SYMPOSIUM

We thank the members of the various committees for their invaluable contributions of time and energy in organizing and conducting the conference. Their commitment to providing the best possible symposium, produced not only an informative and enjoyable conference, but established a high standard for future conferences. We also appreciate the fine work of Diana Hallett, Edward Kozicky, Robert Pierce Sr., Randy Rodgers, Walter Rosene, Terry Sharpe, Nova Silvy, and Jack Stanford as technical session chairs; and David Brown, Stephen Capel, William Davidson, John Roseberry, and Walter Rosene as workshop session chairs.
