REVISE THE MILITARY CREDIT POLICY

ACADEMIC POLICIES AND PROCEDURES
MILITARY CREDIT

Based on the number of months of active duty military service, students may receive three to twelve hours of academic credit from the departments of Physical Education and Military Science and Leadership. Students should submit a copy of their DD214 to the Office of the University Registrar Undergraduate Admissions so that the number of months of active duty may be determined. Upon review, students may receive hours of credit, as appropriate, for MLSL 101 (2), MLSL 102 (2), MLSL 202 (3), and PYED LD (5). Credit is not awarded if the student already has transfer credit for MLSL 101, MLSL 102, or MLSL 202 through transfer credit or through UT registration.

In addition to the credit described above, academic credit can be awarded for credit earned at military service schools. To receive course credits, students should provide to the Office of the University Registrar Undergraduate Admissions an official transcript from the Community College of the Air Force or their Joint Services Transcript (JST). Credit is awarded following the American Council on Education (ACE) credit recommendations guidelines for military course completions. UT awards LD (lower division)/UD (upper division) credit for courses in the lower/upper level category. LD/UD credits are normally acceptable as general elective course credit; however, students should contact their college’s advising center or major adviser to determine if the LD/UD credit will satisfy specific degree requirements. UT does not award credit for the vocational or graduate level categories.
Beginning fall 2019, students may receive course credit for military learning experiences that appear on the student’s JST record. Credit is awarded following ACE credit recommendation guidelines that have been reviewed and approved by UT Knoxville faculty. For some military learning experiences, UT awards LD/UD credit for learning experiences that match the lower/upper level category. Information is available at https://veterans.utk.edu/.

LD/UD credits are normally acceptable as general elective course credit; however, students should contact their college’s advising center or major adviser to determine if the LD/UD credit will satisfy specific degree requirements.

Students who want to use proficiency or other examinations to earn credit for work or material mastered through non-credit courses or experiences should contact the dean of the college that offers the course for which credit is sought.

For questions concerning your credit evaluation, please contact the Office of the University Registrar Undergraduate Admissions at 865-946-3864 or utktfereval@utk.edu. Additional information is available at https://registrar.utk.edu/for-transfer-students/transfer-credit-policies-and-procedures/transfer-credit-military/.

**Rationale:** The State of Tennessee has requested that we award academic credit to veterans based on information learned as part of their training for particular roles in the military, based on ACE recommendations and UTK’s faculty’s review of those recommendations. It was noted that the ACE reviewers are active faculty members at regionally accredited institutions and had access to confidential information in order to make their assessments. UTK’s faculty then review the ACE recommendations to determine the appropriate UTK credit to be awarded. The resulting information can then be made available to advisors, student veterans, and prospective students.

Minutes of the Meeting
February 19, 2019

Welcome and call to order

Approval of Minutes – minutes from November 2018 approved

Old Business – none

New Business
- Entrepreneurship minor - Shawn Carson from the Anderson Center for Entrepreneurship & Innovation presented on the history and mission of the Center, interdisciplinary entrepreneurship minor, and the various competitions for funding. (See attached.)
- Revision of Advising Committee Operating Guidelines – Lamons distributed copies of the document and described the intended changes. After discussion and minor changes to the document, Lamons asked for a motion to vote on adoption of the guidelines. Bradley moved and Parker seconded. The motion passed unanimously. (See attached.)
Call for nominations for Chair 2019-2020. Lamons announced the call for nominations are open at https://acchair.questionpro.com.

Standing Reports

- Academic Advising Leadership Group – Parker noted three items under recent consideration. We will conduct the advising assessment survey of students during spring 2019. This is the third year of this particular instrument. Drs. Jennifer Morrow and Louis Rocconi of Evaluation, Statistics and Measurement department in the College of Education, Health, and Human Sciences will compare and evaluate the results over the past three years. The leadership group is working on revisions to the Advisor Career Path for clarification of eligibility rules and to simplify the document. Revision will be vetted by Human Resources before implementation in 2020. Provost Mandersheim visited during a recent meeting and expressed his support of academic advising as an important piece of the strategic plan. The Provost sought input from the group regarding data analytics. UT’s contract with Civitas is soon to expire as is the contract with GradesFirst. The intent is to purchase a product that will serve as the advising and academic support system for scheduling, notes, early alert, as well as data analytics. Decision will be made very soon. Everyone is invited to learn about the new GENED requirements – The Volunteer Core, effective beginning Fall 2021. Information on the requirements and the schedule for meetings can be found at https://ugcouncil.utk.edu/volunteer-core/.

