Re: BS in Nursing at UT Medical Center & Cherokee Farms - Notification

Dear Kevin,

Please accept this letter as notification of off-campus site instruction of 25-49% for the Bachelor of Science in Nursing (BSN) program at the University of Tennessee Medical Center (UTMC) and Cherokee Farms.

University of Tennessee Medical Center  Cherokee Farms
2121 Medical Center Way  2706 Cherokee Farm Way
Knoxville, TN 37920  Knoxville, TN 37920

The program will enroll junior level students in fall 2023, with a cohort of 54 students who will be instructed for five consecutive terms, including one mini and one summer term at UTMC.

This is not a new program, and there are no curricular changes. This is an avenue for increasing enrollment and providing exclusive onsite clinical training to students in the acute care setting with our strongest academic practice partner. The coursework is a combination of didactic and clinical instruction. Graduates will be committing to work for three years at UTMC in exchange for having their five terms of tuition covered by UTMC. UTMC has space at its facility to dedicate for didactic, clinical and simulation lab instruction. Additional clinical placements for these students will be guaranteed above our existing placements for BSN students.

Please contact accreditation liaison Dr. Heather Hartman with any questions you may have regarding this agreement.

Sincerely,

Attachment
