. – 4<sup>th</sup> Floor Andy Holt Tower.

Members present: Cox, George, Hinde (Chair), Hirschfeld, Jalata, Jolly, Moon, Mozingo, Park, Robinson, Spicuzza, Stratta.

### **I. Curricular Proposals submitted**

- College of Education, Health, and Human Sciences (The proposal was withdrawn.)
- College of Nursing (All items approved.)
- College of Social Work (All items were approved.)

### **II. Courses Not Taught in Four or More Years: To Be Dropped Fall 2004.**

- The Curriculum Committee approved dropping eighteen courses not taught in four or more years. Beginning next year, the department must state a specific semester/year the course will be taught. If the course is not taught, the Curriculum Committee will recommend that the course be dropped.

SUBJECT: Undergraduate Curricular Changes – College of Nursing

The attached curricular changes have been approved by the faculty of the College of Nursing and are submitted to the Undergraduate Council for consideration. The following is a summary of these proposals:

1. Add one new course (Nursing 454) designed specifically for the registered nurses in the RN-BSN curriculum and the non-nurse master's entry students.
2. Revise the description for one course (Nursing 402); the title and description for one course (Nursing 341); the title, description, prerequisites for three courses (Nursing 381, 451, 452); and the prerequisites for one course (Nursing 382).
3. Revise course restriction statement on page 253 of the 2003-2004 Undergraduate Catalog (Courses of Instruction section).
4. Revise Showcase Curriculum (Degree Requirements) for RN Track courses for Bachelor of Science in Nursing: Delete three courses; add two required courses and one elective course. Revise accompanying description of the RN Track for Bachelor of Science in Nursing.

REVISE DESCRIPTION OF RN TRACK FOR BACHELOR OF SCIENCE IN NURSING (on page 191 of the 2003-2004 *Undergraduate Catalog*):

FROM

**RN Track for Bachelor of Science in Nursing**

1. RNs must complete the same non-nursing requirements as other students. They are exempt from the sophomore level 201 Introduction to Nursing course and will be given proficiency credit based on RN status. (Satisfactory/No Credit.)
2. Students will take the NLN ACE examinations prior to starting upper division coursework. If a decision score of 100 is achieved (per section) the student will receive proficiency credit for four of the major clinical nursing courses exclusive of Community Health. Courses for which credit can be obtained in this manner include 361, 403, 461, and 421, and are indicated with a double asterisk. (Satisfactory/No Credit.)
3. All students take the Community sequence 382 and 482.
4. RN-BSN students can elect to challenge 333 Health Assessment by taking the NLN Physical Assessment Examination and passing a "hands on" lab demonstration of assessment skills. Indicated with an asterisk. (Satisfactory/No Credit.)
5. Proficiency credit can be obtained in several other courses by passing instructor-made exams or preparing a portfolio as specified by the faculty. These courses include 319 Pathophysiology of Health Deviations, 351 Pharmacology I, 406 Pharmacology II, and 451 Professional Leadership Issues II (indicated by an asterisk). RN-BSN students also have the option to demonstrate proficiency in 490 Specialty Perceptorship via portfolio or through individual learning experiences developed in collaboration with their advisor. Eligibility for challenge of 451 Professional Leadership Issues II is based on documented employment in a nursing leadership position for at least one-year within the last five years. Challenge of 451 carries a Satisfactory/No Credit grade. All proficiency credit not designated as Satisfactory/No Credit carries a letter grade.
6. The entire upper-division nursing curriculum can be completed in one calendar year. Students not enrolled in nursing courses for two consecutive semesters, excluding summer, will be administratively withdrawn from the program. Those seeking re-entry must reapply to the College of Nursing. Students already accepted into the Masters' Program may be exempted from Multicultural/Integrative Studies (3 hours) and Nursing Electives/Independent Study (5 hours) if they have 123 undergraduate hours. Students accepted for the Masters' Program can begin part-time graduate level study while in the final semester of the undergraduate program.

## MEMORANDUM

**TO:** Undergraduate Council

**FROM:** Frank Spicuzza, Director, BSSW Program

**DATE:** October 3, 2003

**SUBJECT:** Undergraduate Curricular Changes-College of Social Work (BSSW Program)

The attached curricular proposals have been approved by the faculty of the College of Social Work (BSSW Program) and are submitted to the Undergraduate Council for consideration. The following is a summary of these proposals:

1. Revise two courses: 314 (prerequisites) and 460 (credit hours and description).
2. Revise the requirements (Curriculum Showcase) for the BSSW degree and reduce the hours to 120.
  - Revise Mathematics requirement
  - Delete Information Sciences 310
  - Add Communication Studies 210
  - Revise Philosophy requirement list
  - Add Psychology 110
  - Reduce Electives from 11 hours to 6 hours
  - Add additional courses to Women's Studies list
  - Add additional course sequences to History list
  - Add additional courses to Foreign Studies list and delete one course from list
  - Add courses to Regional Studies list
  - Reduce the number of hours for the Literature requirement and revise the list

TO

One philosophy course selected from the list approved by the General Education Subcommittee for Arts and Humanities.

**Supporting Information:**

- a. Rationale: The revised list would reflect identified philosophy courses that meet the Arts and Humanities requirement in General Education
- b. Impact on other academic units: MINIMAL. The list of philosophy course choices will be reduced. Approximately 30 students per year would select a philosophy class from the approved list.

5. **Psychology 110 General Psychology (3)**

ADD course to the present list

**Supporting Information:**

- a. Rationale: Students are currently required to take Psychology 220. Students have been using elective hours to meet the prerequisite (Psychology 110) for Psychology 220.
- b. Impact on other academic units: NONE Students have been enrolling in Psychology 110 for the past year to meet the prerequisite for Psychology 220.

6. **Elective hours (Senior Year)**

REDUCE from 11 to 6

**Supporting Information:**

- a. Rationale: Reducing the course load for the degree. Students would be able to complete the BSSW degree at a minimum of a 120 credit hours.
- b. Impact on other academic units: NONE

7. **Women Studies Requirement (3)**

ADD courses to the present list