- TennACADA – Ducay announced nominations are currently sought for the board for 2019-2020. Email Ellie Mulherin (emulheri@utk.edu) with nominations for President, Vice President, Secretary, and Communications. Nominations for advising awards to be open soon. Events for spring are “Delivering Bad News” panel on Thursday, March 28 from 3:00-4:30 in Communications Building Scripps Convergence Lab. Tuesday, April 23 will be the Fieldhouse Social (Social) from 5:00-6:00 at 2525 University Commons Way (near WalMart & Publix).

- Enrollment Management (Admission, Registrar, One Stop, Financial Aid) Nash noted that first-year admitted students are approximately 1,000 more than last year at this time. Confirmations are slightly lower, but award notification letters are going out next week (2-3 weeks earlier than in previous years) and an uptick in confirmations are expected as a result. Approximately 70 students have been admitted into the Volunteer Bridge Program. Transfer admissions are close to last year at this point. One Stop will soon begin the initial outreach for fall registration. Two new hires for a Coordinator of Financial Wellness, Philippa Satterwhite, and senior counselor, Spencer Morris.

- Multi-Cultural Student Life – no report

- Student Success Center – Adams announced that the SSC is in full swing offering tutoring appointments, Supplemental Instruction, and academic coaching appointments. Students may schedule tutoring and coaching appointments via GradesFirst. Full tutor and SI schedules may be found online at https://studentsuccess.utk.edu. Piloting a new location Clement Hall that includes offerings for Volunteer Bridge students.

- First-Year Studies – no report

- Student Life – Bennett announced the new UT Explore workshops available to students in exploratory majors. Center for Career Develop continues to offer CE 205, but hopes to increase opportunities for students with the workshops. See attached flyer. CCD also offers the Parker Dewey platform for micro internships and projects. Information at https://career.utk.edu/students/gain-experience/internships-co-ops/micro-internships-and-projects/. (See attached.)

- Thornton Center – Steward announced recent restructure of staffing at TAC. Details at http://thorntoncenter.net/staff-2/. He also invited interested departments to attend TAC staff meetings. TAC staff is also willing to visit departments. Contact him at mstewa26@utk.edu.

PROPOSAL TO REVISE THE ADVISING COMMITTEE GUIDELINES

Whereas, a survey of Advising Committee members conducted during the fall of 2018, provided the impetus for clarification of the purpose, membership, and roles of the chair and administrative coordinator;

Resolved, that the following recommendations be adopted as the official operating guidelines for the Advising Committee, sub-committee of the Undergraduate Council at the University of Tennessee.

(Please note that blue text indicates the location or format of the text is being edited, but the meaning of the text remains the same. Red text indicates revisions to titles and/or meaning.)

Advising Committee Guidelines

Purpose

- To support academic advising as part of the teaching mission of the university and the teaching role of faculty.
- To coordinate across academic colleges and units the underlying principles of best practice in academic advising as outlined in the Undergraduate Catalog and university academic policies.
  "Central to the mission of academic advising at the university is teaching students to understand the meaning of higher education, teaching students to understand the purpose of the curriculum, and fostering students' intellectual and personal development toward academic success and lifelong learning. Through individual, collaborative relationships with academic advisors, students are best able to define and implement sound educational plans that are consistent with their person values, goals and career plan."
- To provide a forum for discussion of academic advising and student success related topics and policies, procedures and processes for faculty, advising administrators, enrollment management administrators, and student life administrators.
- To share critical, cross-functional updates and address areas of concern related to advising and student success.
- To support academic advising as part of the teaching mission of the university and the teaching role of faculty.
- To recommend policy, in conjunction with the Academic Policy Committee, to the Undergraduate Council on matters that pertain to academic advising and areas related to academic advising.

