This
GUIDE TO USE OF THE DIRECTORY

After the name of each city is its 1940 population. Immediately following this population figure is a letter showing in which grand division of the state this city is located, East, Middle or West. The figure in parenthesis denotes the county code number, which is the same prefix number used on the 1940 Tennessee license plates.

Municipal Technical Advisory Service

Please report to the Bureau of Public Administration or the Tennessee Municipal League any errors, changes, or misspelled names of officials.

A key of abbreviations follows:
