g) Training programs- work on training the trainers and people who work with student affairs. Provide awareness and protections through their parameters.

h) Student Government association pushed the issue with president Peterson in a public forum about the Tag Line.

i) Lou- the Tag Line was not on the agenda for the board currently, but he would be willing to put it on the agenda if it was brought to him through the SGA for a formal resolution. A concern is a backlash from the legislator. It helps that students are pushing the issue.

j) The Chancellor is also concerned about a backlash.

k) Roger stated that we should be doing the minimum here at UT that other institutions are doing in order to compete for faculty and students.

l) What kind of protection can EOD provide?
   - Marva has stats on the few complaints
   - Look at how to prevent incidences
   - Work on finding out what is not being reported

j) Lou is going to bring these issues up with other faculty senate presidents.

F) General
   Commission needs to do something public with academics.
   **Becky**- Need to contact and work with other organizations on other campuses. Need to work with collective efforts.
   **Eddie**- Need to network through SGA and the students
   **Roger**- would like for us to be educated on how different committees on our campus, along with the other campuses, work together to accomplish set goals.
   **Ashe**- At the Kevin Jennings lunch, there were representatives from PFLAG in attendance. The commission should involve PFLAG in other events.
   **Bharat**- LGBT Youth Project. February 24, 2007. Talking to youths about High School Environments. Teaches a class in Library Services in a Diverse Society that focuses on grant writing. Think about specific projects that we could use student help on writing the grants.