Undergraduate Council
Appeals Committee
Annual Report
Readmissions and Reinstatement Recap, Fall 2017 through Summer 2018

Dismissal Appeals

Students who are academically dismissed have the opportunity to appeal for reinstatement rather than sitting out as required by the dismissal policy. From Fall 2017 through Summer 2018, a total of 630
students were academically dismissed. Of those 630 dismissed students, 73 (11.6%) filed a dismissal appeal seeking reinstatement rather than sitting out their required amount of time.

Appeals are typically granted when students with a clear path to graduation demonstrate difficult external circumstances that impacted academic success. Further, students must demonstrate that they have taken steps to resolve matters and are now in a better position to succeed.

Readmissions Appeals

The Appeals Committee meets with students seeking readmission to UT following two previous academic dismissals. Since their last dismissal, they must have completed 12 or more hours elsewhere with a 2.5 GPA or higher, in accordance with the UT dismissal policy. The Committee interviews these students in person, inquiring about success strategies, practical life concerns (time management, finances, etc.) and their curricular path to graduation. In most cases, students are granted readmission.

This year, 11 readmission applicants met the dismissal policy conditions. The Committee granted readmission to 9 of those applicants. The two not granted readmission had not performed up to expectations in their most recent semester of work elsewhere.

Appeals Committee Composition

Over the past year, the committee saw turnover which brought about the need for us to revise our composition (within the bounds of current guidelines) to make sure we represented—in breadth and balance—diversity in many forms (cultural, gender, faculty/staff). We have membership in place that will serve the best interests of all students, will fairly consider the circumstances some of our students face, and will continue to uphold the standards of rigor and integrity associated with UT academic work.

Rationale: This is a math error. PLSC 180 was incorrectly noted in the uTrack showcase in both the 2018-2019 and 2019-2020 catalogs as 3 hours, when it should show 2 hours. In order to keep the total hours at 120, the unrestricted elective in term 8 was changed to reflect a range of hours. If a student takes 4 hours in the Chemistry or NS Elective in term 4 (which shows 3-4 hours), then a 2-hour elective is enough in term 8. If
the student takes a 3-hour course in term 4, then a 3-hour elective is needed in term 8. Impact on other units: None. Financial impact: None.

Formerly: PHYS 411 - Introduction to Quantum Mechanics (3)

PHYS 431 – Electricity and Magnetism I (3)
Formerly: PHYS 431 - Electricity and Magnetism (3)

Rationale: The Office of the University Registrar noticed that two pairs of courses with the PHYS subject code have identical titles, while others clearly indicate a difference (for example, How Things Work I and How Things Work II). In addition, two pairs have one course designated as “II” but the other course does not contain a similar designation. Unofficially, the department refers to all these sets of courses as I and II. The department was asked to update the titles of these courses to clarify the difference between the pairs of courses for faculty/staff outside the department and for students. Students may meet this college requirement in one of four ways.
(4th bullet point) Students whose native language is not English may satisfy the requirement with ENGL 131* and ENGL 132* and any two of the following courses: AFST 225*, AFST 226*, AFST 233*; CLAS 253*;
ENGL 201*, ENGL 202*, ENGL 206*, ENGL 207*, ENGL 208*, ENGL 209*, ENGL 221*, ENGL 222*, ENGL 225*, ENGL 226*, ENGL 231*, ENGL 232*, ENGL 233*, ENGL 237*, ENGL 238*, ENGL 247*, ENGL 248*, ENGL 251*, ENGL 252*, ENGL 253*, ENGL 254*, ENGL 258*; INSC 330; ITAL 401, ITAL 402; JAPA 313, JAPA 314; JST 312; LAC 315; MRST 261, MRST 262, MRST 401, MRST 402; MFL 300; PORT 315; REST 312; RUSS 221*, RUSS 222*.

Rationale: MEST 225 is cross-listed with REST 225, which appears on List A; therefore, both versions of these cross-listed courses should be on the list. ENGL 209 was added to the 2018-2019 catalog and has been approved for both AH and WC but was inadvertently omitted from these lists, which could negatively affect students. Add Course, Request Variable Title

**ACCT 499 – Special Topics in Accounting (3-12)**
Introduction to foundational knowledge in accounting.
*Repeatability: May be repeated. Maximum twelve hours.*
*Permission: Consent of instructor.*
*Comment(s): Students who intend to pursue the Master of Accountancy (MAcc) but do not have an undergraduate accounting degree will be required to complete this course for admission to the program.*

*Rationale:* ACCT 321 is being dropped from the Fall 2019 catalog and an equivalent, ACCT 204, added in its place. Students graduating next year who have not yet completed ACCT 321 will take ACCT 204 to obtain necessary content, but, this will leave them 3 upper-division accounting hours short to be eligible to take the CPA exam. (Students graduating after next year will not encounter this issue due to a new course, ACCT 481, being available.) To rectify this issue, this special topics course is being added. Every other discipline in our college has such a special topics course; this addition will also resolve the lack of such a course in the accounting discipline. Impact on other units: None. Financial impact: No negative impact; current faculty already on staff or faculty hired with approved new lines will have the qualifications to teach this course.

*Rationale:* When the original proposal was submitted on December 1, 2018, the department did not realize that the proposed change would result in multiple overrides for students who needed this course but were not required to take PBRL 270. A short term solution is to remove the PBRL 270 requirement. The department will monitor the performance of students in the course to determine if a better long-term solution is required. Update on EL-Designated Course Proposal Process

Currently the chairs of the Experience Learning Designation Subcommittees, along with members of the Teaching & Learning Innovation unit that focus on supporting experiential learning courses and implementing the university’s QEP, are working together to develop a consistent schedule and process for reviewing courses that are officially designated as S, R, and N courses. They will seek to draft a process for review to the Curriculum Committee and Undergraduate Council during the fall 2019 semester.

Update on the CIS Graduation Requirement

The sub-committee met March 6, 2019. Discussion focused on developing and reviewing a new form and rubric for 1-3 credit hour courses. Dr. Hinde has offered to collect syllabi of courses that could potentially satisfy the CIS requirement from the associate deans to aid in drafting a new proposal form. As decided at the last meeting of the Curriculum Committee, the subcommittee will initially focus on courses before accepting applications for non-course experiences.

Proposal to Change the Membership Guidelines for this Committee

Membership Guidelines

- The role of the Curriculum Committee of the Undergraduate Council is to ensure consistency and quality of undergraduate curricula at the University of Tennessee. In this role, the Curriculum Committee makes recommendations to the council regarding the approval or denial of curricular changes submitted to the council for consideration.

- The Curriculum Committee membership consists of:
  - Ten elected faculty members of the Undergraduate Council, with one elected faculty member from each college, except two elected faculty members from Arts and Sciences.
  - Four to five ex-officio members of the Undergraduate Council as defined by the administrative officer having primary responsibility for undergraduate curriculum in their respective colleges. The ex-officio membership will rotate each year.
  - One student member of the Undergraduate Council.
  - The Chair of the Curriculum Committee is selected from among the ten elected faculty members at the last committee meeting of the spring semester of each year. The chair serves in this capacity for one year, beginning on July 1.
  - All members of the committee may vote.

Experiential Learning Subcommittees

Structure and Selection of Subcommittee Members

Subcommittees will exist for each approved Experiential Learning course designation. Subcommittees may range in size from 5-7 members. Each subcommittee will have faculty representation from multiple colleges with undergraduate academic programs and representatives with subject expertise in the experience learning category it represents. Members will serve a 3-year term on a rotating basis and may serve multiple terms.

There are currently two subcommittees, R-research and S-service learning. The structure of each subcommittee is as follows:
Research Subcommittee
- The Director of Undergraduate Research serves as chair
- The Assistant Provost for Experience Learning and Teaching Innovation serves as a voting member.
- 1-2 elected members of Undergraduate Council, assigned by the Chair of Undergraduate Council
- 2-3 “content experts” in undergraduate research, selected by the Director of Undergraduate Research in consultation with the Chair of Undergraduate Council; members are selected to ensure that the majority of the committee are faculty members

