Results of an Evote
October 10, 2019

Call to Order: An evote on one proposal was held beginning on Thursday, October 10, 2019, and running through the end of the day on Monday, October 14, 2019. A majority of members responded with a vote to approve the proposal.

Members responding: Chris Magra, Chair, Katherine Ambroziak, Kim Denton, George Drinnon, Katie Kavanagh, Virginia Kupritz, Lindsay Mahony, Christine Nattrass, Kathleen Thompson, Erin Whiteside, Emma Willcox, and Angela Wozencroft

Others included in email discussion about the proposal: Sherry Bell, Laura Brown, Ryan Carter, Jeff Fairbrother, Jennifer Hardy, Ashley Harkrider, Heather Hartman, R.J. Hinde, Demetria Mells, Janet Schmitt, Kristen Secora, David Smith, Jana Spitzer, Molly Sullivan, and Anthony Welch

Proposal (See attached.)

In 2018, a task force was created to renew a Memorandum of Understanding (MOU) between the University of Tennessee Health Science Center (UTHSC) and the University of Tennessee, Knoxville (UTK) for the joint program in Audiology and Speech Pathology (ASP). That MOU renewal was approved by both institutions, and SACSCOC accepted our notification of the renewal.

Members of that task force, UTK administrators of the ASP program, and administrators of the UTK host college (Education, Health, and Human Sciences) together proposed a process for UTK to follow when updating the UTK catalog in response to curricular changes made by UTHSC in accordance with item 7 of the MOU. Additional background, the proposal, and a rationale are included below.

A quorum of members voted to approve the proposal.

Submitted by: Molly Sullivan on behalf of Chris Magra, Chair
Background:

The University of Tennessee, Knoxville (UTK) and the University of Tennessee Health Science Center (UTHSC) have a Collaborative 3+1 Program leading to a joint Bachelor of Science degree in Audiology and Speech Pathology (ASP). That program is governed by a Memorandum of Understanding (MOU) prepared by the two institutions for which SACSCOC accepted notification. (The date of the letter is October 11, 2018.)

The MOU contains the following statement with regard to curricular changes:

7. Curriculum changes that include only the ASP portion of the program (i.e., the UTHSC courses) will be approved through the normal UTHSC procedure. Curriculum changes made by ASP that include the pre-major requirements will be approved through both UTHSC and UTK procedures. Changes in pre-major requirements made by UTK will include consultation with the ASP faculty. In either case, the institution making the changes will communicate those changes to the appropriate personnel at the partner institution.

Proposal:

When UTHSC makes a change to the ASP courses or program requirements in their catalog that the MOU gives them the authority to do, UTK will make a corresponding change to the UTK catalog. The information will be shared with the UG Curriculum Committee, UG Council, and Faculty Senate as an informational item that does not require a vote by UTK.

Rationale:

Because the curriculum change calendars at UTHSC and UTK may not always be in alignment, it is possible that a curriculum change made by UTHSC may not be communicated to UTK in sufficient time for the change to move through UTK’s curriculum change processes. The changes to UTK’s Undergraduate Catalog that will be covered by this proposal are those that are required to ensure that ASP course work is properly transcripted so that ASP students can receive a joint degree from UTK and UTHSC, as per the terms of the MOU. Because these changes involve only courses delivered by UTHSC, this is simply a bookkeeping measure that does not undermine the integrity of UTK’s own curriculum change processes.
