Re: Notification – Undergraduate Certificate in Artificial Intelligence and Medicine

Dear Kevin,

Please accept this letter as notification of a new program, the undergraduate certificate in Artificial Intelligence and Medicine, beginning August 19, 2024. The new content in this program is 25-49%, which makes notification the appropriate action.

This program will be offered as an add-on or stand-alone certificate face-to-face on the main campus and online. Please contact me if you need more information.

Sincerely,

Heather Hartman
SACSCOC Liaison
