Each of the sub-task forces is responsible for identifying and investigating specific issues, concerns, and problems to be addressed and focused upon by the respective task force and to make recommendations to the Commission for Blacks. Hopefully, the data which have been collected by the Black Task Force will be turned over to the Commission for Blacks in the near future. I believe that some of this data may be of use to the sub-task forces.

One final point, I shall have responsibility for channeling and forwarding all recommendations to you and Dr. Ebersole.
