For more than a century, The University of Tennessee College of Law has offered a strong combination of practical and theoretical training in the law. While the principal objective of the Law College is to prepare students for the private practice of law, its total mission is more broadly conceived. The College of Law exposes students to the legal issues of our society enabling them to develop analytical skills in respect to decisional law and statutes, the ability to communicate effectively to others their knowledge of the law, an awareness of the historical growth of the law, a knowledgeable appreciation of the inter-relationships of law and society, and the ability to use law as an implement of societal control and development. Students are thus equipped to serve their communities not only as advocates and counselors, but as policy makers and active responsible citizens.
CAREER SERVICES*

Employers are invited to initiate any service by phone (615) 974-4348, FAX (615) 974-0681, or letter.

ON-CAMPUS INTERVIEWING*

Fall Semester 1993 - September 17 through November 23

Spring Semester 1994 - February 7 through April 29

Reservations are accepted year-round by phone, FAX, or letter. On-campus dates, which are assigned on a first-come, first-served basis, are confirmed in writing. Reservations for preferred fall on-campus dates should be made by early Spring. Resumes are forwarded to employers a week to 10 days prior to the on-campus date for prescreening.

LATERAL HIRING

Job Briefs, the alumni employment opportunities newsletter, reaches recent graduates and experienced alumni interested in making lateral moves. There is no charge for employer listings, which are accepted by phone, FAX, or mail and should provide a brief description of the position and the preferred application procedure. Listings are either “open,” identifying the employer and providing information for applicant direct contact, or “blind,” with the employer unidentified and applicants instructed to respond to a position number through Career Services. Each job vacancy is published in two newsletter editions unless the employer instructs otherwise. Listings received by the last day of the month are included in the edition mailed the next week.

STUDENT TEMPORARY ASSIGNMENT TEAM (STAT)

Career Services maintains a roster of students interested in receiving temporary clerking assignments. Referral of a student to a requesting legal employer, made on the basis of availability and familiarity with the subject, usually is made within 24 hours of a telephone request. Assignments range from a few hours to several weeks.

GRADING SYSTEM

All academic work in the College is graded on a 4.0 scale by a faculty very demanding in its evaluation of student work. Students may request and receive their class rank from the Student Records Office several weeks after each semester ends, but this information is not available to the Career Services staff unless the student has a signed release on file. Employers who seek this information are encouraged to request class rank figures or a transcript directly from individual candidates. Grades and class rankings should not be overemphasized. As little as a tenth of a point difference in grade point averages, which are calculated in hundredths, could cause a large percentile difference in class rank not comparable to a difference in performance or ability.

A grade of 0.9 or below is a failure. To remain in good standing, a student must maintain at least a 2.0 average. The Dean’s List requires a 3.0 GPA or better.

*Career Services interview rooms are available to employers for interviewing College of Law students and graduates throughout the year.
