Rationale

The formation of the Black Faculty and Staff Association is the result of the collective efforts of concerned Black faculty and staff members at the University of Tennessee, Knoxville to provide a means of identification for one another, for Black students and for the community at large.

As an association of Black personnel we propose to function as a behavioral advisory board for all Black people on campus. The following list of objectives, without reference to priority, will give the organization a framework within which to work:

Objectives

Provide a forum for Black faculty and staff expression in the following areas:

A. Recruitment of Black faculty, staff, graduate and undergraduate students
B. Retention, promotion, and tenuring of Black faculty and staff persons
C. Work to increase the opportunities so that the social, psychological, academic and economic needs of Black students can be better met.
D. Provide a vehicle to increase interaction between the Black faculties and staff throughout the University system and those in the city.
E. Provide expertise that can be utilized in bringing about better extra and intra-university race relations
F. Bring together Black UTK personnel for mutual social and political needs
G. Help increase Black awareness at the University; e.g. speakers, entertainment, films, books and related activities.
H. Work with individual Black students as well as the various Black University organizations in a support and advising capacity
I. Provide a Black scholarly atmosphere by sponsoring lectures, book reviews sessions and similar programs
MEMORANDUM

TO: Members of the Task Force on Blacks

FROM: Hardy Liston, Jr. Chairperson

RE: Next Meetings

1. The Task Force will not meet on Monday, November 25, 1974.

2. The next meeting of the Task Force will be held on Monday, December 2, 1974, at 1:00 p.m. in the Chancellor's Conference Room. At this time, we expect to receive the second drafts of report sections on (a) Opportunities (Marvin Peek), (b) Environment (Jerry Phillips and Ray Cowles), and (c) first drafts from Barbara Reid and Skip Lomax. These drafts will be the working documents for our intensive work session to be held on Saturday, December 7th, from 9:00 a.m. to 1:00 p.m. in Room 218 of the Student Center. It is important that we receive these drafts on Monday, December 2, so that each member of the Task Force will have an opportunity to digest and prepare comments on these materials. The progress that we are able to make in the December 7 meeting will depend, in large measure, on the extent of which each of us has reviewed carefully and prepared our reactions to the re-written materials from each of these sections.

3. I am sure that you will all agree that we are anxious to complete this task. It has been difficult to find a mutually convenient time for our meetings. Yet the responsibilities of this Task Force continue to loom large as time passes. I hope that each of you will be able to make the necessary sacrifices to attend both the December 2nd and December 7th meetings and that these opportunities to be together and work together will help us focus on the future directions of our work.

MEMORANDUM

TO:    Dr. Jack E. Reese

FROM: Hardy Liston, Jr.

RE: Appointments to the Task Force on Blacks

Jack, as we have discussed recently, there are three (3) positions on the Task Force on Blacks that must be filled because of the graduation of two students and the resignation of a faculty member. The students are: Clarence Gordon, who was graduated by the College of Law in August, and Lorraine Parker, who received her degree from the College of Business in June. The faculty member is Roy Knight, Assistant Dean of Architecture.

After discussions with a number of persons including the members of the Task Force, Chris Dorian, Howard Aldmon and Arthur Jones, I am pleased to recommend the following persons to fill these vacancies:

David Campbell - former athlete, 1974 graduate and now a graduate student in History (Black Studies Office - 1629 Melrose Avenue)

Floydette C. Lomax - a graduate student in Public Administration and an assistant in the Special Services Office (Special Services Office - 812 Volunteer Blvd.)

Dr. Nelson Robinson - Professor of Political Science (1019 McClung Tower)

I believe these persons will be of great assistance in the writing of our report. I hope that you will concur and that a letter from your office will make these appointments official.

Goal = Procurement of specific data on specific problems.

1. Communication with all Black staff: faculty, administration, and non-academic personnel.
   a. Nature of data: title, length of employment, how was position obtained, opportunity for advancement, perceived under-employment and advancement potential, awareness of redress procedures, ideas about amelioration of problems peculiar to Blacks, etc.
   b. What do you perceive to be community problems related to recruitment and employment?
1. Communication with other committees which address the concern of Blacks: Human Relations, Equal Opportunity, etc.

   a. Nature of data: clarification of the domain of problems and issues to which each committee is charged.

2. Information and Perspectives

   Is there any institutionalized device on this campus, other than the Equal Employment Committee, for handling and resolving racial or other discriminations? On other campuses?

   Is there any institutionalized method on this or other campuses for bringing Blacks and whites together to discuss problems of mutual concern and interest in the area of race relations?
1. What are the criteria for awarding work opportunities to students on campus?

2. Communication with persons responsible for faculty, administrative, and non-academic personnel.
   a. Ascertain whether or not affirmative action is established as a standing policy.

Base Data:

1. What are the criteria for awarding work opportunities to students on campus?

2. Counseling
   a. Are there any Black counselors on campus in the categories listed by Howard (Counseling Center; The Corner; religious) in the colleges?
   b. What efforts have been made to recruit in this area?
   c. What counseling mechanisms, if any, exist for Blacks at neighboring colleges and universities?
   d. To what extent are abortion referral and sex education services on campus utilized by Blacks (breakdown by sex)? Are there any Blacks involved in providing such services?
   e. Are there other counseling services available on campus, e.g., dormitory advisors? If so, to what extent are they used by Blacks? Administered by Blacks?
   f. To what extent, if any, does racial bias appear as a factor in the problems of students (Black and White) who seek psychological counseling?
   g. Counseling: Special counseling for students with personal problems. Many students need a Black professional to relate to and express personal needs and desires. This person should be experienced in direct and indirect counseling techniques. Special courses should be offered for advisors and head residents for the purpose of increasing their background and ability to deal with problems of minority students. A merit system should be used to insure attendance of these courses.

3. Housing
   a. On-Campus

      Is there any attempt to match roommates by background other than by race? Do other colleges and universities utilize any techniques of matching by background?

      What is the length of the mandatory rooming-together period for assigned students? How does this compare with other neighboring institutions?

      What is the changeover, by quarter (1st quarter, 2nd quarter students, etc.) and by sex, from mixed-race to single-race rooming situations?

      Is there any changeover (if so, at what times) from single-race to mixed-race rooming?
What percentage, if any, of Blacks is randomly assigned initially with other Black roommates?

Is there any correlation between changeover from mixed- to single-race rooming based on the number of roommates in the original rooming situation?
