

TENNESSEE CITIZENS FOR WILDERNESS PLANNING

Newsletter No. 25, September 10, 1969

This number of our NEWSLETTER is an abbreviated one--carrying only announcements of upcoming events--in order that we may bring you an up-to-date TCWP roster, which has been requested by several members. The next NEWSLETTER will return to its usual format. Be sure to avail yourself of the good fall outings and other announced events. Save the membership list; if you find that some of your conservation-minded friends are not on it, let us know! (L. B. Russell, 482-2153)

SMOKIES OUTING, Sunday, September 21, 1969 (Leader, Jean Bangham 483-9862;
Knoxville contact, Ray Payne 588-0866)

This 11-mile circular hike, all of it on trails, will acquaint us with some of the regions of the Park that would be destroyed, were the proposed transmountain road to be built. Come and see for yourselves the regrowth of large trees in areas described by pro-road forces to be "so heavily logged and burnt over that they are not worth preserving as wilderness." Take a look at the red spruce stands discovered on Miry Ridge, beyond what was formerly considered to be the western limit of that species.

We shall start hiking on a fire road along Lynn Camp Prong, in the Tremont area, to a trail leading east into Buckeye Cove (also known as Marks Cove); from there to Miry Ridge; and following the Miry Ridge trail to the Appalachian Trail. At Sams Gap, just before the Derrick Knob Shelter, we leave the Appalachian Trail and head down by another trail back to the fire road we started on.

Meeting time and place: 9 a.m. at the Y intersection of Tenn. 73 and the Cades Cove Road (just inside Townsend entrance to Park). The hike will start and end at Tremont. Bring lunch; wear sturdy shoes.