Service Learning Subcommittee
- The Faculty Consultant for Service Learning serves as chair
- The Assistant Provost for Experience Learning and Teaching Innovation serves as a voting member.
- 1-2 elected members of Undergraduate Council, assigned by the Chair of Undergraduate Council
- 2-3 “content experts” in service learning, selected by the Faculty Consultant for Service Learning in consultation with the Chair of Undergraduate Council; members are selected to ensure that the majority of the committee are faculty members

Proposal to add text related to the previously approved N Subcommittee

Experiential Learning Subcommittees

Structure and Selection of Subcommittee Members

There are currently three two subcommittees, N-internship, R-research, and S-service learning. The structure of each subcommittee is as follows:

Internship Subcommittee
- The Director of the Center for Career Development serves as chair
- The Assistant Provost for Experience Learning and Teaching Innovation serves as a voting member
- 1-2 elected members of Undergraduate Council, assigned by the Chair of Undergraduate Council
- 2-3 “content experts” in internships, selected by the Director of the Center for Career Development in consultation with the Chair of Undergraduate Council; members are selected to ensure that the majority of the committee are faculty members

Rationale: The N subcommittee was approved during a previous academic year, but the information was never added to the Curriculum Committee Guidelines. This corrects that oversight.

GENERAL EDUCATION COMMITTEE

The University of Tennessee, Knoxville
General Education Committee
Minutes of the Meeting
March 13, 2019
Call to order: A regular meeting of the General Education Committee was held in the West Wing Conference Room (440) of Haslam Business Building on March 13, 2019. The meeting was called to order by Barbara Murphy, Committee Chair, at 8:30 am.

Members and Subcommittee Chairs present: Barbara Murphy, Chair, Monique Anderson, Richard Bennett, Megan Bryson, Sarah Burnley, Chuck Collins, Erin Darby, Marleen Davis, George Drinnon, John Haas, Don Hodges, Cheryl Kojima, Jeff Larsen, Roberta Lavin, Joanne Logan, Mike McFall, Harrison Meadows, Masood Parang (by proxy Margie Russell), Missy Parker, Charissa Powell, Jeff Ringer (by proxy Charissa Powell), Lisi Schoenbach, and Amanda Warren

Others present: Ken Baker, Ashley Browning, Mary Beth Burlison, K'Cindra Cavin, Alison Connor, Betsy Gullett, Heather Hartman, R.J. Hinde, Robert Mindrup, Jana Spitzer, and Molly Sullivan

Course Proposals: (None)

Other Proposals:
- The Committee voted to create a permanent Vol Core Assessment Subcommittee to oversee the process of reassessing every approved course at least once every ten years to ensure the courses continue to meet the goals of the curriculum.
- The WC Subcommittee updated their rubric for assessing courses to reflect the learning outcomes in the Vol Core curriculum. (See attached.) Their rubric was approved without objection.
- The AH Subcommittee updated their submission form by adding clarifying language to the last sentence on the form. (See attached.) The revision was approved without objection.

Other Business:
- The concerns about the Vol Core that were expressed by members of the Faculty Senate were shared with the Committee. This discussion will continue in the Implementation Committee and brought back to the full Committee at the next meeting.
- The first Vol Core informational meetings have been held. The suggestion was made that additional meetings would be beneficial.
- A suggestion was made that the Vol Core have a logo that could be placed on the syllabi of approved courses. This discussion will continue in the Implementation Committee and brought back to the full Committee.
- The April meeting of this Committee will be the last of the academic year. An election for the next Chair of this Committee will be held at that time.

Adjournment: The meeting was adjourned at 9:36 am.

Next Meeting: The next meeting will be held Wednesday, April 10, 2019, beginning at 8:30 am in the West Wing (440) of the Haslam Business Building.

Approval of Minutes: These minutes were approved via email on March 19, 2019.

Revise Rubric

Written Communication
(Remove previous rubric and replace with this one)

Good writing skills enable students to create and share ideas, investigate and describe values, and record and explain discoveries – all skills that are necessary for professional success and personal fulfillment. Students must also be able to write correctly and engage in a productive writing process that includes drafting, feedback,
revision. They also must be able to locate relevant information, evaluate its usefulness and quality, and incorporate it logically and ethically to support ideas and claims for different audiences and purposes.
