4/9,

President H. A. Morgan
U. of T.

Dear "Prof." :- We hope you will not worry because of the
little flurry of recent days. Those of us who know you -
and most of us do - are confident that you would not
permit something to "get by" if it were not square.
One who has done so much for the good of the
institution in major things would not require its
thru sanction of a minor incident of possible harm.
We are back of you - every man worth while stands there.

Sincerely,

Walter H. McTear
