Controversy  
of 1923

President H.A.Morgan,  
University of Tennessee,  
Knoxville, Tenn.

212 State Street,  
Madison, Wisconsin.  
April 28, 1924.

Dear Professor Morgan:

You and I both knew and know that by dint of false estimates of value you was placed in a position above your station, and that we deceived ourselves into thinking that the stimulation of responsibility would cause you to rise to the demands of the situation. A careful analysis now should indicate to you your future course of action.

Again, you sent from the university a half dozen persons and to my personal knowledge you left within the fold more than twice that number who were quite as vehement in their criticism of your administration as those sent away. A little intelligent effort on your part should identify these if you care to know who they are.

Individually I am well satisfied with the findings of the committee of the A.A.U.P.

I will continue work at the University of Wisconsin next year.

Yours truly,  
*Maurice Mulsant*
