My dearly Beloved:

They tell me the "Goblins are trying to get you." If there is any danger, send for me. I told Al Dosser at the Chisca Hotel this morning that without knowing anything of the situation I would underwrite for everything that you have done and will do. I notice you are not giving anything out for publication, but I thought you ^{might} give a fellow who wants to help some facts that could be used in private conversation with leaders.

I have suggested to Dr. Gordon that we make a trip this summer from the top of Smoky Mountains to the Kentucky line in somewhat of a hurried geological survey. I may have told you that I spent two months on a similar trip one vacation while at the University.

Hoping to hear from you, and always with affectionate admiration, I am

Yours sincerely,

PLC/b
