Student Activities:

Alumni:
Approximately 6,522 in 49 states, the District of Columbia, Australia, Canada, Germany, Israel, Italy, Japan, Puerto Rico, Virgin Islands, and the United Arab Emirates.

Employment:
The employment rate for Tennessee law graduates consistently approximates the 90th percentile average within six months of graduation, reported for the nation’s ABA accredited law schools by the National Association for Law Placement for more than the last decade. Data from the survey of graduates for the May 1990 class (also including August and December 1989 graduates) indicate that of the survey respondents, 96% of those available and seeking work had found employment within the first nine months after graduation, 91.7% in full-time legal positions.

Average figures for the classes of 1985 through 1989, and for the class of 1990, based on responses to the employment survey for each class, follow:

For more than a century, The University of Tennessee College of Law has offered a strong combination of practical and theoretical training the the law. While the principal objective of the Law College is to prepare students for the private practice of law, its total mission is more broadly conceived. The College of Law exposes students to the legal issues of our society enabling them to develop analytical skills in respect to decisional law and statutes, the ability to communicate effectively to others their knowledge of the law, an awareness of the historical growth of the law, a knowledgeable appreciation of the inter-relationships of law and society, and the ability to use law as an implement of societal control and development. Students are thus equipped to serve their communities not only as advocates and counselors, but as policy makers and active responsible citizens.
CAREER SERVICES

Employers are invited to initiate any service by phone or letter.

ON-CAMPUS INTERVIEWING
Fall Semester 1991—September 13 through November 26
Spring Semester 1992—February 3 through May 1
Reservations are accepted year-round by phone or letter. On-campus dates, which are assigned on a first-come, first-served basis, are confirmed in writing. Reservations for preferred fall on-campus dates should be made by early Spring. Resumes are forwarded to employers a week to 10 days prior to the on-campus date for prescreening.

RECRUITING FROM EMPLOYER LOCATION
Employers unable to visit campus may request Career Services personnel to collect and forward resumes by a certain date. Or, if the employer prefers, applicants are instructed to submit resumes and other requested items directly. Employers may wish to contact students individually, or have the Career Services staff convey messages, regarding arrangements for interviews at their location.

LATERAL HIRING
Job Briefs, the alumni employment opportunities newsletter, reaches recent graduates and experienced alumni interested in making lateral moves. There is no charge for employer listings, which are accepted by phone or letter. Listings should provide a brief description of the position and the preferred application procedure. They may be "open," identifying the employer and providing information for applicant direct contact, or "blind," with the employer unidentified and applicants instructed to respond to a position number through Career Services. Each job vacancy is published in two newsletter editions unless the employer instructs otherwise. Listings received by the last day of the month are included in the edition mailed the next week.

STUDENT TEMPORARY ASSIGNMENT TEAM (STAT)
Career Services maintains a roster of students interested in receiving temporary clerking assignments. Referral of a student to the requesting legal employer, chosen on the basis of availability and familiarity with the subject, usually is made within 24 hours of a telephone request. Assignments range from a few hours to several weeks.

Grading System
All academic work in the College is graded on a 4.0 scale by a faculty very demanding in its evaluation of student work. Grades are not available to Career Services unless the student has a signed release on file. Employers are encouraged to request class rank figures or a transcript directly from individual candidates.

Grades and class rankings should not be overemphasized. Less than a tenth of a point difference in grade point averages, which are calculated in hundredths, could cause a significant percentile difference in class rank not comparable to a difference in performance or ability.

Minimum grade required to attain (averages after Spring Semester '91)

A grade of 0.9 or below is a failure. To remain in good standing, a student must maintain at least a 2.0 average. The Dean’s List requires a 3.0 GPA or better.
