THE UNIVERSITY OF TENNESSEE
Knoxville
Office of the President
February 23, 1996

Presented herewith is the Revised Budget Document for FY 1996. This document is a revision of the Original FY 1996 Budget Document which was submitted to The University of Tennessee Board of Trustees at its annual meeting on June 29, 1995.

The various exhibits, schedules and appendices reflect (1) revisions in the FY 1996 budget estimates through October 31, 1995 and (2) replacement of the FY 1995 estimated revenues and expenditures with actual expenditure data for that fiscal year.

There is, included as Appendix VI, a Summary of Revenues and Expenditures for Restricted Funds. These are, for the most part, gifts and grants made to the University and used for specific purposes as designated by the donors. Appendix VI shows these funds combined with the Unrestricted portion of the Current Funds.

Board of Trustees
The University of Tennessee
Knoxville, Tennessee

Ladies and Gentlemen:

The FY 1995-96 proposed budgets for the instructional campuses, institutes, and other budgetary units comprising The University of Tennessee are presented for your review and approval. This document contains budgets identifying the proposed sources and uses of Unrestricted Current Funds for the following activities:

- Educational and General (E&G) programs,
- Auxiliary Enterprises, including the UT Knoxville Athletics Department,
- UT Medical Center at Knoxville, and
- William F. Bowld Hospital in Memphis

Budgets have been prepared according to provisions contained in the 1995 Appropriations Act, guidelines established by the Tennessee Higher Education Commission, and policies and guidelines of The University of Tennessee.

REVENUES

Educational and General

State appropriations total \$352,691,100 for FY 1995-96, an increase of \$8,262,200 over the FY 1994-95 probable budget. The primary factors contributing to this increase include the restoration of the \$6.0 million impoundment occurring in FY 1994-95; \$2.0 million to fund fully the October 1994, 2.0 percent salary increase; and \$500,000 in non-recurring funds to support the basic educational program at the UT Space Institute. The FY 1995-96 Appropriations Act does not contain any provisions for an employee salary increase or special funding for instructional and research equipment.

Student fee revenues for FY 1995-96 are \$121,295,800, \$4.0 million more than FY 1994-95 estimates. This increase reflects the FY 1995-96 proposed student fees shown in Appendix IV along with revenues associated with expected minor increases in enrollment. When compared with other SREB states, data indicate The University of Tennessee has fees at or below the average for like institutions. However, UT is significantly below the average for out-of-state fees in the medical fields and in veterinary medicine. The

proposed increases in student fees address this situation. Revenues from the proposed fee increases will be used to support additional scholarship opportunities for students and to fund inflationary increases in operating costs at the campuses and units.

Remaining E&G revenue sources are estimated to decrease by \$2.6 million. The primary causes are a projected loss of revenue in the College of Medicine because of funding uncertainties related to TennCare, reduced contracts in the State Testing and Evaluation Center at Knoxville, and a decrease in conference revenues. The decrease in conference revenues results from holding two annual meetings of a major conference in a single accounting year.

Auxiliary Enterprises

Auxiliary revenues are estimated at \$102.8 million, an increase of \$3.7 million above FY 1994-95 projections. Contributing to this increase is \$2.8 million in UTK Athletics from one additional home football game and from revenues realized in FY 1995-96 associated with the 1996 football season's increased seating capacity at Neyland Stadium. Remaining revenues are needed to meet inflationary cost increases for housing, food services, and parking services.

Hospitals

Revenues from hospital operations are projected at \$278.9 million, a decrease of \$17.1 million. This decrease reflects the current operating reductions being made to allow for the uncertainty of available TennCare funding during the FY 1995-96 fiscal year. In addition, the Medical Center at Knoxville anticipates a reduction in the inpatient average daily census that may reduce revenues. While additional funding is provided to TennCare in the FY 1995-96 Appropriations Bill, it is not known what funds will be available to The University of Tennessee. The proposed budget, therefore, has been based on a funding base that may see significant changes over the next several months.

EXPENDITURES AND TRANSFERS

Educational and General

The Unrestricted Current Funds Budget for Educational and General activities, as presented herein, proposes expenditures and transfers totaling \$562.7 million, an increase of \$4.9 million over the FY 1994-95 probable budget. Increases in staff benefits costs account for approximately half of the new expenditures. Primarily the increases are in hospitalization insurance, social security, longevity pay, and retirement contributions associated with the October 1994, salary increase. Also, reflected in the FY 1995-96 proposed budget is full funding of the 2.0 percent salary increase, effective October 1994. The campuses are also providing resources to address gender equity needs in women's athletics. UT Chattanooga proposes adding one position and associated funding to support a women's soccer team. UT Knoxville proposes adding eight positions and associated expenditures to support three additional sports: softball, soccer, and crew. Increased operation and maintenance of plant expenditures primarily result from the opening of the newly renovated Paul Meek Library at UT Martin and the Science and

Engineering Building at UT Knoxville. The campuses are also allocating additional funds to support student scholarship programs. Other proposed operating cost increases are for normal inflationary costs associated with ongoing program initiatives.

FY 1995-96 proposed budget includes funding for 8,853 Unrestricted E&G positions: 2,825 faculty, 1,924 administrative, and 4,104 clerical and support positions. This is a net decrease of fourteen positions from the FY 1994-95 revised budget. The primary changes in the employee count result from the addition of five faculty positions to meet accreditation and enrollment needs at UT Chattanooga and nine positions to address gender equity issues in women's athletics (eight positions at UT Knoxville and one position at UT Chattanooga). The majority of position decreases are occurring at UT Memphis because of funding uncertainties.

Auxiliary Enterprises

The Auxiliary Enterprises Funds Budget includes all bookstores, food service facilities, parking facilities, residence halls and apartments, and the UT Knoxville Men's Athletics Department, sets forth \$102.7 million in expenditures and transfers, an increase of \$4.0 million over the FY 1994-95 probable budget. The increase is attributed to enhancements in student safety at UT Knoxville with the addition of two Escort Security vans, debt service for parking facilities at UTK and the New Village Apartments at UT Chattanooga, along with other inflationary increases in operating costs.

Hospitals

Expenditures and transfers for the UT Medical Center at Knoxville and the William F. Bowld Hospital in Memphis included in the FY 1995-96 proposed budget total \$276.7 million, a decrease of \$18.6 million from the FY 1994-95 probable budget. Cutbacks in operating expenditures are in response to a changing health care environment resulting from potential changes in TennCare funding, potential changes in Medicare funding, and an increase in managed health care initiatives. As indicated earlier, the current uncertainties in available funding are affecting major decisions being made by the hospitals.

CONCLUSION

The FY 1995-96 proposed budget allows The University of Tennessee to continue services with some enhancements at the current funding levels. The campuses, institutes, and units are currently undergoing an internal analysis of how to better serve our students and the public by making more efficient use of existing resources. Some progress is currently reflected in the proposed document that will allow the University to move forward although revenues remain constant.

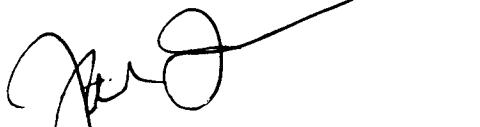

The budget being submitted for approval provides a sound fiscal operating base for FY 1995-96. It supports the goals of the University's Five-Year Plan and leads us into the 21st Century. My recommendation for adoption of the FY 1995-96 budget for The University of Tennessee is as follows.

RECOMMENDATIONS

The proposed budgets presented in this document support the various programs and services provided by The University of Tennessee within available resources and according to all applicable policies and guidelines. Therefore, I recommend the following action be taken:

1. The budgets presented be adopted with the understanding that, should the General Assembly or the Department of Finance and Administration alter the FY 1995-96 appropriations or should changes in estimated resources require, the budgets will be modified accordingly so that expenditures will not exceed available resources.
2. The proposed fee and tuition schedules be adopted for FY 1995-96.
3. Allow any remaining balance of Current Funds be considered as a reserve for contingencies to be used for:
 - a. Employment of additional staff where enrollments and reorganization requirements warrant,
 - b. Increasing operating appropriations of departments where changing conditions during the year require additional funds,
 - c. Making salary adjustments for personnel as may be necessary during the year in keeping with State salary guidelines, and
 - d. Improvement of physical facilities for academic and research departments as opportunities arise.

Respectfully submitted,

Joseph E. Johnson
President

Minimum Charge Non-Resident	328.00	344.00	
Accelerated Program			
Resident Rate Per Hour	77.00	101.00	
Non-Resident Rate Per Hour	164.00	230.00	
Minimum Charge Resident	153.00	202.00	
Minimum Charge Non-Resident	328.00	460.00	
Graduate *(C)			
Resident Rate per Hour	187.00	194.00	
Non-Resident Rate per Hour	218.00	338.00	
Minimum Charge Resident	374.00	388.00	
Minimum Charge Non-Resident	437.00	676.00	
Other Fees			
Student Health Insurance Fees per Semester (Optional)	323.00	355.50	

Note A - The increase in the Graduate Health Sciences fee is due to the common academic calendar conversion.

Note B - The College of Medicine Optional Academic Program expands the first two years of the regular medicine curriculum to three years. With the Expanded Program those students extending their education do so to provide research, to pursue additional academic work, or for a variety of personal needs.

Note C - The graduate nursing fee at Memphis is changed due to : (1) final equalization between the Memphis campus and the UT-Knoxville campus, and (2) the conversion to the common academic calendar.

Note D - Allied Health Programs fees were increased due to the conversion to a common academic calendar and changes in curriculum requirements. The Fiscal Year 1994-95 fee schedule (adjusted for 3% in-state increase and 5% out-of-state) will be continued for second year students.

Note E - The College of Allied Health Sciences Graduate Program in Physical Therapy is a two-year 36-semester hour graduate level course of study leading to a Master of Science degree in Physical Therapy.
